## DEFINITIONS

### **ASSAULT:**

Any instance in which a youth or staff member is involved in a physical contact with another individual(s), even if no one is injured. This includes sexual assaults.

### **DIRECT ASSAULT:**

- a. Intentionally struck by the youth.
- b. Intentionally grabbed or pushed by the youth.
- c. Intentionally spat onto by the youth.
- d. Youth intentionally threw an object that hit staff.
- e. Any physical act by Youth making contact that injured or could have injured staff.

### **INCIDENTAL ASSAULT:**

- a. Unintentionally struck or injured by youth during a restraint or a fight.
- b. Youth pushed past the staff attempting to block their path.

**Safe Crisis Management:**

Physical intervention utilized by deputized Probation staff to physically restrain or separate youth. Our intervention levels are defined below:

- a. **LV1: Step Between (Disengagement)** – The Officer physically places themselves between youth and object/person of aggression and utilizes an open hand guiding movement to separate them.
- b. **LV2: Extended Arm Assist (Standing Assist)** – The Officer uses straight extended arms and hands to control the youth by holding them by the arm and shoulder to physically redirect them away from the situation or prevent escalation of negative behavior.
- c. **LV3: Cradle / Upper Torso / Hook Carry Transport** – These interventions involve an Officer physically restraining the youth's upper body or arms so that they cannot move or act out physically to harm themselves or others.
- d. **LV4: Seated Cradle / Seated Upper Torso / Hook Carry To The Floor** – These interventions involve an Officer physically restraining the youth while he/she is in the seated position, they begin from LV3 interventions where the youth is standing then physically transitioned to a sitting position to afford more control to the staff member.
- e. **LV5: Prone Torso / Prone Bridge / Supine Torso / Supine Extension** – These interventions involve the youth being restrained while on the ground in some form of laying position for a higher level of control used on combative youth. If any of the above listed interventions (LV1-LV4) result in the youth falling to the ground (even if accidental), it is considered an LV5 assist.
- f. **LV6-SR: Soft Restraints** – Staff utilizes department approved soft restraint devices to secure a combative youth's limbs to prevent them from causing harm to themselves or others.
- g. **LV6-OC: Chemical Agent** – The Officer utilizes OC spray in an emergent situation or after other interventions have failed.
