

**ORDER OF THE BOARD OF SUPERVISORS
OF THE COUNTY OF LOS ANGELES INITIATING
PROCEEDINGS FOR FORMATION OF THE LOS ANGELES
COUNTY REGIONAL PARK AND OPEN SPACE
DISTRICT, FORMING AN ASSESSMENT DISTRICT,
AND CALLING, PROVIDING FOR AND GIVING NOTICE
OF A SPECIAL ELECTION TO BE HELD IN THE COUNTY
ON NOVEMBER 3, 1992 AND CONSOLIDATING THE SPECIAL
ELECTION WITH THE GENERAL ELECTION TO BE HELD ON
NOVEMBER 3, 1992.**

WHEREAS, it is necessary and desirable to benefit property and improve the quality of life in the County of Los Angeles (the "County") through the improvement of neighborhood and regional parks, the acquisition, development, rehabilitation, protection and restoration of beach, wildlife, park and natural lands within the County, tree-planting, gang prevention and intervention, and improvement of recreation facilities for youth and senior citizens; and

WHEREAS, creating the Los Angeles County Regional Park and Open Space District (the "District") will help meet the park, recreation, beach and open space needs throughout the County; and

WHEREAS, Section 5506.9 of the California Public Resources Code authorizes the formation of a Regional Park and Open Space District in the County of Los Angeles to be initiated by resolution of this Board of Supervisors of the County (the "Board of Supervisors"); and

WHEREAS, the Board of Supervisors on January 28, 1992 adopted a Resolution of Intention to Commence Proceedings for the Formation of a Regional Park and Open Space District and an Assessment District pursuant to Provisions of Division 5 of the California Public Resources Code and the Landscaping and Lighting Act of 1972 (Division 15, Part 2, Streets and Highways Code, State of California) (the "Resolution of Intention"); and

WHEREAS, the Resolution of Intention fixed March 3, 1992 at 9:30 a.m. in the Chambers of the Board of Supervisors of the County of Los Angeles, Room 381, Hall of Administration, 500 West Temple Street, Los Angeles, California as the time and place for hearing the question of the formation of the District and the assessment district, the list of capital outlay projects and the levy of the proposed assessments; and

WHEREAS, on March 3, 1992, after the giving of appropriate notice as required by law, a public hearing was held and testimony received; and

WHEREAS, it is necessary to submit to the qualified voters of the County the questions of whether the District shall be created and established and whether assessments shall be levied for the purposes of the District, at a special election to be held November 3, 1992, and to consolidate such election with the General Election to be held on that date;

NOW, THEREFORE, IT IS HEREBY ORDERED by the Board of Supervisors of the County of Los Angeles as follows:

Section 1. This order is adopted pursuant to Division 5 of the Public Resources Code, and the Board of Supervisors hereby adopts and approves the final assessment engineers' report filed with the Executive Officer - Clerk of the Board of Supervisors.

Section 2. A special election shall be held and the same is hereby called and ordered to be held in the County on the 3rd day of November, 1992, for the purpose of submitting to the voters of the County the questions of (a) creating and establishing the Los Angeles County Regional Park and Open Space District, (b) levying assessments to fund the purposes of the District, and (c) enacting the order hereinafter set forth.

Section 3. The Proposition for forming the District and levying said assessments shall appear upon the ballot substantially as follows:

LOS ANGELES COUNTY PROPOSITION _____ . SAFE NEIGHBORHOOD PARKS, GANG PREVENTION, TREE-PLANTING, SENIOR AND YOUTH RECREATION, BEACHES AND WILDLIFE PROTECTION.

For the purpose of improving the safety of recreation areas for children and senior citizens, preventing gangs by increasing the safety of neighborhood parks, planting trees and acquiring, restoring and preserving beach, park, wildlife, and open space resources, shall the Los Angeles County Regional Park and Open Space District be established and shall assessments be levied to fund the purposes of the District and to benefit property throughout the District, in accordance with the order of the Board of Supervisors?

