Dear Supervisors:

**THE HIGHWAY SAFETY, TRAFFIC REDUCTION, AIR QUALITY, AND

AND TRAFFIC SAFETY ACCOUNT OF 2006

LOCAL STREETS AND ROADS: APPROVE REQUEST FOR APPROPRIATION  
ADJUSTMENT–FISCAL YEAR 2008-09; APPROVE PROJECT LIST FOR SECOND  
AND THIRD APPROPRIATIONS OF PROPOSITION 1B FUNDS  
(ALL SUPERVISORIAL DISTRICTS)  
(4 VOTES)**

### SUBJECT

This action is to approve a revised Department of Public Works project list for the first appropriation of State Proposition 1B funds to the County of Los Angeles in Fiscal Year 2007-08 and approve a Department of Public Works request for appropriation adjustment in the amount of \$11.9 million and local streets and roads construction project list for the second and third State appropriations of Proposition 1B funding in the amounts of \$16.7 million and \$11.9 million, respectively.

### **IT IS RECOMMENDED THAT YOUR BOARD:**

1. Approve the revised list of road improvement projects to be financed with the first appropriation of Proposition 1B funds received by the County of Los Angeles in Fiscal Year 2007-08 under the Local Streets and Road Improvement, Congestion Relief, and Traffic Safety Account of 2006.

2. Approve a Request for Appropriation Adjustment in the amount of \$11.9 million to reflect in the Fiscal Year 2008-09 Road Fund Budget the third appropriation of the Highway Safety, Traffic Reduction, Air Quality and Port Security Bond Act of 2006 (Proposition 1B) funds to be apportioned to the County of Los Angeles in Fiscal Year 2008-09 under the Local Streets and Road Improvement, Congestion Relief, and Traffic Safety Account of 2006.
3. Approve the list of proposed road improvement projects to be financed with the second and third appropriations of Proposition 1B funds.

### **PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION**

The purpose of the recommended action is to obtain your Board's approval of a revised Department of Public Works (Public Works) list of road improvement projects to be financed with the first appropriation of State Proposition 1B funds to the County of Los Angeles in Fiscal Year 2007-08; approval of a request for appropriation adjustment to reflect the third appropriation of Proposition 1B funds in the amount of \$11.9 million in the Fiscal Year 2008-09 Road Fund Budget; and approval of the list of projects to be constructed in each supervisorial district using the second and third appropriations of Proposition 1B funds, as required by the State Department of Finance. This action will enable the Public Works to receive the second and third appropriations of Proposition 1B funds in the amounts of \$16.7 million and \$11.9 million, respectively, and to proceed with the recommended road improvement projects.

### **Implementation of Strategic Plan Goals**

The Countywide Strategic Plan directs the provisions of Operational Effectiveness (Goal 1) and Community and Municipal Services (Goal 3). By addressing local traffic congestion and improving the condition of the roadways in the County of Los Angeles (County), residents of unincorporated County areas and nearby cities who travel on County roads will benefit and their quality of life will be improved.

### **FISCAL IMPACT/FINANCING**

There will be no impact to the County General Fund.

Funds appropriated by the State for the Local Streets and Road Improvement, Congestion Relief, and Traffic Safety Account of 2006 are available to the State Controller for allocation to the County. The State will pay the funds to the County upon your Board's approval of the project list and Public Works' transmittal of the list and other project information to the State Department of Finance. The estimated allocations

of \$16.7 million and \$11.9 million will be deposited in the Road Fund (B03). Your Board's approval of the attached Request for Appropriation Adjustment will revise the Fiscal Year 2008-09 Road Fund Budget to designate \$11.9 million in Proposition 1B funds. The \$16.7 million was included and designated in the Fiscal Year 2008-09 Road Fund Budget. As construction contracts are planned for award in future fiscal years, the designated funds will be appropriated in the annual budget process. This will provide the required accountability over Proposition 1B funds by ensuring that these funds are only spent on eligible projects.

### **FACTS AND PROVISIONS/LEGAL REQUIREMENTS**

Proposition 1B, which was approved by the voters in November 2006, authorized the sale of \$19.925 billion in State general obligation bonds for various transportation programs throughout the State, including congestion relief projects, public transit, and goods movement. Proposition 1B provides for the State Legislature to appropriate funding for these programs over a multiyear period.

