

INTRODUCING RUDY HERNANDEZ

RESERVE DEPUTY PROBATION OFFICER OF THE MONTH

We are pleased to introduce this month's choice for Reserve Deputy Probation Officer of the month, Rudy Hernandez. Rudy has been a reserve for a little over a year now and comes from a law enforcement background. He is a current Reserve Executive Board member and is the training manager for the reserve program.

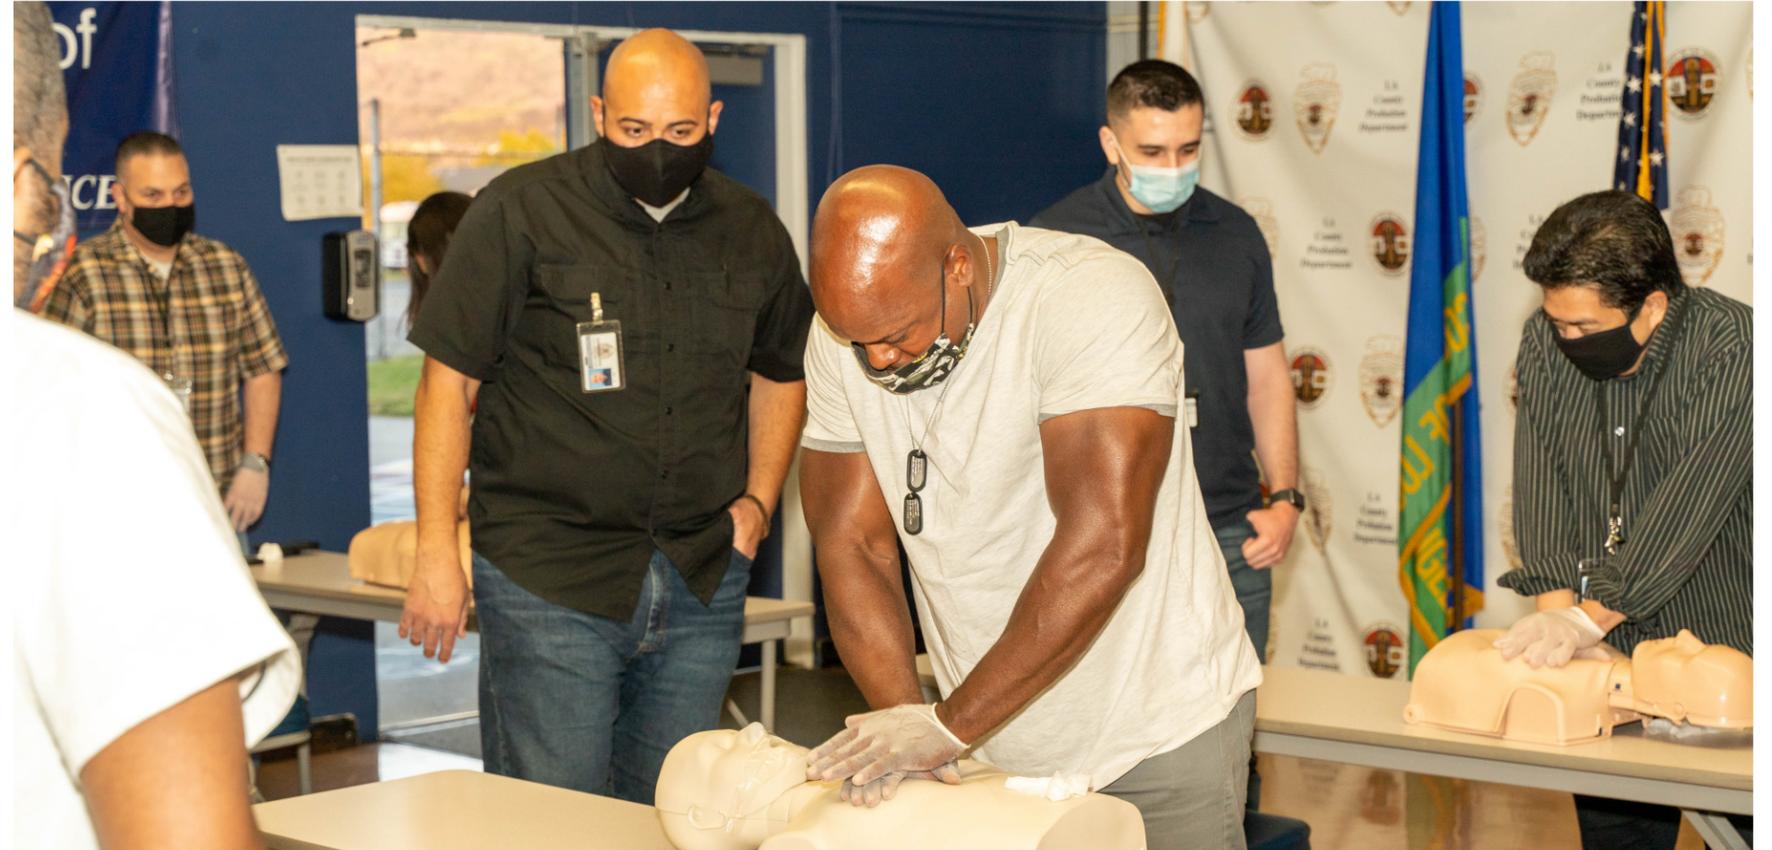

In a recent reserve academy class, Rudy was teaching the recruits CPR. Little did he know that months later his excellent instruction would pay off. Recruit Marlene Skelton had a family member who needed CPR and she was able to employ the techniques she had learned from Rudy and saved a life. Ms. Skelton praised Rudy as an "amazing instructor", "very charismatic, knowledgeable and patient".

