3. Delegate authority to the Director, or his designee, to execute amendments to extend the term of any of the aforementioned agreements for an additional period, not to exceed six months at no additional cost, as needed, to accommodate unforeseen delays in an agency's construction process or project implementation, subject to prior review and approval by the CEO and Counsel.
4. Delegate authority to the Director, or his designee, to execute amendments to adjust or reallocate infrastructure funding from agencies and/or projects identified in Exhibit I to other qualified projects as needed, should the Department determine the agencies and/or projects are failing to proceed with the proposed projects as stated, subject to prior review and approval by the CEO and Counsel and notification to your Board.
5. Delegate authority to the Director, or his designee, to execute amendments to increase or decrease service funding for primary and/or specialty care, up to 100 percent of the maximum obligation for each agency agreement and reallocate unused funds between sites and/or agencies should the Department determine such adjustment and/or reallocation will result in better utilization of funds and increase access to services for PPP patients, subject to prior review and approval by the CEO and Counsel.
6. Delegate authority to the Director, or his designee, to execute amendments as needed. to "roll forward" from year to year, within each individual contract budget, funds that are unexpended for primary or specialty care services to permit expenditure within those service categories in the next contract year, beginning with FY 2009-10 through FY 2010-11, subject to prior review and approval by the CEO and Counsel;
7. Delegate authority to the Director, or his designee, to execute amendments to "roll forward" any funds unexpended within the PPP Program for expenditure among Clinic Capacity Expansion Program (CCEP) contractors in Service Planning Area 2 to address equity issues, subject to prior review and approval by the CEO and Counsel.
8. Delegate authority to the Director, or his designee, to execute amendments to revise or add any regulatory or program requirements, subject to prior review and approval by the CEO and Counsel.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

On February 3, 2009, your Board approved the recommendations by the CEO and the Department to implement the CCEP for the PPP Program. The related implementation plan includes funding of capital projects/renovations, including equipment, and services that will support the development of new and existing clinic sites in under equity SPAs to address the current lack of infrastructure needed to expand capacity to new patients.

Approval of the first recommendation will allow DHS to reallocate funding in the amount of \$15.57 million from the PFU budget unit, previously approved by your Board for this purpose, which includes \$1.35 million from FY 2007-08 unspent PPP funds in order to implement the CCEP under DHS' Office of Ambulatory Care PPP Program and \$.5 million for the Encounter Summary Sheet (ESS) project. The Department will be returning to your Board at a later date with contract recommendations for the ESS project.

Approval of the second recommendation will allow the Director to execute agreements with the agencies listed in Exhibit I, consistent with your Board's approval of the recommendations by the CEO on February 3, 2009, to expand clinic capacity by adding new providers, establishing new sites and expanding existing sites to increase the number of patients serviced under the PPP Program for a one-time, three year funding period.

Approval of the third recommendation will allow the Director to extend individual agreements with any provider agency to accommodate unforeseen delays in the construction process, project implementation, third party funding delays, etc.

Approval of the fourth recommendation will allow the Director to shift infrastructure funds from one agency and/or project to another qualified project(s), where necessary, should any unforeseen event occur where an agency or project cannot, for whatever reason, complete the project as contracted and approved by the Department. This will enable the Department to ensure that funds will be utilized to expand access and not remain encumbered in a project which cannot proceed for any reason.

Approval of the fifth recommendation will allow the Director to assess the service effectiveness of the expansion program at the end of the second year of the program, and reallocate underutilized primary and specialty care service funds to other agencies which have exceeded operational goals and have the capacity to service additional PPP patients.

Approval of the sixth recommendation will allow the Director to roll forward funds in the expansion program to permit individual contractors to maximize their funds for the provision of primary and specialty care.

Approval of the seventh recommendation will allow the Director to roll forward funds within the Public Private Partnership program to maintain SPA 2 equity, if necessary, pursuant to the Board's previously approved Allocation Methodology.

Approval of the eighth recommendation will allow the Director to implement any regulatory or programmatic changes, as necessary.

Implementation of Strategic Plan Goals

The recommended actions support Goal 1, Operational Effectiveness and Goal 4, Health and Mental Health, of the County's Strategic Plan.

FISCAL IMPACT/FINANCING

Expenditures under these agreements will vary from year to year based on the scope of each project and timeline as approved by the Department.

Approval of the attached FY 2009-10 Budget Adjustment to reallocate funding from the PFU budget unit in the amount of \$15.57 million to the Department's budget is being requested for these projects and services, and the ESS project. Subsequent year funding will be requested in future fiscal years. Expenditures over the term of the agreements in any given year will remain within the Department's budgeted appropriation for the program, not to exceed \$46 million over the three year funding term, plus applicable year-end unspent PPP funds to SPA 2 in order to address any issues of inequity.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The agreement format, substantially similar to Exhibit II, has been approved as to form by County Counsel. The agreements contain your Board's required contract provisions including the recently implemented Default Property Tax Reduction Program.

The agreement with each agency will contain individualized scopes of work, project timelines and service measurements in accordance with the specific details of each project as listed in Exhibit I.

CONTRACTING PROCESS

On March 27, 2009, the Office of Ambulatory Care released a Request for Applications (RFA) for agencies seeking to provide primary care services, specialty care services and sought infrastructure funds to build new sites, expand existing sites or purchase equipment to provide services.

There were 47 applications received initially from new providers and existing PPP providers. DHS evaluated 45 applications for a total of 123 projects; 47 new sites and 76 existing sites. Two applications were determined non-responsive or late in Phase I. As set forth in the RFA, only projects which received a score of at least 70 percent in the Phase II evaluation could be considered for funding under the CCEP.

Applicants with projects which did not receive a passing score of 70 percent in Phase II were offered the opportunity to attend an informal debriefing regarding their score(s) and evaluator comments for each project which did not pass Phase II. DHS conducted 14 debriefings for agencies covering 34 projects. Six agencies appealed their Phase II results subsequent to the debriefings. All six appeals were evaluated and final determinations made by the Department; none proceeded to the funding negotiation stage.

The Department conducted 30 simultaneous negotiations for 81 projects with the results contained in the funding recommendations in Exhibit I.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

Approval of the recommended actions will allow for an expansion of clinic capacity for the PPP program.

Respectfully submitted,

COUNTY OF LOS ANGELES
(hereafter "County"),

and

[insert agency name]
(hereafter "Contractor").

WHEREAS, pursuant to California Health and Safety Code sections 1441 and 1445, County has established and operates, through its Department of Health Services ("DHS"), various County hospitals, comprehensive health centers and health centers (hereafter collectively "County Facilities"); and

WHEREAS, County wishes to create and support new primary and specialty health care clinic sites and increase capacity within private sector health care clinics for indigent and uninsured patients seeking primary and specialty health care in traditionally medically underserved areas of Los Angeles County; and,

WHEREAS, through the Clinic Capacity Expansion Project (hereafter "CCEP"), County intends to expand clinic capacity in traditionally medically underserved areas of the County in part through the provision of funds to enable Contractor to construct or purchase health care infrastructure improvements that will enable Contractor to

increase its physical capacity to provide primary and specialty health care to indigent and uninsured patients; and

WHEREAS, under the CCEP, County wishes to alleviate the episodic use of County operated emergency departments, urgent care centers and specialty services by patients who lack a stable place to receive health care through the establishment of "medical homes" among selected CCEP primary care providers who will participate in a "Medical Home Pilot Project" in addition to other obligations pursuant to this Agreement; and,

WHEREAS, under the CCEP, County also wishes to maintain Service Planning Area ("SPA") 2 of the Department of Health Services "at equity" under the Allocation Methodology approved by the County's Board of Supervisors for the Public Private Partnership ("PPP") Program ; and

WHEREAS, in furtherance of that goal, the County has set aside \$2.7 million from its PPP Program in funds for use in SPA 2 in the first year of the CCEP and further has established a policy that funds unused in the PPP Program in future Fiscal Years shall be transferred to, and expended in, SPA 2 under the CCEP if that SPA falls below equity; and,

WHEREAS, Contractor was selected as a result of the March 2009, Request for Applications for the CCEP; and

WHEREAS, pursuant to the provisions of section 1451 of the California Health and Safety Code and section 31000 of the California Government Code, County finds that the services to be provided hereunder are not immediately available at County

Facilities and that such services are necessary for the needs of the patients to be served by Contractor; and

WHEREAS, Contractor desires to provide to County, and County desires to accept the services provided by Contractor and as are specified under this Agreement; and

WHEREAS, Contractor is duly licensed and certified under the laws of the State of California to engage in the business of providing health care services as described hereunder and possesses the competence, expertise, and personnel required to provide such services; and

WHEREAS, Contractor is willing to provide the services described herein for and in consideration of the payments provided under this Agreement and under the terms and conditions hereinafter set forth; and

WHEREAS, this Agreement is authorized by Government Code sections 26227 and 53703, and Health and Safety Code section 1451, among others; and

WHEREAS, the term "Fiscal Year" means as used herein refers to County's fiscal year which commences July 1 and ends the following June 30; and

WHEREAS, the term "Director" as used herein refers to County's Interim Director of Department of Health Services or his/her authorized designee(s);

NOW, THEREFORE, the parties hereto agree as follows:

1. TERM OF AGREEMENT: This Agreement shall be effective upon its approval by the County's Board of Supervisors ("Board") and shall continue in full force and effect to and including December 31, 2012, unless terminated sooner in

accordance with the termination provision herein. The term of this Agreement may be extended by the Director of the Department of Health Services beyond the stated expiration of December 31, 2012, up to an additional six (6) months, upon the mutual agreement of the County and Contractor.

