

MINUTES OF THE BOARD OF SUPERVISORS
COUNTY OF LOS ANGELES, STATE OF CALIFORNIA

Violet Varona-Lukens, Executive Officer
Clerk of the Board of Supervisors
383 Kenneth Hahn Hall of Administration
Los Angeles, California 90012

Director of Mental Health

At its meeting held February 15, 2005, the Board took the following action:

30

The following item was called up for consideration:

The Director of Mental Health's recommendation to approve the preparation and execution of amendments to 134 agreements for Fiscal Year 2004-2005, to allow the Department to provide one additional month of Cash Flow Advance funds to the contract providers for the month of March 2005, because of the State's recent inability to accept the County's Medi-Cal claims resulting in insufficient Medi-Cal approved services to sustain contract providers' cash flow for working capital purposes, with no change to the maximum contract amount.

Dr. Marvin J. Southard, Director of Mental Health, addressed the Board.

After discussion, on motion of Supervisor Burke, seconded by Supervisor Knabe, unanimously carried, the Board took the following actions:

1. Adopted the Director of Mental Health's attached recommendations; and
2. Instructed the Director of Mental Health to include in the Department's monthly Information Systems report to the Board the current status of the following:
 - Medi-Cal claims, including those that were previously denied by the State due to information system problems; and
 - The functionalities of the State's and the County's information systems.

February 3, 2005

The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, CA 90012

Dear Supervisors:

**APPROVAL OF AMENDMENTS TO MENTAL HEALTH SERVICES LEGAL
ENTITY AGREEMENTS WITH CONTRACT PROVIDERS TO EXTEND THE CASH
FLOW ADVANCE PROGRAM FOR FISCAL YEAR 2004-2005
(ALL SUPERVISORIAL DISTRICTS)
(3 VOTES)**

IT IS RECOMMENDED THAT YOUR BOARD:

Approve and instruct the Director of Mental Health or his designee to prepare, sign, and execute amendments, substantially similar to Attachment I, to 134 of the Department of Mental Health (DMH) Legal Entity Agreements listed on Attachment II. For Fiscal Year (FY) 2004-2005, the amendments will allow the Department to provide one (1) additional month of Cash Flow Advance (CFA) funds to the contract providers for the month of March 2005. This action is needed because of the State's recent inability to accept our Medi-Cal claims resulting in insufficient Medi-Cal approved services to sustain contract providers' cash flow for working capital purposes. Thus, DMH may be unable to disburse March 2005 payment to contract providers due to the unavailability of State Medi-Cal adjudicated claims. Extension of the CFA program will enable the contract providers to continue to provide the same level of services currently being provided by the agencies. There will be no change to each provider's Maximum Contract Amount (MCA). There will also be no change in DMH's appropriation.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTIONS

Board approval is requested to authorize use of the Amendment format to make available CFAs for the month of March 2005, on an as needed basis, by amending existing agreements with the contract providers listed on Attachment II.

The State notified Sierra Systems Group (Sierra) in early December 2004, that it was unable to handle the Health Insurance Portability and Accountability Act (HIPAA) - compliant 837 health care claim file size DMH was submitting. When this was discussed with the State, they acknowledged that a file size limit was not identified in the State Companion Guide for the 837 transaction, but they asked that DMH make changes to their system to limit the file size to something that the State could reliably handle. This required changing software coding in the Integrated System (IS) and delayed processing of September – December 2004 claims until January 2005.

The State also found that they were incorrectly paying on DMH claims involving third-party payers such as Medicare because the States' implementation of the 837 transactions was not HIPAA compliant. Again, the State acknowledged that the Companion Guide made no mention of this non-compliant feature of the State's 837 transactions implementation, and they acknowledged that their implementation of the 837 was not HIPAA compliant. However, because Los Angeles County DMH was the only county mental health agency submitting a fully compliant claim, and the State and many other counties had to make the change to their systems, it would be more expedient for processing DMH claims if a temporary change could be made to the IS to allow claims with third party information to be sent to the State in the State's non-compliant format. The State believed it might be many months before the State and the many non-compliant counties could modify their software and test it.

DMH, with the assistance of Sierra, has made the IS code modifications to limit claim file size and to temporarily send a non-compliant 837 transaction consistent with the State's implementation with regard to third-party payer information. DMH, Internal Services Department (ISD), and Sierra are now processing September – December 2004 claims' files. September 2004 claims were submitted to the State on January 20, 2005, and October claims were submitted on January 26, 2005. The November claims' file is in process and expected to be complete by January 31, 2005, and the December 2004 claims' file, because it is unusually large, is expected to take another seven (7) calendar days after that to complete.

