Dear Supervisors:

**APPROVAL OF NEW OUT-OF-STATE CHILD PLACEMENT MENTAL
HEALTH SERVICES AGREEMENT WITH DEVEREUX GLENHOLME FOR
FISCAL YEARS 2004-2005, 2005-2006, AND 2006-2007**

AND

**APPROVAL OF THE STANDARD OUT-OF-STATE CHILD PLACEMENT
MENTAL HEALTH SERVICES AGREEMENT FORMAT
(ALL SUPERVISORIAL DISTRICTS)
(3 VOTES)**

IT IS RECOMMENDED THAT YOUR BOARD:

1. Delegate authority to the Director of Mental Health or his designee to prepare, sign, and execute a new Out-of-State Child Placement Mental Health Services Agreement with Devereux Glenholme for Fiscal Years (FY) 2004-2005, 2005-2006, and 2006-2007. Contractor will provide specialized mental health treatment to severely emotionally disturbed (SED) children, adolescents, and their families who reside throughout the County of Los Angeles and are placed in out-of-state education and mental health treatment facilities based on a referral from the local school district. There is no Maximum Contract Amount (MCA) for this Agreement as services are provided and reimbursed on an as needed basis. The budgeted amount for Out-of-State Child Placement Mental Health Services providers is \$7.6 million. The term of the Agreement will be effective upon Board approval with two automatic one-year renewal periods.
2. Approve the standard Department of Mental Health (DMH) Out-Of-State Child Placement Mental Health Services Agreement format substantially similar to the Attachment.

3. Delegate authority to the Director of Mental Health or his designee to prepare, sign, and execute future amendments to the Out-of-State Child Placement Mental Health Services Agreement with Devereux Glenholme provided that:
1) the County's total Payments to contractor under each Agreement for each fiscal year shall not exceed an increase of 20 percent from applicable revised daily rate; 2) any such increase shall be used to provide additional services or to reflect program and/or policy changes; 3) the Board of Supervisors has appropriated sufficient funds for all changes; 4) approval of County Counsel and the Chief Administrative Officer (CAO) or their designee is obtained prior to any such Amendment; and 5) the Director of Mental Health shall notify the Board of Supervisors of Agreement changes in writing within 30 days after execution of each Amendment.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTIONS

Board approval is requested to enter into the Out-of-State Child Placement Mental Health Services Agreement with Devereux Glenholme. DMH previously contracted with this agency for services, but due to many years of non-use of services, the Agreement was not renewed. Several months after the DMH FY 2004-2005 renewal process had been completed, a request was submitted to DMH to have a child placed in this facility for mental health services. At present, the child's mental health services are being paid by a Service Purchase Order.

This new Agreement for specialized mental health treatment will allow for the provision of mental health services to SED children, adolescents, and their families who are residents of the County of Los Angeles and are placed in out-of state education and mental health treatment facilities. Placements are based on a referral from the local school district because these SED children and adolescents have either failed in multiple local residential programs or have been refused admission by a multitude of mental health programs in California.

In order to maximize and coordinate the provision of mental health services to disabled pupils by State and local government agencies, the California Legislature enacted Assembly Bill (AB) 3632 in 1984. This legislation amended Government Code Section 7576 and added Government Code Sections 7586.6 and 7587 that define interagency responsibilities for serving disabled pupils who are eligible under Federal law. Regulations in effect in 1986 stated that school districts were responsible for the costs of mental health treatment services provided to disabled pupils in out-of-state residential facilities. The enactment of AB 2726 in 1996 shifted the fiscal and programmatic

responsibilities of out-of-state placements from local school districts to County mental health agencies.

Effective July 1, 1997, County mental health agencies became responsible for the mental health treatment costs associated with out-of-state residential placements of children.

The Agreement meets with DMH's responsibilities as set forth in AB 2726, and therefore, ensures DMH is in compliance with providing mandated services under California Law.

Implementation of Strategic Plan Goals

The recommended Board action is consistent with the principles of the Countywide Strategic Plan Organizational Goal No. 3, "Organizational Effectiveness," and Programmatic Goal No. 5, "Children and Families' Well-Being." The collaborative efforts of DMH and Out-of-State Child Placement Mental Health Services providers will allow for an expansion of mental health services to SED children, adolescents, and their families.

FISCAL IMPACT/FINANCING

There is no net County cost impact.

