Direct Medi-Cal Billing of Rehab Services

H2015 & H2025

Available for Medi/Medi Clients

Effective immediately, providers may bill rehabilitation services, procedure codes H2015 and H2025, rendered to clients with both Medicare and Medi-Cal directly to Medi-Cal without obtaining Medicare adjudication first. To accomplish this:

1. providers must include the client's Medicare information on the Financial Tab of the Client Information Screen
2. must not include Medicare as a payer on the actual claim

AND

3. must include late code 3 regardless of whether your claim is late.

For Direct Data Entry (DDE) providers, this means that providers must not click the plus sign in the payer box on the Claim Screen; for Electronic Data Interchange (EDI) providers, this means do not send the Medicare coordination of benefits loop on the claim to DMH.