The Board of Supervisors does hereby submit to the qualified voters of the County, at said special County election, this proposition and this order. The Chairman and Executive officer - Clerk of the Board of Supervisors are hereby authorized and directed to publish notice of said special election in accordance with Section 2554 of the California Elections Code. Analysis and review of this proposition and order shall be carried out pursuant to Section 3781 of the California Elections Code.

Section 4. It is the intent of this order and proposition to provide funds to benefit property and improve the quality of life in the District by preserving and protecting the beach, wildlife, park, recreation and natural lands of the District, providing safer recreation areas for all residents, preventing gangs, developing and improving recreation facilities for senior citizens, planting trees, building trails and restoring rivers and streams.

Section 5. The proposed District shall be known as the Los Angeles County Regional Park and Open Space District, and shall have boundaries coterminous with those of the County.

Section 6. The Board of Supervisors finds and declares that:

(a) The increase in, restoration of and enhanced safety of park, open space and recreation lands and facilities will help maintain sound economic conditions and a high standard of livability in the District by increasing property values, economic activity, employment opportunities and tourism throughout the District.

(b) Clean and safe parks will increase public safety, help to reduce crime, increase the attractiveness of the District as a place in which to live and locate businesses, and enhance the overall quality of life in the District.

(c) The development, acquisition, improvement, restoration and maintenance of the public parks, open space, beaches, trails and other public recreational facilities within the proposed District confer a direct and specific benefit to all parcels within the District, including without limitation increased attractiveness, improved environmental quality, enhanced recreational opportunities and increased economic activity, each of which will result in maintained or enhanced property values within the District.

(d) The protection of beach, wildlife, park, recreation and natural lands are vital to the quality of life in the District, providing important recreational opportunities to all residents of the District, especially children and senior citizens, and helping to protect air and water quality.

(e) It is critical that we restore and improve neighborhood and regional parks throughout the District, to improve the overall quality of our communities, provide safe places for children to play and alternatives to gangs and gang activities, increase recreation opportunities for senior citizens and provide pleasant places that all District residents can enjoy for relief from traffic and urban congestion.

(f) The District's beaches are among its' most important natural and economic resources, attracting millions of visitors every year. The District's mountains, foothills, and canyons are a vital part of the regions' natural heritage and are home to hundreds of species of native Californian animals and plants.

(g) It is a priority to enhance employment and particularly employment of youth to help prevent gangs in the District by using funds from this act to employ youth to work on restoration or rehabilitation projects being carried out in their communities.

3. Not less than ten million dollars (\$10,000,000) shall be available for grants to Nonprofit Organizations pursuant to Section 33204.2 of the Public Resources Code.

4. Not less than three million dollars (\$3,000,000) shall be expended for acquisition of land and development of facilities for at-risk youth and gang prevention in conjunction with a community based Nonprofit Organization with a primary focus toward, and demonstrated experience in, programs for at-risk youth and gang prevention. These funds may be expended anywhere within the District in accordance with Section 33207.7 of the Public Resources Code, with priority given to the South Los Angeles, East Los Angeles, San Fernando Valley and San Gabriel Valley areas.

5. Funds provided to the Conservancy shall be held by the District and disbursed upon application by the Conservancy, to be expended solely for projects approved by the Board of Supervisors, pursuant to such criteria as the Board of Supervisors may in its discretion adopt; provided, that the Board of Supervisors may disapprove a project in an incorporated city only upon a finding that the acquisition or improvement of a project will involve the acquisition of or access to a site identified or proposed for present or potential future sanitary landfill purposes by the County, or involve any other land or project which may directly or indirectly hinder or impact the ability of the County to use any site so identified for such purposes. All land acquired in whole or in part with funds allocated to the Conservancy hereunder shall be purchased from willing sellers, and in no event shall funds allocated to the Conservancy hereunder be used to pay or reimburse the purchase price of land acquired through the exercise of the power of eminent domain.

6. Not less than seven million dollars (\$7,000,000) shall be expended in the Whittier Hills; prior to the expenditure of such funds the Conservancy shall enter into a joint powers agreement with the City of Whittier in order to facilitate the preservation of park and open space lands.