Notwithstanding the foregoing, and as to recipients of funds for infrastructure projects only, Contractor shall continue to provide health care services hereunder to Eligible CCEP patients five (5) additional years beyond the effective end date of this Agreement at no additional cost to County. This requirement shall be implemented by the parties by a formal negotiated amendment to this Agreement and such amendment shall address the continuing rights and responsibilities of the parties. Negotiations shall begin at least one hundred twenty (120) days prior to the anticipated effective date of the anticipated end date of this Agreement.

2. PRIMARY CARE SERVICES MAXIMUM OBLIGATION: The total maximum obligation for primary care services, as set forth in Exhibits _ and _, attached hereto and incorporated herein by this reference, shall not exceed _____ Dollars (\$ _____) for the period date of Board approval through December 31, 2012, as follows:

a. For the period date of Board approval through June 30, 2010, the total maximum obligation for primary care services shall not exceed _____ Dollars (\$ _____);

b. For the period July 1, 2010, through June 30, 2011, the total maximum obligation for primary care services shall not exceed

_____ Dollars (\$_____);

c. For the period July 1, 2011, through June 30, 2012, the total maximum obligation for primary care services shall not exceed

_____ Dollars (\$_____);

d. For the period July 1, 2012, through December 31, 2012, the total maximum obligation for primary care services shall not exceed _____ Dollars (\$ ____).

If the Director determines to extend the term up to six (6) additional months, such extension shall be at no additional cost to County. Notwithstanding the foregoing, if County determines that Contractor did not expend its funding for the period date of Board approval through June 30, 2011, County may, in its sole discretion, roll those unexpended funds into Contractor's budget for the period July 1, 2010, through June 30, 2011 and/or July 1, 2011 through June 30, 2012. Any "roll over" of unexpended funds pursuant to this Paragraph 2 shall be done administratively and shall (1) require that the Director inform the County Board of Supervisors and the Chief Executive Office of the funding adjustment prior to such adjustment being implemented; and (2) shall take the form of an amendment approved by County Counsel and the Chief Executive Office, executed by the Director and the Contractor.

Contractor shall use funds provided pursuant to this Agreement to expand and enhance its primary care services. Accordingly, Contractor shall not use any of the

funds provided pursuant to this Agreement to supplant existing funding from any source, including funding provided by the County pursuant to any other program of any nature whatsoever. Contractor's failure to comply with this requirement shall constitute a material breach of this Agreement. In addition to all other rights and remedies afforded to County pursuant to this Agreement and law, Contractor shall forfeit all funds paid by County to Contractor for the provision of primary care services pursuant to this Agreement. Such funds shall be repaid to County immediately upon County's demand for repayment.

3. SPECIALTY CARE SERVICES MAXIMUM OBLIGATION: The total maximum obligation for specialty care services, as set forth in Exhibits __ and __, attached hereto and incorporated herein by this reference, shall not exceed _____ Dollars (\$_____) for the period date of Board approval, through December 31, 2012, as follows:

d. For the period July 1, 2012, through December 31, 2012, the total maximum obligation for specialty care services shall not exceed _____ Dollars (\$ ____).

If the Director determines to extend the term up to six (6) additional months, such extension shall be at no additional cost to County.

Notwithstanding the foregoing, if County determines that Contractor did not expend its funding for the period date of Board approval through June 30, 2011, County may, in its sole discretion, roll those unexpended funds into Contractor's budget for the period July 1, 2010, through June 30, 2011 and/or July 1, 2011 through June 30, 2012. Any "roll over" of unexpended funds pursuant to this Paragraph 3 shall be done administratively and shall (1) require that the Director inform the County Board of Supervisors and the Chief Executive Office of the funding adjustment prior to such adjustment being implemented; and (2) shall take the form of an amendment approved by County Counsel and the Chief Executive Office, executed by the Director and the Contractor.

Contractor shall use funds provided pursuant to this Agreement to expand and enhance its specialty care services. Accordingly, Contractor shall not use any of the funds provided pursuant to this Agreement to supplant existing funding from any source, including funding provided by the County pursuant to any other program of any nature whatsoever. Contractor's failure to comply with this requirement shall constitute a material breach of this Agreement. In addition to all other rights and remedies afforded to County pursuant to this Agreement and law, Contractor shall forfeit all funds paid by County to Contractor for the provision of specialty care

services pursuant to this Agreement. Such funds shall be repaid to County immediately upon County's demand for repayment.

4. INFRASTRUCTURE PROJECT(S) MAXIMUM OBLIGATION: The total maximum obligation for infrastructure projects, as set forth in Exhibits _ and _, attached hereto and incorporated herein by this reference, shall not exceed _____ Dollars (\$_____) Contractor shall be solely liable for any costs attributed to its infrastructure projects which exceed this Maximum Obligation. County shall not be responsible for any such "cost over-runs." Additionally, funds provided to Contractor pursuant to this Paragraph 4 shall be for infrastructure projects costs incurred only after the effective date of this Agreement, as set forth in Paragraph 1, TERM OF AGREEMENT. Contractor shall complete all infrastructure projects, as further described in Exhibit _, within twenty-four (24) months of the effective date of this Agreement as set forth in Paragraph 1, TERM OF AGREEMENT. . Contractor's failure to complete its infrastructure project(s) within this timeframe shall constitute a material breach of this Agreement. In addition to all other rights and remedies afforded to County pursuant to this Agreement and law, Contractor shall forfeit all funds paid by County to Contractor for construction of its project(s) pursuant to this Agreement. Such funds shall be repaid to County immediately upon County's demand for repayment.

Notwithstanding the foregoing, events which are outside the control of, and without the fault or negligence of either the County or the Contractor, which would independently delay the date of completion beyond the timeframe set forth herein,

shall be considered as excusable delay. Any time attributed to excusable delay shall not be included in calculating Contractor's compliance with the terms of this Paragraph.

Contractor shall use funds provided pursuant to this Agreement to expand and enhance its health care services. Accordingly, Contractor shall not use any of the funds provided pursuant to this Agreement to supplant funding from any source, including funding provided by the County pursuant to any other program of any nature whatsoever. Contractor's failure to comply with this requirement shall constitute a material breach of this Agreement. In addition to all other rights and remedies afforded to County pursuant to this Agreement and law, Contractor shall forfeit all funds paid by County to Contractor for use for infrastructure projects pursuant to this Agreement. Such funds shall be repaid to County immediately upon County's demand for repayment.

5. FUNDING ADJUSTMENTS FOR SERVICE PLANNING AREA 2

EQUITY:

A. If, upon the conclusion of any Fiscal Year or portion thereof that this Agreement is in effect, County determines that any portion of the funds budgeted for expenditure within the PPP Program and CCEP for SPA 2 were not expended, Director may, at his/her sole discretion, and upon prior, written notice to the Chief Executive Officer, "roll forward" any such unexpended funds from the Fiscal Year in which they were not expended to future Fiscal Years

for expenditure in Service Planning Area (SPA) 2 under the CCEP, pursuant to the terms and conditions set forth herein below. .

Notwithstanding the foregoing, funds available to the CCEP as a result of the early termination of a CCEP agreement or the failure of a potential CCEP participant to execute a CCEP agreement shall not be considered "unexpended funds." Accordingly, funds from these sources shall not be allocated to SPA 2 but, at the Director's sole discretion, shall be re-allocated to existing participants in the SPA(s) to which the funds were originally allocated in order to maintain services for patients impacted by the early termination or failure of the potential participant to execute its agreement.

B. Unexpended PPP Program, and CCEP SPA 2 funds shall be distributed on a one-time basis to contractors in SPA 2 of the CCEP on condition that the County first determines, in its sole discretion, that SPA 2 is not at equity, under the Allocation Methodology approved by the Board for use in the PPP Program.

C. Unexpended PPP Program and CCEP SPA 2 funds will be distributed proportionately in accordance with the Allocation Methodology. In determining the amount of funding to be distributed to each SPA 2 contractor, County shall examine factors including, but not limited to: (1) Contractor's capacity for health care services in SPA 2 only; (2) the unmet health care needs in SPA 2 only; and (3) the location of facilities providing health care in SPA 2, including all County Facilities.