While all of the contract providers listed on Attachment II will have access to the CFA program, DMH anticipates that as the claims and State adjudication processes improve, not all providers will need to request CFA and/or the CFA amount requested will be at the one-twelfth (1/12th) of the MCA less the dollar value of State approved claims.

In the November 30, 2004, Board Motion, your Board directed DMH to continue to enhance and modify the IS including the projected cost, at the Department's expense, designed to improve ease of use, provider workflow, claiming success, and information

access for the providers. DMH is working aggressively with contract providers to improve the workflow for them, as well as make other system improvements. Therefore, approval of this Board action would minimize the negative financial impact to contract providers during this billing transition period.

DMH has and continues to meet with State personnel regarding HIPAA issues, including statutory time frames for claiming. The State has not yet fully developed its position on some of the issues; hence, discussions are ongoing.

Implementation of Strategic Plan Goals

The recommended Board action is consistent with the principles of the Countywide Strategic Plan Programmatic Goal No. 5, "Children and Families Well-Being," Goal No. 6, "Community Services," and Goal No. 7, "Health and Mental Health." Extension of the CFA program for an additional month will enable the contract providers to continue to provide the same level of services currently being provided by the agencies.

FISCAL IMPACT/FINANCING

Based on the monthly average amount of current State approved claims, DMH estimates it will provide between \$ 6 million and \$23 million for March 2005 in CFAs to contract providers depending on the receipt from the State on the September and October 2004 adjudicated claims. The March 2005 CFAs will be based on one-twelfth (1/12th) of the MCA less the dollar value of State approved claims. The CFA for each month will not exceed one-twelfth (1/12th) of the MCA, nor will FY 2004-2005 total disbursements by County to contract providers for CFAs and actual services exceed the FY 2004-2005 MCAs.

The Department's financing for the CFA program is accomplished by using existing appropriation in the Adopted budget for the contract providers' Federal Financial Participation (FFP), Early Periodic Screening, Diagnosis, and Treatment-State General Fund (EPSDT-SGF), and other non Medi-Cal funding sources in the contract.

The CFA will be recovered from these contract providers upon DMH receipt of the FFP, EPSDT-SGF, and revenues from other funding sources for the billed services. Since the FFP, EPSDT-SGF, and other revenue sources have not been received; the appropriation used for the CFA is financed with the Department's use of County General Funds (CGF). Those CGFs are repaid to the County upon the receipt of funding for the services provided.

There will be no impact on net County cost as the CGF will be repaid with the FFP, EPSDT-SGF, and revenue from other funding sources. The recovery of the CFAs will be initiated by DMH as State approvals are received; full recovery will occur by September 2005, as specified in the Legal Entity Agreement. Should a contract provider(s) default on its CFA, County Counsel has provided an opinion that the loss can be paid with Sales Tax Realignment funds. The Sales Tax Realignment funds used to offset any paid debts are identified at the time the contract provider defaults on its obligation to repay the County.

DMH will continue to enforce its CFA monitoring procedures to ensure any cash flow problems are promptly reported to the Board, Chief Administrative Officer (CAO), and Auditor-Controller.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

This second Board action is to extend the CFA program for one (1) additional month until March 2005, for 134 contract providers who continue to need CFA due to insufficient Medi-Cal approved services.

On November 30, 2004, your Board approved the first extension of the CFA program for FY 2004-2005, an additional three (3) months for non-EPSDT contract providers from three months to six (6) months, and EPSDT contract providers from five (5) months to eight (8) months until February 2005 for 134 contract providers. In response to Supervisor Molina's November 30, 2004 Board-adopted Motion, DMH is providing a monthly status report on efforts to improve the IS.

DMH's disbursement of CFA for the extended period covering the months of December 2004, January and February 2005 totaled \$69 million. This amount was in excess of our original forecast because of the State's inability to accept DMH's September, October, and November 2004 Medi-Cal billing files due to the file size limitation discussed elsewhere in this Board letter. Our original estimate of CFA need was based upon the understanding that the September, October, and November 2004 monthly Medi-Cal claims would continue to be adjudicated by the State, which was not the case. The September 2004 Medi-Cal claims were submitted to the State on January 20, 2005, and the October 2004 Medi-Cal claims were submitted on January 26, 2005. Had the State not had the file size problem, these claims would have been adjudicated and paid by the State resulting in about \$29 million in payments. This would have reduced the CFA payments for the extended three (3) month period to around \$40 million or \$13 million a month. Furthermore, the November 2004 claim would now be in the State

adjudication process and approvals received in sufficient time for the February 2005 payments.

