

Justice Enterprise Portal (JEP) Release Notes

Initial Release – v2020.1.0

December 16, 2020

- Ability to search for active AB109 Clients
- Ability to view AB109 client details. Updates made by Post Release Services (PRS) are immediately visible in JEP. Providers will see up-to-date information for the client.
- Ability to update “Client Status” for AB109 Clients linked to service locations associated with the user’s log in. “Client Status” updates made by the Provider are immediately visible to PRS. This functionality eliminates the need for manually creating and emailing weekly client status reports.
