Dear Supervisors:

**APPROVAL TO RENEW MENTAL HEALTH SERVICES PLAN AGREEMENT  
(CONTRACT NO. 05-75083-000) WITH THE STATE DEPARTMENT OF  
MENTAL HEALTH FOR MEDI-CAL SPECIALTY MENTAL HEALTH SERVICES  
FOR FISCAL YEAR 2005-2006  
(ALL SUPERVISORIAL DISTRICTS)  
(3 VOTES)**

**IT IS RECOMMENDED THAT YOUR BOARD:**

1. Approve the renewal of the Mental Health Services Plan Agreement (Contract No. 05-75083-000) with the State Department of Mental Health (SDMH) and instruct the Director of Mental Health or his designee to prepare, sign, and execute the Agreement, substantially similar to the Attachment, with SDMH, in accordance with the provisions of Part 2.5 of Division 5 of the Welfare and Institutions Code. This Agreement, which is effective from July 1, 2005 until June 30, 2006, will allow for the continued provision of Specialty Mental Health Services to impacted clients in all Supervisorial Districts within the County of Los Angeles.
2. Instruct the Director of Mental Health or his designee to submit all necessary documents to SDMH and accept State General Fund (SGF) dollars allocated to Los Angeles County for the local operation of Medi-Cal Specialty Mental Health Services. The total State allocation for Fiscal Year (FY) 2005-2006 is \$73,931,070, which is included in the Department of Mental Health's (DMH) FY 2005-2006 Adopted Budget.
3. Instruct the Director of Mental Health or his designee to advise your Board of any significant changes to the program or State requirements that would impact

*"To Enrich Lives Through Effective And Caring Service"*

Medi-Cal Specialty Mental Health Services or the ability to carry out the Agreement.

4. Delegate authority to the Director of Mental Health or his designee to prepare, sign, and execute future amendments to Contract No. 05-75083-000 for FY 2005-2006, provided that: 1) approval of County Counsel and the Chief Administrative Office (CAO) or their designee is obtained prior to any such Amendment; and 2) the Director of Mental Health shall notify the Board of Supervisors of Agreement changes in writing within 30 days after execution of each Amendment.

#### **PURPOSE/JUSTIFICATION OF RECOMMENDED ACTIONS**

Board approval is required to renew the Mental Health Services Plan Agreement to allow for the continual administration of Specialty Mental Health Services to Medi-Cal eligible residents of Los Angeles County as part of DMH's Local Mental Health Plan (LMHP). State regulations require a contractual agreement between SDMH and County departments to continue funding the LMHP under the State Medi-Cal Consolidation Program.

Contract No. 04-74032-000 between the State of California and the County of Los Angeles terminated on June 30, 2005. The Mental Health Services Plan Agreement (Contract No. 05-75083-000), which provides funding for FY 2005-2006, is retroactive to July 1, 2005. Overall, this annual Agreement is consistent with previous years' agreements without significant changes to the scope of services. The submission of this Agreement to your Board was delayed as a result of the late submission of the Agreement to the County by SDMH on July 26, 2005. The Board actions are consistent with your Board's policy on timely submission of contracts for Board approval, as noted in the CAO's memo dated September 7, 2000, to your Board, under paragraph heading, Overall Policies, circumstance no. 2, "The County is receiving funds (normally from a higher level of government)."

#### **Implementation of Strategic Plan Goals**

The recommended Board actions are consistent with the County's Organizational Goal No. 4, "Fiscal Responsibility," within the Countywide Strategic Plan. Approval of these actions will provide for continued funding for Specialty Mental Health Services for FY 2005-2006.

### **FISCAL IMPACT/FINANCING**

There is no impact on net County cost. The State allocation for FY 2005-2006 is \$73,931,070, which is included in DMH's FY 2005-2006 Adopted Budget.

### **FACTS AND PROVISIONS/LEGAL REQUIREMENTS**

Participation in the State Medi-Cal Consolidation Program will continue to be funded by SGF dollars for professional services rendered by psychiatrists, psychologists, licensed clinical social workers, marriage and family therapists, and registered nurses with master's degrees within their area of practice and for acute psychiatric hospital inpatient services with contracted Fee-For-Service (FFS) providers.

The Medi-Cal Consolidation Program continues to foster a close working relationship and collaboration between departments, such as Probation and Children and Family Services, which utilize Specialty Mental Health Providers for professional and hospital inpatient services to children and adolescents eligible under Medi-Cal.

On July 26, 2005, SDMH submitted an Agreement (see Attachment) for signature by the County of Los Angeles DMH. It outlines the terms, conditions, and reporting requirements for continued funding and operations of the LMHP by Los Angeles County.

The CAO, County Counsel, and DMH's Fiscal and Program Administrations have approved the proposed actions.

### **CONTRACTING PROCESS**

State regulations require a contractual agreement between SDMH and County departments to continue funding the LMHP under the State Medi-Cal Consolidation Program. The Agreement is entered in accordance with the provisions of Part 2.5 (commencing with Section 5775) of Division 5 of the Welfare and Institutions Code.

### **IMPACT ON CURRENT SERVICES**

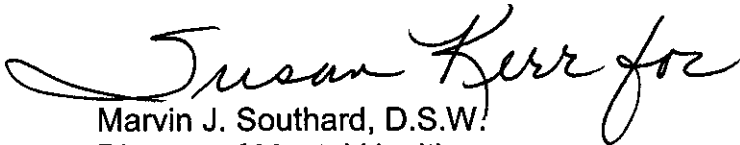

Renewal of this Agreement will provide continued funding to reimburse FFS mental health providers for Specialty Mental Health Services and contracted FFS hospitals for acute psychiatric inpatient services provided to Los Angeles County's Medi-Cal beneficiaries.

Without approval of the recommended actions, Specialty Mental Health Services will no longer be available to Medi-Cal eligible beneficiaries in Los Angeles County.

**CONCLUSION**

The Department of Mental Health will need one (1) copy of the adopted Board's action. It is requested that the Executive Officer of the Board notifies the Department of Mental Health's Contracts Development and Administration Division at (213) 738-4684 when this document is available.

Respectfully submitted,

Marvin J. Southard, D.S.W.

Dear Contractor:

In an effort to streamline the way the State of California conducts business, we have standardized the contracting procedure and formats. The first step toward achieving this goal is to eliminate unnecessary duplication of the agreement language and documentation. You will note that in the new format of the Standard Agreement (STD 213), a copy of the General Terms and Conditions (GTC) is not provided. The GTC are available on the internet at [www.ols.dgs.ca.gov/Standard+Language/default.htm](http://www.ols.dgs.ca.gov/Standard+Language/default.htm) and may be downloaded and printed for your files. However, if you do not have internet capabilities, you may request a hard copy from the Department of Mental Health, Contracts Management Unit, 1600 9th Street, Room 150, Sacramento, CA 95814.

The agreement cannot be considered binding on either party unless and until it is approved by the appropriate authorized state agencies. No services should be provided prior to approval, as the State is not obligated to make any payments on any agreement prior to final approval. Expeditious handling of this Agreement is appreciated. ## SERVICE DELIVERY, ADMINISTRATIVE AND OPERATIONAL REQUIREMENTS

### A. Provision of Services

The Contractor shall provide, or arrange and pay for, all medically necessary covered services to beneficiaries, as defined for the purposes of this contract, of Los Angeles County.

The Contractor shall furnish all medically necessary covered services in an amount, duration, and scope that is no less than the amount, duration, and scope for the same services furnished to beneficiaries under the regular Medi-Cal program, which includes Short-Doyle/Medi-Cal services. The Contractor shall ensure that all medically necessary covered services are sufficient in amount, duration, or scope to reasonably be expected to achieve the purpose for which the services are furnished. The Contractor shall not arbitrarily deny or reduce the amount, duration, or scope of a medically necessary covered service solely because of diagnosis, type of illness, or condition of the beneficiary except as specifically provided in the medical necessity criteria applicable to the situation as provided in Title 9, California Code of Regulations (CCR), Sections 1820.205, 1830.205, and 1830.210.

The Contractor shall make all medically necessary covered services available in accordance with Title 9, CCR, Sections 1810.345 and 1810.405 with respect to:

1. The availability of services to meet beneficiaries' emergency psychiatric conditions 24 hours a day, 7 days a week.
2. The availability of services to meet beneficiaries' urgent conditions as defined in Title 9, CCR, Section 1810.253, 24 hours a day, 7 days a week
3. Timeliness of routine services as determined by the Contractor to be sufficient to meet beneficiaries' needs.

