Dear Prospective Vendor:

REQUEST FOR PROPOSAL (RFP) FOR CRISIS RESIDENTIAL TREATMENT PROGRAMS (CRTP) BID NO. DMH#121720B1

The Los Angeles County (LAC) Department of Mental Health (DMH) is issuing this RFP to solicit proposals from qualified agencies interested and capable of providing CRTP services at four hospital campus sites.

Crisis Residential Treatment Programs (CRTP) are short-term, intensive residential programs that provide recovery-oriented, intensive and supportive services to individuals 18 years of age and older, in a safe and therapeutic, home-like setting. CRTPs provide services 24 hours per day, 7 days per week (24/7). CRTPs have a maximum bed capacity of 16 individuals per site. While the average length of stay in CRTPs is 10-14 days, an individual's maximum stay shall not exceed 30 days. CRTPs serve as an alternative to hospitalization, reduce the psychiatric inpatient days of individuals, and may serve as a resource for individuals who might otherwise be incarcerated without the appropriate community services. CRTPs are licensed by the California Department of Social Services (CDSS) as Social Rehabilitation Programs, with the mental health program component certified by the California Department of Health Care Services (DHCS), and are Medi-Cal certified.

CRTPs are centrally accessed through the Los Angeles County (County or LAC) Department of Mental Health (DMH) Intensive Care Division (ICD). County Hospital Psychiatric Emergency Services (PES) and inpatient treatment teams work collaboratively with DMH ICD liaisons to identify potential referrals to CRTPs. Urgent Care Centers (UCCs) refer individuals directly to DMH's ICD for authorization.

Interested and qualified Vendors that can demonstrate their ability and qualifications to successfully provide the requested services outlined in the RFP are invited to submit a proposal provided they meet the mandatory requirements.