D. In the event that County determines, in its sole discretion, that SPA 2 is at equity, the County, in its sole discretion, may reallocate those unexpended funds to contractors in the CCEP without regard to SPA placement.

E. In determining the amount of funding to be distributed to each contractor, County shall examine factors including but not limited to: (1) Contractor's capacity for health care services in all SPA's; (2) the unmet health care needs in each SPA; and (3) the location of facilities providing health care, including all County Facilities.

F. Any reallocation of unexpended funds pursuant to this Paragraph 5 shall be done administratively and shall (1) require that the Director inform the County Board of Supervisors and the Chief Executive Office of the allocations prior to such reallocations being implemented; and (2) shall take the form of an amendment approved by County Counsel and the Chief Executive Office, executed by the Director and the Contractor.

G. In the event that Contractor disagrees with any of County's funding decisions that directly relate to Contractor as a result of the process set forth in Paragraph 5, Contractor shall have one opportunity to appeal the Director's decision. Contractor's appeal shall be in writing and received by Director within ten (10) business days of the date of Director's decision. If Contractor's appeal is received in a timely manner as defined herein, Director shall analyze the data and information provided by Contractor, and respond in

writing to Contractor as to the final determination. Director's decision shall be final.

6. FUNDING REALLOCATION OF COUNTY'S FISCAL YEAR 2011-2012/2012-2013 MAXIMUM OBLIGATION FOR PRIMARY CARE AND/OR SPECIALTY SERVICES UNDER THIS AGREEMENT AND OTHER CCEP PRIMARY CARE AND/OR SPECIALTY CARE CONTRACTS:

Notwithstanding any other provisions under this Agreement, Director may, at his/her sole discretion, administratively reallocate (increase or decrease) the funding for primary and/or specialty care services under this Agreement beginning with County Fiscal Year 2011-2012 (July 1 through June 30) up to the original County maximum obligation for such services under this Agreement for such Fiscal Year.

Reallocation of funds will occur after DHS' Office of Ambulatory Care (OAC) conducts a Request for Information ("RFI") process. OAC shall initiate this process through the issuance of a formal RFI to the County's CCEP Primary and Specialty Care Services providers if any funding remains for reallocation. In the RFI, OAC will solicit from the Contractors information as to each Contractor's ability to provide additional primary and/or specialty care services at existing service sites.

In addition to considering each Contractor's stated expansion plans and fiscal needs, OAC shall also consider the following: 1) each Contractor's Performance Level through the date specified in the RFI; 2) each Contractor's monthly accrued projections for primary and/or specialty care services through the date specified in the

RFI; 3) DHS and CCEP Project priorities; and, 4) the Contractor's financial, programmatic, administrative compliance with its existing CCEP Project Agreement.

To determine a Contractor's "Performance Level", Director shall calculate the dollar amount by which Contractor is over performing or under performing under this Agreement according to a projection formula to be set forth in a Provider Information Notice ("PIN") prior to any reallocation pursuant to this Paragraph.

Absent extreme or extenuating circumstances, a Contractor that shows a substantial "underperformance" service level or Contractors who fail to provide their accrued projections for primary and/or specialty care services, in County's sole discretion, will not be considered for additional funding.

Additionally, if County determines that a Contractor has a substantial "underperformance" service level or failed to provide accrued projections for primary and/or specialty care services, and notwithstanding that Contractor has refrained from participating in any RFI process, County may, according to the process set forth hereunder, effect an amendment to Contractor's existing CCEP Project Agreement to decrease Contractor's maximum obligation(s) for primary and/or specialty care services and reallocate that funding to other Contractors that have or are participating in the RFI process.

DHS and CCEP Project priorities will be based on initiatives driving DHS policy, Board of Supervisors' policies and priorities, and the County's Strategic Plan.

Finally, a Contractor's financial, programmatic, and administrative compliance will be determined by County's review of any annual monitoring reports issued under this Agreement and Contractor's corrective action plans in response thereto.

In the event that a reallocation of funding occurs prior to County conducting its annual monitoring, such that monitoring reports and corrective action plans are not available, OAC shall determine a Contractor's compliance in this area by reviewing all available quality assurance documentation on file with OAC and any documentation otherwise available to County related to Contractor's performance of its CCEP Project Agreement.

Regardless of the means by which OAC determines compliance, and absent extreme or extenuating circumstances, at the Director's discretion, a Contractor may not be considered for reallocation funding if a Contractor or its subcontractors or its medical practitioners have been the subject of one or more of the following actions: (a) disciplinary action by the State Medical Board (i.e., licensure revocation, suspension, or probation); (b) professional malpractice judgment or settlements; (c) exclusion from participation in a federally funded health care program; or (d) proposed termination or actual termination of a County contract for quality of care reasons.

Contractors, if affected by a funding increase but dissatisfied with the result of the RFI process, shall have the opportunity to appeal the Director's decision as a result of that process through the appeal procedure to be incorporated into that process. The Director's determination shall be final.

Contractor, if affected by a funding decrease, shall be given thirty (30) calendar days advance written notice of the proposed reallocation action by Director.

Contractor shall have one opportunity to appeal Director's proposed action, which shall be in writing and received by Director within fourteen (14) calendar days of the date of such notice. If Contractor's appeal is received in a timely manner as defined herein, Director shall analyze the data and information provided by Contractor, and respond in writing to Contractor as to the final funding decrease determined by Director under this Agreement, but only after all appeals regarding contract funding reallocations for this Agreement and other CCEP Project agreements, and all appeals in the RFI process, have been received and analyzed by Director, whose decision shall be final.

In any event, any such administrative funding reallocation: 1) shall not cause County to exceed the Board of Supervisors' approved total County maximum obligation for primary and/or specialty care under all CCEP Project contracts for the subject County Fiscal Year; 2) shall require that Director inform the County Board of Supervisors and Chief Executive Officer of the final reallocation amounts by Board memo prior to such reallocations being implemented; and 3) shall take the form of an administrative amendment approved by County Counsel and executed by Director and Contractor.

Any other funding increase or decrease to the Primary Care Services Maximum Obligation or the Specialty Care Services Maximum Obligation under this Agreement shall be effected only by a formal amendment pursuant to the

ALTERATION OF TERMS Paragraph in the body of this Agreement, and by formal amendments to the other affected CCEP Project contract(s).

7. TERMINATION OF AGREEMENT:

A. Notwithstanding any other provision in this Agreement, this Agreement shall be effective and binding upon the parties in each subsequent County fiscal year, July 1 - June 30, only, or any portion thereof, in the event that funds for the purposes hereof are appropriated for such County fiscal year by County's Board. If such funds are not so appropriated, Agreement shall be deemed to have terminated as of midnight, June 30 of the prior fiscal year.

B. Notwithstanding any other provision in this Agreement, the Director or his/her designee (hereafter "Director"), may suspend this Agreement immediately if Contractor, its agents, subcontractors, or employees are engaging in, or there is reasonable justification to believe that Contractor, its agents, subcontractors, or employees may be engaging in, a continuing course of conduct which poses an imminent danger to the life or health of patients or clients receiving or requesting services from it. Notification of any such suspension shall be in writing. The suspension notice shall state in detail the reason(s) for the suspension, as well as the length of the suspension [not to exceed forty-five (45) calendar days from the date the notice is received by Contractor].

In the event of any suspension pursuant hereto, Contractor shall, if it requests, be provided with a reasonable opportunity during the first ten (10)

working days of the suspension period to meet with Director to discuss the reasons for the suspension. If Contractor and Director agree upon appropriate remedial action, or if it appears that the reasons for the suspension have been corrected, or the suspension is deemed inappropriate, the suspension shall be lifted. If Contractor does not request such a meeting, or if Contractor and Director are unable to agree upon appropriate remedial action, Director shall, at the end of the ten (10) working day period, either (a) recommend to County's Board immediate termination of this Agreement, or (b) recommend termination of this Agreement pursuant to the authority set forth in this Paragraph. Until County's Board takes action on such recommendation, the suspension of the Agreement shall continue.

C. In the event of a material breach of this Agreement by either party, the other party may terminate this Agreement by giving written notice of termination specifying the material breach to the breaching party. Such termination shall be effective immediately upon delivery of written notice of termination to the breaching party.

D. Subparagraphs B. and C. hereof notwithstanding, either party may terminate this Agreement, effective immediately upon written notice to the other party, if such other party should lose any material license, permit, or agreement required to enable such party to perform its obligations and duties under this Agreement.

E. Subparagraphs B. and C. hereof notwithstanding, either party may terminate this Agreement, effective immediately upon written notice to the other party, or at a later date as may be specified in such notice, if such other party files for bankruptcy, insolvency, reorganization, or the appointment of a receiver, trustee, or conservator for any of its assets, or makes an assignment for the benefit of its creditors, which termination shall be effective immediately upon delivery of, or on such later date as may be specified in such notice.