The Contractor shall provide second opinions in accordance with Title 9, CCR, Section 1810.405.

The Contractor shall provide out-of-plan services in accordance with Title 9, CCR, Section 1830.220 and Section 1810.365. The timeliness standards specified in the paragraphs numbered 1, 2 and 3 above apply to out-of-plan services as well as in-plan services.

The Contractor shall provide for beneficiary choice of the person providing services to the extent feasible in accordance with Title 9, CCR, Section 1830.225.

In determining whether a service is covered under this contract based on the diagnosis of the beneficiary, the Contractor shall not exclude a beneficiary solely on the grounds that the provider making the diagnosis has used the International Classification of Diseases (ICD) diagnosis system rather than the system

contained in the Diagnostic and Statistical Manual (DSM) of the American Psychiatric Association. For services provided pursuant to Section C, the Contractor shall consider the following ICD-9 diagnoses codes as included. For any other service, the Contractor may consider these codes as included or may require the provider to use DSM IV.

**B. Availability and Accessibility of Service**

The Contractor shall ensure the availability and accessibility of adequate numbers of institutional facilities, service locations, service sites, and professional, allied and supportive personnel to provide medically necessary services, and ensure the authorization of services for urgent conditions on a one-hour basis. At a minimum, the Contractor shall ensure an adequate number of providers by considering:

1. the anticipated number of Medi-Cal clients
2. the expected utilization of services, taking into account the characteristics and mental health needs of the beneficiaries of the county
3. the expected number and types of providers in terms of training and experience needed to meet expected utilization
4. the number of contract providers not accepting new Medi-Cal clients
5. the geographic location of providers considering distance, travel time, means of transportation ordinarily used by Medi-Cal clients, and physical access for disabled clients.

The Contractor shall require that contract providers offer hours of operation that are no less than the hours of operation offered to commercial enrollees, if the provider also serves enrollees of a commercial health plan, or that are comparable to the hours the provider makes available for Medi-Cal services that are not covered by the Contractor or another Mental Health Plan, if the provider serves only Medi-Cal clients.

Whenever there is a change in the Contractor's operation that would require a change in services or providers by 25 percent or more of the Contractor's beneficiaries who are receiving services from the Contractor or a reduction of an average of 25 percent or more in provider rates for providers of outpatient mental health services that are not reimbursed under the Short-Doyle/Medi-Cal cost reimbursement process, the Contractor shall provide documentation to DMH, in the format provided by DMH, that demonstrates, in accordance with the requirements of this contract, that the range of specialty mental health services offered by the Contractor are adequate for the anticipated number of beneficiaries to be served by the Contractor, and that the Contractor's providers, including employees of the Contractor and subcontracting providers, are sufficient in number, mix, and geographic distribution to meet the needs of the anticipated number of beneficiaries to be served by the Contractor.

C. Emergency Psychiatric Condition Reimbursement

The Contractor shall pay for services for emergency psychiatric conditions received by a beneficiary from providers, whether or not the provider has a subcontract with the Contractor. Such services shall not be subject to prior authorization.

Title 42, CFR, Section 438.114(a) provides the following definitions: "*Emergency medical condition* means a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in the following: (1) Placing the health of the individual (or, with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy. (2) Serious impairment to bodily functions. (3) Serious dysfunction of any bodily organ or part. *Emergency services* means covered inpatient and outpatient services that are as follows: (1) Furnished by a provider that is qualified to furnish these services under this title. (2) Needed to evaluate or stabilize an emergency medical condition." The Contractor's responsibilities for emergency psychiatric conditions under this section operationalize these definitions in psychiatric terms. To the extent that there is a conflict between the definitions in Title 42, CFR, Section 438.114 and the Contractor's obligations as described in this section, the federal regulation shall prevail as provided in Exhibit E, Section 3.

Notwithstanding Title 9, CCR, Section 1820.225, the Contractor shall apply the prudent layperson standard in determining coverage of services to treat a beneficiary's emergency psychiatric condition. Application of the prudent layperson standard means that the Contractor shall not deny reimbursement for

emergency room services covered by the Contractor if a person who possesses an average knowledge of health and medicine could reasonably expect the absence of immediate medical attention for a condition covered by the Contractor to result in a danger to self or others or an immediate inability to utilize food, shelter or clothing. In addition the Contractor shall not deny reimbursement for covered services when a representative of the Contractor instructs a beneficiary to seek emergency services.

Notwithstanding Title 9, CCR, Section 1820.225, effective with dates of services on or after August 13, 2003, the Contractor shall not deny treatment authorization requests (TARs) for psychiatric hospital inpatient services provided by a hospital that is not under contract to the Contractor or a hospital that is licensed as an acute psychiatric hospital for the hospital's failure to notify the Contractor of an emergency admission as required by Title 9, CCR, Section 1820.225(d)(1), which provides that TARs shall be approved when a hospital notifies the Point of Authorization within 24 hours of admission of a beneficiary to the hospital or within the time required by contract. The Contractor may deny such TARs for failure of timely notification only if the notification is provided more than 10 calendar days from the presentation for emergency services.

Notwithstanding Title 9, CCR, Section 1830.215 and any timelines established by the Contractor for submission of MHP payment authorization requests for acute psychiatric inpatient hospital professional services as defined in Title 9, CCR, Section 1810.237.1, the Contractor shall not deny an MHP payment authorization request for such services provided to a beneficiary with an emergency psychiatric condition for failure of timely notification or failure to meet MHP payment authorization timelines unless the notification is provided more than 10 calendar days from the presentation for emergency services.

D. Organizational and Administrative Capability

The Contractor shall have the organizational and administrative capabilities to carry out its duties and responsibilities under the contract. This shall include as a minimum the following:

2. Beneficiary problem resolution processes.
3. Provider problem resolution and appeal processes.

F. Beneficiary Records

The Contractor shall maintain at a site designated by the Contractor for each beneficiary who has received services a legible record kept in detail consistent with Appendix C (consisting of three pages), which is incorporated herein by reference, and good professional practice which permits effective quality management processes and external operational audit processes, and which facilitates an adequate system for follow-up treatment. References to the client in Appendix C are references to beneficiaries who have received services through the Contractor. If a beneficiary receives only psychiatric inpatient hospital services, the Contractor need not maintain a record for the beneficiary in addition to the record maintained by the facility, provided the Contractor and appropriate oversight entities have access to the facility's record as provided in Exhibit E, Section 6, Item D.g.

G. Review Assistance

The Contractor shall provide any necessary assistance to the Department in its conduct of facility inspections, and operational reviews of the quality of care being provided to beneficiaries, including providing the Department with any requested documentation or reports in advance of a scheduled on site review.

The Contractor shall obtain written approval from the Department prior to making any changes to the Implementation Plan as approved by the Department, except that changes in the Implementation Plan as a result of the implementation of the federal Medicaid managed care regulations that were effective August 13, 2002 shall not constitute a change in the Implementation Plan during the term of the contract. The Contractor may implement the changes after 30 calendar days if no notice is received from the Department, as provided in Title 9, CCR, Section 1810.310.

I. Memorandum of Understanding with Medi-Cal Managed Care Plans.

The on site review required by Title 9, CCR, Section 1810.435(d) as a part of the certification process, shall be made of any site owned, leased, or operated by the provider and used to deliver covered services to beneficiaries, except that on-site review is not required for public school or satellite sites.

The Contractor may allow an organizational provider to begin delivering covered services to beneficiaries at a site subject to on site review prior to the date of the on site review, provided the site is operational and has any required fire clearances. The earliest date the provider may begin delivering covered services at a site subject to on site review is the latest of the date the provider requested certification in accordance with the Contractor's certification procedures, the date the site was operational or the date a required fire clearance was obtained. The Contractor shall complete any required on-site review of a provider's sites within six months of the date the provider begins delivering covered services to beneficiaries at the site.

federal financial participation by the Contractor and the Department's tracking of that information.