(d) Seventeen million dollars (\$17,000,000) to the California Museum of Science and Industry for land acquisition and improvements within Exposition Park, including an amount not less than ten million dollars (\$10,000,000) for development and restoration of lands for park, recreational and open space use, and for walkways, tree-planting and landscape improvements, in accordance with the Exposition Park Master Plan.

Section 9. (a) All applicants for a grant disbursed pursuant to Section 8 of this order, other than the County, shall submit an application to the Department of Parks and Recreation for grant approval.

(b) The grant funds authorized pursuant to paragraph 1 of subdivision (b) of Section 8 of this order shall be allocated to cities which were incorporated on or prior to January 1, 1993 and to the unincorporated area of the District on the basis of their respective total number of parcels of land (all as of January 1, 1993). Such figures shall be determined by the Los Angeles County Assessor.

(c) Individual applications for grants pursuant to paragraph 1 of subdivision (b) of Section 8 shall be submitted to the Department of Parks and Recreation for approval as to conformity with the requirements of this order. The application shall be accompanied by factual findings from the governing body of the applicant city that the project (or projects) for which the grant is sought is an important park and recreation project (or projects). In order to utilize available grant funds as effectively as possible, adjoining jurisdictions shall be encouraged to combine projects and submit joint applications.

(d) The minimum amount that an applicant may request for any individual project is twenty thousand dollars (\$20,000). Any agency may allocate all or a portion of its per parcel share to a regional or state project or another neighboring city and all agencies shall be encouraged to form partnerships with school districts for park and recreation purposes.

(e) Funds made available for grants pursuant to paragraph 1 of subdivision (b) of Section 8 shall be encumbered by the recipient within three years of the date when such funds are first made available. Beginning with fiscal year 1996-97, any such grant funds that are not accepted by the recipient, or are not encumbered by the recipient within such three-year period, shall be available for award for one or more of the classes of expenditures specified in Section 8 that the Board of Supervisors deems in its sole discretion to be of the highest priority. Upon such award the original recipient of the funds shall have no further claim to the funds.

(f) Funds made available pursuant to paragraph 1 of subdivision (a) and paragraph (1) of subdivision (b) of Section 8 shall be prioritized for heavily-used parks and recreation facilities in areas under-served by such facilities. When funds are to be used for the acquisition of property, priority shall be given to acquiring land for park, recreation or natural lands purposes in densely populated, under-served areas with few parks or open space resources. Such acquisition shall be performed with due regard to its effect on the supply of affordable housing in a given area.

Section 10. (a) The funds authorized in subparagraphs A, B, C, D and E of paragraph 3 of subdivision (a) of Section 8 shall be available as grants on a competitive basis to Public Agencies and Nonprofit Organizations. These funds shall be encumbered by the recipient within three years of the date when such funds are first made available. The Department of Parks and Recreation shall allocate a share of such competitive funds for expenditure in the unincorporated area of the District using the same procedures specified in subdivision (b) of Section 9.

The Director of Parks and Recreation shall: prepare a timeline for these competitive grants; prepare criteria and procedures for evaluating competitive grants for each program; and notify affected Public Agencies and Nonprofit Organizations of these proposed criteria and procedures and of the dates of public workshops to be held throughout the District for the purpose of receiving public input on the proposed criteria and procedures. After at least one public workshop for each of the grant programs referenced in this subdivision (a), the Director of Parks and Recreation shall adopt final criteria and procedures for evaluating competitive grants for each program, and shall notify affected Public Agencies and Nonprofit Organizations as to the application timeline, criteria and procedures for evaluating competitive grants for each program.

(b) An individual jurisdiction may enter into an agreement with one or more Nonprofit Organizations for the purpose of carrying out a grant pursuant to this Section 10, subject to the requirements of Section 16 hereof.

