1857, 2103, 2070, 2071, 2294, 2295, 2061, 2068, 2293, 2094, 2058, 2065, 2059, 2066, 2060, 2067	Added functionality to validate input for the following data attributes in *AddCSI* and *UpdateCSI* operations: *ClosureReason* *IBHISClientID* *ServiceRequestID* *TreatmentAppointmentAcceptedDate* *TreatmentAppointmentFirstOfferDate* *TreatmentAppointmentSecondOfferDate*

Requirement #	Description
	TreatmentAppointmentThirdOfferDate so that data will conform to the State defined enumerated list customized for CSI service .
2175, 2176	Added functionality to DeleteCSI operation to verify that: • an active record exist in CSI database for the submissted CSISubmissionID so that Trading Partners can delete only active CSI record. And • Trading Partner's Program ID is associated with the CSISubmissionID of the CSI record so that only the author of the CSI record can delete it.
2164	Added functionality to GetCSI operation to verify that an active record exist in the CSI database for submitted CSISubmissionID, so that Trading Partners can retrieve information about active CSI record only.
2089	Added functionality to SearchCSI operation to verify that active record exists in CSI database for the submitted IBHISID, so that search will return only active CSI record(s).
Update for TST 03/18/2020	
2341, 2350, 2352, 2353, 2354	Added the new data attribute [Subscriber Client Index Number] in the *SearchClient* operation's input schema so that Trading Partners now have the ability to search for the Clients by MediCal Client Index Number in order to satisfy a business requirement.
2342, 2355, 2356	Added the new code "Contract Termination" for the [TypeOfDischarge] in the *DischargeClient* operation so that Trading Partners can select this code when they file a discharge for a client's outpatient episode.
2343, 2357, 2358, 2359, 2360, 2361	Added the functionality so that the data attribute [ClientsHomePhone] will accept Phone Extension so that Trading Partners can submit client's phone with extension as necessary. Operations Impacted: *AdmitExisingClient, AdmitNewClient, UpdateClientDetails and GetClientDetails.* Current phone format: ########## New phone formats: ##########; or ########## X -######### (where # = 0 thru 9); Extension can be from 1 digit up to 9 digits. Example: 1234567890 X -123456789 or 1234567890 X -129
2373, 2374, 2375, 2376, 2377, 2378, 2379	Added the functionality to verify that Trading Partners are submitting •Diagnosis Date that is equal to Admission Date for submitted episode when [TypeOfDiagnosis] is "Admission" in *CreateClientDiagnosis* operation. •Diagnosis Date is equal to Admission Date or beyond Admission date but equal to or prior to Discharge Date for submitted episode when [TypeOfDiagnosis] is "Update" or "Discharge" in *CreateClientDiagnosis* operation; so that data collection will be accurate and claims will not get denied for Diagnosis Date- Admission Date - Discharge Date mismatch.
Update for TST 06/22/2020; QA 06/23/2020; PROD 06/24/2020	
3290	Corrected issue on AdmitNewClient, AdmitExistingClient operations when optional attribute [ClientOtherRace] was omitted in submissions.