The budgeted amount for Out-of-State Child Placement Mental Health Services providers is \$7.6 million and is funded with Senate Bill (SB) 90 appropriation funds in the amount of \$2.7 million and Federal Individuals with Disabilities Education Act funds in the amount of \$4.9 million. The amount for FY 2004-2005 is included in the Adopted Budget. For FYs 2005-2006 and 2006-2007, funding will be requested during each of the respective budget processes. The County will pursue the State reimbursement through the SB 90 claiming process.

This Board letter deals only with the funding of Out-of-State Child Placement Mental Health Services Agreements. This is due to the fact that there are no contractual terms and conditions in the out-of-state contracts pertaining to SB 90 and payment restrictions, and County's current Out-of-State Child Placement Mental Health Services Agreements require payment without consideration of whether the State has paid or not. These payments are claimable by the County through the State's SB 90 mandated claim process.

Due to the uncertainty of SB 90 payments from the State, your Board previously authorized the CAO to establish a County General Fund reserve to temporarily backfill the State SB 90 funds.

For mental health services provided to clients of DMH, Devereux Glenholme negotiated a daily rate of \$29.25. Contractor shall invoice County monthly for services rendered in the prior month. Rates are well below comparable California rates for similar services that are established by the State in which the facilities are located.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

In accordance with a Special Education Due Process Agreement, DMH agreed to fund Devereux Glenholme, which is licensed as a non-profit treatment center. The State of California Department of Education has certified the school components as a Non-Public School educational provider.

Devereux Glenholme offers a continuum of treatment programs such as a program for mildly delayed young adolescents, to structured-secured treatment milieus for youths with serious psychological attention-deficit and behavioral-control impairments. The agency's out-of-state address is 81 Sabbaday Lane, Washington, Connecticut 06793-1318.

The Agreement provides for additional mental health services to SED children, adolescents, and their families and will allow access to this agency to similar children and adolescents, which require out-of-state placement.

DMH at present has a SED child receiving mental health services at the Devereux Glenholme facility; client was placed at this facility since September 2004. DMH has paid for services through a "Service Purchase Order." Payments to the provider will continue through the purchase order mechanism until the new Agreement is approved.

Clinical and Administrative staff of DMH are assigned to supervise and administer this Agreement, evaluate the program to ensure that quality services are being provided to clients, and to ensure that the Agreement provisions and DMH policies are being followed.

Child Support Compliance Program and Compliance With Jury Service Program clauses have been omitted because this Agreement is with an agency outside of the County of Los Angeles and the State of California.

The Agreement has been reviewed and approved as to form by County Counsel. Further, the CAO, the CAO's Risk Manager, and DMH's Fiscal and Program Administrations have reviewed and approved this proposed action.

CONTRACTING PROCESS

Devereux Glenholme is part of the Devereux Treatment Network. DMH has contracts with Devereux agencies in Arizona, Colorado, and Texa, and these contracts were part of the 2004 renewal. DMH formerly contracted with this agency, but the contract was allowed to lapse because of the lack of placements. Because of the new out-of-state placement at this agency, DMH recommends and County Counsel agrees, that DMH renew its formal contracting relationship.

The development of a contractual relationship with Devereux Glenholme as a placement resource will expand the options of treatment programming that DMH must have in order to secure clinically relevant residential placement in a timely manner.

DMH staff consulted with representatives of this agency to determine the appropriate rate for the mental health services components of this program. The rate is well below comparable California rates for similar services. The agency meets California requirements for a not-for-profit organizational structure, meets Medicaid certification standards in its respective state, and has its educational program certified and approved by the California Department of Education.

IMPACT ON CURRENT SERVICES

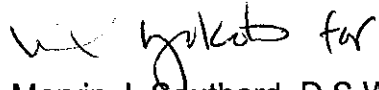

This Agreement will enhance mental health services to children needing specialized treatment and will expand DMH's referral list for the placement of SED children.

**OUT-OF-STATE CHILD PLACEMENT
MENTAL HEALTH SERVICES AGREEMENT**

This Agreement is made and entered into by and between COUNTY OF LOS ANGELES (hereafter referred to as "County"), and _____ (hereafter referred to as "Contractor").

WHEREAS, this Agreement is entered pursuant to Government Code 7576, Chapter 654, Statute of 1996, and Welfare and Institutions Code 300, Sections A through J.