L. Recovery from Other Sources or Providers

The Contractor shall recover the value of covered services rendered to beneficiaries whenever the beneficiaries are covered for the same services, either fully or partially, under any other state or federal medical care program or under other contractual or legal entitlement including, but not limited to, a private group or indemnification program, but excluding instances of the tort liability of a third party or casualty liability insurance. M. Third-Party Tort and Casualty Liability Insurance

The Contractor shall identify and notify the State Department of Health Services of cases in which an action by the beneficiary involving the tort or casualty liability of a third party could result in recovery by the recipient of funds to which the State Department of Health Services has lien rights. Such cases shall be referred to the State Department of Health Services within 10 days of discovery. To assist the State Department of Health Services in exercising its responsibility for such recoveries, the Contractor shall meet the following requirements:

The Contractor shall require providers to request MHP payment authorization from the Contractor for continuation of day treatment intensive at least every three months and day rehabilitation at least every six months. The Contractor's MHP payment authorization function shall meet the criteria of Exhibit A, Attachment 2, Section B, except that the Contractor shall not delegate the MHP payment authorization function to providers. In the event that the Contractor is the day treatment intensive or day rehabilitation provider, the Contractor shall assure that the MHP payment authorization

function does not include Contractor staff involved in providing day treatment intensive or day rehabilitation.

The Contractor shall require providers to request initial MHP payment authorization from the Contractor for counseling, psychotherapy or other similar therapeutic interventions that meet the definition of mental health services as defined in Title 9, CCR, Section 1810.227, excluding services to treat emergency and urgent conditions as defined in Title 9, CCR, Sections 1810.216 and 1810.253 and excluding therapeutic behavioral services as described in DMH Letter No. 99-03, that will be provided on the same day that day treatment intensive or day rehabilitation is being provided to the beneficiary. The Contractor shall require the providers of these services to request MHP payment authorization from the Contractor for continuation of these services on the same cycle required for continuation of the concurrent day treatment intensive or day rehabilitation for the beneficiary. The Contractor shall not delegate the MHP payment authorization function to the provider of day treatment intensive or day rehabilitation or the provider of the additional services.

In addition to meeting the requirements of Title 9, CCR, Sections 1840.318, 1840.328, 1840.330, 1840.350, and 1840.352, the Contractor shall require that providers of day treatment intensive and day rehabilitation include the following minimum service components in day treatment intensive or day rehabilitation:

- a. Community meetings, which mean meetings that occur at a minimum once a day, but may occur more frequently as necessary, to address issues pertinent to the continuity and effectiveness of the therapeutic milieu that may, but are not required to be part of the continuous therapeutic milieu; actively involve staff and clients; for day treatment intensive, include a staff person whose scope of practice includes psychotherapy; for day rehabilitation, include a staff person who is a physician; a licensed/waivered/registered psychologist, clinical social worker, or marriage and family therapist; a registered nurse, a psychiatric technician, a licensed vocational nurse, or a mental health rehabilitation specialist; address relevant items including, but not limited to what the schedule for the day will be, any current event, individual issues clients or staff wish to discuss to elicit support of the group, conflict resolution within the milieu, planning for the day, the week, or for special events, old business from previous meetings or from previous day treatment experiences, and debriefing or wrap-up.
- b. A therapeutic milieu, which means a therapeutic program that is structured by the service components described in subsections 1) and 2) below with specific activities being performed by identified staff; takes place for the continuous scheduled hours of operation for the program (more than four hours for a full-day program and a minimum of three hours for a half-day program); includes staff and activities that teach, model and reinforce constructive interactions; includes peer and staff

feedback to clients on strategies for symptom reduction, increasing adaptive behaviors, and reducing subjective distress; involves clients in the overall program, for example, by providing opportunities to lead community meetings and to provide feedback to peers; includes behavior management interventions that focus on teaching self-management skills that children, youth, adults and older adults may use to control their own lives, to deal effectively with present and future problems, and to function well with minimal or no additional therapeutic intervention.

The therapeutic milieu service components described in subsections 1) and 2) below shall be made available during the course of the therapeutic milieu for at least a weekly average of three hours per day for full-day programs and an average of two hours per day for half-day programs. (For example, a full-day program that operates five days per week would need to provide a total of 15 hours for the week; a full-day program that operates for seven days a week would need to provide a total of 21 hours for the week.)

1) Day rehabilitation shall include:

- a) Process groups, which are groups facilitated by staff to help clients develop the skills necessary to deal with their individual problems and issues by using the group process to provide peer interaction and feedback in developing problem-solving strategies and to assist one another in resolving behavioral and emotional problems. Day rehabilitation may include psychotherapy instead of process groups or in addition to process groups.
- b) Skill building groups, which are groups in which staff help clients to identify barriers related to their psychiatric and psychological experiences and, through the course of group interaction, become better able to identify skills that address symptoms and behaviors and to increase adaptive behaviors.
- c) Adjunctive therapies, which are non-traditional therapies in which both staff and clients participate that utilize self-expression (art, recreation, dance, music, etc.) as the therapeutic intervention. Participants do not need to have any level of skill in the area of self-expression, but rather be able to utilize the modality to develop or enhance skills directed towards client plan goals.

2) Day treatment intensive shall include:

- a) Skill building groups and adjunctive therapies as described in subsection 1)b) and c) above. Day treatment intensive may also include process groups as described in subsection 1)a) above.
- b) Psychotherapy, which means the use of psychosocial methods within a professional relationship to assist the client or clients to

achieve a better psychosocial adaptation, to acquire greater human realization of psychosocial potential and adaptation, to modify internal and external conditions that affect individuals, groups, or communities in respect to behavior, emotions, and thinking, in respect to their intrapersonal and interpersonal processes. Psychotherapy shall be provided by licensed, registered, or waived staff practicing within their scope of practice. Psychotherapy does not include physiological interventions, including medication intervention.

- c. An established protocol for responding to clients experiencing a mental health crisis. The protocol shall assure the availability of appropriately trained and qualified staff and include agreed upon procedures for addressing crisis situations. The protocol may include referrals for crisis intervention, crisis stabilization, or other specialty mental health services necessary to address the client's urgent or emergency psychiatric condition (crisis services). If clients will be referred to crisis services outside the day treatment intensive or day rehabilitation program, the day treatment intensive or day rehabilitation staff shall have the capacity to handle the crisis until the client is linked to the outside crisis services.
- d. A detailed weekly schedule that is available to clients and, as appropriate, to their families, caregivers or significant support persons a detailed written weekly schedule that identifies when and where the service components of program will be provided and by whom. The written weekly schedule shall specify the program staff, their qualifications, and the scope of their responsibilities.
- e. Staffing ratios that are consistent with the requirements in Title 9, CCR, Sections 1840.350 and 1840.352, and, for day treatment intensive, that include at least one staff person whose scope of practice includes psychotherapy.

Program staff may be required to spend time on day treatment intensive and day rehabilitation activities outside the hours of operation and therapeutic milieu, e.g., time for travel, documentation, and caregiver contacts.

The Contractor shall require that at least one staff person is present and available to the group in the therapeutic milieu for all scheduled hours of operation.

The Contractor shall require that if day treatment intensive or day rehabilitation staff are also staff with other responsibilities (e.g., as staff of a group home, a school, or another mental health treatment program), a clear audit trail is documented by the provider. The Contractor shall require that there be documentation of the scope of responsibilities for these staff and the specific times in which day treatment intensive or day rehabilitation activities are being performed exclusive of other activities.

- f. An expectation that the beneficiary will be present for all scheduled hours of operation for each day. When a beneficiary is unavoidably absent for some part of the hours of operation, the Contractor shall ensure that the provider receives Medi-Cal reimbursement for day treatment intensive and day rehabilitation for an individual beneficiary only if the beneficiary is present for at least 50 percent of the scheduled hours of operation for that day.
  - g. Documentation of day treatment intensive and day rehabilitation that meets the documentation standards described in Exhibit A-Attachment 1-Appendix C. For day treatment intensive these standards include daily progress notes on activities and a weekly clinical summary reviewed and signed by a physician, a licensed/waivered/registered psychologist, clinical social worker, or marriage and family therapist; or a registered nurse who is either staff to the day treatment intensive program or the person directing the service.
  - h. At least one contact (face-to-face or by an alternative method (e.g., e-mail, telephone, etc.)) per month with a family member, caregiver or other significant support person identified by an adult client, or one contact per month with the legally responsible adult for a client who is a minor. Adult clients may choose whether or not this service component is done for them. The contacts and involvement should focus on the role of the significant support person in supporting the client's community reintegration. It is expected that this contact will occur outside hours of operation and the therapeutic milieu for day treatment intensive and day rehabilitation.
  - i. A written program description for day treatment intensive and day rehabilitation. Each provider of these services, including Contractor staff, shall be required to develop and maintain this program description. The written program description shall describe the specific activities of the service and reflect each of the required components of the services described in this section. The Contractor shall review the written program description for compliance with this section for individual and group providers that begin delivering day treatment intensive or day rehabilitation prior to the date the provider begins delivering day treatment intensive or day rehabilitation.
2. The Contractor shall retain the authority to set additional higher or more specific standards than those set by in this contract, provided the Contractor's standards are consistent with applicable state and federal laws and regulations and do not prevent the delivery of medically necessary day treatment intensive and day rehabilitation.
  3. Authorization Requirements for Related Services

The Contractor shall require providers to follow the timelines described in this section for MHP payment authorization of mental health services as defined in Title 9, CCR, Section 1810.227, excluding services to treat emergency and urgent conditions as defined in Title 9, CCR, Sections 1810.216 and 1810.253 and excluding therapeutic behavioral services as described in DMH Letter No. 99-03, when these services are provided on the same day as day treatment intensive or day rehabilitation.

