(b) Competitive funds allocated pursuant to Section 3 and the 1992 Order shall be made available on a regular annual basis until all such funds are encumbered, and the Department of Parks and Recreation shall notify affected Public Agencies and Nonprofit Organizations of the availability of such funds. Organizations representing ten or more cities shall be given the opportunity by the Department of Parks and Recreation to be fairly represented in the evaluation process established by the Department of Parks and Recreation pursuant to the 1992 Order to evaluate all competitive grant applications. For all competitive grants awarded pursuant to Section 3 and the 1992 Order to Nonprofit Organizations and to Public Agencies from a city with a population of 100,000 or less, costs eligible for reimbursement shall include reasonable costs of preparation of documents needed to apply to the District for the grant, including costs of biological assessments required pursuant to subsection (c) of Section 8, up to three percent (3%) of the total grant amount awarded. In each year that competitive grant funds are available, an amount not less than two and one-half percent (2.5%) of funds available to the District in that year for administrative purposes shall be expended by the District through grants or contracts to independent firms or qualified Nonprofit Organizations for the purpose of providing a technical assistance program to Public Agencies and Nonprofit Organizations throughout the District in preparation of competitive grant requests. The District shall prepare said technical assistance program for Board approval. The Board shall have the ability to adjust the percentage of funds used for said purposes if it determines that the level of funding required to provide the Board-approved technical assistance program is less than the stated percentage. Two hundred fifty thousand dollars (\$250,000) of the amount allocated for competitive grants for trails shall be allocated to the Santa Monica Mountains Conservancy for expenditure within the Rim of the Valley Trail Corridor, and two hundred fifty thousand dollars (\$250,000) of the amount allocated for competitive grants for trails shall be allocated to the Santa Monica Mountains Conservancy for expenditure within the Santa Monica Mountains.

those cities, which are not designated recipients of funds for specific identified projects in subsection (c)(2) of Section 3 of this resolution or subsection (b)(2) of Section 8 of the 1992 Order. Any city or Nonprofit Organization which would otherwise be entitled to a priority under this subsection (c) shall not be entitled to such priority after it has been awarded a competitive grant under this resolution or the 1992 Order.

(d) In awarding competitive grants, priority shall be given to those proposals which provide for the employment of youth, and particularly at-risk youth, from the area in which the proposed project is located, or which include or are to be administered by a Nonprofit Organization with a demonstrated history of youth employment, gang prevention and intervention, and training programs for at-risk youth, including local community conservation corps and the California Conservation Corps. Such priority shall give due consideration to the employment of female, as well as male, at-risk youth. In furtherance of this goal, the Board may adopt such rules and regulations, and impose such conditions on the recipients of funds under this resolution and the 1992 Order, as the Board may determine to be necessary or appropriate.

These funds shall be used only for the acquisition and/or restoration of lands for natural habitat, wildlife enhancement, and/or development of compatible recreational resources. No less than sixty percent (60%) of funds available for competitive grants for rivers and streams pursuant to subsection (a)(2) of Section 3 shall be used for acquisition, restoration and rehabilitation of natural lands along these rivers and streams. Remaining funds shall be available for development of recreational resources compatible with any existing or restored natural habitat.

(b) Funds allocated for competitive grants pursuant to subsection (a)(3) of Section 3 shall be available as competitive grants for at-risk youth recreation and service facilities only for projects which demonstrate at least sixty percent (60%) usage of the facilities by at-risk youth. The foregoing restriction shall also apply to funds allocated under the 1992 Order for competitive grants for at-risk youth recreation and service facilities. Priority for these grants shall be given to those applications which demonstrate equal attention to the specific needs of girls and boys. An amount not less than five hundred thousand dollars (\$500,000) shall be granted to the Department of Children and Family Services for development and/or improvement of at-risk youth recreation and service facilities at MacLaren Hall. (c) Funds allocated for competitive grants for acquisition and/or restoration of natural lands pursuant to subsection (a)(2) of Section 3 shall be available on a competitive basis as grants to Public Agencies and Nonprofit Organizations for the acquisition, improvement and/or restoration of natural lands including but not limited to coastal sage scrub, desert, coastal dunes, coastal prairies, chaparral, vernal pools, oak woodlands, forests and native grasslands habitat. Applications for these grant funds shall include a biological assessment of the site including current and historical information, a restoration plan and a long-term habitat management plan. Applicants shall provide documentation of consultation with experts in conservation biology and natural habitat restoration and shall provide documentation that said plans and assessments have been reviewed by these experts.