(c) Priority shall be given to those proposals which provide for the employment of youth and particularly at-risk youth, from the area in which the proposed project is located, or which include or are to be administered by a Nonprofit Organization with a demonstrated history of youth employment, gang prevention and intervention, and training programs for at-risk youth, including local community conservation corps and the California Conservation Corps.

Section 11. (a) Funds authorized pursuant to subparagraph A of paragraph 3 of subdivision (a) of Section 8 shall be available on a competitive basis as grants to Public Agencies and Nonprofit Organizations authorized to provide parks, recreation, or open-space services or facilities to the general public, or to acquire lands for these purposes. Such funds shall be used for the acquisition, development and improvement of real property for trails and public access. One million dollars (\$1,000,000) of these funds shall be spent within the Whittier Hills.

(b) Funds authorized pursuant to subparagraph B of paragraph 3 of subdivision (a) of Section 8 shall be available on a competitive basis as grants to Public Agencies and Nonprofit Organizations to develop senior centers and recreation facilities throughout the District.

(c) Funds authorized pursuant to subparagraph C of paragraph 3 of subdivision (a) of Section 8 shall be available on a competitive basis as grants to Public Agencies and Nonprofit Organizations to plant trees in public places for urban beautification projects.

(d) (1) Funds authorized pursuant to subparagraph D of paragraph 3 of subdivision (a) of Section 8 shall be available on a competitive basis as grants to Public Agencies and Nonprofit Organization for the restoration, rehabilitation or acquisition of natural lands and the development of recreational resources along the Santa Clara, San Gabriel and Los Angeles Rivers or their tributaries. These funds shall be used only for the acquisition or restoration of natural habitat lands, wildlife enhancement, or development of compatible recreational resources.

(2) Any such restoration of natural habitat lands shall use only species native to California to the maximum extent feasible. No grant shall be awarded which substantially impairs any transportation project which is approved by the Los Angeles County Transportation Commission. The development of recreational resources or facilities pursuant to this paragraph shall not degrade the natural values present or being restored along

rivers or tributaries. These funds shall not be used to pay for mitigation which is required to be carried out by state or federal law, nor shall they be used for flood control projects.

(e) Funds authorized pursuant to subparagraph E of paragraph 3 of subdivision (a) of Section 8 shall be available on a competitive basis as grants to Public Agencies and Nonprofit Organizations for graffiti removal and prevention throughout the District.

(f) Funds authorized pursuant to subdivision (c) of Section 8 shall be disbursed by the Board of Supervisors at the beginning of each fiscal year upon request by the Conservancy made directly to the Board of Supervisors and specifying the projects and grants, or classes thereof, proposed to be undertaken. The Conservancy may at any time modify or supplement its request as situations warrant, and any such modification or supplement shall be considered in the same manner as the original request.

(g) Funds authorized pursuant to subparagraph KK of paragraph 2 of subdivision (a) of Section 8 shall be expended by the public agency holding title to Towsley Canyon Park.

(h) Because the Santa Monica Mountains Conservancy Zone and Rim of the Valley Trail Corridor include a high proportion of trails, rivers and streams within the District, and because trees must be planted to restore natural habitat lands throughout said area, one million dollars (\$1,000,000) from each of the categories of funding described in subparagraphs A, C and D of paragraph 3 of subdivision (a) of Section 8 shall be granted to the Santa Monica Mountains Conservancy, to be spent in accordance with subdivisions (a), (c) and (d), respectively, of this Section 11, and in accordance with Division 23 of the Public Resources Code.

Section 12. An application for a grant pursuant to subparagraphs A, B, C, D or E of paragraph 3 of subdivision (a) of Section 8 shall be submitted to the Director of Parks and Recreation for review and recommendation to the Board of Supervisors, in its capacity as governing body of the District. All funds granted pursuant to paragraph (3) and paragraph (4) of subdivision (a) of Section 8 shall be awarded by formal action of the Board of Supervisors.

