PROBATION DEPARTMENT'S MOBILE RESOURCE CENTER SERVES TRANSIENT CLIENTS

On Thursday, March 16th, the Los Angeles County Probation Department's Mobile Resource Center was at Long Beach Multi-Service Center (LBMSC). AB-109 Deputies, Healthright 360, and Sens Substance Abuse were also onsite to service transient clients, one of our most vulnerable populations.

The Mobile Resource Center gives AB-109 deputies the ability to go directly to the clients.

Clients checked in with their Probation Officers and received several resources such as clothing, job and housing referrals, substance abuse counseling, and assistance with obtaining important documents such as birth certificates.

The Mobile Resource Center aims to meet the clients where they are, providing them services to assist with completing a successful probationary period and turning their lives in a more positive and productive direction.