F. Subparagraphs B., C., D., and E. hereof notwithstanding, County may terminate this Agreement at any time and for any reason, with or without cause, by giving at least thirty (30) calendar days prior written notice of termination to Contractor. As to Infrastructure Projects, Contractor shall not incur further obligations in connection with the terminated project and, on the date set in the notice of termination, Contractor shall cease all work to the extent specified. For work performed prior to the effective date of the termination, Contractor shall invoice County in accordance with the process set forth in Exhibit ___.

G. Following a determination by authorized officials of either the Federal or State government that any provision of this Agreement violates either Federal or State law, or both, or following a court determination that any provision of this Agreement violates either Federal or State law, or both, County may give Contractor prior written notice to terminate this Agreement

within thirty (30) calendar days if the parties are unable, within the interim, to negotiate a revised Agreement that cures the violation(s).

8. CONTRACT ADMINISTRATION: Director or his authorized designee shall have the authority to administer this Agreement on behalf of County.

9. DESCRIPTION OF PRIMARY CARE AND SPECIALTY SERVICES: Contractor agrees to provide primary care services, as set forth in Exhibit __, and specialty care services, as set forth in Exhibit __, to Eligible Patients defined in the PATIENT ELIGIBILITY FOR PRIMARY AND SPECIALTY CARE SERVICES Paragraph, hereinbelow, and in accordance with the payment provisions and rates specified in Exhibit __ and Exhibit __. Services shall be provided in a manner that is linguistically appropriate and culturally sensitive to the community to be served and shall be available during the hours and at the locations specified in Exhibit __, Attachment __ and Exhibit __, Attachment ____. Additionally, Contractor agrees to participate in a pilot program to accept direct referrals of patients in need of primary care and/or specialty care services from County Facilities as County deems necessary during the term of this Agreement. County shall detail the pilot program through a PIN to be provided to Contractor in accordance with the PIN procedure set forth in this Agreement.

Contractor shall keep clear records of the number of Eligible Patients served hereunder, including the service(s) provided. Contractor shall record such information on a regular basis and retain same in accordance with the RECORDS AND AUDITS Paragraph, subparagraph "A", Records of Services Rendered, in the ADDITIONAL

PROVISIONS, so that if requested, Contractor will be able to provide such information for the duration of Agreement and for a period of five (5) years following the termination or expiration of this Agreement. Contractor shall provide reports of such information to Director, upon request, in accordance with the REPORTS Paragraph, also set forth in the ADDITIONAL PROVISIONS to this Agreement.

10. PATIENT ELIGIBILITY FOR PRIMARY AND/OR SPECIALTY CARE SERVICES: No Eligible Patient shall be turned away, barred, or delayed in receiving services, based on the patient's payor status or ability to pay.

A. For purposes of this Agreement only, an Eligible Patient for whom Contractor may be reimbursed hereunder is defined as an individual (a) whose total net family income is at or below 133 1/3% of the Federal Poverty Level ("FPL"), and who does not have third-party payor coverage for the services; (b) who meets County of Los Angeles residency requirements described in the NON-EMERGENCY MEDICAL CARE SERVICES REQUIREMENTS Paragraph of this Agreement; and (c) for the two (2) years preceding the effective date of this Agreement, has not received services from Contractor at any of the Contractor's service sites under either the County's PPP Program or the County's Healthy Way Los Angeles program. By definition, Eligible Patients shall also include patients who are General Relief ("GR") recipients of County. .

Contractor shall determine whether a patient is an Eligible Patient for purposes of this Agreement by appropriate completion of a County Certification

of Indigency ("COI"), a self-certification form approved by DHS for this program, labeled Exhibit __, attached hereto and incorporated herein by reference as it currently exist or as it may exist in the future. Contractor shall be notified a minimum of thirty (30) days in advance, of any changes/ revisions to the COI via the PIN process as set forth in Paragraph __. Effective with any changes to the COI, Contractor shall be responsible for ensuring the all appropriate staff are properly advised of said change(s) and shall utilize the revised COI as posted in the Office of Ambulatory Care's web site. Each revised COI shall reflect the date of revision as appropriate.

Patients or their lawful representatives shall be required to complete a COI for the initial visit and updated at least annually at the first patient visit that occurs on or after July 1 of each fiscal year unless the patient's Los Angeles County residency, family size and/or financial circumstances change. Contractor shall inquire at each visit whether there has been any change in Los Angeles County residency, family size or financial circumstances since the last visit and document such in chart. In the event of any such change, an updated COI shall be immediately completed. All patients shall be required to complete the COI.

Contractor is responsible to ensure that the COI is complete and valid and to provide services only to Eligible Patients. All prior and current completed, signed, and dated COIs shall at all times be physically located in the Eligible Patient's medical record as appropriate and applicable. In the

event that Contractor maintains an electronic medical record, Contractor may scan the completed, signed, and dated COI into the Eligible Patient's medical record, as appropriate. Contractor shall assure that the original completed, signed and dated COI is maintained in accordance with the RECORDS AND AUDITS Paragraph of the ADDITIONAL PROVISIONS. Contractor may maintain the original completed, signed and dated COI separate from the electronic medical record.

To the extent the FPL is revised by Department of Health and Human Services ("DHHS"), County shall notify Contractor thirty (30) days in advance of any revision to the FPL via the PIN process. Contractor shall be responsible for requiring the completion of a revised COI for each patient upon the patient's first visit subsequent to the effective date of the COI revision.

B. Patients with third-party coverage include, but are not limited to, those who have Medicare, Medi-Cal, Healthy Families, Healthy Kids, or other types of public and private health programs. Private health insurance or health maintenance organization or prepaid health plan coverage shall also be considered third-party coverage. Services or supplies billable to third-parties and reimbursable by such third-parties in whole or in part shall not be billed to County hereunder.

C. Contractor shall be required to use its best efforts to screen and refer to appropriate staff or local health programs, or both, as necessary, all patients who may be potentially eligible for Medi-Cal, Healthy Families, Healthy

Kids, Children's Health and Disability Program or other types of public and private health programs. Appropriate referral contact information shall be provided to Contractor by Director upon execution of this Agreement via the PIN process.

11. NON-EMERGENCY MEDICAL CARE SERVICES REQUIREMENTS:

As a prerequisite to the provision of non-emergency medical care services under this Agreement, Contractor shall verify that each patient is eligible for services under this Agreement by using the COI attached hereto as Exhibit __. Accordingly, the COI shall be used to verify a patient's eligibility for CCEP services based upon financial status and County of Los Angeles residency.

A. For purposes of this Agreement, to be eligible for CCEP services, patients must provide proof of residency in the County of Los Angeles of the United States of America at each visit when the COI is updated (i.e., updated at least annually at the first patient visit that occurs on or after July 1 of each fiscal year unless the patient's family size and financial circumstances change) in accordance with PATIENT ELIGIBILITY FOR PRIMARY CARE SERVICES Paragraph of this Agreement. Additionally, Contractor shall be responsible for assuring that the COI reflects the provision by the patient of proper address verification, as set forth by the means described in this Paragraph, prior to the provision of non-emergency medical services.

The following documents shall constitute acceptable proof of County of Los Angeles residency in order of preference: a) valid California Driver's

A. This Agreement is not intended, and shall not be construed, to create the relationship of principal-agent, master-servant, employer-employee, business partnership, joint venture, or association, as between County and Contractor. The employees and agents of one party shall not be, or be construed to be, the employees or agents of the other party for any purpose whatsoever.

B. Contractor shall be solely liable and responsible for providing to, or on behalf of, its employees all legally required employee compensation and benefits. County shall have no liability or responsibility for the payment of any salaries, wages, unemployment benefits, disability benefits, or other compensation or benefits, to any personnel provided by Contractor.

C. County shall be solely liable and responsible for providing to, or on behalf of, its employees all legally required employee compensation and benefits. Contractor shall have no liability or responsibility for the payment

of any salaries, wages, unemployment benefits, disability benefits, or other compensation or benefits, to any personnel provided by County.

D. Contractor understands and agrees that all of its staff and employees furnishing services to County pursuant to this Agreement are, for purposes of workers= compensation liability, the sole employees of Contractor and not employees of County. Contractor shall bear the sole liability and responsibility for any and all workers= compensation benefits to any of its staff and employees as a result of injuries arising from or connected with services performed by or on behalf of Contractor pursuant to this Agreement.

E. A written acknowledgment that each of Contractor=s staff and employees understands that such person is an employee of Contractor and not an employee of County shall be signed by each employee of Contractor performing services under this Agreement and shall be filed by Contractor with County=s Department of Human Resources, Health, Safety, and Disability Benefits Division, 3333 Wilshire Boulevard, 10th Floor, Los Angeles, California 90010. (2) A description of the services to be provided under the subcontract.