Section 13. Funds authorized pursuant to paragraph 4 of subdivision (a) of Section 8 shall be available on a competitive basis as grants to Public Agencies and Nonprofit Organizations. Priority shall be given to those applications which meet one or more of the following criteria: (1) joint application by a Public Agency and a Nonprofit Organization whose primary focus is working with at-risk youth and gang members; (2) application by a Nonprofit Organization with a demonstrated history of gang intervention, gang prevention, ability to work with at-risk youth, and prior experience in such activities through grants from Public Agencies; and (3) include a Nonprofit Organization who agrees to and can demonstrate the ability to operate and maintain the facility to be constructed or developed on a long-term basis. An amount not to exceed three million dollars (\$3,000,000) shall be granted to the Santa Monica Mountains Conservancy from the funds authorized pursuant to paragraph 4 of subdivision (a) of Section 8 for the purposes of paragraph 4 of subdivision (c) of Section 8.

Section 14. (a) Funds authorized pursuant to paragraph 6 of subdivision (a) of Section 8 shall be available for grants to Public Agencies and shall be expended only for capital outlay projects which meet one or more of the following criteria: (1) protect public health in recreational waters; (2) preserve and enhance the ecological integrity of significant watersheds containing Significant Ecological Areas; (3) are Best Management Practices as defined in the Storm Water NPDES permit for the County and approved by the Executive Officer of the Los Angeles Regional Water Quality Control Board; and (4) reduce runoff into Santa Monica Bay where the runoff travels across lands that contribute large amounts of toxic pollutants to the storm drain system, or measurably reduce the toxicity of that runoff. Proposed projects shall be submitted to the Regional Water Quality Control Board for review and approval.

(b) The Board of Supervisors shall determine the administering agency for the funds authorized pursuant to paragraph 6 of subdivision (a) of Section 8. The administering agency shall prepare a timeline and proposed criteria and procedures for evaluating grants authorized pursuant to paragraph 6 of subdivision (a) of Section 8. The Regional Water Quality Control Board shall in a public process review and give final approval to the criteria and procedures for evaluating these grants.

Section 15. (a) Funds that are granted pursuant to Section 8 for the purposes of development, improvement, rehabilitation or restoration shall be expended for these purposes only on lands owned by the applicant

Public Agency or Nonprofit organization or subject to a lease or other interest held by such Public Agency or Nonprofit Organization. If such lands are not owned by the applicant or subject to such other interest held by the applicant, the applicant shall first demonstrate to the satisfaction of the administering agency that the project will provide public benefits commensurate with the type and duration of the interest in land held by the applicant.

(b) Funds allocated pursuant to Section 8 that are used for landscaping, planting trees or any other planting projects shall use drip irrigation systems and shall use drought-resistant or xerophytic trees, plants, lawn or sod, except when such use can be shown to be unfeasible. When projects involve the rehabilitation of existing irrigation systems or the creation of new irrigation systems, reclaimed water should be used whenever possible and priority shall be given to development of reclaimed water irrigation systems.

Section 16. (a) No funds authorized under Section 8 may be disbursed to any recipient unless the recipient agrees:

(1) To maintain and operate in perpetuity the property acquired, developed, improved, rehabilitated or restored with the funds. With the approval of the granting agency, the recipient or its successors in interest in the property may transfer the responsibility to maintain and operate the property in accordance with this Section.

(2) To use the property only for the purposes of this order and to make no other use, sale, or disposition of the property, except as provided in subdivision (b) of this Section 16.

(3) Any beach, park or other public facility acquired, developed, rehabilitated or restored with funds from this act shall be open and accessible to the public without discrimination as to race, color, sex, sexual orientation, age, religions belief, national origin, marital status, physical or medical handicap, medical condition or place of residence, to the extent consistent with the provisions of subdivision (a) of Section 18.

(4) In order to maintain the exclusion from gross income for federal income tax purposes of the interest on any bonds, notes or other evidences of indebtedness issued for purposes of this order, each recipient of funds pursuant to this order covenants to comply with each applicable requirement of Section 103 and Sections 141 through 150 of the Internal Revenue Code of 1986, as amended. Each recipient of funds disbursed pursuant to Section 8 shall agree in writing to the conditions specified in paragraphs (1), (2), (3) and (4) of this Section 16 (a).

