EGGLESTON YOUTH CENTER GROUP HOME CONTRACT COMPLIANCE MONITORING REVIEW

The Department of Children and Family Services (DCFS) Out-of-Home Care Management Division (OHCMD) conducted a review of Eggleston Youth Center (the Group Home) in April 2013. The Group Home has three sites located in the Fifth Supervisorial District and provides services to County of Los Angeles DCFS foster children and Probation Department youth. According to the Group Home's program statement, its purpose is "to provide foster youth with opportunities to develop into emotionally healthy and successful individuals."

The Group Home has two 6-bed sites and one 34-bed site and is licensed to serve a capacity of 46 male youth, ages 12 through 17. At the time of review, the Group Home served 12 placed DCFS foster youth and 18 Probation youth. The placed children's overall average length of placement was 5 months, and their average age was 17.

SUMMARY

During OHCMD's review, the interviewed children reported: feeling safe at the Group Home; having been provided with good care and appropriate services; being comfortable in their environment and treated with respect and dignity.

The Group Home was in full compliance with 8 of 9 applicable areas of our Contract compliance review: Licensure/Contract Requirements; Maintenance of Required

"To Enrich Lives Through Effective and Caring Service"

Documentation and Service Delivery; Educational and Workforce Readiness; Health and Medical Needs; Personal Rights and Social/Emotional Well-Being; Personal Needs/Survival and Economic Well-Being; Discharged Children; and Personnel Records.

Psychotropic Medication was not applicable, as none of the placed children were prescribed psychotropic medication at the time of the review.

OHCMD noted deficiencies in the area of Facility and Environment, related to a lack of carbon monoxide detectors installed at any of the group home sites. The Group Home Administrator corrected the deficiency during the monitoring process. OHCMD instructed the Group Home supervisory staff to enhance monitoring in order to eliminate facility maintenance concerns and ensure compliance with Title 22 Regulations.

Attached are the details of our review.

REVIEW OF REPORT

On July 29, 2013, the DCFS OHCMD Monitor, Mary Espinoza, held an Exit Conference with the Group Home Representatives Billy McDaniel, Program Director; Don Gutierrez, Administrator; and Cristina Hernandez, Group Home Social Worker. The Group Home representatives agreed with the review finding and recommendation; were receptive to implementing systemic changes to improve compliance with regulatory standards; and to address the noted deficiency in a Corrective Action Plan (CAP).

A copy of this compliance report has been sent to the Auditor-Controller and Community Care Licensing.

The Group Home provided the attached approved CAP addressing the recommendations noted in this compliance report. OHCMD will assess for implementation of the recommendation during our next monitoring review.

CONTRACT COMPLIANCE MONITORING REVIEW
FISCAL YEAR 2012-2013**

SCOPE OF REVIEW

The following report is based on a “point in time” monitoring visit. This compliance report addresses findings noted during the April 2013 review. The purpose of this review was to assess Eggleston Youth Center Group Home’s (the Group Home) compliance with its County contract and State regulations and included a review of the Group Home’s program statement, as well as internal administrative policies and procedures. The monitoring review covered the following 10 areas:

- Licensure/Contract Requirements,
- Facility and Environment,
- Maintenance of Required Documentation and Service Delivery,
- Educational and Workforce Readiness,
- Health and Medical Needs,
- Psychotropic Medication,
- Personal Rights and Social/Emotional Well-Being,
- Personal Needs/Survival and Economic Well-Being,
- Discharged Children, and
- Personnel Records.

For the purpose of this review, seven placed children were selected for the sample. The Out-of-Home Care Management Division (OHCMD) interviewed each child and reviewed their case files to assess the care and services they received. Additionally, five discharged children’s files were reviewed to assess the Group Home’s compliance with permanency efforts. At the time of the review, none of the children were prescribed psychotropic medication.

OHCMD reviewed five staff files for compliance with Title 22 Regulations and County contract requirements, and site visits were conducted to assess the provision of quality of care and supervision.

CONTRACTUAL COMPLIANCE

OHCMD found the following area out of compliance.

Facility and Environment

- During a walkthrough of the facilities, OHCMD observed that there were no carbon monoxide detectors installed at any of the sites. The finding was immediately brought to the Group Home Administrator’s attention, and he corrected the deficiency during the monitoring process. Carbon monoxide detectors were immediately purchased and installed. OHCMD verified the installation of the carbon monoxide at each facility.

Recommendation

The Group Home's management shall ensure that:

1. The facilities are maintained in compliance with Title 22 Regulations and County contract requirements.

PRIOR YEAR FOLLOW-UP FROM DCFS OHCMD's GROUP HOME CONTRACT COMPLIANCE MONITORING REVIEW

The OHCMD's last compliance report, dated June 24, 2012, identified no recommendations.

MOST RECENT FISCAL REVIEW CONDUCTED BY THE AUDITOR-CONTROLLER

The Auditor-Controller issued a report dated June 5, 2009. The fiscal review identified \$37,806 in disallowed costs and \$81,648 in unsupported/inadequately supported costs. The Fiscal Monitoring and Special Payments Section informed OHCMD that the Group Home is current on its repayment agreement.

CORRECTIVE ACTION PLAN

JULY 30, 2013

II. Facility and Environment

Recommendation number 11. Install carbon monoxide detectors.

Status: (implemented) carbon monoxide detectors were installed at all three sites during monitoring. Group Home Administrator provided photographic documentation of the installations of all three sites; OHCMD monitor verified the installation of the carbon monoxide in all three sites. At the time of inspection Eggleston Youth Center was unaware of the new policy for carbon monoxide detectors.

Plan to prevent reoccurrence: Facility manager will ensure that carbon monoxide detectors are mounted and operative.

Person responsible for implementing corrective action plan: This will be done by having monthly inspections to test the carbon monoxide detectors.

Person responsible for monitoring to ensure corrective action plan remains implemented and is working as intended: Facility manager will be responsible for ensuring that this procedure takes place on a monthly basis

Administrator, Don Gutierrez
