For Legal Entity Providers, the duplicate override codes must be submitted on the claim when applicable.

**76** – should be attached to the second distinct service when there are two distinct claims for the same client on the same date of service with same exact procedure code and duration by same program and practitioner.

**59** – should be attached to the second distinct service when there are two distinct claims for the same client on the same date of service with same Medi-Cal roll-up code and same exact duration by the same program of service and practitioner.
