“Promoting Community Integration, Client Empowerment, Social, Emotional, and Physical Well-Being”

http://dmh.lacounty.gov
What is the Mental Health Services Act (MHSA)?

California's voters passed Proposition 63 in the November 2004 General Election. On January 19, 2005, Proposition 63 was signed into law and renamed the Mental Health Services Act (MHSA).

What does the MHSA fund?

Each county in California has or are in the process of developing local plans for new kinds of mental health services. The first of these plans is the Community Services and Supports Plan (CSS). The objective of the CSS Plan is to provide an array of 24-hour/7 days a week services to children, transitional age youth, adults and older adults who needs are not currently met through other funding sources.

What is a Wellness/Client-Run Center?

Wellness/Client-Run Centers provide two new options for adult clients to assist them on the road to recovery from their mental illness.

This brochure will also assist clients in answering questions about the types of activities and services being offered, in addition to how to contact a Wellness/Client-Run Center nearest to them.

Frequently Asked Questions

Q: Who does a Wellness Center serve?
A: Clients who are stable in treatment and looking to further progress their recovery goals.

Q: Who does a Client-Run Center serve?
A: Any client seeking additional support provided from peers, like support groups.

Q: What are Peer Support services?
A: Peer support can include self-help groups or one-on-one services like mentoring. Through peer support, clients with similar experiences can relate to each other and offer advice, suggestions, and strategies for managing their lives in recovery.

Q: How is a Wellness or Client Run Center different than a Mental Health Clinic?
A: Clients in recovery have an important decision-making role in the management of the Centers. All staff at Client-Run centers and at least 50% of staff at Wellness Centers are consumers in recovery.