Giving back and sharing his knowledge has been his life's work. Rudy is a security professional with over eighteen years of extensive field experience and training in law enforcement operations, physical security, campus safety and threat assessment. He has been an adjunct instructor in criminal justice, served as the operations manager for Off Duty Officers, and worked as a Campus Safety and Security officer at Marymount College, to name a few of his accomplishments.

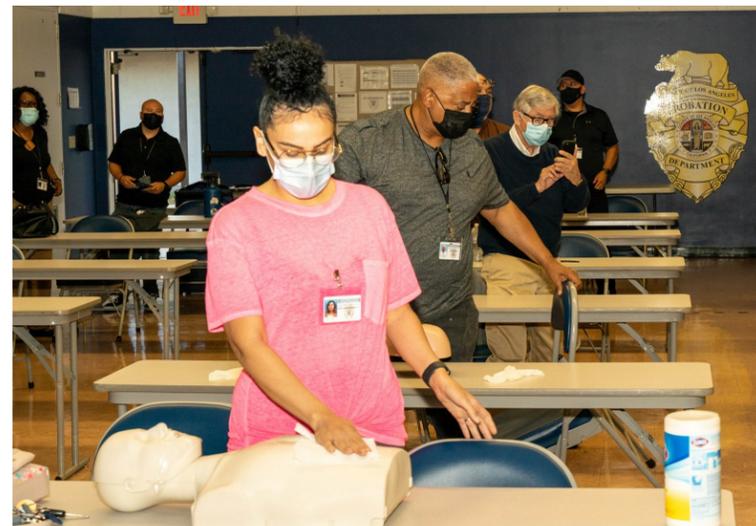

He continues to keep active and current in all aspects of training specifically related to health and wellness. He holds many certifications such as Crisis Counselor, Behavioral Threat Assessment, Master Life Coach, California Department of Justice Firearms Instructor, P.O.S.T. Active Shooter Training and Officer Safety, as well as First Aid and CPR.

Thank you, Rudy Hernandez for your professionalism and service.
