**SUBJECT: LOVING LIFE GROUP HOME CONTRACT COMPLIANCE
MONITORING REVIEW**

The Department of Probation, Placement Permanency & Quality Assurance (PPQA), Group Home Monitoring (GHM) conducted a review of Loving Life I & Loving Life II Group Homes in June 2013. Loving Life I & Loving Life II has two sites located in the Second Supervisorial District of Los Angeles County and provides services to Los Angeles County Probation children. According to Loving Life's program statement, its purpose is to provide services to court dependent children, with behavioral, emotional, and psychological difficulties.

Loving Life I and Loving Life II are both six (6) bed sites and are licensed to serve a capacity of twelve boys, six (6) at each site, ages 7 - 18. At the time of review, Loving Life I & II was serving eleven (11) children. The placed children's overall average length of placement was 7 months, and their average age was 15 years. Five (5) Probation youth were randomly selected for the interview sample. There were two (2) children in the sample who were prescribed psychotropic medication. Additionally, three (3) discharged children's files were reviewed to assess compliance with permanency efforts, and five (5) staff files were also reviewed for compliance with Title 22 Regulations and County Contract Requirements.

SUMMARY

During the PPQA/GHM review, the interviewed children generally reported feeling safe at Loving Life I & Loving Life II and that they were provided with good care and appropriate services, were comfortable in their environment and treated with respect and dignity. Loving Life I & Loving Life II was in compliance with six (6) of the 10 areas of the Contract Compliance Review: Maintenance of Required Documentation and Service Delivery; Education and Workforce Readiness; Health and Medical Needs; Psychotropic Medication; Personal Rights and Social/Emotional Well-Being; and Discharged Children.

However, deficiencies were noted in the areas of Licensure/Contract Requirements, Facility and Environment, Personal Needs/Survival and Economic Well-Being and Personnel Records. Loving Life II needs to conduct monthly emergency drills and document the drills, remove all graffiti in bedrooms and the common areas and ensure backyard repairs are made, provide Life Books to residents upon entering the Group Home and provide the policies and procedures of the Group Home to all employees.

REVIEW OF REPORT

On July 10, 2013, Probation PPQA Monitor Joseph Ninofranco held an Exit Conference with Loving Life I & Loving Life II Administrator Alice Brown. Loving Life I & Loving Life II representative agreed with the review findings and recommendations was receptive to implementing systemic changes to improve their compliance with regulatory standards and agreed to address the noted deficiencies in a Corrective Action Plan (CAP).

A copy of this compliance report has been sent to the Auditor-Controller and Community Care Licensing.

**LOVING LIFE GROUP HOME
CONTRACT COMPLIANCE MONITORING REVIEW
FISCAL YEAR 2012-2013**

SCOPE OF REVIEW

The purpose of this review was to assess Loving Life's compliance with the County contract and State regulations and include a review of the Loving Life's program statement, as well as internal administrative policies and procedures. The monitoring review covered the following 10 areas:

- Licensure/Contract Requirements
- Facility and Environment
- Maintenance of Required Documentation and Service Delivery
- Educational and Workforce Readiness
- Health and Medical Needs
- Psychotropic Medication
- Personal Rights and Social Emotional Well-Being
- Personal Needs/Survival and Economic Well-Being
- Discharged Children
- Personnel Records

For the purpose of this review, five (5) placed children were selected for the sample, five (5) Probation children. Placement Permanency & Quality Assurance, Group Home Monitoring (PPQA/GHM) interviewed each child and reviewed their case files to assess the care and services they received. Additionally, three (3) discharged children's files were reviewed to assess Loving Life's compliance with permanency efforts. All three (3) files reviewed were Los Angeles County Probation children, as Loving Life does not accept Department of Children and Family (DCFS) children. At the time of the review, two (2) placed children were prescribed psychotropic medication. Those case files were reviewed to assess for timeliness of Psychotropic Medication Authorizations (PMAs) and to confirm the required documentation of psychiatric monitoring.

PPQA/GHM reviewed five (5) staff files for compliance with Title 22 Regulations and County contract requirements, and conducted a site visit to assess the provision of quality of care and supervision.

CONTRACTUAL COMPLIANCE

The following four (4) areas were out of compliance.

Licensure/Contract Requirements

- Both Loving Life Sites' emergency and fire drill logs were thoroughly reviewed to ensure that a drill and plan were done every month for the safety and security of the home. The review revealed that Loving Life II did not conduct emergency or fire drills since the month of February 2013, which has been four (4) months with no emergency or fire drills.

Recommendation

1. Loving Life management shall ensure that emergency and fire drills are done monthly and documented appropriately.

Facility and Environment

PPQA/GHM inspected all interiors and exteriors of both Loving Life facilities. The inspection revealed many cosmetic deficiencies in both facilities, with one deficiency that needed immediate attention for the safety and security of the children.

- At Loving Life I, in the backyard, there is a broken screen that shields the piping of the house and needs to be replaced in order for the pipes not to be exposed. Also, in the recreation room, there is a foosball table that has graffiti etched into it and needs to be sanded down and repainted. In the TV room of Loving Life I, there was graffiti on the back wall that needs to be removed and painted. Furthermore, the TV room is missing blinds that need to be replaced, and a loose wire that needs to be secured. With regards to the bedrooms of Loving Life I, closet hinges and drawer rails need replacing and repairing. Also, Bedroom #1 has a broken light socket cover that needs replacing. In Bedroom #2, the headboard needs tightening, as it is loose. In Bedroom #3, the drawer rail needs replacing, as the drawer does not close properly. Finally, in Bedroom #4, there is a hole in the wall that needs patching and painting.
- At Loving Life II, there is graffiti on the toilet roll holder in Bathroom #1 that needs to be removed or replaced. In the living room of Loving Life II, there is graffiti under the TV mount that needs to be removed. Also, the kitchen has missing blinds that need to be replaced. In Bedroom #1, of Loving Life II, there is graffiti in the closet that needs to be removed. In Loving Life II, in Bedroom #3, there is a section of carpet in the corner missing with nails being exposed that needs immediate attention. Also, Bedroom #3 is missing blinds that need to be replaced.

Recommendation

Loving Life's management shall ensure that:

1. All of the aforementioned physical deficiencies cited that have not already been fixed, will be corrected and repaired in a timely fashion. This shall be in accordance with the Community Care Licensing, Title 22 standards, which states that all Group Home sites are to be "clean, safe, sanitary and in good repair at all times".

Personal Needs/Survival And Economic Well-Being

- One resident stated that upon arrival to Loving Life I, he was not provided a Life Book or Photo Album nor was unaware what a Life Book was.

Recommendation

Loving Life's management shall ensure that:

1. All residents shall be encouraged or assisted in creating and maintaining photo albums or life books upon arrival in the Group Home.

Personnel Records

- Upon reviewing a sample of Personnel Files at both Loving Life facilities, one employee's file did not include employee's policy and procedures in staff's personnel file.

Recommendation

Loving Life's management shall ensure that:

1. All necessary paperwork and documents are included in each employee's personnel files

PRIOR YEAR FOLLOW-UP FROM PROBATION'S PPQA GHMU's GROUP HOME CONTRACT COMPLIANCE MONITORING REVIEW

PPQA/GHM's last compliance report dated July 24, 2012, identified seven (7) recommendations.

Results