Y. MHP Payment Authorization Requirements for Therapeutic Behavioral Service

Therapeutic behavioral service (TBS) is an Early and Periodic Screening, Diagnosis and Treatment (EPSDT) supplemental specialty mental health service as defined in Title 9, CCR, Section 1810.215. TBS is an intensive one-to-one, short-term outpatient treatment intervention for beneficiaries under age 21 with serious emotional problems or mental illness who are experiencing a stressful transition or life crisis and need additional short-term specific support services. TBS must be needed to prevent placement in a group home at Rate Classification Level (RCL) 12 through 14 or a locked facility for the treatment of mental health needs or to enable a transition from any of those levels to a lower level of residential care.

The Contractor shall require providers to request initial and on-going mental health plan (MHP) payment authorization, as defined in Title 9, CCR, Section 1810.229, for TBS as described below. The Contractor's MHP authorization function shall meet the criteria of Exhibit A, Attachment 2, Section B except that the Contractor shall not delegate the MHP payment authorization function to providers. Provider as used in this section includes Contractor staff. In the event that the Contractor is the TBS provider, the Contractor shall assure that the authorization process does not include staff involved in providing TBS. The Contractor shall require providers to submit MHP payment authorization requests prior to the end of the specified days in the current authorization period and shall make timely decisions on MHP payment authorization requests to ensure there is no break in medically necessary services to the beneficiary.

When the Contractor's MHP payment authorization decisions result in denial, modification, deferral, reduction or termination of the services requested by the provider, the Contractor shall provide notices of action (NOAs) in accordance with the requirements of Title 9, CCR, Section 1850.210 and Exhibit A Attachment 2, Section D and, when required by Title 9, CCR, Section 1850.215, the continuation of services pending a fair hearing decision. When applicable, the NOA shall advise the beneficiary of the right to request continuation of previously authorized services pending the outcome of a Medi-Cal fair hearing if the request for hearing is timely.

The MHP payment authorization requirements of this section replace the Contractor's obligations under DMH Letter No. 99-03, page 6, to review the TBS component of a beneficiary's client plan monthly.

1. General Authorization Requirements

- a. The Contractor shall require providers to request MHP payment authorization for TBS in advance of the delivery of the services included in the authorization request. The requirement for approval in advance of the delivery of TBS applies to direct one-to-one TBS and related service activities, but does not include the initial assessment that determines whether or not TBS criteria are met or to the initial development of TBS client plan. The initial assessment may include observation of the beneficiary in the settings in which TBS is expected to be delivered to note baseline behaviors and make a preliminary assessment of likely interventions. The Contractor may reimburse providers for the initial assessment and the initial development of the TBS client plan as a mental health service or as TBS, as determined by the Contractor.
- b. The Contractor shall make decision on MHP payment authorization requests for TBS in advance of service delivery for the first authorization and subsequent reauthorizations of TBS.
- c. Both the initial authorization and subsequent reauthorization decisions shall be made by a licensed practitioner of the healing arts (LPHA) as required by Title 9, CCR, Section 1830.215.
- d. The Contractor shall issue a decision on an MHP payment authorization request for TBS in accordance with the timeliness required by Exhibit A, Attachment 2, Section B and by Title 9, CCR, Section 1810.405 (c), except that when the MHP extends the timeline for an expedited authorization request to obtain additional information from the requesting provider, the Contract shall issue a decision on the MHP payment authorization request within three working days of the receipt of the additional information from the provider or within 14 calendar days of the extension, which ever is earlier.
- e. The Contractor retains the authority to set additional standards necessary to manage the delivery of TBS, including but not limited to establishing maximum hours for individual TBS service components (e.g., assessment, client plan development, and collateral services), provided the Contractor's standards are consistent with applicable state and federal laws and regulations and do not prevent the delivery of medically necessary TBS.

### 3. Initial Authorization

- a. Except as provided in subsection b, the Contractor shall not approve an initial MHP payment authorization request for direct one-to-one TBS that:
  - 1) Exceeds 30 days if the provider is requesting authorization of direct one-to-one TBS that exceeds 12 hours per day

- 2) Exceeds 60 days if the provider is requesting authorization of direct one-to-one TBS that is less than or equal to 12 hours per day
- b. The Contractor shall permit providers to submit initial MHP payment authorization requests that include a TBS client plan that meets only criteria 1) through 5) in subsection c. If a provider does submit a TBS client plan that meets only these criteria, the Contractor shall not approve an initial MHP payment authorization request for direct one-to-one TBS that exceeds 30 days.
- c. Except as provided in subsection b, the Contractor shall not approve a provider's initial MHP payment authorization request unless the provider has submitted a TBS client plan that meets the criteria in subsections 1) through 8) below
- 1) A TBS client plan may be a separate client plan for the delivery of TBS or a component of a more comprehensive client plan. The TBS client plan is intended to provide clinical direction for one or a series of short-term intervention(s) to address very specific behaviors and/or symptoms of the beneficiary as identified by the assessment process.
  - 2) Clearly specified behaviors and/or symptoms that jeopardize the residential placement or transition to a lower level of residential placement and that will be the focus of TBS.
  - 3) A specific plan of intervention for each of the targeted behaviors or symptoms identified in the assessment and the client plan.
  - 4) A specific description of the changes in the behaviors and/or symptoms that the interventions are intended to produce, including a time frame for these changes.
  - 5) A specific way to measure the effectiveness of the intervention at regular intervals and documentation of changes in planned interventions when the original plans are not achieving expected results.
  - 6) A transition plan that describes in measurable terms how and when TBS will be decreased and ultimately discontinued, either when the identified benchmarks (which are the objectives that are met as the beneficiary progresses towards achieving client plan goals) have been reached or when reasonable progress towards goals is not occurring and, in the clinical judgment of the individual or treatment team developing the plan, are not reasonably expected to be achieved. This plan should address assisting parents/caregivers with skills and strategies to provide continuity of care when TBS is discontinued.
  - 7) As necessary, a plan for transition to adult services when the beneficiary turns 21 years old and is no longer eligible for TBS. This

plan should also address assisting parents/caregivers with skills and strategies to provide continuity of care when this service is discontinued, when appropriate in the individual case.

- 8) If the beneficiary is between 18 and 21 years of age, notes regarding any special considerations that should be taken into account, e.g., the identification of an adult case manager.

### 3. Reauthorization

- a. The Contractor shall not approve an MHP payment authorization request for reauthorization of TBS that exceeds 30 days if the provider is requesting authorization of direct one-to-one TBS that exceeds 12 hours per day or exceeds 60 days if the provider is requesting authorization of direct one-to-one TBS that is less than or equal to 12 hours per day.
- b. The Contractor shall base decisions on MHP payment authorization requests for reauthorization of TBS on clear documentation of the following and any additional information from the TBS provider required by the Contractor:
  - 1) The beneficiary's progress towards the specific goals and timeframes of the TBS client plan.
  - 2) A strategy to decrease the intensity of services and/or to initiate the transition plan and/or terminate services when TBS has been effective for the beneficiary in making progress towards specified measurable outcomes identified in the TBS plan or the beneficiary has reached a plateau in benefit effectiveness. A strategy to terminate services shall consider the intensity and duration of TBS necessary to stabilize the beneficiary's behavior and reduce the risk of regression.
  - 3) If applicable, the beneficiary's lack of progress towards the specific goals and timeframes of the TBS client plan and changes needed to address the issue. If the TBS being provided to the beneficiary has not been effective and the beneficiary is not making progress as expected towards identified goals, the alternatives considered and the reason that only the approval of the requested additional hours/days for TBS instead of or in addition to the alternatives will be effective.
  - 4) The review and updating of the TBS client plan as necessary to address any significant changes in the beneficiary's environment (e.g., a change in residence).
  - 5) The provision of skills and strategies to parents/caregivers to provide continuity of care when TBS is discontinued.
- c. If the initial MHP payment authorization was approved pursuant to subsection 2.b. above, the Contractor shall not approve the MHP

payment authorization request for reauthorization of TBS unless the provider has submitted a TBS client plan that meets criteria 1) through 8) in subsection 2.c.