The various transportation programs will fund projects through a combination of direct allocations to local agencies and competitive grants. One of these programs is the direct allocation of funds to cities and counties under the Local Streets and Road Improvement, Congestion Relief, and Traffic Safety Account of 2006. Under this program, \$1 billion will be allocated directly to counties and \$1 billion will be allocated directly to cities. The funds must be used for improvements to address local traffic congestion, street and highway pavement maintenance, drainage facilities, traffic control devices, facilities that expand ridership on transit systems, and safety projects to reduce fatalities. Of the \$1 billion allocated to counties, the County will receive approximately \$194 million.

The 2007-08 State Budget included an initial appropriation of \$950 million of the \$2 billion allocated to cities and counties under the Local Streets and Road Improvement, Congestion Relief, and Traffic Safety Account of 2006. Of the \$950 million appropriated in 2007-08 to cities and counties, the counties received \$400 million. The County received \$76.9 million of the \$400 million apportioned to counties statewide.

On June 30, 2008, the Governor signed Assembly Bill (AB) 1252 to stimulate the economy and expedite \$300 million in funding for transportation and housing projects across the State. This included an appropriation of \$87 million of Proposition 1B bond funds to counties under the Local Streets and Road Improvement, Congestion Relief, and Traffic Safety Account of 2006. Of the \$87 million appropriated to the counties, the County will receive approximately \$16.7 million.

The 2008-09 State Budget includes an appropriation of \$250 million to be allocated to cities and counties under the Local Streets and Road Improvement, Congestion Relief, and Traffic Safety Account of 2006. Of the \$250 million appropriated in 2008-09 to cities and counties, the counties will receive \$63 million. The County will receive \$11.9 million of the \$63 million apportioned to counties statewide. The County will receive its remaining \$87.1 million in future years as the State Legislature appropriates the funding.

On December 17, 2008, the three members of the State's Pooled Money Investment Account (PMIA) Board, State Treasurer Bill Lockyer, Finance Director Mike Genest, and Controller John Chiang, unanimously voted to withhold approximately \$3.8 billion in bond funds for infrastructure projects across the State including the apportionments for the Proposition 1B Local Streets and Road Improvement, Congestion Relief, and Traffic Safety Account of 2006 in response to the State's growing budget deficit and cash flow crisis. Following the passage of the State's 2009 Budget Act on February 20, 2009, and the State's recent successful bonds sales, the State has indicated that it is now able to proceed with the disbursement of Proposition 1B bond funds.

Under the program guidelines, the County is required to have a list of projects approved by your Board for the expenditure of the funds. Attachment A consists of a list of projects recommended for funding from the second and third appropriations of Proposition 1B funds. Upon approval, we will forward the list of the projects to the State Department of Finance along with a request for disbursement of the County's apportionment of these funds.

The funds have been divided between the five supervisorial districts using a similar distribution formula to that which is used to allocate the funds by the State to each county. This formula provides that 75 percent of the funds are allocated based on the number of registered motor vehicles in each supervisorial district (approximately equal number in each district), with the remaining 25 percent allocated based on roadway centerline mileage in each district. Attachment B shows the allocation formula used for distribution of the \$16.7 million and \$11.9 million of Proposition 1B Local Streets and Road Improvement, Congestion Relief, and Traffic Safety Account of 2006 funds to each supervisorial district.

Attachment C is a revised list of previously approved projects representing the \$76.9 million received in Fiscal Year 2007-08. The list has been revised to reflect changes in project cost estimates and scope of work to be performed and also includes updated project schedule information. The total allocation of funds to each supervisorial district remains the same. Upon approval, this updated project list will also be forwarded to the State Department of Finance.

**ENVIRONMENTAL DOCUMENTATION**

In accordance with Section 15378(b)(4) of the State of California Environmental Quality Act Guidelines (CEQA), the acceptance of Proposition 1B bond proceeds does not constitute a project and therefore is not subject to the requirements of CEQA. An environmental review and the appropriate environmental document for each project will be prepared and submitted for your Board's approval at the appropriate time.

**IMPACT ON CURRENT SERVICES (OR PROJECTS)**

Upon completion of the projects, motorists will be provided with safe, smooth, and aesthetically pleasing roadways.

**CONCLUSION**

Please return one adopted copy of this letter to Public Works, Programs Development Division, for further processing.

Respectfully submitted,
