

## **Weekly Update: OCTOBER 10, 2025**

### **Court Hearings**

On October 10, Chief Probation Officer Viera-Rosa appeared in court in response to the Attorney General's petition seeking to place the Los Angeles County Probation Department under receivership. After hearing from both the Probation Department and the State's representatives, the judge continued the matter to October 24, 2025, requesting additional data and information from both parties.

Below is the statement from the Los Angeles County Probation Department regarding the court's decision on the State's receivership petition.

"The Los Angeles County Probation Department appreciates the Court's thoughtful consideration and its decision to deny the State's petition for receivership.

"We agree with the Court that this process should move expeditiously and that greater clarity is needed to define what full compliance means and how success should be measured. The Department remains fully committed to making the necessary changes to bring our juvenile institutions to where they need to be. However, to achieve that goal, we must have both the authority and support to remove barriers that hinder progress rather than perpetuate no-win situations.

"We look forward to working closely with the Court, the State and others to establish realistic, outcome-based standards that reflect both the complexity of this work and the shared goal of creating safe, rehabilitative environments for all youth in Los Angeles County's care."

### **Youth Transfers from Los Padrinos Juvenile Hall**

This month, Campus Kilpatrick's Superintendent and Directors are hosting multiple orientations, trainings, and tours for community-based organizations and partners in preparation for receiving female and gender-expansive youth. Collaboration and teamwork remain essential to ensuring the needs of our youth are fully met.