- d. When the Contractor approves a fourth MHP payment authorization request for a beneficiary, the Contractor shall provide a summary of the TBS services provided, justification for the additional authorization and a termination plan with clearly established timelines and benchmarks, including a planned date for termination of TBS, in writing to the Mental Health Director for the Contractor and to Medi-Cal Policy and Support, Department of Mental Health, 1600 9th Street, Room 100, Sacramento CA 95814, within five working days of the authorization decision.

If the Contractor extends the timeframe, the Contractor shall provide the beneficiary with written notice of the decision on the date the decision to

extend is made. The notice to the beneficiary shall advise the beneficiary of the reason for the decision and the beneficiary's right to file a grievance if the beneficiary disagrees with the decision.

- b. In accordance with Title 42, Code of Federal Regulations, Section 438.210 (d) (2), for expedited authorization decisions in cases in which a provider indicates, or the Contractor determines, that following the standard timeframe could seriously jeopardize the beneficiary's life or health or ability to attain, maintain, or regain maximum function, the Contractor will make an expedited authorization decision and provide notice as expeditiously as the beneficiary's mental health condition requires and no later than three working days after receipt of the request for MHP payment authorization. The Contractor may extend the three-working-day time period by up to 14 calendar days. If the beneficiary requests an extension, or if the Contractor identifies a need for additional information and documents the need and how the extension is in the beneficiary's interest in its authorization records, the Contractor may extend the three-working-day time period as follows:

1. The Contractor shall maintain beneficiary problem resolution processes in accordance with Title 42, CFR, Chapter IV, Subchapter C, Part 438, Subpart F, "Grievance Systems," and the Medi-Cal Specialty Mental Health Services Consolidation waiver renewal request as approved by the Centers for Medicare and Medicaid Services on August 22, 2003, and April 25, 2005 that enable beneficiaries to resolve concerns or complaints about any specialty mental health service-related issue. ##### **1850.205. Beneficiary Problem Resolution Processes.**

(a) An MHP shall develop problem resolution processes that enable a beneficiary to resolve a concern or complaint about any specialty mental health service-related issue.

(b) The MHP's beneficiary problem resolution processes shall include:

(1) A complaint resolution process.

(2) A grievance process.

(c) For both the complaint resolution process and the grievance process, the MHP shall ensure:

(1) That each beneficiary has adequate information about the MHP's processes by taking at least the following actions:

(A) Including information describing the complaint resolution process and the grievance process in the MHP's beneficiary brochure and providing the beneficiary brochure to beneficiaries as described in Section 1810.360.

(B) Posting notices explaining complaint resolution and grievance process procedures in locations at all MHP provider sites sufficient to ensure that the information is readily available to both beneficiaries and provider staff. For the purposes of this section, an MHP provider site means any office or facility owned or operated by the MHP or a provider contracting with the MHP at which beneficiaries may obtain specialty mental health services.

(C) Making grievance forms and self addressed envelopes available for beneficiaries to pick up at all MHP provider sites without having to make a verbal or written request to anyone.

(5) That a beneficiary is not subject to discrimination or any other penalty for filing a complaint or grievance.

(6) That procedures for the processes maintain the confidentiality of beneficiaries.

(7) That a procedure is included by which issues identified as a result of the complaint resolution or grievance process are transmitted to the MHP's Quality Improvement Committee, the MHP's administration or another appropriate body within the MHP for review and, if applicable, implementation of needed system changes.

(d) In addition to meeting the requirements of subsection (c), the complaint resolution process shall, at a minimum:

(1) Provide for resolution of a beneficiary's concerns or complaints as quickly and simply as possible.

(2) Involve simple, informal and easily understood procedures that do not require beneficiaries to present their concerns or complaints in writing.

(3) Inform a beneficiary of his or her right to use the grievance process or request a fair hearing at any time before, during or after the complaint resolution process has begun.

(3) Provide for a decision on the grievance at each level of review within 30 calendar days of receipt of the grievance by that level of review within the MHP.

When the written grievance is received by the MHP prior to the beneficiary's discharge from the services, the beneficiary shall continue to receive the adult residential or crisis stabilization services and the MHP shall continue payment for the services until the MHP responds to the grievance at the first level of review, at which point action may be taken by the provider or the MHP as appropriate based on the grievance decision. When the notice contains the decision of the MHP's second level of review, the notice shall include the beneficiary's right to request a fair hearing if the beneficiary disagrees with the decision.

(i) When a Notice of Action would not be required under subsections (a), (b), or (c), the MHP of the beneficiary shall provide a beneficiary with Notice of Action under this subsection when the MHP or its providers determine that the medical necessity criteria in Section 1830.205(b)(1), (b)(2) or (b)(3)(C) or Section 1830.210(a) have not been met and that the beneficiary is, therefore, not entitled to any specialty mental health services from the MHP. The Notice of Action under this subsection, shall, at the election of the MHP, be hand delivered to the beneficiary on the date of the action or mailed to the beneficiary in accordance with subsection (d) and shall specify:

(D) If applicable, the MHP shall have 14 calendar days from the date of receipt of the provider's revised request for MHP payment authorization to submit the TAR to the fiscal intermediary for processing.

(3) If an MHP does not respond within 60 calendar days to the appeal, the appeal shall be considered denied by the MHP. If applicable under subsection (e), the provider may appeal directly to the department.

(e) When an appeal concerning the denial or modification of an MHP payment authorization request for the specialty mental health services provided in an emergency as described in Sections 1820.225, 1830.230, and 1830.245 is denied in full or in part by the MHP's Provider Appeal Process on the basis that the provider did not comply with the required timelines for notification or submission of the MHP payment request or that the medical necessity criteria were not met, the provider may appeal the denial or modification to the department.

(1) Hospitals and the individual, group or organizational providers who have provided specialty mental health services under Sections 1820.225, 1830.230, and 1830.245 to a beneficiary during the psychiatric inpatient hospital stay that is the subject of the appeal may appeal separately to the department unless they have agreed to another arrangement as a term of their contract with the MHP.

(2) If a provider chooses to appeal to the department an MHP's denial of MHP payment authorization, the appeal shall be submitted in writing, along with supporting documentation, within 30 calendar days from the date of the MHP's written decision of denial. The provider may appeal

to the department within 30 calendar days after 60 calendar days from submission to the MHP, if the MHP fails to respond. Supporting documentation shall include, but not be limited to:

(A) Any documentation supporting allegations of timeliness, if at issue, including fax records, phone records or memos.

(B) Clinical records supporting the existence of medical necessity if at issue.

(C) A summary of reasons why the MHP should have approved the MHP payment authorization.

(D) A contact person(s) name, address and phone number.

(3) The department shall notify the MHP and the provider of its receipt of a request for appeal pursuant to subsection (d) within seven calendar days. The notice to the MHP shall include a request to the MHP for specific documentation supporting denial of the MHP payment authorization and a request for documentation establishing any agreements with the appealing provider or other providers who may be affected by the appeal pursuant to subsection (d)(1).

(4) The MHP shall submit the requested documentation within 21 calendar days or the department shall decide the appeal based solely on the documentation filed by the provider.

(5) The department shall have 60 calendar days from the receipt of the MHP's documentation or from the 21st calendar day after the request for documentation, whichever is earlier, to notify the provider and the MHP, in writing, of its decision, including a statement of the reasons for the decision that addresses each issue raised by the provider and the MHP, and any actions required by the MHP or the provider to implement the decision. At the election of the provider, if the department fails to act within the 60 calendar days, the appeal may be considered to have been denied by the department.

(A) The department may allow both a provider representative(s) and the MHP representative(s) an opportunity to present oral argument to the department.

(B) If applicable, the provider shall submit a revised request for MHP payment authorization within 30 calendar days from receipt of the department's decision to uphold the appeal.

**1850.405. Resolution of Disputes between MHPs regarding MHP of Beneficiary.**

(a) Under the following arbitration processes the MHP of the beneficiary may be determined to be different than that specified in the Medi-Cal Eligibility Data System (MEDS) file.

