**SUBJECT: GUIDING LIGHT HOME FOR BOYS SITES I AND II GROUP HOME  
CONTRACT COMPLIANCE MONITORING REVIEW**

The Department of Probation, Placement Permanency & Quality Assurance (PPQA), Group Home Monitoring (GHM) conducted a review of Guiding Light Home for Boys Sites 1 and 2 in October 2013. Guiding Light Home for Boys has two (2) sites located in the Fifth Supervisorial District of Riverside County. Guiding Light Home for Boys provides services to Los Angeles County Probation children and the Department of Children and Family Services (DCFS). According to Guiding Light Home for Boys program statement, its purpose is to provide a structured group living environment designed to motivate and modify serious behavioral problems and provide treatment from drug and alcohol, anger management, group therapy, one on one therapy, mentoring programs, extensive emancipation, tutoring services and church services for those who are interested. Guiding Light Home for Boys has two (2) six-bed sites that provide care for boys 14 - 17 years of age. At the time of the review, Guiding Light Home for Boys was providing care for two (2) Probation children and did not have any DCFS children. The placed children's overall average length of stay was two months, and their average age, at the time of inspection, was 17 years old.

The interview sample size was two (2) children; however, one child left the Group Home without permission prior to being interviewed and the remaining child was not on any psychotropic medication. Additionally, only one (1) discharged child's file was reviewed to assess compliance with permanency efforts, due to the Group Home only having one Los Angeles County child discharged. Five (5) staff files were reviewed for compliance with Title 22 Regulations and County Contract Requirements.

### **SUMMARY**

During the PPQA/GHM review, the interviewed child reported feeling safe at Guiding Light Home for Boys, and that he was provided with good care and appropriate services, was comfortable in his environment and treated with respect and dignity. Guiding Light Home for Boys was in compliance with five (5) of the 10 areas of our Contract Compliance Review: Education and Workforce Readiness; Health and Medical Needs; Psychotropic Medication; Personal Rights and Social/Emotional Well-Being; and Personal Needs/Survival and Economic Well-Being.

However, deficiencies were noted in the areas of Licensure/Contract Requirements, Facility and Environment, Maintenance of Required Documentation and Service Delivery, Discharge Children and Personnel Records. Guiding Light Home for Boys Site I had a personal rights violation in January 2013; however, they did not have any safety or physical plant deficiencies. They also needed to develop a waiver for each child to sign that they are choosing not to have the disbursement of clothing vouchers on a monthly basis, rather on a quarterly basis. The Group Home also needs to develop comprehensive Needs and Service Plans (NSPs). PPQA/GHM instructed Guiding Light Home for Boys supervisory staff to treat each child as an individual when developing their NSPs. An emphasis was placed on ensuring that the goals were specific to each child, measurable, attainable, and time orientated. Staff was also encouraged to make sure the child/children are present at the NSP meetings to give their input regarding their goals and to ensure that the goals were written in a way that the child/children could understand. Lastly, Guiding Light Home for Boys needed to correct the minor deficiencies that were noted at Site 2 and to address the deficiencies with the personnel records.

### **REVIEW OF REPORT**

On October 24, 2013, Probation PPQA Monitor RaTasha Smith held an Exit Conference with Guiding Light Home for Boys representatives Stanley Powell, Assistant Administrator and Shugella Weaver-Thomas, Assistant Program Director. Guiding Light Home for Boys representatives agreed with the review findings and recommendations and were receptive to implementing systemic changes to improve their compliance with regulatory standards, as well as address the noted deficiencies in a Corrective Action Plan (CAP). They also stated that they will be implementing a new therapist to develop comprehensive NSPs effective October 12, 2013. Although the new therapist was hired in October 2013, she will not participate in her first treatment plan meeting until November 13, 2014.

A copy of this compliance report has been sent to the Auditor-Controller and Community Care Licensing.

Guiding Light Home for Boys provided the attached approved CAP addressing the recommendations noted in this compliance report. A follow-up visit was conducted and all deficiencies cited in CAP were corrected or systems were put in place to avoid future deficiencies. Assessment for continued implementation of recommendations will be conducted during the next monitoring review.

**GUIDING LIGHT HOME FOR BOYS GROUP HOME  
CONTRACT COMPLIANCE MONITORING REVIEW  
FISCAL YEAR 2013-2014**

**SCOPE OF REVIEW**

The purpose of this review was to assess Guiding Light Home for Boys compliance with the County contract and State regulations and include a review of the Group Home's program statement, as well as internal administrative policies and procedures. The monitoring review covered the following 10 areas:

- Licensure/Contract Requirements
- Facility and Environment
- Maintenance of Required Documentation and Service Delivery
- Educational and Workforce Readiness
- Health and Medical Needs
- Psychotropic Medication
- Personal Rights and Social Emotional Well-Being
- Personal Needs/Survival and Economic Well-Being
- Discharged Children
- Personnel Records

For the purpose of this review, the only two (2) children placed at the time of this review were selected for the sample; however, one of the children left the facility without permission before an interview was conducted with him. At the time of the review, there were no other Los Angeles County placed children from Probation or the Department of Children and Family Services (DCFS). Placement Permanency & Quality Assurance (PPQA), Group Home Monitoring (GHM) interviewed the remaining child and reviewed his case file to assess the care and services he received. Additionally, one (1) discharged child's file was reviewed to assess Guiding Light Home for Boys compliance with permanency efforts; the one file was Probation since there were no Los Angeles County DCFS children discharged during the year. At the time of the review, there were no placed children who were prescribed psychotropic medication. PPQA/GHM reviewed the agency's medication case files to assess for timeliness of Psychotropic Medication Authorizations (PMAs) and to confirm the required documentation of psychiatric monitoring on previous cases.

