SUBJECT: **GUIDING LIGHT HOME FOR BOYS INC. GROUP HOME CONTRACT  
COMPLIANCE MONITORING REVIEW**

The Department of Probation, Placement Permanency & Quality Assurance (PPQA), Group Home Monitoring (GHM), conducted a review of Guiding Light Home for Boys Inc. in October 2015. Guiding Light has two sites, located in the Fifth Supervisorial District of Riverside County. They provide services to Los Angeles County Probation foster children and Los Angeles County Department of Children and Family Services (DCFS) foster children. According to Guiding Light Home for Boys Inc.'s program statement, its purpose is to provide a structured group living environment designed to motivate and modify behavioral problems and provide treatment for drug and alcohol dependency, anger management, group therapy, one on one therapy, mentorship programs, extensive emancipation, counseling services, tutoring services and church services for those who are interested.

Guiding Light Home for Boys has two (2) six-bed sites and is licensed to serve a capacity of 12 boys, 14-17 years of age. At the time of review, Guiding Light did not have any Los Angeles County Probation or DCFS foster children.

There were no discharged children files to review to assess compliance with permanency efforts since there have been no Los Angeles County foster children placed in the past year, and five staff files were reviewed for compliance with Title 22 Regulations and County Contract Requirements.

### **SUMMARY**

Guiding Light was in compliance with none of the 10 areas of our Contract Compliance Review. Seven (7) of the areas were not applicable due to the Group Home not having any Los Angeles County Probation or DCFS children placed for the sample. The following areas did not apply during this monitoring review: "Maintenance of Required Documentation and Service Delivery", "Educational and Workforce Readiness", "Health and Medical Needs", "Psychotropic Medication", "Personal Rights and Social/Emotional Well-Being", "Personal Needs/Survival and Economic Well-Being", and "Discharge Children".

Although PPQA/GHM noted deficiencies in the remaining three (3) of the 10 applicable areas, there were no egregious findings or child safety issues in any of the areas. In the area of "Licensure/Contract Requirements", Guiding Light Home for Boys Inc. needed to ensure that their vehicles are kept in good repair and that they are free of substantiated Community Care Licensing complaints. These were the same deficiencies in this area from the last review period. It was noted in the area of "Facility and Environment" that Guiding Light Home for Boys Inc. needed to make minor repairs to the interior of the home, ensure children had hot running water and remove a broken basketball goal, which could be a hazard due to the shattered backboard. In the area of "Personnel Records", Guiding Light Home for Boys Inc. failed to ensure that all employees had their required training, and one staff was missing their current driver's license.

### **REVIEW OF REPORT**

On November 5, 2015, Probation PPQA Monitor RaTasha Smith held an Exit Conference with Guiding Light Home for Boys Inc. Assistant Administrator Stanley Powell. Mr. Powell agreed with the review findings and recommendations and was receptive to implementing systemic changes to improve their compliance with regulatory standards, as well as address the noted deficiencies in a Corrective Action Plan (CAP).

Guiding Light Home for Boys Inc. provided the attached approved CAP addressing the recommendations noted in this compliance report and explained how they will ensure that repeated deficiencies of the same nature will be avoided. A follow-up visit was conducted and all deficiencies cited in the CAP were corrected or systems were put in place to avoid future deficiencies; however, a quarterly follow up will be conducted on vehicles and hot running water to ensure the agency's adherence to their CAP in this area. Assessment for continued implementation of recommendations will be conducted during the next monitoring review.

A copy of this compliance report has been sent to the Auditor-Controller and Community Care Licensing.

**GUIDING LIGHT HOME FOR BOYS INC. GROUP HOME  
CONTRACT COMPLIANCE MONITORING REVIEW  
FISCAL YEAR 2015-2016**

**SCOPE OF REVIEW**

The purpose of this review was to assess Guiding Light Home for Boys compliance with the County contract and State regulations and include a review of the Guiding Light Home for Boys Inc.'s program statement, as well as internal administrative policies and procedures. The monitoring review covered the following 10 areas:

- Licensure/Contract Requirements
- Facility and Environment
- Maintenance of Required Documentation and Service Delivery
- Educational and Workforce Readiness
- Health and Medical Needs
- Psychotropic Medication
- Personal Rights and Social Emotional Well-Being
- Personal Needs/Survival and Economic Well-Being
- Discharged Children
- Personnel Records

At the time of the review Guiding Light Home for Boys Inc. did not have any Los Angeles County DCFS or Probation foster children placed. Guiding Light has not had any Los Angeles County children during the last 2 monitoring reviews; therefore, discharge children's files were not available to review to assess for permanency efforts.

Five (5) staff files were reviewed for compliance with Title 22 Regulations and County contract requirements, and a site visit was conducted to assess the provision of quality care and supervision.

**CONTRACTUAL COMPLIANCE**

Of the 10 areas under review only three (3) were applicable, and the following three (3) areas were out of compliance.

**Licensure/Contract Requirements**

Of the nine (9) elements under this area, only four (4) elements were applicable to review due to the fact that there were no Los Angeles County foster youth placed. The areas reviewed included vehicle condition; disaster drills; runaway procedures and CCL complaints, and the deficiencies noted are as follows:

- During the inspection of the facility vehicles, it was noted that the vehicle located at the Middle Brook Site (Site 2) needed to replace the rear storage compartments on both sides of the van. The rear storage/cup holder compartments were missing from both sides of the van leaving the inside of the van exposed. Graffiti needed to be removed throughout the vehicle, as there was graffiti scratched on the side walls inside the van near the top of the seat belts on both sides.
- Guiding Light Home for Boys Inc.'s Saffron Site (Site 1) has a substantiated allegation from April 16, 2015, for a personal rights violation for a staff not allowing the children to receive telephone calls. Guiding Light has satisfied Community Care Licensing's requirement for this citation by conducting training on personal rights on April 30, 2015.