The conditions specified in paragraphs (1), (2), (3) and (4) of this section shall not prevent the transfer of property acquired, developed, improved, rehabilitated or restored with funds authorized pursuant to Section 8 of this order from the recipient to another Public Agency, to a Nonprofit Organization authorized to acquire, develop, improve or restore real property for park, wildlife, recreation, open space or gang prevention and intervention purposes, or to the National Park Service, provided that any such successor to the recipient assumes the obligations imposed by such conditions.

(b) If the use of the property acquired through grants pursuant to this order is changed to one other than a use permitted under the category from which the funds were provided, or the property is sold or otherwise disposed of, an amount equal to the (1) amount of the grant, (2) the fair market value of the real property, or (3) the proceeds from the portion of such property acquired, developed, improved, rehabilitated or restored with the grant, whichever is greater, shall be used by the recipient, subject to subdivision a of this Section, for a purpose authorized in that category or shall be reimbursed to the Parks Fund and be available for appropriation only for a use authorized in that category.

If the property sold or otherwise disposed of is less than the entire interest in the property originally acquired, developed, improved, rehabilitated or restored with the grant, an amount equal to the proceeds or the fair market value of the property interest sold or otherwise disposed of, whichever is greater, shall be used by the grantee, subject to subdivision (a) of this Section, for a purpose authorized in that category or shall be reimbursed to the Parks Fund and be available for appropriation only for a use authorized in that category. Nothing in this Section 16 shall limit a Public Agency from transferring property acquired pursuant to this order to the National Park Service or the State Park System, with or without consideration.

(c) Awards pursuant to Sections 8(a)(3) or 8(b)(1) hereof shall first be available during the County's 1993-94 fiscal year or the first fiscal year in which assessments are levied and collected by the District.

Section 17. (a) All real property acquired pursuant to this order shall be acquired in compliance with Chapter 16 (commencing with Section 7260) of Division 7 of Title 1 of the California Government Code. Public Agencies and Nonprofit Organizations receiving funds pursuant to Section 8 of this order shall certify compliance to the Department of Parks and Recreation. Funds disbursed to a Public Agency in accordance with Section 8 may be expended by that agency pursuant to an agreement, or by an entity, authorized or established pursuant to Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1 of the Government Code.

(b) For the purposes of this order, acquisition may include gifts, purchases, leases, easements, the exercise of eminent domain if expressly authorized, the transfer or exchange of property of like value, transfers of development rights or credits, and purchases of development rights and other interests.

(c) All grants, gifts, devises, or bequests to the District, conditional or unconditional, for park, conservation, recreational, wildlife habitat, natural lands or other purposes for which real property may be acquired or developed pursuant to this order, shall be made in the name of the County and accepted and received on behalf of the District in the name of the County by the Chief Administrative Officer. The grants, gifts, devises or bequests shall be available for expenditure for the purposes specified in Section 8 hereof.

Section 18. With respect to Section 8, if funds allocated pursuant to paragraph 2 of subdivision (a) and paragraph 2 of subdivision (b) are not expended or committed to expenditure prior to December 1, 1997, or prior to five years from the date that funds are available to cities and the County for expenditure, whichever is later, the agency to which the funds are originally allocated may submit by or before December 1, 1997 to the Board of Supervisors a plan for expenditure of the funds in accordance with the purposes of this order within the city or area of the District in which the funds were originally authorized to be expended, and the Board of Supervisors, in its capacity as governing body of the District, shall approve the plan by a majority vote. If the reallocated funds are not expended within three years after the effective date of such reallocation, the funds shall be allocated to the Department of Parks and Recreation for expenditure within the District consistent with the purposes of this order.

(a) Reasonable public access to lands acquired in fee with funds made available pursuant to this order shall be provided except where that access may interfere with resource protection. For purposes of this order, reasonable public access shall include parking and public restrooms.