WHEREAS, the purpose of this Agreement is to compensate Contractor for mental health services to the County of Los Angeles, Department of Mental Health (DMH). These services are provided to children who are emotionally disturbed and have been assessed by DMH and have been determined to require residential placement and mental health services.

WHEREAS, the following term, as used in this Agreement shall have the following meaning: "Director" means County's Director of Mental Health or the authorized designee.

NOW, THEREFORE; the parties agree as follows:

PREAMBLE

For nearly a decade, the County has collaborated with its community partners to enhance the capacity of the health and human services system to improve the lives of children and families. These efforts require, as a fundamental expectation, that the County's contracting partners share the County and community's commitment to provide health and human services that support achievement of the County's vision, goals, values, and adopted outcomes. Key to these efforts is the integration of service delivery systems and the adoption of the Customer Service and Satisfaction Standards.

The County of Los Angeles' Vision is to improve the quality of life in the County by providing responsive, efficient, and high quality public services that promote the self-sufficiency, well-being and prosperity of individuals, families, business and communities. This philosophy of teamwork and collaboration is anchored in the shared values of:

- Responsiveness
- Integrity

- Professionalism
- Accountability
- Compassion
- Commitment
- A Can-Do Attitude
- Respect for Diversity

These shared values are encompassed in the County Strategic Plan's eight goals: 1) Service Excellence; 2) Workforce Excellence; 3) Organizational Effectiveness; 4) Fiscal Responsibility; 5) Children and Families' Well-Being; 6) Community Services; 7) Health and Mental Health; and 8) Public Safety. Improving the well-being of children and families requires coordination, collaboration, and integration of services across functional and jurisdictional boundaries, by and between County departments/agencies, and community and contracting partners.

The basic conditions that represent the well-being we seek for all children and families in Los Angeles County are delineated in the following five outcomes, adopted by the Board of Supervisors in January 1993.

- Good Health;
- Economic Well-Being;
- Safety and Survival;
- Emotional and Social Well-Being; and
- Education and Workforce Readiness.

Recognizing no single strategy - in isolation - can achieve the County's outcomes of well-being for children and families, consensus has emerged among County and community leaders that making substantial improvements in integrating the County's health and human services system is necessary to significantly move toward achieving these outcomes. The County has also established the following values and goals for guiding this effort to integrate the health and human services delivery system:

- ✓ Families are treated with respect in every encounter they have with the health, educational, and social services systems.
- ✓ Families can easily access a broad range of services to address their needs, build on their strengths, and achieve their goals.
- ✓ There is no "wrong door": wherever a family enters the system is the right place.
- ✓ Families receive services tailored to their unique situations and needs.

- ✓ Service providers and advocates involve families in the process of determining service plans, and proactively provide families with coordinated and comprehensive information, services, and resources.
- ✓ The County service system is flexible, able to respond to service demands for both the Countywide population and specific population groups.
- ✓ The County service system acts to strengthen communities, recognizing that just as individuals live in families, families live in communities.
- ✓ In supporting families and communities, County agencies work seamlessly with public and private service providers, community-based organizations, and other community partners.
- ✓ County agencies and their partners work together seamlessly to demonstrate substantial progress towards making the system more strength-based, family-focused, culturally-competent, accessible, user-friendly, responsive, cohesive, efficient, professional, and accountable.
- ✓ County agencies and their partners focus on administrative and operational enhancements to optimize the sharing of information, resources, and best practices while also protecting the privacy rights of families.
- ✓ County agencies and their partners pursue multi-disciplinary service delivery, a single service plan, staff development opportunities, infrastructure enhancements, customer service and satisfaction evaluation, and revenue maximization.
- ✓ County agencies and their partners create incentives to reinforce the direction toward service integration and a seamless service delivery system.
- ✓ The County human service system embraces a commitment to the disciplined pursuit of results accountability across systems. Specifically, any strategy designed to improve the County human services system for children and families should ultimately be judged by whether it helps achieve the County's five outcomes for children and families: good health,

safety and survival, economic well-being, social and emotional well-being, and education and workforce readiness.

The County, its clients, contracting partners, and the community are working together to develop practical ways to make County services more accessible, customer friendly, better integrated, and outcome-focused. Several departments have identified shared themes in their strategic plans for achieving these goals including: making an effort to become more consumer/client-focused; valuing community partnerships and collaborations; emphasizing values and integrity; and using a strengths-based and multi-disciplinary team approach. County departments are also working to provide the Board of Supervisors and the community with a better understanding of how resources are being utilized, how well services are being provided, and what are the results of the services: is anyone better off?

