Los Angeles, CA 90012

Dear Supervisors:

**THE HIGHWAY SAFETY, TRAFFIC REDUCTION, AIR QUALITY, AND
PORT SECURITY BOND ACT OF 2006 (PROPOSITION 1B) –
LOCAL STREETS AND ROAD IMPROVEMENT, CONGESTION RELIEF,
AND TRAFFIC SAFETY ACCOUNT OF 2006
APPROVE REVISED ROAD CONSTRUCTION PROJECT LIST FOR FIRST
APPROPRIATION OF STATE PROPOSITION 1B FUNDS TO THE COUNTY OF
LOS ANGELES FOR LOCAL STREETS AND ROADS
(ALL SUPERVISORIAL DISTRICTS)
(3 VOTES)**

SUBJECT

This action is to approve a revised Department of Public Works project list for the first appropriation of State Proposition 1B funds to the County of Los Angeles in Fiscal Year 2007-08.

IT IS RECOMMENDED THAT YOUR BOARD:

1. Approve the revised list of road improvement projects to be financed with the first appropriation of Proposition 1B funds received by the County of Los Angeles in Fiscal Year 2007-08 under the Local Streets and Road Improvement, Congestion Relief, and Traffic Safety Account of 2006.
2. Authorize the Director of Public Works or her designee to approve future revisions to the project list allowing for adjustments of up to 10 percent in the budgeted amounts for each project with no major changes in project scope nor any deletion or addition of a project.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The purpose of the recommended action is to obtain your Board's approval of the enclosed revised list of Department of Public Works (Public Works) road improvement projects to be financed with the first appropriation of the State Local Streets and Road Improvement, Congestion Relief, and Traffic Safety Account of 2006 - Proposition 1B (Proposition 1B) funds to the County of Los Angeles (County) in Fiscal Year 2007-08, with a maximum 10 percent variation in the budgeted amounts of each project. This action will enable Public Works to proceed with the recommended road improvement projects and ensure that the funds are expended by the June 30, 2011 deadline.

Implementation of Strategic Plan Goals

The Countywide Strategic Plan directs the provision of Operational Effectiveness (Goal 1) and Community and Municipal Services (Goal 3). By addressing local traffic congestion and improving the condition of the roadways in the County, residents of unincorporated County areas and nearby cities who travel on County roads will benefit and their quality of life will be improved.

FISCAL IMPACT/FINANCING

There will be no impact to the County General Fund.

The first allocation of funds appropriated by the State under Proposition 1B were received by Public Works in Fiscal Year 2007-08 and deposited in the Road Fund. Following your Board's approval of the enclosed revised project list, Public Works will transmit the list and other project information to the State Department of Finance for approval of the County's use of the funds.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

Proposition 1B, which was approved by the voters in November 2006, authorized the sale of \$19.925 billion in State general obligation bonds for various transportation programs throughout the State, including congestion relief projects, public transit, and goods movement. Proposition 1B provides for the State Legislature to appropriate funding for these programs over a multiyear period.

Various transportation programs fund projects through a combination of direct allocations to local agencies and competitive grants. One of these programs is the direct allocation of funds to cities and counties under Proposition 1B. Under Proposition 1B, \$1 billion will be allocated directly to counties and \$1 billion will be

allocated directly to cities. The funds must be used for improvements to address local traffic congestion, street and highway pavement maintenance, drainage facilities, traffic control devices, facilities that expand ridership on transit systems, and safety projects to reduce fatalities. Of the \$1 billion allocated to counties, the County will receive approximately \$194 million.

The Fiscal Year 2007-08 State Budget included an initial appropriation of \$950 million of the \$2 billion allocated to cities and counties under Proposition 1B. Of the \$950 million appropriated in Fiscal Year 2007-08 to cities and counties, the counties received \$400 million. The County received \$76.9 million of the \$400 million apportioned to counties statewide.

Under the program guidelines, the County is required to have a list of projects approved by your Board for the expenditure of the funds. Enclosed is a revised list of projects representing the \$76.9 million received in Fiscal Year 2007-08. The list has been revised based on changes in project cost estimates and scope of work to be performed. The list shows the project allocations approved by your Board on May 12, 2009, as well as the revised allocation amounts. The first allocation of funds must be expended by June 30, 2011. Some projects have been removed from the list and replaced with other projects due to updated delivery schedules. The revisions to the project list are necessary to ensure that all funds are expended prior to the deadline. The total allocation of funds to each supervisorial district remains the same. Upon approval, this updated project list will also be forwarded to the State Department of Finance for approval of the County's proposed use of the funds.

It is also requested that your Board authorize the Director of Public Works or her designee to approve future revisions to the project list allowing for adjustments of up to 10 percent in the budgeted amounts for each project. The State allows such minor changes in the project budgets and shifting funds between the approved projects without governing body approval provided that there are no major changes in project scope nor any deletion or addition of a project. Your Board's approval of these future minor adjustments to the project budgets will obviate the necessity of additional Board action to approve such adjustments.

On May 12, 2009, your Board approved project lists for the State's proposed second and third appropriations of Proposition 1B funds. The State has delayed disbursement of these funds and is unable to provide a time frame as to when the funds might be released.

ENVIRONMENTAL DOCUMENTATION

In accordance with Section 15378(b)(4) of the State of California Environmental Quality Act Guidelines (CEQA), the acceptance of Proposition 1B bond proceeds does not constitute a project and therefore is not subject to the requirements of CEQA. An environmental review and the appropriate environmental document for each project will be prepared and submitted for your Board's approval at the appropriate time.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

Upon completion of the projects, motorists will be provided with safe, smooth, and aesthetically pleasing roadways.

CONCLUSION

Please return one adopted copy of this letter to Public Works, Programs Development Division, for further processing.

Respectfully submitted,

GAIL FARBER
Director of Public Works
