The Department of Mental Health Service Area 8 specific Employment & Education Resources Training will focus on community resources that assist consumers to achieve their employment and/or educational goals. In addition to consumer employment and education success stories, the training is scheduled to include information about the impact of employment on Social Security disability benefits, local labor market information, and resources for assisting with employment. Representatives from several employment and education community resources in Service Area 8 are scheduled to present. Each presenter will discuss how to best assist consumers to access services, program requirements, disability supports offered, and resources for additional information.

TARGET AUDIENCE: DMH Employees and Contracted Staff

OBJECTIVES: As a result of attending this training, participants should be able to:

1. Identify a disability benefits planning expert to assist clients who are interested in working.
2. Discuss how culture may influence the job search and employment process.
3. Describe how to access a range of employment and education resources and programs.
4. Explain how labor market information can be used to assist consumers with their job searches.
5. Identify community employment and education supports for individuals with psychiatric disabilities.
6. Identify resources to assist special populations with employment such as youth, justice-involved, and individuals experiencing homelessness.