Section 9. Proposed projects shall be submitted to the Regional Water Quality Control Board for review and approval.

(b) The Department of Public Works shall prepare, and submit to the Board for approval, a timeline and proposed criteria and procedures for evaluating grants authorized pursuant to subsection (a)(4) of Section 3 of this resolution (and subsection (a)(6) of Section 8 of the 1992 Order) no later than March 30, 1997. The Regional Water Quality Control Board shall in a public process review and give final approval to the criteria and procedures for evaluating these grants.

With the approval of the granting agency, the recipient or its successors in interest in the property may transfer the responsibility to maintain and operate the property in accordance with this Section.

The recipient shall not discriminate against, or grant preferential treatment to, any person or organization seeking to use such facility based upon the place of residence of such person or the members of such organization.

The conditions specified in paragraphs (a), (b), (c) and (d) of this Section shall not prevent the transfer of property acquired, developed, improved, rehabilitated or restored with funds authorized pursuant to Section 3 of this resolution from the recipient to another Public Agency, to a Nonprofit Organization authorized to acquire, develop, improve, restore and/or operate real property for park, wildlife, recreation, community, open space or gang prevention and intervention purposes, or to the National Park Service, provided that any such successor to the recipient assumes the obligations imposed by such conditions.

Section 11. (a) Before the use of any property acquired, developed, improved, rehabilitated or restored through a grant pursuant to this resolution is changed to one other than a use permitted under the category from which the funds were provided, or the property is sold or otherwise disposed of, the recipient of said funds must hold a public hearing relative to such proposed change in use or sale or other disposition of said property, and at the conclusion of such public hearing, the recipient must adopt a finding that the proposed change in use or sale or other disposition of said property will further the purposes of this resolution. If the recipient adopts such a resolution and proceeds with the change in use or sale or other disposition of said property, an amount equal to the greater of (1) the amount of the grant, (2) the fair market value of the real property, or (3) the proceeds from the portion of such property acquired, developed, improved, rehabilitated, or restored with the grant, shall be used by the recipient, subject to Section 10, for a purpose authorized in the category to which the funds were originally allocated or shall be reimbursed to the Parks Fund and be available for appropriation only for a use authorized in that category.

If the property sold or otherwise disposed of is less than the entire interest in the property originally acquired, developed, improved, rehabilitated or restored with the grant, an amount equal to the proceeds or the fair market value of the property interest sold or otherwise disposed of, whichever is greater, shall be used by the recipient, subject to Section 10, for a purpose authorized in the category to which the funds were originally allocated or shall be reimbursed to the Parks Fund and be available for appropriation only for a use authorized in that category.

(b) Nothing in this Section shall limit a grantee from transferring property acquired pursuant to this resolution to the National Park Service or the State Park System, with or without consideration.

Section 12. (a) All real property acquired pursuant to this resolution shall be acquired in compliance with Chapter 16 (commencing with Section 7260) of Division 7 of Title 1 of the California Government Code. Public Agencies and Nonprofit Organizations receiving funds under this resolution shall certify compliance to the Department of Parks and Recreation. Funds disbursed to a Public Agency under this resolution may be expended by that receiving Public Agency, or by a joint exercise of powers entity established pursuant to Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1 of the Government Code pursuant to an agreement with such receiving Public Agency.