(b) All funds allocated pursuant to this order for projects involving the rehabilitation or restoration of beach, park, recreation, open space or natural lands shall be used to the maximum extent practical to employ youth from the community in which the particular rehabilitation or restoration project is being carried out.

(c) To the maximum extent feasible, Public Agencies and Nonprofit Organizations shall be encouraged and have authority to use funds received pursuant to this order to provide funding through agreements with community conservation corps, the California Conservation Corps, and with other community organizations, particularly when youth can be employed to work on restoration or rehabilitation projects being carried out in their own communities. Such agreements shall be entered into solely for the accomplishment of the purposes set forth by this order.

Section 19. (a) Prior to recommending the acquisition of lands that are located on or near tidelands, submerged lands, swamp or overflowed lands, or other wetlands, whether or not those lands have been granted in trust to a local public agency, any agency receiving funds pursuant to this order shall submit to the State Lands Commission any proposal for the acquisition of those lands pursuant to this measure. The State Lands Commission may, at its discretion, within ninety (90) days of such a submission, review the proposed acquisition, make a determination as to the State's existing or potential interest in the lands, and report its findings to the entity making the submittal and to the Department of Parks and Recreation.

(b) No wetlands or riparian habitat acquired pursuant to Section 8 shall be used as a dredge spoil area or shall be subject to revetment which damages the quality of the habitat for which the property was acquired.

(c) No provision of this order shall be construed as authorizing the condemnation of publicly-owned lands.

Section 20. (a) The Board of Supervisors of the County of Los Angeles shall act, ex officio, as the governing body of the District. All powers and authority of the District shall be vested in the Board of Supervisors in its capacity as the governing body of the District.

(b) The Department of Parks and Recreation shall administer for the District all funds for the projects and programs described in Section 8, except for the funds described in paragraph 5 of subdivision (a) of Section 8 and subdivision (c) of Section 8, which funds shall be administered by the respective agencies to which the funds are allocated. Each administering agency shall prepare and/or review any documentation necessary for purposes of this order.

Section 21. (a) The District shall be financed by the levy of assessments pursuant to the Landscaping and Lighting Act of 1972 and Division 5 of the Public Resources Code. Proceeds of assessments generated by the District shall be used for: (i) costs of maintenance and servicing projects funded either with assessments or with proceeds of bonds, notes or other evidences of indebtedness issued by the District in accordance with this order; (ii) payment of actual administrative costs associated with carrying out the purposes of this order by the District and recipient Public Agencies; and (iii) either to directly pay the costs of projects authorized pursuant to this order or to pay debt service on bonds, notes or other evidences of indebtedness issued therefor.

(b) It is the intention of the Board of Supervisors to cause the District to issue bonds, notes or other evidences of indebtedness, to fund all or a portion of the costs of the projects listed in Section 8 of this order, pursuant to Division 5 of the Public Resources Code and the Landscaping and Lighting Act of 1972. Such bonds, notes or other evidences of indebtedness may be issued in one or more series at such times and in such principal amounts as the Board of Supervisors may determine in its sole discretion.

(c) The Board of Supervisors hereby establishes a special fund to be known as the "Regional Park and Open Space District Park Fund" into which all funds generated by the District shall be deposited. The Auditor-Controller of the County, on behalf of the District, may create any other funds, accounts or subaccounts necessary or desirable to account for the funds of the District, including the proceeds of assessments and bonds, notes or other evidences of indebtedness issued by the District.

(d) All revenue generated by the District, including the proceeds from the issuance of any bonds, notes or other evidences of indebtedness, shall be deposited in the Parks Fund and shall be allocated among all affected Public Agencies within the District as defined in Section 5506.9 of the California Public Resources Code, for expenditure consistent with the purposes of Division 5, Chapter 3, Article 3 of the Public Resources Code and of this order. The County shall be reimbursed from the Parks Fund for actual costs of administration of the District and the costs of issuance of bonds, notes or other evidences of indebtedness by the District, as provided in subdivision a of this Section 21.

