### NARRATIVE:

Carlos Berry is a documented gang member and has an extensive adult criminal history that began at the age of 19. His convictions include carjacking, robbery, multiple cases of battery, multiple cases of domestic violence with injury, transporting controlled substances, petty theft, false identification to a peace officer, possession of controlled substances in a jail, possession of controlled substance with state prison prior, possession of drug paraphernalia, resisting an officer and possession of marijuana for sale. He has served multiple state prison terms, the longest being a 9 year term for carjacking. Berry was released from state prison to the supervision of the Los Angeles County Probation Department on November 30, 2014. Under the Governor's Public Safety Realignment Act of 2011, better known as Assembly Bill 109 (AB 109) the responsibility of lower-level offenders was shifted from the State to Los Angeles County. He subsequently failed to report to his probation officer and an arrest warrant was issued in May 2015 after he absconded from post release community supervision (PRCS). Berry qualified to be released to the supervision of probation, under AB 109, because his current commitment offense for transporting and selling controlled substances is defined as non-serious and non-violent under the California penal code. His criminal history, gang member status and current failure to comply with the terms of release make him a most wanted. If you know his whereabouts please contact...
