### SUBJECT

This action is to approve a project to reconstruct the roadway pavement on Brannick Avenue, Duncan Avenue, Dunham Street, Hubbard Street, La Verne Avenue, Record Avenue, Sunol Drive, Wilkins Avenue, and Woods Place in the unincorporated community of East Los Angeles; adopt the plans and specifications; call for bids; and authorize the Director of Public Works or her designee to award and execute a contract with the lowest responsive and responsible bidder.

### **IT IS RECOMMENDED THAT YOUR BOARD:**

1. Find that this project is categorically exempt from the provisions of the California Environmental Quality Act.
2. Approve the project and adopt the plans and specifications for Brannick Avenue, et al., roadway reconstruction, in the unincorporated community of East Los Angeles, at an estimated cost between \$2,400,000 and \$2,900,000.
3. Call for bids to be received on June 9, 2009.

4. Instruct the Executive Officer of your Board to advertise the project and seal and return the plans and specifications to the Department of Public Works for filing.
5. Authorize the Director of Public Works or her designee to award and execute a contract with the lowest responsive and responsible bidder within the estimated cost range, approve the Faithful Performance and Labor and Material Bonds submitted by the contractor, and deliver the project.

#### **PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION**

The purpose of the recommended action is to obtain Board approval to adopt and advertise for bids and authorize the Director of Public Works or her designee to award and execute a construction contract with the lowest responsive and responsible bidder for the reconstruction of roadway pavement, curb and gutter, driveways, and sidewalk; construction of curb ramps, detectable warning surfaces, stabilization geotextiles, and bus pads; and the performance of other appurtenant work.

#### **Implementation of Strategic Plan Goals**

The Countywide Strategic Plan directs the provisions of Operational Effectiveness (Goal 1) and Community and Municipal Services (Goal 3). The recommended action will help meet these goals by providing improved highway facilities for the traveling public, which will benefit the community.

#### **FISCAL IMPACT/FINANCING**

There will be no impact to the County General Fund.

The estimated construction cost to complete this project is in the range of \$2,400,000 to \$2,900,000. This project will be financed with State Proposition 1B funds under the Local Streets and Road Improvement, Congestion Relief, and Traffic Safety Account of 2006. This project is included in the First Supervisorial District's Road Construction Program in the Fiscal Year 2008-09 Road Fund Budget.

This project is to be completed in 120 working days. It is estimated the work will start in September 2009 and be completed in February 2010.

Delegating to the Director of Public Works or her designee the authority to award and execute this construction contract allows an expedited contracting process to obtain a contractor for the reconstruction of existing roadway pavement.

The contract agreement will be in the form previously reviewed and approved by County Counsel.

The project specifications contain provisions requiring the contractor to comply with terms and conditions supporting your Board's ordinances, policies, and programs, including but not limited to: County's Greater Avenues for Independence and General Relief Opportunities for Work Programs (GAIN and GROW), Board Policy No. 5.050; Contract Language to Assist in Placement of Displaced County Workers, Board Policy No. 5.110; Reporting of Improper Solicitations, Board Policy No. 5.060; Notice to Contract Employees of Newborn Abandonment Law (Safely Surrendered Baby Law), Board Policy No. 5.135; Contractor Employee Jury Service Program, Los Angeles County Code, Chapter 2.203; Notice to Employees Regarding the Federal Earned Income Credit (Federal Income Tax Law, Internal Revenue Service Notice 1015); Contractor Responsibility and Debarment, Los Angeles County Code, Chapter 2.202; the Los Angeles County's Child Support Compliance Program, Los Angeles County Code, Chapter 2.200; and the standard Board-directed clauses that provide for contract termination or renegotiation.

The State Public Contract Code requires the County to award construction contracts to the lowest responsive and responsible bidder, which is defined as the firm that; (1) submits the bid with the lowest cost; (2) is deemed by the County to be responsive to specific criteria under the solicitation including, but not limited to, licensure, bonding, and insurance requirements; and (3) is determined by the County to be a responsible bidder by exhibiting the capability, capacity, experience, trustworthiness, and financial wherewithal to perform the work required under the bid solicitation.

To ensure that the contract is awarded to the lowest responsible contractor with a satisfactory history of performance, bidders are required to report violations of the False Claims Act, criminal convictions, civil litigation, defaulted contracts with the County, complaints filed with the Contractor's State License Board, labor law/payroll violations, and debarment actions. As provided for in Board Policy No. 5.140, the information reported by the contractor will be considered before making a recommendation to award.

The Honorable Board of Supervisors

The plans and specifications include the contractual provisions, methods, and material requirements necessary for this project and are on file with Public Works.

### **ENVIRONMENTAL DOCUMENTATION**

This project is categorically exempt pursuant to Section 15301(c) of the California Environmental Quality Act Guidelines and Class 1, Subsection (x)(14), of the revised County Environmental Document Reporting Procedures and Guidelines adopted by your Board on November 17, 1987. These exemptions provide for the reconstruction of existing roadway pavement, curbs, gutters, sidewalk, and drive aprons.

### **CONTRACTING PROCESS**

This project will be contracted on an open competitive bid basis. The contract will be awarded to the lowest responsible bidder meeting the criteria established by your Board and the California Public Contract Code.

To increase contractor awareness of our program to contract work out to the private sector, this project will be listed on the County website for upcoming bids.

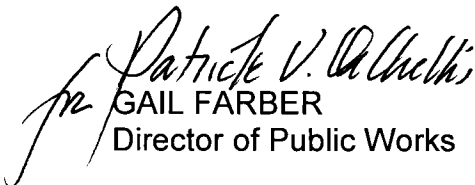

### **IMPACT ON CURRENT SERVICES (OR PROJECTS)**

When the project is completed, it will have a positive impact by providing improved highway facilities for the traveling public thereby benefiting the community.
