

LEGAL ENTITY TRAVEL TIME RATE

The Legal Entity (LE) Travel Time Rate is established to provide reimbursement for eligible travel time associated with the following field-based programs. Based on program expectations as outlined in their Statement of Work and/or in their Service Exhibit, these programs require a significant level of travel by providers to clients.

- Full Service Partnership (FSP), including Wraparound FSP and Intensive Field Capable Clinical Services (IFCCS)
- Specialized Foster Care Wraparound
- Specialized Foster Care Multidisciplinary Assessment Team (MAT)
- Intensive Services Foster Care (ISFC)
- Short Term Residential Therapeutic Program (STRTP) Aftercare
- Post-Release Community Supervision / AB109
- Measure H Housing Supportive Services Program
- Mental Health Services Act (MHSA) Housing Supportive Services Program
- Mobile Crisis Outreach Teams (MCOT) through December 31, 2023, or implementation of the Medi-Cal Mobile Crisis Benefit, whichever is earlier

These programs (Wraparound, MAT, ISFC, IFCCS, and Aftercare) are more likely to provide services like Intensive Care Coordination (ICC), Intensive Home Based Services (IHBS), and Therapeutic Behavioral Services (TBS) which are provided in the field and require travel.

The Travel Time Rate for applicable services is an hourly rate that will be effective July 1, 2023, for FY 2023-24 services and will remain in effect until further notice.

Rate Type	Hourly Rate
Legal Entity Travel Time Rate	\$35.88

Starting July 1, 2023, LE Contractors providing services under the eligible programs listed above per their LE Contract should maintain records of applicable travel time to support their claims once claiming instructions are provided. More specific instructions on how to claim for travel time will be provided in a subsequent communication.