(3) The proposed subcontract amount, together with Contractor=s cost or price analysis thereof. In the event that the subcontracted services are to be provided to Contractor on either a gratuitous or Apro bono@ or Avolunteer@ basis, Contractor shall state as such.

(4) A copy of the proposed subcontract. Any later modification of such subcontract shall take the

form of a formally written subcontract amendment, which must be approved in writing by Director before such amendment is effective.

B. Subcontracts issued pursuant to this Paragraph shall be in writing and shall contain at least the intent of all of the Paragraphs of the body of the Agreement, including the ADDITIONAL PROVISIONS, and the requirements of the exhibit(s), including their attachments.

C. At least thirty (30) calendar days prior to the subcontract=s proposed effective date, Contractor shall submit for review and approval to Director a copy of the proposed subcontract instrument. With Director=s written approval of the subcontract instrument, the subcontract may proceed.

D. Subcontracts shall be made in the name of Contractor and shall not bind County. The making of subcontracts hereunder shall not relieve Contractor of any requirement under this Agreement, including, but not limited to, the duty to properly supervise and coordinate the work of subcontractors. Approval of the provisions of any subcontract by County shall not be construed to constitute a determination of the allowability of any cost

under this Agreement. In no event shall approval of any subcontract by County be construed as affecting any increase to the amount contained in the MAXIMUM OBLIGATION Paragraph.

E. Failure by Contractor to comply with this Paragraph 14 shall constitute a material breach of contract upon which County may immediately terminate or suspend this Agreement. County, at its sole option, may obtain damages from Contractor resulting from said breach.

15. ASSIGNMENT BY CONTRACTOR:

A. The Contractor shall not assign its rights or delegate its duties under this Contract, or both, whether in whole or in part, without the prior written consent of County, in its discretion, and any attempted assignment or delegation without such consent shall be null and void. For purposes of this paragraph, County consent shall require a written amendment to the Contract, which is formally approved and executed by the parties. Any payments by the County to any approved delegatee or assignee on any claim under this Contract shall be deductible, at County's sole discretion, against the claims, which the Contractor may have against the County.

B. Shareholders, partners, members, or other equity holders of Contractor may transfer, sell, exchange, assign, or divest themselves of any interest they may have therein. However, in the event any such sale, transfer, exchange, assignment, or divestment is effected in such a way as to give majority control of Contractor to any person(s), corporation, partnership, or legal entity other than the majority controlling interest therein at the time of execution of the Contract, such disposition is an assignment requiring the prior written consent of County in accordance with applicable provisions of this Contract.

C. If any assumption, assignment, delegation, or takeover of any of the Contractor's duties, responsibilities, obligations, or performance of same by any entity other than the Contractor, whether through assignment, subcontract, delegation, merger, buyout, or any other mechanism, with or without consideration for any reason whatsoever without County's express prior written approval, shall be a material breach of the Contract which may result in the termination of this Contract. In the event of such termination, County shall be entitled to

pursue the same remedies against Contractor as it could pursue in the event of default by Contractor.

16. NONDISCRIMINATION IN SERVICES: Contractor shall not discriminate in the provision of services hereunder because of race, color, religion, national origin, ancestry, sex, age, or condition of physical or mental handicap, marital status, or political affiliation, and shall act in accordance with all non-discrimination requirements of Federal and State law. For the purpose of this Paragraph, discrimination in the provision of services may include, but is not limited to, the following: denying any person any service or benefit or the availability of a facility; providing any service, or benefit to any person which is not equivalent, or is not provided in an equivalent manner at a non-equivalent time, from that provided to others; subjecting any person to segregation or separate treatment in any matter related to the receipt of any service; restricting any person in any way in the enjoyment of any advantage or privilege enjoyed by others receiving any service or benefit; and treating any person differently from others in determining admission, enrollment quota, eligibility, membership, or any other requirements or conditions which persons must meet in order to be provided any service or benefit. Contractor shall

ensure that recipients of services under this Agreement are provided services without regard to race, color, religion, national origin, ancestry, sex, age, or condition of physical or mental handicap, marital status, or political affiliation.

17. NONDISCRIMINATION IN EMPLOYMENT:

A. Contractor certifies and agrees that all persons employed by it, its affiliates, subsidiaries, or holding companies, are and will be treated equally by it without regard to or because of race, color, religion, national origin, ancestry, sex, age, or condition of physical disability (including HIV and AIDS) or mental disability, marital status, medical condition (cancer), denial of family care leave, or political affiliation, and in compliance with all applicable Federal and State anti-discrimination laws and regulations.

B. Contractor shall take affirmative action to ensure that qualified applicants are employed. Contractor shall not discriminate against or harass, nor shall it permit harassment of, its employees during employment based upon race, color, religion, national origin, ancestry, sex, age, or condition of physical disability (including HIV and AIDS) or mental disability, marital status, medical

condition (cancer), denial of family care leave, or political affiliation in compliance with all applicable Federal and State anti-discrimination laws and regulations. Such action shall include, but is not limited to, the following: employment, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship. Contractor shall insure that the evaluation and treatment of its employees and applicants for employment are free from such discrimination and harassment, and will comply with the provisions of the Fair Employment and Housing Act (Government Code section 12990 et seq.) and the applicable regulations promulgated thereunder (California Code of Regulations, Title 2, section 7285.0 et seq.).

C. Contractor shall deal with its subcontractors, bidders, or vendors without regard to or because of race, color, religion, national origin, ancestry, sex, age, or condition of physical disability (including HIV and AIDS) or mental disability, marital status, medical condition (cancer), denial of family care leave, or political affiliation. Further, Contractor shall give written notice

of its obligations under this Paragraph to labor organizations with which it has a collective bargaining or other agreement.

D. Contractor shall allow County representatives access to relevant portions of its employment records of employees providing services at County's Facility or Contractor's facility, as applicable, during regular business hours to verify compliance with the provision of this Paragraph when so requested by Director.

E. If County finds that any of the above provisions have been violated, the same shall constitute a material breach of this Agreement upon which County may determine to cancel, terminate, or suspend this Agreement. While County reserves the right to determine independently that the anti-discrimination provisions of this Agreement have been violated, in addition, a determination by the California Fair Employment Practices Commission or the Federal Equal Employment Opportunity Commission that Contractor has violated Federal or State anti-discrimination laws or regulations shall constitute a finding by County that Contractor has violated the anti-discrimination provisions of this Agreement.

F. The parties agree that in the event that Contractor violates the anti-discrimination provisions of this Agreement, County shall, at its option, be entitled to a sum of Five Hundred Dollars (\$500) pursuant to California Civil Code Section 1672 as liquidated damages in lieu of canceling, terminating, or suspending this Agreement.

18. UNLAWFUL SOLICITATION: Contractor shall inform all of its employees providing services hereunder of the provisions of Article 9 of Chapter 4 of Division 3, commencing with section 6150, of the Business and Professions Code of the State of California (i.e., State Bar Act provisions regarding unlawful solicitation as a runner or capper for attorneys) and shall take positive and affirmative steps in its performance hereunder to ensure that there is no violation of said provisions by its officers, employees, agents, or volunteers. Contractor shall utilize the attorney referral service of all those bar associations within Los Angeles County that have such a service.

19. CONFLICT OF INTEREST: No County employee whose position with County enables such employee to influence the award of this Agreement or any competing agreement, and no spouse or economic dependent of such employee, shall be employed in any capacity by Contractor or have any other direct or

indirect financial interest in this Agreement. No officer or employee of Contractor, who may financially benefit from the performance of work hereunder, shall in any way participate in County=s approval, or ongoing evaluation, of such work, or in any way attempt to unlawfully influence County's approval or ongoing evaluation of such work.

Contractor shall comply with all conflict of interest laws, ordinances, and regulations now in effect or hereafter to be enacted during the term of this Agreement. Contractor warrants that it is not now aware of any facts which create a conflict of interest. If Contractor hereafter becomes aware of any facts which might reasonably be expected to create a conflict of interest, it shall immediately make full written disclosure of such facts to County. Full written disclosure shall include, but is not limited to, identification of all persons implicated and a complete description of all relevant circumstances.

20. CONFIDENTIALITY: Contractor shall maintain the confidentiality of all records and information in accordance with all applicable Federal, State and local laws, rules, regulations, ordinances, directives, guidelines, policies and procedures relating to confidentiality, including, without limitation, County policies concerning information technology

security and the protection of confidential records and information.

