CHILD VISITING AT BJNJH

BJNJH recently formalized an ongoing effort to ensure that youth have regular, routine visits with their own children. Each Saturday from 10am-noon the visiting occurs in an area specifically designed to make it comfortable for both the youth and the child. The first few weeks were successful. All of the youth with children are encouraged to participate.

One of the first SYTF Youth to participate is a father of a 15-month-old. When asked about these visits he stated, "this is providing me motivation to stay on the right track and become a better person and father to my son."
