

Limits of Confidentiality

Thank you for participating in our consumer perception survey. Please do not enter any private information that someone could use to identify you. Your clinic will keep your answers confidential, but since each survey can be traced back to its owner, they are not anonymous. If you have any serious issues or concerns about your services, please contact your clinic's program manager immediately and they will help you. It is not safe or advised to use this survey to address emergencies. If you are in danger, please call 911 or go to your nearest emergency room.
