NARRATIVE:

David Saldana is a documented gang member with an extensive adult criminal history that began at the age of 18. His convictions include battery, domestic violence with injury, firearm access violation, multiple cases of transportation of controlled substances for sale, terrorist threats, possession of weapon in jail, vehicle theft, vandalism, disturbing the peace, resisting an officer and being under the influence of controlled substance. He has served multiple state prison terms, the longest being a 4 year term for transportation of controlled substances for sale. Saldana was released from state prison to the supervision of the Los Angeles County Probation Department on April 16, 2019. Under the Governor's Public Safety Realignment Act of 2011, better known as Assembly Bill 109 (AB 109) the responsibility of lower-level offenders was shifted from the State to Los Angeles County. He subsequently failed to report to his probation officer and an arrest warrant was issued in July 2020 after he absconded from post release community supervision (PRCS). Saldana qualified to be released to the supervision of probation, under AB 109, because his current commitment offense for possession of controlled substances for sale is defined as non-serious and non-violent under the California penal code. His criminal history and current failure to comply with the terms of release make him a most wanted. If you know his whereabouts please contact...