The County of Los Angeles health and human service departments and their partners are working together to achieve the following *Customer Service And Satisfaction Standards* in support of improving outcomes for children and families.

Personal Service Delivery

The service delivery team – staff and volunteers – will treat customers and each other with courtesy, dignity, and respect.

- Introduce themselves by name
- Listen carefully and patiently to customers
- Be responsive to cultural and linguistic needs
- Explain procedures clearly
- Build on the strengths of families and communities

Service Access

Service providers will work proactively to facilitate customer access to services.

- Provide services as promptly as possible
- Provide clear directions and service information
- Outreach to the community and promote available services

Service providers will deliver services in a clean, safe, and welcoming environment, which supports the effective delivery of services.

- Provide a clean and comfortable waiting area
- Ensure privacy
- Post complaint and appeals procedures

The basis for all County health and human services contracts is the provision of the highest level of quality services that support improved outcomes for children and families. A. A responsible Contractor is a Contractor who has demonstrated the attribute of trustworthiness, as well as quality, fitness, capacity and experience to satisfactorily perform the contract. It is the County's policy to conduct business only with responsible contractors.

B. The Contractor is hereby notified that, in accordance with Chapter 2.202 of the County Code, if the County acquires information concerning the performance of the Contractor on this or other Agreements which indicates that the Contractor is not responsible, the County may, in addition to other remedies provided in the Agreement, debar the Contractor from bidding or proposing on, or being awarded, and/or performing work on County Agreements for a specified period of time not to exceed 3 years, and terminate any or all existing Agreements the Contractor may have with the County.

C. The County may debar a Contractor if the Board of Supervisors finds, in its discretion, that the Contractor has done any of the following: (1) violated a term of an Agreement with the County or a nonprofit corporation created by the County, (2) committed an act or omission which negatively reflects on the Contractor's quality, fitness or capacity to perform a contract with the County, any other public entity, or a nonprofit corporation created by the County, or engaged in a pattern or practice which negatively reflects on same, (3) committed an act or offense which indicates a lack of business integrity or business honesty, or (4) made or submitted a false claim against the County or any other public entity.

The Contractor and/or the Contractor's representative shall be given an opportunity to submit evidence at that hearing. There are a variety of different reasons why an individual or entity may be excluded from participating in a Federally funded health care program. Sometimes, the exclusion is mandatory and in other cases the Office of Inspector General (OIG) has the discretion not to exclude.

The mandatory bases for exclusion include: (1) felony convictions for program related crimes, including fraud or false claims, or for offenses related to the dispensing or use of controlled substances, or (2) convictions related to patient abuse.

Permissive exclusions may be based on: (1) conviction of a misdemeanor related to fraud or financial misconduct involving a government program; (2) obstructing an investigation; (3) failing to provide access to documents or premises as required by federal health care program officials; (4) conviction of a misdemeanor related to controlled substances; (5) failing to disclose information about the entity itself, its subcontractors or its significant business transactions; (6) loss of a state license to practice a health care profession; (7) default on a student loan given in connection with education in a health profession; (8) charging excessive amounts to a Federally funded health care program or furnishing services of poor quality or which are substantially in excess of the needs of the patients; (9) paying a kickback or submitting a false or fraudulent claim. Persons controlling or managing excluded entities who knew of the conduct leading to the exclusion can themselves be excluded, and entities which are owned and controlled by excluded individuals can also be excluded.

Contractor shall indemnify and hold County harmless against any and all loss or damage County may suffer arising from any Federal exclusion of Contractor or its staff members from such participation in a Federally funded health care program. Contractor shall provide the certification set forth in Exhibit D as part of its obligation under this Paragraph 46.

Contractor understands and agrees that it is separately and independently responsible for compliance with HIPAA in all these areas and that County has not undertaken any responsibility for compliance on Contractor's behalf.

Contractor has not relied, and will not in any way rely, on County for legal advice or other representations with respect to Contractor's obligations under HIPAA, but will independently seek its own counsel and take the necessary measures to comply with the law and its implementing regulations.

Contractor and County understand and agree that each is independently responsible for HIPAA compliance and agree to take all necessary and reasonable actions to comply with the requirements of the HIPAA Law and implementing regulations related to Transactions and Code Sets, Privacy, and Security.