(b) Any two or more MHPs may develop an arbitration agreement to provide for determining final responsibility for MHP payment authorization as described in subchapters 2 and 3 when there is a dispute between the participating MHPs. Each arbitration agreement must:

- (1) Provide for the selection of an arbitrator.
- (2) Include timelines for filing and resolution.
- (3) Include criteria that will serve as a basis for a decision.
- (4) Specify that decisions reached under the arbitration process will be final.
- (5) Be signed by all participating MHPs or their designees.
- (6) Require that all decisions of the arbitrator shall be in writing.
- (7) Provide that a copy of each decision shall be forwarded to the affected MHPs within 14 calendar days of the decision.

(c) In cases where there is a disagreement between MHPs that are not participating in an arbitration process, the arbitration process shall be as follows:

(1) Each MHP shall provide the department with at least one individual available to serve as an arbitrator. The MHP shall confirm or update the available individuals annually. The department shall provide a listing of the available individuals to the MHPs annually by October 1. The parties to the dispute may agree to a single arbitrator. If the parties to the dispute cannot agree on a single arbitrator, the parties shall each select an arbitrator from the list of available individuals, except that an individual identified by either involved MHP may not be selected. The selected arbitrators shall select a third arbitrator who is not an individual identified by either involved MHP from the listing.

(2) The arbitrators' services shall be reimbursed at the hourly rate charge by the State Office of Administrative Hearings for hearings it conducts for other state agencies, not to exceed a total of ten hours. The parties shall share equally in paying for the arbitrators' services. Payment shall be made directly to the arbitrators unless the arbitrator is an employee of the MHP, in which case payment shall be made to that MHP.

(3) The arbitrators' decision as to the MHP of the beneficiary shall be based on a review of the facts in relation to the following criteria:

(A) If a beneficiary has moved to a county or acts to establish residency in a county and has a clear intent to reside in the county, the MHP for that county shall be considered the MHP of the beneficiary.

(B) If a beneficiary is a Lanterman-Petris-Short or Probate Conservatee, the MHP for the county in which the beneficiary is conserved shall be considered the MHP of the beneficiary.

(C) If a beneficiary has been placed in legal custody by a county, the MHP for the county that initiated the legal proceeding shall be considered the MHP of the beneficiary. If a beneficiary is on parole or in a conditional release program and is restricted to a particular area, the MHP for the county which includes the area to which the beneficiary is restricted shall be the MHP of the beneficiary.

(D) If a beneficiary has adopted a transient, nomadic lifestyle and has a clear intent to continue this lifestyle, the MHP for the county in which the beneficiary presents for services shall be considered the MHP of the beneficiary.

(E) If a beneficiary, because of the beneficiary's mental status, is unable to form or express a clear intent to reside anywhere, the following may be considered evidence that the MHP for the county involved would be the MHP of the beneficiary:

1. The county that originated residential, medical, or psychiatric placement.
2. The county in which the beneficiary has current housing.
3. The county that has paid general assistance to the beneficiary.
4. The county in which the beneficiary has received ongoing community mental health clinical care during the last six months.

(F) Where the facts do not clearly meet the criteria, the arbitrators' decision shall be reasonable in light of the facts presented using the criteria in (A) through (E) as a general guidelines.

(4) The affected MHPs shall provide relevant documentation to arbitrators no later than 21 calendar days after the arbitrators have been selected.

(5) The arbitrators shall decide on the issue no later 60 calendar days

(A) from the date documentation is received from the affected MHPs, or

(B) from 21 calendar days after the arbitrator has been selected, whichever is sooner.

(6) The arbitrators shall issue the decision in writing to the affected MHPs within 14 calendar days of the decision.

(d) When the arbitrators acting under either subsections (b) or (c) determine that an MHP is responsible for payment for specialty mental health services previously authorized by another MHP, the MHP found responsible for payment of services shall perform, within 14 calendar days from the date of the arbitrator's decision, any action required of the MHP to implement the decision of the arbitration process. The department reserves the right to take action necessary to implement the decision of the arbitration process if the MHP found to be responsible fails to comply with the decision.

(e) A dispute regarding the MHP of the beneficiary shall not delay medically necessary services to beneficiaries. The MHP of the beneficiary as identified on the MEDS file shall be responsible for providing or authorizing and paying for the service until the dispute is resolved.

## **FEDERAL REGULATIONS CROSS-REFERENCED IN CONTRACT**

### **Various Parts related to PART 438—MANAGED CARE**

#### **Sec. 422.128 Information on Advance Directives**

- (a) Each M+C organization must maintain written policies and procedures that meet the requirements for advance directives, as set forth in subpart I of part 489 of this chapter. For purposes of this part, advance directive has the meaning given the term in Sec. 489.100 of this chapter.
- (b) An M+C organization must maintain written policies and procedures concerning advance directives with respect to all adult individuals receiving medical care by or through the M+C organization.
- (1) An M+C organization must provide written information to those individuals with respect to the following:
  - (i) Their rights under the law of the State in which the organization furnishes services (whether statutory or recognized by the courts of the State) to make decisions concerning their medical care, including the right to accept or refuse medical or surgical treatment and the right to formulate advance directives. Providers may contract with other entities to furnish this information but remain legally responsible for ensuring that the requirements of this section are met. The information must reflect changes in State law as soon as possible, but no later than 90 days after the effective date of the State law.
  - (ii) The M+C organization's written policies respecting the implementation of those rights, including a clear and precise statement of limitation if the M+C organization cannot implement an advance directive as a matter of conscience. At a minimum, this statement must do the following:
    - (A) Clarify any differences between institution-wide conscientious objections and those that may be raised by individual physicians.
    - (B) Identify the state legal authority permitting such objection.
    - (C) Describe the range of medical conditions or procedures affected by the conscience objection.
    - (D) Provide the information specified in paragraph (a)(1) of this section to each enrollee at the time of initial enrollment. If an enrollee is incapacitated at the time of initial enrollment and is unable to receive information (due to the incapacitating condition or a mental disorder) or articulate whether or not he or she has executed an advance directive, the M+C organization may give advance directive information to the enrollee's family or surrogate in the same manner that it issues other materials about policies and procedures to the family of the incapacitated enrollee or to a surrogate or other concerned persons in accordance with State law. The M+C organization is not relieved of its obligation to provide this information to the enrollee once he or she is no longer incapacitated or unable to receive such information. Follow-up procedures must be in place to ensure that the information is given to the individual directly at the appropriate time.
    - (E) Document in a prominent part of the individual's current medical record whether or not the individual has executed an advance directive.
    - (F) Not condition the provision of care or otherwise discriminate against an individual based on whether or not the individual has executed an advance directive.

- (G) Ensure compliance with requirements of State law (whether statutory or recognized by the courts of the State) regarding advance directives.
  - (H) Provide for education of staff concerning its policies and procedures on advance directives.
  - (I) Provide for community education regarding advance directives that may include material required in paragraph (a)(1)(i) of this section, either directly or in concert with other providers or entities. Separate community education materials may be developed and used, at the discretion of the M+C organization. The same written materials are not required for all settings, but the material should define what constitutes an advance directive, emphasizing that an advance directive is designed to enhance an incapacitated individual's control over medical treatment, and describe applicable State law concerning advance directives. An M+C organization must be able to document its community education efforts.
- (2) The M+C organization--
    - (i) Is not required to provide care that conflicts with an advance directive; and
    - (ii) Is not required to implement an advance directive if, as a matter of conscience, the M+C organization cannot implement an advance directive and State law allows any health care provider or any agent of the provider to conscientiously object.
  - (3) The M+C organization must inform individuals that complaints concerning noncompliance with the advance directive requirements may be filed with the State survey and certification agency.

**Sec. 489.100 Definition.**

For purposes of this part, advance directive means a written instruction, such as a living will or durable power of attorney for health care, recognized under State law (whether statutory or as recognized by the courts of the State), relating to the provision of health care when the individual is incapacitated.

