DATE & TIME: April 23, 2020 9:00AM – 12:00PM

All registration is completed on the Learning Net prior to the training. Sign-in begins 30 minutes prior to the training time. All participants must arrive during the sign-in period. Late arrivals will not be admitted.

PLACE: LA County Child Support Services Department
5770 S. Eastern Ave., 1st Floor
Commerce, CA 90040

PARKING: Parking available on site.

The Documenting and Claiming for Targeted Case Management (TCM) and Rehabilitation Services training will provide a basic overview of the essential elements of documentation and claiming based on Short Doyle/Medi-Cal (SD/MC) Standards with an emphasis on TCM and Rehabilitation services. This training will address the importance of establishing Medical Necessity and maintaining the Clinical Loop in documentation for Medi-Cal reimbursement. Also highlighted are the reimbursable service components involved in the provision, documentation and claiming of TCM and Rehabilitation as well as other related requirements based on the DMH Organizational Provider’s Manual. The intent of the training is to assist staff providing TCM and Rehabilitation services appropriately document and utilize procedure codes for the provision of those services. Lecture, discussions, handouts, and activities will promote the application of these important documentation elements.

TARGET AUDIENCE: DMH and Contracted Providers
PRE-REQUISITE: Completion of Understanding Documentation: Medical Necessity, Documentation and Reimbursable Service Components training

OBJECTIVES: As a result of attending this training, participants should be able to:

1. Identify the core elements of Medical Necessity and the Clinical Loop.
2. Discuss the reimbursable Service Components involved in the provision of TCM and Rehabilitation services.
3. Demonstrate the ability to evaluate and document consumer needs for TCM and Rehabilitation services.
4. Demonstrate the ability to develop TCM and Rehabilitation related interventions and document them in the Client Treatment Plan.
5. Demonstrate ways to link TCM and Rehabilitation interventions to the identified mental health needs of the consumer in the Progress Note.
6. Identify appropriate procedure codes for TCM and Rehabilitation.