Contractor shall indemnify, defend, and hold harmless County, its Special Districts, elected and appointed officers, employees, and agents, from and against any and all claims, demands, damages, liabilities, losses, costs and expenses, administrative penalties and fines assessed, including, without limitation, defense costs and legal, accounting and other expert, consulting, or professional fees, arising from, connected with, or related to any failure by Contractor, its officers, employees, agents, or subcontractors, to comply with this Paragraph 20, as determined by County in its sole judgment. Any legal defense pursuant to Contractors indemnification obligations under this Paragraph 20 shall be conducted by Contractor and performed by counsel selected by Contractor and approved by County. Notwithstanding the preceding sentence, County shall have the right to participate in any such defense at its sole cost and expense, except that in the event Contractor fails to provide County with a full and adequate defense, as determined by County in its sole judgment, County shall be entitled to retain its own counsel, including, without limitation, County Counsel, and reimbursement from Contractor

for all such costs and expenses incurred by County in doing so. Contractor shall not have the right to enter into any settlement, agree to any injunction, or make any admission, in each case, on behalf of County without County's prior written approval.

Contractor shall inform all of its officers, employees, agents and subcontractors providing services hereunder of the confidentiality and indemnification provisions of this Agreement.

All proposers, whether a contractor or subcontractor, must complete this form to either certify compliance or request an exception from the Program requirements. Upon review of the submitted form, the County department will determine, in its sole discretion, whether the proposer is exempted from the Program.

Solicitation For _____ Services):		

If you believe the Jury Service Program does not apply to your business, check the appropriate box in Part I (attach documentation to support your claim); or, complete Part II to certify compliance with the Program. Whether you complete Part I or Part II, please sign and date this form below.

Part I: Jury Service Program is Not Applicable to My Business

- My business does not meet the definition of "contractor," as defined in the Program, as it has not received an aggregate sum of \$50,000 or more in any 12-month period under one or more County contracts or subcontracts (this exception is not available if the contract itself will exceed \$50,000). I understand that the exception will be lost and I must comply with the Program if my revenues from the County exceed an aggregate sum of \$50,000 in any 12-month period.
- My business is a small business as defined in the Program. It 1) has ten or fewer employees; and, 2) has annual gross revenues in the preceding twelve months which, if added to the annual amount of this contract, are \$500,000 or less; and, 3) is not an affiliate or subsidiary of a business dominant in its field of operation, as defined below. I understand that the exception will be lost and I must comply with the Program if the number of employees in my business and my gross annual revenues exceed the above limits.

"Dominant in its field of operation" means having more than ten employees, including full-time and part-time employees, and annual gross revenues in the preceding twelve months, which, if added to the annual amount of the contract awarded, exceed \$500,000.

"Affiliate or subsidiary of a business dominant in its field of operation" means a business which is at least 20 percent owned by a business dominant in its field of operation, or by partners, officers, directors, majority stockholders, or their equivalent, of a business dominant in that field of operation.

- My business is subject to a Collective Bargaining Agreement (attach agreement) that expressly provides that it supersedes all provisions of the Program.

OR

Part II: Certification of Compliance

- My business has and adheres to a written policy that provides, on an annual basis, no less than five days of regular pay for actual jury service for full-time employees of the business who are also California residents, or my company will have and adhere to such a policy prior to award of the contract.

I declare under penalty of perjury under the laws of the State of California that the information stated above is true and correct.

Safely Surrendered Baby Law

What is the Safely Surrendered Baby Law?

California's Safely Surrendered Baby Law allows parents or other persons, with lawful custody, which means anyone to whom the parent has given permission to confidentially surrender a baby. As long as the baby is three days (72 hours) of age or younger and has not been abused or neglected, the baby may be surrendered without fear of arrest or prosecution.

How does it work?

A distressed parent who is unable or unwilling to care for a baby can legally, confidentially, and safely surrender a baby within three days (72 hours) of birth. The baby must be handed to an employee at a hospital or fire station in Los Angeles County. As long as the baby shows no sign of abuse or neglect, no name or other information is required. In case the parent changes his or her mind at a later date and wants the baby back, staff will use bracelets to help connect them to each other. One bracelet will be placed on the baby, and a matching bracelet will be given to the parent or other surrendering adult.

What if a parent wants the baby back?

Parents who change their minds can begin the process of reclaiming their baby within 14 days. These parents should call the Los Angeles County Department of Children and Family Services at 1-800-540-4000.

Can only a parent bring in the baby?

No. While in most cases a parent will bring in the baby, the Law allows other people to bring in the baby if they have lawful custody.

Does the parent or surrendering adult have to call before bringing in the baby?

No. A parent or surrendering adult can bring in a baby anytime, 24 hours a day, 7 days a week, as long as the parent or surrendering adult surrenders the baby to someone who works at the hospital or fire station.

Does the parent or surrendering adult have to tell anything to the people taking the baby?

No. However, hospital or fire station personnel will ask the surrendering party to fill out a questionnaire designed to gather important medical history information, which is very useful in caring for the baby. The questionnaire includes a stamped return envelope and can be sent in at a later time.

What happens to the baby?

The baby will be examined and given medical treatment. Upon release from the hospital, social workers immediately place the baby in a safe and loving home and begin the adoption process.

What happens to the parent or surrendering adult?

Once the parent or surrendering adult surrenders the baby to hospital or fire station personnel, they may leave at any time.

Why is California doing this?

The purpose of the Safely Surrendered Baby Law is to protect babies from being abandoned, hurt or killed by their parents. You may have heard tragic stories of babies left in dumpsters or public bathrooms. Their parents may have been under severe emotional distress. The mothers may have hidden their pregnancies, fearful of what would happen if their families found out. Because they were afraid and had no one or nowhere to turn for help, they abandoned their babies. Abandoning a baby is illegal and places the baby in extreme danger. Too often, it results in the baby's death. The Safely Surrendered Baby Law prevents this tragedy from ever happening again in California.

A baby's story

Early in the morning on April 9, 2005, a healthy baby boy was safely surrendered to nurses at Harbor-UCLA Medical Center. The woman who brought the baby to the hospital identified herself as the baby's aunt and stated the baby's mother had asked her to bring the baby to the hospital on her behalf. The aunt was given a bracelet with a number matching the anklet placed on the baby; this would provide some identification in the event the mother changed her mind about surrendering the baby and wished to reclaim the baby in the 14-day period allowed by the Law. The aunt was also provided with a medical questionnaire and said she would have the mother complete and mail back in the stamped return envelope provided. The baby was examined by medical staff and pronounced healthy and full-term. He was placed with a loving family that had been approved to adopt him by the Department of Children and Family Services.

Ley de Entrega de Bebés *Sin Peligro*

Los recién nacidos pueden ser entregados en forma segura al personal de cualquier hospital o cuartel de bomberos del Condado de Los Ángeles

Ley de Entrega de Bebés Sin Peligro

¿Qué es la Ley de Entrega de Bebés sin Peligro?

La Ley de Entrega de Bebés sin Peligro de California permite la entrega confidencial de un recién nacido por parte de sus padres u otras personas con custodia legal, es decir cualquier persona a quien los padres le hayan dado permiso. Siempre que el bebé tenga tres días (72 horas) de vida o menos, y no haya sufrido abuso ni negligencia, pueden entregar al recién nacido sin temor de ser arrestados o procesados.

Cada recién nacido se merece la oportunidad de tener una vida saludable. Si alguien que usted conoce está pensando en abandonar a un recién nacido, infórmele que tiene otras opciones. Hasta tres días (72 horas) después del nacimiento, se puede entregar un recién nacido al personal de cualquier hospital o cuartel de bomberos del condado de Los Angeles.

¿Cómo funciona?

El padre/madre con dificultades que no pueda o no quiera cuidar de su recién nacido puede entregarlo en forma legal, confidencial y segura dentro de los tres días (72 horas) del nacimiento. El bebé debe ser entregado a un empleado de cualquier hospital o cuartel de bomberos del Condado de Los Ángeles. Siempre que el bebé no presente signos de abuso o negligencia, no será necesario suministrar nombres ni información alguna. Si el padre/madre cambia de opinión posteriormente y desea recuperar a su bebé, los trabajadores utilizarán brazaletes para poder vincularlos. El bebé llevará un brazaletes y el padre/madre o el adulto que lo entregue recibirá un brazaletes igual.

¿Qué pasa si el padre/madre desea recuperar a su bebé?

Los padres que cambien de opinión pueden comenzar el proceso de reclamar a su recién nacido dentro de los 14 días. Estos padres deberán llamar al Departamento de Servicios para Niños y Familias (Department of Children and Family Services) del Condado de Los Ángeles al 1-800-540-4000.

¿Sólo los padres podrán llevar al recién nacido?

No. Si bien en la mayoría de los casos son los padres los que llevan al bebé, la ley permite que otras personas lo hagan si tienen custodia legal.

¿Los padres o el adulto que entrega al bebé deben llamar antes de llevar al bebé?

No. El padre/madre o adulto puede llevar al bebé en cualquier momento, las 24 horas del día, los 7 días de la semana, siempre y cuando entreguen a su bebé a un empleado del hospital o cuartel de bomberos.