**Sec. 431.244 Hearing decisions.**

- .....
- (f) The agency must take final administrative action as follows:
    - (1) Ordinarily, within 90 days from the earlier of the following:
      - (i) The date the enrollee filed an MCO or PIHP appeal, not including the number of days the enrollee took to subsequently file for a State fair hearing; or
      - (ii) If permitted by the State, the date the enrollee filed for direct access to a State fair hearing.
    - (2) As expeditiously as the enrollee's health condition requires, but no later than 3 working days after the agency receives, from the MCO or PIHP, the case file and information for any appeal of a denial of a service that, as indicated by the MCO or PIHP—
      - (i) Meets the criteria for expedited resolution as set forth in Sec. 438.410(a) of this chapter, but was not resolved within the timeframe for expedited resolution; or
      - (ii) Was resolved within the timeframe for expedited resolution, but reached a decision wholly or partially adverse to the enrollee.
    - (3) If the State agency permits direct access to a State fair hearing, as expeditiously as the enrollee's health condition requires, but no later than 3 working days after the agency receives, directly from an MCO or PIHP enrollee, a fair hearing request on a decision to deny a service that it determines meets the criteria for expedited resolution, as set forth in Sec. 438.410(a) of this chapter . . .

- (c) Language. The State must do the following:

**Sec. 438.240 Quality assessment and performance improvement program.**

**(a) General rules.**

- (1) The State must require, through its contracts, that each MCO and PIHP have an ongoing quality assessment and performance improvement program for the services it furnishes to its enrollees.
- (2) CMS, in consultation with States and other stakeholders, may specify performance measures and topics for performance improvement projects to be required by States in their contracts with MCOs and PIHPs.

**(b) Basic elements of MCO and PIHP quality assessment and performance improvement programs. At a minimum, the State must require that each MCO and PIHP comply with the following requirements:**

- (1) Conduct performance improvement projects as described in paragraph (d) of this section. These projects must be designed to achieve, through ongoing measurements and intervention, significant improvement, sustained over time, in clinical care and non-clinical care areas that are expected to have a favorable effect on health outcomes and enrollee satisfaction.
- (2) Submit performance measurement data as described in paragraph (c) of this section.
- (3) Have in effect mechanisms to detect both underutilization and over-utilization of services.
- (4) Have in effect mechanisms to assess the quality and appropriateness of care furnished to enrollees with special health care needs.

**(c) Performance measurement. Annually each MCO and PIHP must—**

- (1) Measure and report to the State its performance, using standard measures required by the State including those that incorporate the requirements of Sec. 438.204(c) and Sec. 438.240(a)(2);

- (2) Each MCO and PIHP must report the status and results of each project to the State as requested, including those that incorporate the requirements of Sec. 438.240(a)(2). Each performance improvement project must be completed in a reasonable time period so as to generally allow information on the success of performance improvement projects in the aggregate to produce new information on quality of care every year.

(e) Program review by the State.

- (1) The State must review, at least annually, the impact and effectiveness of each MCO's and PIHP's quality assessment and performance improvement program. The review must include—
  - (i) The MCO's and PIHP's performance on the standard measures on which it is required to report; and
  - (ii) The results of each MCO's and PIHP's performance improvement projects.
- (2) The State may require that an MCO or PIHP have in effect a process for its own evaluation of the impact and effectiveness of its quality assessment and performance improvement program.

**Subpart F—Grievance System**

**(Please note that not all provisions apply to Mental Health Plans per approved waiver renewal request. See contract terms to identify specific requirements of the MHPs.)**

**Sec. 438.400 Statutory basis and definitions.**

(a) Statutory basis. This subpart is based on sections 1902(a)(3), 1902(a)(4), and 1932(b)(4) of the Act.

- (1) Section 1902(a)(3) requires that a State plan provide an opportunity for a fair hearing to any person whose claim for assistance is denied or not acted upon promptly.
- (2) Section 1902(a)(4) requires that the State plan provide for methods of administration that the Secretary finds necessary for the proper and efficient operation of the plan.
- (3) Section 1932(b)(4) requires Medicaid managed care organizations to establish internal grievance procedures under which Medicaid enrollees, or providers acting on their behalf, may challenge the denial of coverage of, or payment for, medical assistance.

(b) Definitions. As used in this subpart, the following terms have the indicated meanings:

*Action* means-- In the case of an MCO or PIHP—

- (1) The denial or limited authorization of a requested service, including the type or level of service;
- (2) The reduction, suspension, or termination of a previously authorized service;
- (3) The denial, in whole or in part, of payment for a service;
- (4) The failure to provide services in a timely manner, as defined by the State;

- (6) For a resident of a rural area with only one MCO, the denial of a Medicaid enrollee's request to exercise his or her right, under Sec. 438.52(b)(2)(ii), to obtain services outside the network.

**Appeal** means a request for review of an action, as "action" is defined in this section.

**Grievance** means an expression of dissatisfaction about any matter other than an action, as "action" is defined in this section. The term is also used to refer to the overall system that includes grievances and appeals handled at the MCO or PIHP level and access to the State fair hearing process. (Possible subjects for grievances include, but are not limited to, the quality of care or services provided, and aspects of interpersonal relationships such as rudeness of a provider or employee, or failure to respect the enrollee's rights.)

**Sec. 438.402 General requirements.**

- (a) The grievance system. Each MCO and PIHP must have a system in place for enrollees, that includes a grievance process, an appeal process, and access to the State's fair hearing system.
- (b) Filing requirements—
  - (1) Authority to file—
    - (i) An enrollee may file a grievance and an MCO or PIHP level appeal, and may request a State fair hearing.
    - (ii) A provider, acting on behalf of the enrollee and with the enrollee's written consent, may file an appeal. A provider may file a grievance or request a State fair hearing on behalf of an enrollee, if the State permits the provider to act as the enrollee's authorized representative in doing so.
  - (2) Timing. The State specifies a reasonable timeframe that may be no less than 20 days and not to exceed 90 days from the date on the MCO's or PIHP's notice of action. Within that timeframe—
    - (i) The enrollee or the provider may file an appeal; and
    - (ii) In a State that does not require exhaustion of MCO and PIHP level appeals, the enrollee may request a State fair hearing.
  - (3) Procedures.
    - (i) The enrollee may file a grievance either orally or in writing and, as determined by the State, either with the State or with the MCO or the PIHP.
    - (ii) The enrollee or the provider may file an appeal either orally or in writing, and unless he or she requests expedited resolution, must follow an oral filing with a written, signed, appeal.

**Sec. 438.404 Notice of action.**

- (a) Language and format requirements. The notice must be in writing and must meet the language and format requirements of Sec. 438.10(c) and (d) to ensure ease of understanding.
- (b) Content of notice. The notice must explain the following:
  - (1) The action the MCO or PIHP or its contractor has taken or intends to take.
  - (2) The reasons for the action.
  - (3) The enrollee's or the provider's right to file an MCO or PIHP appeal.
  - (4) If the State does not require the enrollee to exhaust the MCO or PIHP level appeal procedures, the enrollee's right to request a State fair hearing.
  - (5) The procedures for exercising the rights specified in this paragraph.
  - (6) The circumstances under which expedited resolution is available and how to request it.
  - (7) The enrollee's right to have benefits continue pending resolution of the appeal, how to request that benefits be continued, and the circumstances under which the enrollee may be required to pay the costs of these services.
- (c) Timing of notice. The MCO or PIHP must mail the notice within the following timeframes:
  - (1) For termination, suspension, or reduction of previously authorized Medicaid-covered services, within the timeframes specified in Sections 431.211, 431.213, and 431.214 of this chapter.
  - (2) For denial of payment, at the time of any action affecting the claim.
  - (3) For standard service authorization decisions that deny or limit services, within the timeframe specified in Sec. 438.210(d)(1).

- (4) If the MCO or PIHP extends the timeframe in accordance with Sec. 438.210(d)(1), it must—
  - (i) Give the enrollee written notice of the reason for the decision to extend the timeframe and inform the enrollee of the right to file a grievance if he or she disagrees with that decision; and
  - (ii) Issue and carry out its determination as expeditiously as the enrollee's health condition requires and no later than the date the extension expires.
- (5) For service authorization decisions not reached within the timeframes specified in Sec. 438.210(d) (which constitutes a denial and is thus an adverse action), on the date that the timeframes expire.
- (6) For expedited service authorization decisions, within the timeframes specified in Sec. 438.210(d).