The anticipated \$14 million in approvals for November 2004 would have reduced the CFA for the extended period to \$26 million or about \$9 million per month, which was within our original projected range.

If the September, October, and November 2004 Medi-Cal claims are all adjudicated by the State no later than February 4, 2005, DMH anticipates approximately \$6 million CFA disbursements in March 2005.

The proposed action has been reviewed and approved by County Counsel, the CAO, Auditor-Controller, and DMH's Fiscal and Chief Information Office Bureau (CIOB) staff.

CONTRACTING PROCESS

All providers listed in Attachment II have a current DMH Legal Entity Agreement.

IMPACT ON CURRENT SERVICES

Board approval of this action will enable our contractors to maintain current service levels as they adapt to HIPAA-compliant claiming and the new IS, and while DMH works to improve the IS.

The Honorable Board of Supervisors
February 3, 2005
Page 6

CONCLUSION

The Department of Mental Health will need one (1) copy of the adopted Board's action. It is requested that the Executive Officer of the Board notifies the Department of Mental Health's Contracts Development and Administration Division at (213) 738-4684 when this document is available.

Respectfully submitted,

Marvin J. Southard, D.S.W.
Director of Mental Health

ATTACHMENT I

CONTRACT NO. _____

AMENDMENT NO. _____

THIS AMENDMENT is made and entered into this ___ day of _____, _____, by and between the COUNTY OF LOS ANGELES (hereafter "County") and _____ (hereafter "Contractor").

WHEREAS, County and Contractor have entered into a written Agreement, dated _____, identified as County Agreement No. _____, and any subsequent amendments (hereafter collectively "Agreement"); and

WHEREAS, for the month of March 2005 of Fiscal Year 2004-2005 only, County and Contractor intend to amend Agreement only as described hereunder; and

WHEREAS, Notwithstanding any other provision of this Agreement, except as it relates to an extension of the Cash Flow Advance (CFA) program for the month of March of FY 2004-2005 only, that because of the State's recent inability to accept Health Insurance Portability and Accountability Act (HIPAA) compliant claims from the Department of Mental Health resulting in insufficient Medi-Cal approved services to sustain contract providers' cash flow, it is the understanding of both parties that this Agreement will be amended to reflect special terms and conditions extending the CFA program for Fiscal Year 2004-2005 only; and

WHEREAS, the CFA program extension for the month of March of Fiscal Year 2004-2005 only, is intended to provide funds to reimburse Contractor for services and/or activities eligible for reimbursement from the County, State and Federal governments until the Contractor has rendered the services and/or activities and the State and Federal governments have made payment for such services and/or activities; and

WHEREAS, the Contractor may request, in writing, monthly CFA for March Fiscal Year 2004-2005 only; and

WHEREAS, County may at its sole discretion grant a CFA amount not to exceed \$ _____ per month for the month of March of Fiscal Year 2004-2005 only. County will determine the monthly amount based on one-twelfth (1/12th) of the Maximum Contract Amount (MCA) less the dollar value of State-approved claims.

NOW, THEREFORE, County and Contractor agree that Agreement shall be amended only as follows:

1. Subsection (1) (a) shall be added to Paragraph 4 (FINANCIAL PROVISIONS), subparagraph K (Cash Flow Advance in Expectation of Services/Activities To Be Rendered), Subsection (1):

"(1) (a) Cash Flow Advance shall be available for the month of March of Fiscal Year 2004-2005. The total amount of the monthly Cash Flow Advance payment shall not exceed \$ _____ for the month of March of Fiscal Year 2004-2005, and will be based on one-twelfth (1/12th) of the MCA less the dollar value

of State-approved claims. Director in his sole discretion shall determine whether to approve the request and, if approved, whether the request is approved in whole or in part.”

2. Contractor shall provide services in accordance with the Contractor’s Fiscal Year ____ Negotiation Package for this Agreement and any addenda thereto approved in writing by Director.
3. Except as provided in this Amendment, all other terms and conditions of the Agreement shall remain in full force and effect.