### **Recommendation**

Guiding Light Home for Boys Inc. management shall ensure that:

1. All vehicles are repaired in a timely manner and remain in good repair.
2. All sites strive to be free of substantiated complaints by adhering to all Community Care Licensing Requirements and Standards.

### **Facility and Environment**

An inspection of the interiors and exteriors of Guiding Light Home for Boys Inc. revealed some cosmetic deficiencies that require correction.

- At Guiding Light Home for Boys Inc.-Saffron site (Site 1), the Group Home needs to ensure that the water is hot in the shower and sink of restroom #1. During the inspection, the water was turned on to run, in both areas for approximately two minutes and the water did not get hot.
- The Saffron Site (Site 1) also had expired food. The Group Home had all of the food clearly marked for expiration; however, it remained in the cabinets, available for the children to consume after the expiration date. The inspection revealed five (5) bags of marshmallow's that expired in December 2014, two (2) boxes of stuffing mix that expired in October 2014, three (3) one (1) pound sausage breakfast rolls that expired in March 2015 and eight (8) bags of cookies that expired in January 2015. Once the food was identified, it was pulled from the shelves and out of the refrigerator/freezer and disposed of.

- At Guiding Light Home for Boys Inc.-Middle Brook Site (Site 2), the Group Home needs to replace the window screen in Bedroom #1, remove the graffiti on the door stop in the restroom located in Bedroom #1 and from the closet in Bedroom #1.
- The Middle Brook Site (Site 2) needs to remove the broken portable basketball goal from the back yard due to the shattered backboard which is a potential safety hazard.
- The Middle Brook Site (Site 2) also had expired food. The Group Home had all of the food clearly marked for expiration; however, it remained in the cabinets available for the children to consume. The inspection revealed a mixed vegetable platter in the refrigerator, which was expired by two days, one (1) bottle of ketchup that expired in December 2014, two (2) boxes of crackers that expired in January 2015, four (4) boxes of stuffing mix that expired in January 2015, six (6) jars of spaghetti sauce that expired January 2015 and 22 individual boxes of cereal that expired in January 2015. Once the food was identified, it was pulled from the shelves and out of the refrigerator/freezer and disposed of.

### **Recommendation**

Guiding Light Home for Boys Inc. management shall ensure that:

1. All of the aforementioned deficiencies sited to the common areas of the home are repaired or corrected in a timely manner by ensuring that hot running water is maintained consistently throughout both sites.
2. All of the aforementioned deficiencies sited in the children's bedrooms are repaired or corrected in a timely manner.
3. Sufficient Recreational Equipment/Educational Resources are available and maintained by removing and replacing the broken basketball goal from the backyard.
4. Both sites maintain adequate and nutritious perishable and non-perishable foods and adhere to the product expiration dates.

### **Personnel Records**

Five (5) staff files were reviewed for compliance with Title 22 Regulations and County Contract Requirements, and during the review, the following deficiencies were found:

- One staff file was missing a copy of a valid driver's license.
- All five (5) staff files were missing verification of emergency intervention training. All five (5) staff files were also missing the required Commercially Sexually Exploited Children (CSEC) training, Developmental Disability (DD) training and Child Abuse training, as well as documentation of additional annual training. The required annual training could not be verified due to the Group Home's failure to provide the staff training log during the monitoring review. The Group Home did not have training logs due to the fact that training was not received. The person responsible for scheduling staff annual training failed to do so, and once this was discovered, the staff was terminated.

### **Recommendation**

Guiding Light Home for Boys Inc. management shall ensure that:

1. All employees have a copy of their valid driver's license in their personnel file.
2. All employees have verification of all required training present in their personnel files.

### **PRIOR YEAR FOLLOW-UP FROM THE PROBATION PPQA GHM GROUP HOME CONTRACT COMPLIANCE MONITORING REVIEW**

PPQA/GHM's last compliance report dated August 17, 2015, identified three (3) recommendations.

### **Results**

Based on the follow-up, Guiding Light Home for Boys Inc. fully implemented two (2) of the four (4) previous recommendations for which they were to ensure that:

- All employees have documentation of their education/experience included in their personnel files.
- All physical deficiencies are repaired or corrected in a timely manner.

However, the follow-up discovered that Guiding Light Home for Boys Inc. failed to fully implement two (2) of the previous four (4) recommendations for which they were to ensure that:

- Keep all vehicles in good repair

- Strive to be free from substantiated complaints by adhering to all CCL Requirements and Standards.
- Guiding Light fully implemented the recommendations from the prior year review under Facility and Environment, however; they have new recommendations during this review period.

**MOST RECENT FISCAL REVIEW CONDUCTED BY THE AUDITOR-CONTROLLER**

In conclusion, Guiding Light Home for Boys is currently restructuring our program, bringing in case managers for each site to enhance our Quality Assurance Plan, to maintain compliance, working with a few consultants in preparing to change policies, working on trainings on new implementations, and moving towards the CARF Accreditation Process.