**Sec. 438.406 Handling of grievances and appeals.**

- (a) General requirements. In handling grievances and appeals, each MCO and each PIHP must meet the following requirements:

  - (2) Acknowledge receipt of each grievance and appeal.
  - (3) Ensure that the individuals who make decisions on grievances and appeals are individuals—
    - (i) Who were not involved in any previous level of review or decision-making; and
    - (ii) Who, if deciding any of the following, are health care professionals who have the appropriate clinical expertise, as determined by the State, in treating the enrollee's condition or disease—
      - (A) An appeal of a denial that is based on lack of medical necessity.
      - (B) A grievance regarding denial of expedited resolution of an appeal.
      - (C) A grievance or appeal that involves clinical issues.
- (b) Special requirements for appeals. The process for appeals must:
  - (1) Provide that oral inquiries seeking to appeal an action are treated as appeals (to establish the earliest possible filing date for the appeal) and must be confirmed in writing, unless the enrollee or the provider requests expedited resolution.
  - (2) Provide the enrollee a reasonable opportunity to present evidence, and allegations of fact or law, in person as well as in writing. (The MCO or PIHP must inform the enrollee of the limited time available for this in the case of expedited resolution.)
  - (3) Provide the enrollee and his or her representative opportunity, before and during the appeals process, to examine the enrollee's case file, including medical records, and any other documents and records considered during the appeals process.
  - (4) Include, as parties to the appeal—
    - (i) The enrollee and his or her representative; or
    - (ii) The legal representative of a deceased enrollee's estate.

**Sec. 438.408 Resolution and notification: Grievances and appeals.**

- (a) **Basic rule.** The MCO or PIHP must dispose of each grievance and resolve each appeal, and provide notice, as expeditiously as the enrollee's health condition requires, within State-established timeframes that may not exceed the timeframes specified in this section.
- (b) **Specific timeframes—**
  - (1) **Standard disposition of grievances.** For standard disposition of a grievance and notice to the affected parties, the timeframe is established by the State but may not exceed 90 days from the day the MCO or PIHP receives the grievance.
  - (2) **Standard resolution of appeals.** For standard resolution of an appeal and notice to the affected parties, the State must establish a timeframe that is no longer than 45 days from the day the MCO or PIHP receives the appeal. This timeframe may be extended under paragraph (c) of this section.
  - (3) **Expedited resolution of appeals.** For expedited resolution of an appeal and notice to affected parties, the State must establish a timeframe that is no longer than 3 working days after the MCO or PIHP receives the appeal. This timeframe may be extended under paragraph (c) of this section.
- (c) **Extension of timeframes—**
  - (1) The MCO or PIHP may extend the timeframes from paragraph (b) of this section by up to 14 calendar days if—
    - (i) The enrollee requests the extension; or
    - (ii) The MCO or PIHP shows (to the satisfaction of the State agency, upon its request) that there is need for additional information and how the delay is in the enrollee's interest.
  - (2) **Requirements following extension.** If the MCO or PIHP extends the timeframes, it must— for any extension not requested by the enrollee, give the enrollee written notice of the reason for the delay.
- (d) **Format of notice—**
  - (1) **Grievances.** The State must establish the method MCOs and PIHPs will use to notify an enrollee of the disposition of a grievance.
  - (2) **Appeals.**
    - (i) For all appeals, the MCO or PIHP must provide written notice of disposition.
    - (ii) For notice of an expedited resolution, the MCO or PIHP must also make reasonable efforts to provide oral notice.
- (e) **Content of notice of appeal resolution.** The written notice of the resolution must include the following:
  - (1) The results of the resolution process and the date it was completed.
  - (2) For appeals not resolved wholly in favor of the enrollees—
    - (i) The right to request a State fair hearing, and how to do so;
    - (ii) The right to request to receive benefits while the hearing is pending, and how to make the request; and
    - (iii) That the enrollee may be held liable for the cost of those benefits if the hearing decision upholds the MCO's or PIHP's action.
- (f) **Requirements for State fair hearings—**
  - (1) **Availability.** The State must permit the enrollee to request a State fair hearing within a reasonable time period specified by the State, but not less than 20 or in excess of 90 days from whichever of the following dates applies—

- (i) If the State requires exhaustion of the MCO or PIHP level appeal procedures, from the date of the MCO's or PIHP's notice of resolution; or
  - (ii) If the State does not require exhaustion of the MCO or PIHP level appeal procedures and the enrollee appeals directly to the State for a fair hearing, from the date on the MCO's or PIHP's notice of action.
- (2) Parties. The parties to the State fair hearing include the MCO or PIHP as well as the enrollee and his or her representative or the representative of a deceased enrollee's estate.

**Sec. 438.410 Expedited resolution of appeals.**

- (a) General rule. Each MCO and PIHP must establish and maintain an expedited review process for appeals, when the MCO or PIHP determines (for a request from the enrollee) or the provider indicates (in making the request on the enrollee's behalf or supporting the enrollee's request) that taking the time for a standard resolution could seriously jeopardize the enrollee's life or health or ability to attain, maintain, or regain maximum function.
- (b) Punitive action. The MCO or PIHP must ensure that punitive action is neither taken against a provider who requests an expedited resolution or supports an enrollee's appeal.
- (c) Action following denial of a request for expedited resolution. If the MCO or PIHP denies a request for expedited resolution of an appeal, it must—
  - (1) Transfer the appeal to the timeframe for standard resolution in accordance with Sec. 438.408(b)(2);
  - (2) Make reasonable efforts to give the enrollee prompt oral notice of the denial, and follow up within two calendar days with a written notice.

**Sec. 438.414 Information about the grievance system to providers and subcontractors.**

The MCO or PIHP must provide the information specified at Sec. 438.10(g)(1) about the grievance system to all providers and subcontractors at the time they enter into a contract.

**Sec. 438.416 Recordkeeping and reporting requirements.**

The State must require MCOs and PIHPs to maintain records of grievances and appeals and must review the information as part of the State quality strategy.

**Sec. 438.420 Continuation of benefits while the MCO or PIHP appeal and the State fair hearing are pending.**

- (a) Terminology. As used in this section, "*timely*" filing means filing on or before the later of the following:
  - (1) Within ten days of the MCO or PIHP mailing the notice of action.
  - (2) The intended effective date of the MCO's or PIHP's proposed action.
- (b) Continuation of benefits. The MCO or PIHP must continue the enrollee's benefits if—
  - (1) The enrollee or the provider files the appeal timely;
  - (2) The appeal involves the termination, suspension, or reduction of a previously authorized course of treatment;
  - (3) The services were ordered by an authorized provider;
  - (4) The original period covered by the original authorization has not expired; and
  - (5) The enrollee requests extension of benefits.

- (c) Duration of continued or reinstated benefits. If, at the enrollee's request, the MCO or PIHP continues or reinstates the enrollee's benefits while the appeal is pending, the benefits must be continued until one of following occurs:
  - (1) The enrollee withdraws the appeal.
  - (2) Ten days pass after the MCO or PIHP mails the notice, providing the resolution of the appeal against the enrollee, unless the enrollee, within the 10-day timeframe, has requested a State fair hearing with continuation of benefits until a State fair hearing decision is reached.
  - (3) A State fair hearing Office issues a hearing decision adverse to the enrollee.
  - (4) The time period or service limits of a previously authorized service has been met.
- (d) Enrollee responsibility for services furnished while the appeal is pending. If the final resolution of the appeal is adverse to the enrollee, that is, upholds the MCO's or PIHP's action, the MCO or PIHP may recover the cost of the services furnished to the enrollee while the appeal is pending, to the extent that they were furnished solely because of the requirements of this section, and in accordance with the policy set forth in Sec. 431.230(b) of this chapter.

**Sec. 438.424 Effectuation of reversed appeal resolutions.**

- (a) Services not furnished while the appeal is pending. If the MCO or PIHP, or the State fair hearing officer reverses a decision to deny, limit, or delay services that were not furnished while the appeal was pending, the MCO or PIHP must authorize or provide the disputed services promptly, and as expeditiously as the enrollee's health condition requires.
- (b) Services furnished while the appeal is pending. If the MCO or PIHP, or the State fair hearing officer reverses a decision to deny authorization of services, and the enrollee received the disputed services while the appeal was pending, the MCO or the PIHP or the State must pay for those services, in accordance with State policy and regulations.

**Subpart H—Certifications and Program Integrity**

**Sec. 438.604 Data that must be certified.**

The data that must be certified include, but are not limited to, enrollment information, encounter data, and other information required by the State and contained in contracts, proposals, and related documents.
- (b) Additional certifications. Certification is required, as provided in Sec. 438.606, for all documents specified by the State.

- (2) To the accuracy, completeness and truthfulness of the documents specified by the State.
- (c) Timing of certification. The MCO or PIHP must submit the certification concurrently with the certified data.

**Sec. 438.610 Prohibited Affiliations with Individuals Debarred by Federal Agencies.**