(b) For purposes of this resolution, the term “acquisition” includes gifts, purchases, leases, easements, the exercise of eminent domain if expressly authorized, the transfer or exchange of property of like value, transfers of development rights or credits, and purchases of development rights and other interests.

(c) All grants, gifts, devises, or bequests to the District, conditional or unconditional, for park, conservation, recreational, community, cultural, wildlife habitat, natural lands or other purposes for which real property may be acquired or developed pursuant to this resolution, shall be made in the name of the County and accepted and received on behalf of the District in the name of the County by the Board. The grants, gifts, devises or bequests shall be available for expenditure for the purposes specified in Section 3.

Section 13. Reasonable public access to lands acquired in fee with funds made available pursuant to this resolution shall be provided except where that access may interfere with resource protection. “Reasonable public access” includes, but is not limited to, parking and public restrooms.

Section 14. All funds of the District allocated to projects which include tasks that can be performed by youth, including but not limited to the rehabilitation, restoration and/or development of beach, park, recreation, open space and/or natural lands, and recreation and community facilities, shall be used to the maximum extent feasible to employ at-risk youth from the community in which the particular project is being carried out. In furtherance of the goal of increasing employment opportunities for at-risk youth, the Board may adopt such rules and regulations, and impose such conditions on recipients of funds under the 1992 Order and this resolution, as the Board may determine to be necessary or appropriate.

Section 15. To the maximum extent feasible, Public Agencies and Nonprofit Organizations shall be encouraged to use funds received pursuant to this resolution to provide funding through agreements with community conservation corps, the California Conservation Corps, and with other community organizations, particularly when youth can be employed to

work on restoration or rehabilitation projects being carried out in their own communities. Such agreements shall be entered into solely for the accomplishment of the purposes set forth in this resolution.

Section 16. Prior to recommending the acquisition of lands that are located on or near tidelands, submerged lands, swamp or overflowed lands, or other wetlands, whether or not those lands have been granted in trust to a local Public Agency, any agency receiving funds pursuant to this resolution shall submit to the State Lands Commission any proposal for the acquisition of those lands. The State Lands Commission may, at its discretion, within ninety (90) days after such a submission, review the proposed acquisition, make a determination as to the State's existing or potential interest in the lands, and report its findings to the entity making the submission and to the Department of Parks and Recreation.

Section 17. (a) Funds that are granted pursuant to Section 3 for the purposes of development, improvement, rehabilitation and/or restoration shall be expended for these purposes only on lands owned by the applicant Public Agency or Nonprofit Organization or subject to a lease or other interest held by such Public Agency or Nonprofit Organization. If such lands are not owned by the applicant or subject to such other interest held by the applicant, the applicant shall first demonstrate to the satisfaction of the administering agency that the project will provide public benefits commensurate with the type and duration of the interest in land held by the applicant.

(b) No wetlands or riparian habitat acquired pursuant to this resolution shall be used as a dredge spoil area or shall be subject to revetment which damages the quality of the habitat for which the property was acquired.

(c) Any restoration of natural habitat lands restored pursuant to this resolution and the 1992 Order shall use only species native to California to the maximum extent feasible. Funds allocated pursuant to Section 3 that are used for landscaping, planting trees or any other planting projects shall use drip irrigation or other water conserving irrigation systems and shall use drought-resistant or xerophytic trees, plants, lawn or sod, except when such use can be shown to be infeasible. When projects involve the rehabilitation of existing irrigation systems or the creation of new irrigation systems, reclaimed water should be used whenever possible and priority shall be given to development of reclaimed water irrigation systems. Any recipient of funds for planting on natural lands shall make every effort to use only plant species and vegetation types which are appropriate to the local ecosystem of the site.

(d) Notwithstanding subsection (e) of this Section, the development of recreational resources or facilities pursuant to this resolution and the 1992 Order shall not degrade the natural values present or being restored along rivers, tributaries and wetlands, nor shall they be used for flood control projects.

(e) Any project funded pursuant to this resolution and the 1992 Order shall include sufficient funds to mitigate damage done to natural lands as a result of said project as otherwise required by law.

