

ENDS AND TRENDS WITH KIM AND KAREN

Karen's Home Décor Trend: Knobs and handles. Have you tried changing your everyday “hardware” to something different? It really makes quite a stunning difference sometimes – and can be done a small budget.

I love how switching out a cabinet knob or handle can really add a bit of character to your space. Even changing a door knob adds some spunk!

Check out the variety that's available out there and see what fits you. There's everything from colorful gem-topped globes to miniature moustache pulls. You'll be surprised at how much they can change the personality of a room and inspire other changes, too!

Happy decorating!
