OMA Baseline State Submission Rejection List (2-25-10)

Reason Code	Name of Rejection Reason	Section in OMA Baseline	Sub-Section	Age Groups	Types of Correction Needed	Correction (by Provider, CIOB, or OMA Team.
10	PartnershipDate in AdminInfo is null	Administrative Info	Administrative Info	All	Partnership date was no entered. Enter a date that signifies start of program (1st day of service claimed). For FSP Partnership date = enrollment date and cannot predate the CW Auth. Date.	Provider
15	AssessmentDate in Admin Info is null	Administrative Info	Administrative Info	All	Enter a date reflecting when the baseline was started. This date cannot predate the partnership date.	Provider
101	PartnershipDate outside of valid XSD range	Administrative Info	Administrative Info	All	Partnership date cannot be earlier than 7/1/05 or later than the current date.	Provider.
111	Update to AssessmentDate (PartnershipDate for PAF) not allowed after submission	Administrative Info	Administrative Info	All	Partnership date changed/updated. Once the partnership date is changed, State does not an edit of partnership date, but all assessments for partner can be deleted and resubmitted with correct partnership date.	CIOB will make the correction, no correction needed by provider. Once baseline is resubmitted to the state error will drop off list.
109	Duplicate Baseline detected	Baseline	Baseline	All	Only 1 baseline needed unless disenrolled completely from FSP for more than 365 days. More than one baseline for this client has been detected.	Provider should review and determine if the baseline they did was in error. If it was or you are unsure, submit a Data Change Deletion Request to OMA team for further investigation.

Reason Code	Name of Rejection Reason	Section in OMA Baseline	Sub-Section	Age Groups	Types of Correction Needed	Correction (by Provider, CIOB, or OMA Team.
91	Residential - Number of Days not equal to 365	Living Arrangements	Living Arrangements	All	Total BL living arrangement days must be 365. OMA now has validation for this. Should only see this error in very early assessments. Likely directly op only.	Provider
102	Wrong Age Group - Should be Child *	Admin Info	Not on OMA form	ALL	The correct age group assessment form is automatically selected in OMA. Prior to version 3.0, the date used to determine the clients age was BL Assessment Date-Client's DOB in the IS. The correct way to calculate the client's correct age group at the start of partnership according to the state is (Partnership Date-Client's DOB). "Wrong Age Group" errors occur when the client's is of a bordering age and their birth date falls between the assessment date and the partnership date.	Providers cannot correct this error on their own other than deleting all assessments and re-entering them. CIOB and/ or MHSA Implementation will have to make a "back end" correction of manually changing the client's age group in the OMA.
103	Wrong Age Group - Should be TAY *	Admin Info	Not on OMA form	ALL		
104	Wrong Age Group - Should be Adult *	Admin Info	Not on OMA form	ALL		
105	Wrong Age Group - Should be Older Adult *	Admin Info	Not on OMA form	ALL		

***Does not involve providers to make corrections**