(e) Pursuant to subdivision (e) of Section 5506.9 of the Public Resources Code, no proceeds from any bonds, notes or other evidences of indebtedness issued by the District shall be used for any operations, maintenance or servicing purposes, except that such proceeds may be used to pay all costs incidental to the preparation and issuance of the bonds.

(f) The amounts of all allocations designated in Section 8 are net amounts, and shall not be reduced for administrative costs of the District.

Section 22. Assessments levied pursuant to this order shall be levied for a period of twenty-two (22) years beginning with the fiscal year in which such assessments are first levied and collected by the District.

Section 23. (a) Pursuant to paragraph (7) of subdivision (c) of Section 5506.9 of the Public Resources Code, in each of the first twenty (20) years after the date an assessment is levied and collected, a minimum of eighty percent (80%) of all proceeds of assessments levied and collected by the District shall be used for capital outlay projects, including, but not limited to, acquisition and improvement of real property. For purposes of this order, capital outlay projects include the servicing of bonds, notes or other evidences of indebtedness issued by the District.

(b) On an annual basis, fifteen percent (15%) of all proceeds of assessments levied and collected by the District shall be set aside and designated as the maintenance and servicing amount, and shall be used only to maintain and service capital outlay projects funded pursuant to this order. The maintenance and servicing amount shall be allocated each year as follows. First, there shall be apportioned to the County an amount determined in the same manner specified in subdivision (b) of Section 9. Second, after the allocation required by the preceding sentence has been made, and notwithstanding any other provision of this order, there shall be allocated to the Santa Monica Mountains Conservancy or to any other agency nominated by it that manages properties acquired by the Conservancy pursuant to this order an amount equal to seven and two-tenths percent (7.2%) of the maintenance and servicing amount. Third, after the allocations required by the preceding two sentences have been made, the remainder of the maintenance and servicing amount shall be allocated among all incorporated cities in the District in the same manner specified in subdivision (b) of Section 9 hereof, except that one million seven hundred thousand dollars (\$1,700,000) shall be deducted from the amount allocated each year to the City of Los Angeles and such amount shall be used to pay debt service on bonds, notes or other evidences of indebtedness issued to fund the project described in Section 8. (b) 2. V. x.

(c) Funds for maintenance and servicing as described in this section shall be allocated annually to each city within the District and to the County. Such allocations shall be made only to those entities which certify that: (i) such funds shall be used only to maintain and service projects funded pursuant to this order, and (ii) such funds shall be used to supplement existing levels of service and not to fund existing levels of service.

Section 24. Any revenue generated by the District greater than the amount needed to finance the capital outlay projects described in this order, or to repay bonds, notes or other evidences of indebtedness to fund these projects, or to provide funds in accordance with the provisions of subdivision (b) of Section 23 shall be made available for the District-wide grants in accordance with paragraphs (3) and (4) of subdivision (a) of Section 8. The Department of Parks and Recreation shall make every effort to distribute these funds equitably throughout the District.

Section 25. (a) The rate and method of apportionment for use in levying annual assessments for all categories of property shall be as set forth in the Engineer's Report.

(b) Individuals who qualify for the California Property Tax Postponement Program (Section 20581 et seq. of the California Revenue and Tax Code) may also qualify for postponement of assessments levied by the District pursuant to this order. The Treasurer and Tax Collector of the County shall notify those individuals who have qualified for the Property Tax Postponement Program of this provision.

Section 26. Subject to the approval of a majority of the voters voting on the proposition, the Board hereby orders an assessment district to be known as County of Los Angeles Landscaping and Lighting District No. 92-1 to be formed and the improvements described in this order to be carried out, and confirms the diagram and the rate and method of assessment as set forth in the Engineer's Report.

Section 27. All qualified voters of the County shall be permitted to vote in the election and in all particulars not recited in this order the election shall be held as nearly as practicable in conformity with the General Election Law of the State of California.

Section 28. In case any provision of this order shall be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

Section 29. This order shall take effect immediately, and upon approval by the voters, all officers and employees of the District shall take all actions necessary and desirable to carry out the purposes of this order.