¿Es necesario que el padre/madre o adulto diga algo a las personas que reciben al bebé?

No. Sin embargo, el personal del hospital o cuartel de bomberos le pedirá a la persona que entregue al bebé que llene un cuestionario con la finalidad de recabar antecedentes médicos importantes, que resultan de gran utilidad para cuidar bien del bebé. El cuestionario incluye un sobre con el sello postal pagado para enviarlo en otro momento.

¿Qué pasará con el bebé?

El bebé será examinado y le brindarán atención médica. Cuando le den el alta del hospital, los trabajadores sociales inmediatamente ubicarán al bebé en un hogar seguro donde estará bien atendido, y se comenzará el proceso de adopción.

¿Qué pasará con el padre/madre o adulto que entregue al bebé?

Una vez que los padres o adulto hayan entregado al bebé al personal del hospital o cuartel de bomberos, pueden irse en cualquier momento.

¿Por qué se está haciendo esto en California?

La finalidad de la Ley de Entrega de Bebés sin Peligro es proteger a los bebés para que no sean abandonados, lastimados o muertos por sus padres. Usted probablemente haya escuchado historias trágicas sobre bebés abandonados en basureros o en baños públicos. Los padres de esos bebés probablemente hayan estado pasando por dificultades emocionales graves. Las madres pueden haber ocultado su embarazo, por temor a lo que pasaría si sus familias se enteraran. Abandonaron a sus bebés porque tenían miedo y no tenían nadie a quien pedir ayuda. El abandono de un recién nacido es ilegal y pone al bebé en una situación de peligro extremo. Muy a menudo el abandono provoca la muerte del bebé. La Ley de Entrega de Bebés sin Peligro impide que vuelva a suceder esta tragedia en California.

Historia de un bebé

A la mañana temprano del día 9 de abril de 2005, se entregó un recién nacido saludable a las enfermeras del Harbor-UCLA Medical Center. La mujer que llevó el recién nacido al hospital se dio a conocer como la tía del bebé, y dijo que la madre le había pedido que llevara al bebé al hospital en su nombre. Le entregaron a la tía un brazaletes con un número que coincidía con la pulsera del bebé; esto serviría como identificación en caso de que la madre cambiara de opinión con respecto a la entrega del bebé y decidiera recuperarlo dentro del período de 14 días que permite esta ley. También le dieron a la tía un cuestionario médico, y ella dijo que la madre lo llenaría y lo enviaría de vuelta dentro del sobre con franqueo pagado que le habían dado. El personal médico examinó al bebé y se determinó que estaba saludable y a término. El bebé fue ubicado con una buena familia que ya había sido aprobada para adoptarlo por el Departamento de Servicios para Niños y Familias.

EXHIBIT _

DESCRIPTION OF SERVICES – PRIMARY HEALTH CARE SERVICES

1. Primary Health Care Services: Contractor shall be responsible for providing primary health care services to all Eligible Patients, as that term is defined under this Agreement. For purposes of this Agreement, "primary health care services" means those services provided by a clinic or a health care provider to patients who remain less than 24 hours for prevention, diagnosis, or treatment of illness or injury including, but not limited to, advice, therapeutic services, outreach, emergency first aid, information and referral services. Services that are excluded from this Agreement as a primary diagnosis are listed on Attachment __, attached hereto and incorporated herein by reference.

Contractor shall assure that primary health care is provided under this Agreement by health professionals, including non-physician medical practitioners, whose practice is predominantly that of general medicine, family practice, internal medicine, pediatrics, obstetrics or gynecology. Non-physician medical practitioners shall include nurse practitioners, nurse midwives and physician assistants who are supervised in accordance with the requirements set forth in this Exhibit.

In the event that Contractor provides pediatric primary health care services under this Agreement, and in addition to the foregoing, Contractor must be CHDP-certified.

2. Reimbursable Services: As set forth in Exhibit __, Contractor shall be reimbursed by County for primary health care services provided only to Eligible Patients. To that end, Contractor shall be reimbursed by County for such services only if those services constitute a "billable visit." For purposes of this Agreement, a "billable visit" shall be defined as a face-to-face encounter between a patient and a licensed,

registered, or certified health care provider who exercises independent judgment in the provision of preventive, diagnostic, or treatment services. A billable visit shall include any ancillary services that are needed during or as a result of the visit. For purposes of this Agreement, "ancillary services" shall include laboratory services, pharmacy services, medical supplies, and basic radiology. Ancillary services shall be reimbursed as part of the all-inclusive rate, which Contractor receives under this Agreement for each billable visit. Ancillary services that are not provided during a visit or as a result of a visit, so that their cost is included in the all-inclusive rate paid to Contractor under this Agreement, shall not be reimbursable under this Agreement. If ancillary services are provided off-site, Contractor shall have a formal agreement with entities or persons that have agreed to provide these services.

Physicals and drug testing requested by Eligible Patients in order to meet Department of Motor Vehicle, work, or adoption requirements shall not be billable or reimbursable under this Agreement. Additionally, services such as podiatry, dental, chiropractic, mental health, immunization, Mantoux testing, drawing blood, collecting urine specimens, performing laboratory tests, taking x-rays as a stand alone visit, and filling or dispensing prescriptions shall not constitute a billable visit, and, accordingly, shall not be billable and reimbursable under this Agreement.

In order to be reimbursed as a "billable visit", all health services, including ancillary services provided during or as a result of a visit, shall be recorded in the patient's medical record.

3. Staffing: If Contractor is utilizing nurse practitioners, nurse midwives, and/or physician assistants in the delivery of primary health care services, Contractor

must have in effect standardized protocols signed by a supervising physician.

Additionally, Contractor shall assure that the following ratios of non-physician medical practitioners supervised by a single physician are maintained at all times:

- Four nurse practitioners to one supervising physician;
- Three nurse midwives to one supervising physician;
- Two physician assistants to one supervising physician;
- A team consisting of any four of these professionals (nurse practitioners, nurse midwives, and/or physician assistants) as long as the above prescribed limits on nurse midwives and physician assistants are maintained.

4. Workplan: Contractor shall follow Contractor's CCEP Workplan attached hereto and incorporated herein by reference as Attachment __. Any changes to this Workplan must have the prior written consent of the Director.

5. Contractor's Obligations: Contractor shall do the following:

A. Operations:

1) Hours of Operation: Contractor shall adhere to the hours of operation set forth in Attachment __, Contractor's Workplan. Contractor shall notify Director in writing of any changes to the specified hours of operation. Except as otherwise necessary in emergency situations, any decrease to the specified hours of operation must be requested of Director in writing and shall be at the discretion of the Director to approve.

a. A proposed closure for a holiday, which is not recognized by the County as an official holiday, must be

communicated in writing to Director at least thirty (30) calendar days prior to the planned closure. The Director shall respond to Contractor in writing with his or her decision at least fourteen (14) calendar days prior to the proposed closure. The County's current official holidays are: New Year's Day, Martin L. King, Jr. Day, President's Day, Memorial Day, Fourth of July, Labor Day, Columbus Day, Veteran's Day, Thanksgiving Day and the day after, and Christmas Day.

b. If the above procedures have not been followed, and a change in its clinic service site hours or days of operation is made by Contractor without Director's authorization, Contractor shall be assessed by the County the amounts set forth as liquidated damages in the LIQUIDATED DAMAGES Paragraph of the body of this Agreement, and not as a penalty, for each regular County day of business following such unauthorized change. Such assessment shall continue until the clinic service site has returned to the new hours and days of operation.

c. Facility Service Sites: Contractor shall provide services at the service sites set forth in Attachment ___, Contractor's Workplan.

2) Referral and Notification: Contractor shall adhere to the referral and notification process set forth in Attachment ___, Contractor's Workplan, in the event that Contract must a) close its practice to new

CCEP eligible patients (individuals who have not been seen at any of Contractor's sites in over twenty-four (24) months), b) close its practice to episodic patients (those that have been seen at least once in the last twelve (12) months and all care has been for episodic conditions, such as immunizations and colds, that do not require follow-up care), and/or c) close its practice due to circumstances beyond its control.

If Contractor must close its practice at a particular site, to new and/or episodic CCEP eligible patients, the closure must apply to all new and/or episodic CCEP eligible patients. If Contractor's practice is open to episodic CCEP eligible patients and an episodic CCEP eligible patient(s) is diagnosed with a chronic condition, such as asthma or diabetes, which requires follow-up care or monitoring to ensure that the illness or condition remains controlled, Contractor shall be required to continue treatment of such patient(s) as a CCEP eligible patient and may not close its practice to such patient(s). At no time may Contractor cease services to patients with chronic illnesses or significant illnesses that require at least one additional visit to ensure that treatment is no longer necessary.

