Requirement #	Description
CSI Assessment Modifications:	
48559	<p>Fixed the issue where GetCSI_output is not returning the new data attributes for <InterestedAppropriateInitialMedEval> data set. When a record has values for new data attributes, it will return the following:</p> <ul style="list-style-type: none"> -InterestedAppropriateInitialMedEval Value -DateInitialMedEvalReqMade -DateOfMedSuprtSrvcmnt -EarlierApptOffered Value -FirstOfferedMedApptDate
48560	<p>Fixed the issue when EarlierApptOffered is omitted in the submission with value 'No' in InterestedAppropriateInitialMedEval then API was returning the following error: <i>The element 'InterestedAppropriateInitialMedEval' has incomplete content. List of possible elements expected: 'EarlierApptOffered'.</i></p> <p>Now both AddCSI and UpdateCSI operations can be submitted without adding <EarlierApptOffered> tag when < InterestedAppropriateInitialMedEval> tag has Value="No".</p>
