On Thursday, December 11, 2014, the staff at the Los Angeles County Department of Mental Health's (LACDMH) Women's Community Reintegration Services & Education Center (WCRSEC) hosted a holiday party for all the women participating in the programs there.

About 65 of the 400 involved at WCRSEC came out to celebrate the holidays, eat and take part in the games and raffles. The room was packed with lots of people enjoying each other's company and sharing in the holiday cheer.

Funded by the Mental Health Services Act (MHSA), the WCRSEC has various programs available to women who were formerly incarcerated and are now being reintegrated back into society. Among the programs available at WCRSEC are individual and group therapy, parenting and anger management classes. “We also offer resources for housing, food, jobs and training,” said Francesca Anello, LCSW, Mental Health Clinical Program Head.
