COUNTY DEPARTMENT FACILITIES REOPEN TO THE PUBLIC

A MESSAGE FROM CHIEF GONZALES

For those who are returning to your worksite, Welcome Back! It has been a tough and challenging year for us, both personally and within our organization. You have served your Department and the County admirably throughout this once-in-a-lifetime pandemic, and we are better for it. Thanks in part to the County's declining COVID-19 numbers and the availability of the vaccine, we are excited to reopen our probation offices to the public.

To provide our staff, clients and the community with healthy and safe environments, the Board of Supervisors has mandated that all Los Angeles County employees be COVID-19 vaccinated and provide proof of their vaccination status by October 1, 2021.
