NARRATIVE:

Emmanuel Lugo is a documented gang member with an extensive adult criminal history that began at the age of 18. His convictions include possession of controlled substances while armed with a firearm, firearm access violation, vehicle theft, grand theft, forgery, identity theft, receiving stolen property, several cases of possession of narcotic controlled substances, several cases of possession of controlled substances for sale, being under the influence of controlled substances and several cases of being an unlicensed driver. He has served multiple state prison incarcerations, the longest being a 4 year term for possession of narcotic controlled substances while armed with a firearm. Lugo was released from state prison to the supervision of the Los Angeles County Probation Department on December 25, 2014. Under the Governor's Public Safety Realignment Act of 2011, better known as Assembly Bill 109 (AB 109) the responsibility of lower-level offenders was shifted from the State to Los Angeles County. He subsequently failed to report to his probation officer and an arrest warrant was issued in June 2015 after he absconded from post release community supervision (PRCS). Lugo qualified to be released to the supervision of probation, under AB 109, because his current commitment offense for the possession of the controlled substance while armed with a firearm is defined as non-serious and non-violent under the California penal code. His criminal history, gang member status and current failure to comply with the terms of release make him a most wanted. If you know his whereabouts please contact...