(f) No funds shall be used to pay for mitigation which is required to be carried out by state or federal law in connection with a project or activity which is not funded pursuant to this resolution or the 1992 Order.

Section 18. No provision of this resolution shall be construed as authorizing the condemnation of publicly-owned lands.

Section 19. Funds provided to the Santa Monica Mountains Conservancy shall be held and disbursed by the District and, upon application by the Conservancy, shall be expended solely for projects approved by the Board, pursuant to such criteria as the Board may in its discretion adopt; provided, that said funds shall be for projects identified in the annual work program of the Conservancy transmitted to the Governor and the Legislature pursuant to paragraphs (1) and (2) of subdivision (a) of Section 33208 of the Public Resources Code, as amended from time to time after a noticed public hearing, and provided that the Board may disapprove a project in an incorporated city only upon a finding that the acquisition or improvement of a project will involve the acquisition of or access to a site identified or proposed for present or potential future sanitary landfill purposes by the County, or involve any other land or project which may directly or indirectly hinder or impact the ability of the County to use any site so identified for such purposes. All land acquired in whole or in part with funds allocated to the Conservancy hereunder shall be purchased from willing sellers, and in no event shall funds allocated to the Conservancy hereunder be used to pay or reimburse the purchase price of land acquired through the exercise of the power of eminent domain. Disbursement of funds pursuant to subsection (d) of Section 3 shall be governed by the procedures specified for the 1992 order in the order of the Board dated March 29, 1994, and such method of disbursement shall continue to apply to the 1992 Order and to funds provided pursuant to this resolution, except that funds shall be expended within five years of disbursement.

Section 20. If funds are allocated in a citywide measure adopted by the City of Los Angeles in 1996 for any project located at the site of a project identified in subsections (c)(2)(FF)(i) through (xiv), inclusive of Section 3, and in subsection (b)(3) or (b)(10) of Section 3, the funds allocated in this resolution for that project may be reallocated by the Board for another project with regional recreation or open space benefit consistent with the purposes of this resolution within the City of Los Angeles. Such project shall be approved by the City Council of the City of Los Angeles.

Section 21. (a) The Department of Parks and Recreation shall administer for the District all funds for the projects and programs described in this resolution. Administrative costs eligible for funds available for project planning and design of projects funded pursuant to this resolution and the 1992 Order shall include project design and inspection when said inspection is required by the agency responsible for carrying out the project. In any year, a recipient agency may utilize

an amount not more than one percent (1%) of the funds which it is eligible to receive under subsection (b) of Section 23 for reimbursement of accounting and bookkeeping costs as applicable overhead to pay for compliance with the District's accounting and reporting requirements.

(b) Consistent with subsection (a) of Section 23, proceeds of the Additional Assessment shall be used for: (i) costs of maintenance and servicing of projects funded by the District (whether such projects were funded through the application of cash proceeds of assessments or proceeds of bonds, notes or other evidences of indebtedness issued by the District in accordance with this resolution or the 1992 Order) or otherwise acquired pursuant to this resolution, (ii) payment of actual administrative costs associated with carrying out the purposes of the District, by the District and recipient Public Agencies, and (iii) either to pay directly the costs of projects authorized pursuant to this resolution or the 1992 Order, or to pay debt service on any bonds, notes or other evidences of indebtedness of the District.

(c) It is the intention of the District to issue bonds, notes or other evidences of indebtedness, to fund all or a portion of the costs of the projects listed in Section 3 of this resolution. Such bonds, notes or other evidences of indebtedness may be issued in one or more series at such times and in such principal amounts as the Board may determine in its sole discretion.

(d) All proceeds of the Additional Assessment shall be deposited into the Parks Fund established pursuant to the 1992 Order. The Auditor-Controller of the County, on behalf of the District, may create any other funds, accounts or subaccounts necessary or desirable to account for the funds of the District, including the proceeds of assessments and bonds, notes and other evidences of indebtedness issued by the District.

