

March 18-20, 2015

Monterey, California

FEATURED SPEAKERS

JUDGE STEVEN LEIFMAN

Transforming Mental Health Systems - A Judicial Perspective

Strategies for Planning, Leadership, Financing, and Service Development

It is estimated that more than two million arrests in the United

States each year involve people with Serious Mental Illnesses (SMI). As a result, untrained and unprepared stakeholders in the criminal justice system have been forced to navigate an increasingly scarce system of care for people with mental illnesses. Jails have become places where a disproportionate number of people with SMI spend significant amounts of time; their ties to the community severed, their treatment needs unmet, and their illnesses made worse. Judge Leifman will discuss the legal history that led to this mental health crisis and the essential elements necessary to create an effective system of care that ultimately will transform the mental health and criminal justice systems and make jail the last option for people with serious mental illnesses, not the first.

MARK WILLENBRING, MD

Addiction Treatment for the 21st Century:

New Findings, Epidemiology, Diagnosis and Treatment for Substance Use Disorders

For more than 30 years, Dr. Mark Willenbring has focused his work on new treatments for patients with chronic complex addiction problems and implementing evidence based practices in clinical settings. He is the founder and current CEO of Alltyr, an innovative clinic in Minnesota using a new model to treat substance abuse.

Dr. Willenbring is the former Director of the Division of Treatment and Recovery Research of the National Institute on Alcohol Abuse and Alcoholism at the National Institutes of Health and was featured in the HBO Addiction Special.

CONFERENCE HIGHLIGHTS

JUDGE
MORRIS
HOFFMAN

Unraveling the Mysteries
of Criminal Responsibility

Judge Morris Hoffman will discuss some recent behavioral and neuroscience literature that is starting to shed some light both on what it means for a criminal defendant to act with one of the four mental states recognized by the Model Penal Code (purposeful, knowing, reckless and negligent) and on what it means when jurors or other third-parties reach conclusions about a defendant's mental state, and the implications this research may have on the criminal justice system in general and particularly in the areas of addiction and intoxication.

Judge Morris B. Hoffman is District Judge in the Second Judicial District of Denver, Colorado.

RICHARD
KRUEGER, MD

Integration of Structured Risk
Assessment into Clinical
Practice

Dr. Richard Krueger is a psychiatrist and Medical Director of the Sexual Behavior Clinic at New York State Psychiatric Institute whose research interests and publications have focused on the psychopharmacological treatment of compulsive and aggressive-sexual behavior. Dr. Krueger will discuss the controversies regarding paraphilic diagnoses, including hypersexual disorder and compulsive sexual behavior disorder. Additionally, he will discuss androgen reduction therapy, including the biological and clinical basis, the current state of use of such therapy, ethical considerations involved in administering such therapy.

Dr. Krueger was on the Paraphilias Subworkgroup of the DSM5 Sexual Disorder Workgroup and currently serves on the Sexual Health Advisory Group for ICD-11 of the World Health Organization.

CONTINUING EDUCATION

- CEUs are approved for BBS, BRN, MCEP, CME (selected sessions) and MCLE (selected sessions).

CE Statements: This activity has been planned and implemented in accordance with the Essential Areas and policies of the Institute for Medical Quality/California Medical Association (IMQ/CMA) through the joint sponsorship of SCVMC and FMHAC. The SCVMC is accredited by the Institute for Medical Quality/California Medical Association (IMQ/CMA) to provide continuing medical education for physicians. The SCVMC designates this Live Activity for a maximum of 12 *AMA PRA Category 1 Credit(s)*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity. This credit may also be applied to the CMA Certification in Continuing Medical Education.

FMHAC is approved by the California Psychological Association to provide continuing professional education for psychologists. FMHAC maintains responsibility for this program and its content.

- POST (selected sessions) is under review.
- STC units are approved by Special Certification through your Training Manager.
- Sex Offender presentations fulfill general hours of Sex Offender Training Requirements.

Visit our [website](#) for more information.