PPQA/GHM reviewed five (5) staff files for compliance with Title 22 Regulations and County contract requirements, and conducted a site visit to assess the provision of quality of care and supervision.

**CONTRACTUAL COMPLIANCE**

The following five (5) areas were out of compliance.

**Licensure/Contract Requirement**

During the monitoring review, it was noted that the Group Home did not have a waiver that would give the children the option of saving their clothing voucher and receiving it on a monthly basis or on a quarterly basis. One of the children had elected to save his clothing voucher because he felt that he could not purchase very much with \$50.00 and wanted to receive it quarterly; however, there was no documentation in the file indicating this option.

Community Care Licensing also reported that Guiding Light Home for Boys Site 1 had a substantiated complaint in January 2013, for a personal rights violation. Guiding Light's previous site, Clearwater License # 336424036, which was closed 9/3/13, had a substantiated personal rights violation, for refusing to allow a child back into the home after he went AWOL. The child refused to allow the Group Home staff to search his belongings, so the staff refused to allow the child to enter the home. Notice of this violation had not been received until after the 2012-2013 review period. Guiding Light has retrained the staff on AWOL procedures and Community Care Licensing has approved their corrective action plan. However, they did not have any safety or physical plant deficiencies.

1. Guiding Light Home for Boys management shall ensure that a waiver is developed and placed in each child's file giving them their clothing voucher issuance options.
2. Guiding Light Home for Boys management shall make all attempts to ensure that they are free of all substantiated complaints.

### **Facility and Environment**

During the facility inspection, there were some minor deficiencies noted at Site 2. Site 2 needs to remove the spray paint graffiti from the fence in the back yard. Site 2 also needs to repair or replace the intercom system on the wall in the TV room and in all three bedrooms.

### **Recommendation**

1. Guiding Light Home for Boys management shall ensure that the aforementioned deficiencies cited related to the exterior, common areas and bedrooms will be corrected in a timely fashion.

### **Maintenance of Required Documentation and Service Delivery**

Of the two (2) NSP's reviewed, both were initial NSP's. They were both developed timely; however, they were not comprehensive. Both NSP's were missing the Deputy Probation Officer (DPO) signature authorizing the implementation of the NSP; however, the file did contain one documented effort to obtain the DPO's signature. The NSP's were not child specific, time orientated, or measurable. There was no way to determine if the children were making progress toward their goals. An example of one of the NSP's goals was to "Decrease maladaptive behaviors of rage in school". This goal is not acceptable because it is not specific, measurable or time limited. The children's length of placement did not warrant updated NSP's; therefore, the elements related to child's progression and updated NSPs are non-applicable (N/A).

### **Recommendation**

1. Guiding Light Home for Boys management shall ensure that all NSP's are comprehensive. The NSP's should be specific to each child and the goals should be written in a detailed and updated manner to show that the child is making progress towards their goals.

### **Discharged Children**

In the one (1) discharged file that was reviewed, there was an initial and an updated NSP. The documents in the file revealed that the child was receiving therapeutic services; however, the NSP's were not comprehensive. The updated NSP goals were almost identical to the initial NSP goals. In the initial NSP, the goals were general and not child specific. Since the goals on the updated NSP identical to those on the initial NSP, they were not measurable, and there was no way to determine if the child was making progress.

### **Recommendation**

1. Guiding Light Home for Boys management shall ensure that all discharged children's initial and updated NSP's are comprehensive. The NSP's should be specific to each child and the goals should be written in a detailed and updated manner to show that the child is making progress towards their goals.

### **Personnel Records**

During the monitoring review, it was noted that three (3) of the employees were missing their signed criminal background statement form. There was also one (1) employee who did not have a timely initial health screen.

### **Recommendation**

1. Guiding Light Home for Boys management shall ensure that all future personnel have signed criminal background statements and timely health screens present in the files.

### **PRIOR YEAR FOLLOW-UP FROM THE PROBATION PPQA/GHM GROUP HOME CONTRACT COMPLIANCE MONITORING REVIEW**

PPQA/GHM's last compliance report dated June 9, 2014, identified three (3) recommendations.

### **Results**

Based on the follow-up, Guiding Light Home for Boys fully implemented one (1) of the three (3) previous recommendations for which they were to ensure that:

- The physical deficiencies were corrected

The two (2) recommendations that remain out of compliance for the 2013-2014, fiscal year, are in the area of "Maintenance of Required Documentation and Service Delivery and Discharge Children":

- The Group Home's initial NSP's continue to be non-comprehensive and specific to each child
- The Group Home's initial and updated NSP's for discharged children continue to be non-comprehensive or child specific.

The Group Home has attempted to improve the quality and comprehensiveness of the children's NSP's by hiring a new therapist who is in charge of developing their NSP's effective October 11, 2013.