(e) In accordance with the 1992 Order, all revenue generated by the District, including the proceeds from the issuance of any bonds, notes or other evidences of indebtedness, shall be deposited in the Parks Fund and shall be allocated among all affected Public Agencies within the District as defined in Section 5506.9 of the California Public Resources Code, for expenditure consistent with the purposes of Division 5, Chapter 3, Article 3 of said Public Resources Code and of the 1992 Order and this resolution. The County shall be reimbursed from the Parks Fund for the actual costs of administration of the District and the costs of issuance of bonds, notes or other evidences of indebtedness by the District.

(f) If the County purchases a surety bond to replace cash in a debt service reserve fund, either before or after bonds are issued, the cash so replaced shall be allocated in the same manner described in Section 24.

(g) No proceeds of any bonds, notes or other evidences of indebtedness issued by the District shall be used for any operations, maintenance or servicing purposes, except that such proceeds may be used to pay all costs incidental to the preparation and issuance of bonds, notes or other evidences of indebtedness of the District.

(h) The amounts of all allocations designated in Section 3 are net amounts, and shall not be reduced for administrative costs of the District.

(i) The District shall contract for an independent audit to be conducted annually by an independent auditing firm for the purposes of determining compliance by the District with the terms of this resolution and the 1992 Order, and to report on the status of all expenditures, grants and contracts as of the end of each fiscal year, including all fund balances; such audit to be completed and such auditor's report to be issued by January 1 of the following year. The Board may establish by resolution the scope of the annual audit which may include among other things an audit of the funds received and expended pursuant to this resolution and the 1992 Order by any recipient agency, including but not limited to the Department of Parks and Recreation, the Santa Monica Mountains Conservancy, the City of Los Angeles and the Department of Beaches and Harbors.

(j) The District shall manage its revenues and issue debt in a manner so as to ensure that sufficient funds are available in accordance with the terms of the Master Indenture to finance all capital outlay projects specified in Section 3 of this resolution and in Section 8 of the 1992 Order by the end of fiscal year 2008-09, and shall annually prepare a Plan of Revenues and Expenditures for the entire life of the 1992 Assessment and the Additional Assessment which demonstrates such availability of funds. The annual Plan of Revenues and Expenditures shall be prepared following completion of the annual audit referred to in subsection (i) of this Section and shall be adopted by the Board prior to June 30 of each year. In preparing the Plan of Revenues and Expenditures the District shall consult with an independent Financial Consultant, and may incorporate directly or by reference all or any portion of the engineer's report prepared by the District for that fiscal year.

Section 22. The Additional Assessment shall be levied for a period of twenty-two (22) years beginning with the fiscal year in which such Additional Assessment is first levied and collected by the District.

Section 23. (a) In each of the first twenty (20) years after the date the Additional Assessment is first levied and collected, a minimum of eighty percent (80%) of all proceeds of the Additional Assessment levied and collected by the District shall be used for capital outlay projects, including, but not limited to, acquisition and improvement of real property. For purposes of this resolution, capital outlay projects include the servicing of bonds, notes or other evidences of indebtedness issued by the District.

(b) On an annual basis, fifteen percent (15%) of all proceeds of the Additional Assessment and the 1992 Assessment (or such greater percentage of the proceeds of the Additional Assessment and the 1992 Assessment, not to exceed twenty percent (20%), as determined by the Board) shall be set aside and designated as the maintenance and servicing amount, and shall be used only to maintain and service capital outlay projects funded by the District pursuant to the 1992 Order and this resolution. Such maintenance and servicing amount

