

## **HOLD SUBMISSION OF FY 2023-24 SPECIALTY MENTAL HEALTH SERVICES CLAIMS**

Beginning July 1, 2023, the California Department of Health Care Services will implement new claiming rules under California Advancing and Innovating Medi-Cal (CalAIM). Subsequently, the Los Angeles County Department of Mental Health (LACDMH) must update the Integrated Behavioral Health Information System (IBHIS) claims adjudication system to support new claiming requirements.

Legal Entity (LE) contract providers are to refrain from submitting claims for Fiscal Year (FY) 2023-24 until further notice. LACDMH will notify LE contract providers when IBHIS is ready to accept Fiscal Year (FY) 2023-24 claims in a separate communication.

These updates do not impact claims for service dates prior to July 1, 2023. Providers may continue to submit claims for dates of service on or before June 30, 2023 without interruption.