of the Additional Assessment and the 1992 Assessment shall be allocated each year as follows: (1) to the County (for the benefit of the Department of Parks and Recreation, or the Department of Beaches and Harbors, or any other applicable department as determined by the Board), an amount obtained by multiplying the aggregate amount of such maintenance and servicing funds to be allocated for such year by a fraction, the numerator of which is the number of parcels of land in the unincorporated area of the County and the denominator of which is the total number of parcels of land in the County; (2) to the Santa Monica Mountains Conservancy, or any other agency designated by it to manage properties acquired pursuant to this resolution or the 1992 Order by the Conservancy or any joint powers entity to which the Conservancy is a party which has acquired properties pursuant to the 1992 Order or this resolution, a percent of the total maintenance and servicing funds that equals the percent of the total capital outlay funds that are allocated to and/or to be expended by the Santa Monica Mountains Conservancy and Mountains Recreation and Conservation Authority pursuant to Section 3 of this resolution; and (3) except as provided in the next paragraph, to each incorporated city within the District, an amount obtained by multiplying the maintenance and servicing funds remaining after the allocations described in the preceding clauses (1) and (2) by a fraction, the numerator of which is the number of parcels of land in such city and the denominator of which is the total number of parcels of land in the incorporated areas of the County. Of the maintenance and servicing funds allocated to the County in this resolution and the 1992 Order, the Department of Beaches and Harbors shall be allocated an amount obtained by dividing the total amount of funds allocated to the Department of Beaches and Harbors in this resolution and the 1992 Order by the total amount of funds allocated for specific identified projects and for per parcel grants to the Department of Parks and Recreation in this resolution and the 1992 Order. On an annual basis, one million seven hundred thousand dollars (\$1,700,000) shall be deducted from the maintenance and servicing funds allocated to the City of Los Angeles in this resolution and the 1992 Order, and such amount shall be used to pay debt service on bonds, notes or other evidences of indebtedness issued to fund the project described in Section 8(b)2.V.x of the 1992 Order. In the event of an inconsistency between this Section and Section 23 of the 1992 Order, this Section shall prevail.

The allocations described in this Section 23 shall be made only to those recipients which certify that (1) such funds shall be used only to maintain and service projects funded by the District pursuant to this resolution or the 1992 Order, and (2) such funds shall be used to supplement existing levels of service and not to fund existing levels of service.

(c) If operation and maintenance and/or ownership of the County's beaches are transferred to a non-County entity in the future, the funds allocated pursuant to this section for maintenance and servicing of the County's beaches shall be re-allocated by the Board for maintenance and servicing of projects funded by this resolution or the 1992 Order.

Section 24. (a) To the extent permitted by applicable law and not inconsistent with the other provisions of this resolution, in each fiscal year, as determined by the independent audit conducted pursuant to subsection (i) of Section 21, a portion of the excess of (1) assessment revenues collected pursuant to this resolution and the 1992 Order plus investment earnings thereon, and any other revenues of the District (excluding bond proceeds or any other evidences

of indebtedness, but including collections of delinquent assessments and interest and penalties thereon), all cumulative to the date of the independent audit, over (2) amounts expended for capital outlay (excluding capital outlay funded with bond proceeds or other borrowed funds), and amounts expended or allocated for maintenance and servicing, administrative costs and debt service, all cumulative to the date of the independent audit (such excess being hereinafter referred to as the "Excess"), shall be allocated by the Board for grants in furtherance of the purposes of this resolution and the 1992 Order. The independent Financial Consultant referred to in subsection (j) of Section 21 shall annually determine what portion of the Excess from the prior year may be made available in the next fiscal year pursuant to this Section 24 without impairing the ability of the District to finance all capital outlay projects specified in Section 3 of this resolution and in Section 8 of the 1992 Order by the end of fiscal year 2008-09 and without impairing the District's ability to issue or repay bonds, notes or other evidences of indebtedness (such amount being hereinafter referred to as the "Available Excess"). The independent Financial Consultant shall make a recommendation as to the Available Excess to the District for its use in preparing the annual Plan of Revenues and Expenditures referred to in subsection (j) of Section 21. In each year, 80% of the Available Excess as identified in the Plan of Revenue and Expenditures approved by the Board shall be allocated by the Board pursuant to this section and in accordance with the following schedule (to the extent permitted by applicable law and not inconsistent with the other provisions of this resolution): 80% shall be allocated for capital projects and 20% shall be allocated for maintenance and servicing of those capital projects.

(b) Over the life of the 1992 Assessment and the Additional Assessment, a total of ten percent (10%) of the funds expended for capital outlay pursuant to subsection (a) shall be allocated for competitive grants pursuant to subsections (a)(2) and (a)(3) of Section 3, which shall be allocated equally among each supervisorial district; the remainder of the funds to be expended pursuant to subsection (a) of this Section shall be equally distributed between the category of highest priority regional open space and recreation projects (as defined in this Section) and the category of regional park and recreation facilities (as determined by the District). Of the annual amount of funds allocated pursuant to this Section, capital funds shall be available only to those agencies which have expended or committed to expenditure the capital funds allocated to said agencies in any category of expenditure under this resolution and the 1992 Order, except that the amount available for the category of regional park and recreation facilities shall be equally distributed between grants to the County and incorporated cities. Grants to incorporated cities shall be made only to those cities that have expended or committed to expenditure all funds allocated to them in all categories of expenditure under this resolution and the 1992 Order. In any year, first priority for expenditure of funds under this section shall be given to land acquisition projects. Capital funds not encumbered in any fiscal year shall be available for reallocation by the Board, pursuant to this section, in the subsequent annual allocation.

(c) For purposes of this section, "highest priority regional open space and recreation projects" shall mean projects for the purposes of and expended by the agencies identified in subsections (b)(2), (b)(9), (b)(14), and (d) of Section 3, including the Santa Clarita Woodlands,

and for projects along Ballona Creek consistent with the purposes and conditions specified in subsection (b)(9).

Section 25. Individuals who qualify for the California Property Tax Postponement Program (Sections 20581 et seq. of the California Revenue and Taxation Code) may also qualify for postponement of the Additional Assessment. The Treasurer and Tax Collector of the County shall notify those individuals who have qualified for the Property Tax Postponement Program of this provision.

Section 26. The method of assessment contained in the Engineer's Report with respect to the 1992 Assessment is hereby amended to the extent and with the effect that the portion of any vacant parcel of land, and the vacant portion of any partially improved parcel of land, in excess of two and one-half acres shall not be assessed. Notwithstanding any discrepancies, differences or variations between the Engineer's Report with respect to the 1992 Assessment and the Engineer's Report with respect to the Additional Assessment, it is the intent of this resolution that the method of assessment with respect to both the 1992 Assessment and the Additional Assessment shall be identical in all respects. Any such discrepancies, differences or variations in the method of assessment shall be resolved in favor of the Engineer's Report with respect to the Additional Assessment.

Section 27. Any revenue generated by the District (including the proceeds of any indebtedness of the District) which is available for capital outlay purposes, may be applied to fund any project contemplated under the 1992 Order or this resolution. In furtherance of this provision, proceeds of the 1992 Assessment which are to be applied to capital outlay purposes may be applied to fund projects under this resolution, and proceeds of the Additional Assessment which are to be applied to capital outlay purposes may be applied to fund projects under the 1992 Order. In addition, any proceeds of the 1992 Assessment or the Additional Assessment which are to be applied to capital outlay purposes may be applied to pay the principal of, or interest on, any bonds, notes or other indebtedness of the District, regardless of the time of issuance or the use of the proceeds of such bonds, notes or indebtedness.

Section 28. In case any provision of this resolution shall be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions of this resolution shall not in any way be affected or impaired thereby.

Section 29. This resolution shall not take effect unless approved by a majority of the voters of the County voting on the matter at a general or special election called by the Board for such purpose. If so approved by the voters, this resolution shall take effect, and the Additional Assessment shall exist and be deemed approved, all as of the date of the election, without regard to the date of certification of the election results.

Section 30. The officers and employees of the County and ex officio the officers and employees of the District, are and each of them acting alone is, hereby authorized and directed to