Notwithstanding the foregoing, Contractor shall be permitted to accept the following new CCEP eligible patients: new CCEP eligible patients who are clients in one of Contractor's other services or clinic programs or new CCEP eligible patients who are family members or caretakers of an existing patient receiving regular care at the site. Contractor shall document such information in the new CCEP eligible patient's medical

chart upon the patient's first visit as a CCEP eligible patient. Contractor shall not be permitted to select and reject new CCEP eligible patients on criteria such as symptomatology, condition or disease.

Notwithstanding the foregoing, patients referred to Contractor for care pursuant to the Medical Home Pilot Project, as set forth in Paragraph 7 of this Exhibit __, shall not be considered "new patients" for purposes of this Paragraph 5(A)(2). Contractor shall not be permitted to close its practice to patients referred for care pursuant to the Medical Home Pilot Project.

Contractor shall notify County in writing not less than fourteen (14) calendar days prior to closing its practice as described above. Until such time as Contractor determines it shall reopen its practice in any form, Contractor shall notify County in writing fourteen (14) calendar days in advance. In the event that Contractor closes its practice as described above, Contractor shall submit monthly written reports to County which provide the number of patients referred and the name of the agency(ies) that the patients were referred to. Such reports shall be submitted to the County of Los Angeles Department of Health Services, Office of Ambulatory Care, 5555 Ferguson Drive, Room 210-01, City of Commerce, California 90022, Attention: CCEP Program Manager.

In the event that County learns and verifies that Contractor has closed only to selected, new and/or episodic CCEP eligible patients, based upon the above criteria or for any other reason, such conduct shall be considered a material breach of contract upon which County may immediately terminate or suspend this Agreement. County, at its sole option, may obtain damages from Contractor resulting from said breach.

3) Patient Eligibility: Contractor shall verify and document patient

eligibility for services under this Agreement in accordance with the PATIENT ELIGIBILITY Paragraph of the body of this Agreement. Verification of patient's Los Angeles County residency, income and insurance status must be documented in the patient's medical record through the inclusion of the completed, signed, and dated Certificate of Indigency (COI). Such documentation must be maintained in accordance with the RECORDS AND AUDITS Paragraph of the ADDITIONAL PROVISIONS.

In accordance with the NON-EMERGENCY MEDICAL CARE SERVICES REQUIREMENTS Paragraph of this Agreement, CCEP Eligible Patients receiving public health related services are exempt from the Los Angeles County residency verification process.

4) Provider Credentialing: As set forth in the PERSONNEL Paragraph of the Additional Provisions, Contractor shall maintain a provider credentialing process, which adheres to the established health care industry credentialing standards and guidelines.

5) Laboratory Services: If Contractor performs any of the following nine laboratory tests on site, Contractor must have a current Clinical Laboratory Improvement Act (CLIA) certificate or evidence of a CLIA waiver: dip stick or tablet urinalysis; fecal occult blood; ovulation test using visual color comparison; urine pregnancy test using visual color comparison; Hemoglobin by copper sulfate non-automated; Spun micro hematocrit; Blood glucose using certain devices cleared by the FDA for

home use; erythrocyte sedimentation rate non-automated; and automated hemoglobin. If Contractor performs lab testing beyond these services, it must meet all additional CLIA requirements.

6) Radiology Services: Contractor shall be responsible for providing basic radiology services that are within the scope of primary health care e.g. screening mammogram and chest x-ray. Exclusions include ultrasound, invasive studies, CT or MRI scans, Doppler studies, and comparison views-extremity films.

7) Pharmacy: Contractor must use the Approved DHS Drug Formulary, which shall be provided to Contractor prior to the commencement of services under this Agreement by way of the Provider Information Notice process. Contractor may prescribe drugs beyond what is listed in the formulary as well as prescribe therapeutic equivalent (generic) drugs, with some exceptions as shall be provided to Contractor in a Provider Information Notice. Contractor may also counsel patients on non-prescription therapeutic interventions whenever feasible, for example exercise, weight loss, and smoking cessation.

B. Patient Care

1) Selected Primary Health Care Provider: As the primary health care provider, Contractor shall provide coordinated and comprehensive primary health care at the first contact and on a continuous basis in an outpatient setting.

2) Specialty Services: When all appropriate treatment options

by the primary health care physician are exhausted, and/or the patient's condition dictates specialty care, a referral to a DHS specialist should be made. Contractor shall refer patients to DHS facilities for specialty service using the referral guidelines promulgated by each DHS Referral Center and the WebReferral internet-based referral Referral Processing System. Contractor shall inform any patient for whom a referral is planned that he/she will undergo another financial screening for financial eligibility and Los Angeles County residency at any DHS hospital or clinic. Within the limits of the specialty clinic's availability, the DHS Referral Center shall be responsible for ensuring that specialty appointments are being made in a timely manner. Contractor shall assure that all medically appropriate primary care examinations and ancillary services are completed prior to the referral and shall comply with all instructions for transfer from the accepting DHS facility issues. If Contractor uses non-physician providers, it shall ensure that the referral is reviewed and authorized by a physician prior to submitting the referral to ensure the appropriateness of the referral, and that the referral justification is noted in the patient's medical record and included in the referral to the DHS specialist. County will provide Contractor with the specific processes and guidelines for each DHS Referral Center upon execution of this Agreement through the Provider Information Notice process.

3) Mental Health Referrals: If, through the provision of services hereunder, Contractor determines that a patient may benefit from mental

health services, or if a patient inquires about the availability of no-cost mental health services, Contractor shall inform patient that outpatient mental health service referrals may be obtained by the patient calling the INFO-LINE, Information & Referral Federation Mental Health Services Information Service at (800) 339-6993. Contractor shall inform the patient that he/she will undergo another financial eligibility screening at the time that mental health services are sought.

4) Substance Abuse Referrals: If, through the provision of services hereunder, Contractor determines that a patient may benefit from substance abuse treatment services, or if a patient inquires about the availability of no-cost substance abuse treatment services, Contractor shall inform the patient that outpatient substance abuse treatment referrals may be obtained by the patient calling the Information and Referrals to Alcohol and Drug Program Services line at (800) 564-6600.

5) Accessing After-Hour and Emergency Services: Contractor must triage and provide same-day or next-day care for a patient who the Contractor has seen in the past, and who should be seen for primary health care within 24-48 hours, or direct the patient to a DHS site as medically appropriate. Contractor shall establish a mechanism to inform CCEP patients how to access primary health care services after hours, during weekends and holidays, and how to access emergency services.

C. Program Management: In accordance with Attachment II, Contractor's Workplan, Contractor must manage contract resources to ensure that there are sufficient funds over the term of this Agreement to:

1) Provide continuous care, as medically appropriate, to patients who have been diagnosed with a chronic disease by primary health care providers at the Contractor's site(s). Medically necessary follow-up care and medications must be provided without charge to the patient as long as he/she meets the CCEP financial eligibility criteria.

2) Provide same-day or next-day appointments or walk-in services to those patients who should be seen within 24-48 hours, and regular scheduled appointments for returning patients, as medically necessary.

D. Performance Measurement:

1) Baseline Measurements: Information provided in the Contractor's approved Workplan provides baseline information for components of performance reports.

2) Monthly Reports: The County will issue monthly reports to Contractor to summarize performance of individual agencies. Information on the monthly reports will be derived from claims adjudication data.

3) Quarterly Reports: Contractor shall provide quarterly reports to the County, as needed, providing information on volume of clinic workload, changes in capacity, and other data that is not available to the Department except through agency self-reporting. County shall notify

Contractor of submission due dates and reporting requirements, as appropriate, via the Provider Information Notice process.

4) Performance Improvement: Contractor shall participate in County activities to improve performance across the CCEP Program, and across the larger network of DHS and CCEP network. As reasonable, this may include performance meetings with individual contractors, peer review meetings, and the review and development of new policies and procedures.

5) Patient Level Data: Contractor shall transmit electronically to County quarterly the patient level data elements set forth on Attachment ___ attached hereto and incorporated herein by this reference. If Contractor lacks the capability to transmit these data elements electronically, it shall transmit them through manual reporting in a form to be provided to Contractor in accordance with the process to be set forth through a Provider Information Notice.

7. Medical Home Pilot Project: Contractor shall participate in a Medical Home Pilot Project. Contractor shall accept from County Facilities, patient referrals for patients who lack a continuous, stable place of care and who receive care from County's emergency departments, urgent care centers and specialty clinics.

Within 120 days of the effective date of this Agreement, the parties shall meet to identify and develop criteria by which Contractor will accept DHS referrals, fix the percentage of new patient capacity that Contractor will set aside pursuant to this Agreement, and determine patient type that will be included in this Pilot Project. County

shall thereafter administratively amend Contractor's agreement, with approval by the County Counsel and the County's Chief Executive Office, to set forth the standards and criteria to which the parties agree..

In the event that County learns and verifies that Contractor has not maintained the dedicated capacity to be set forth herein for patients referred from County Facilities, such conduct shall be considered a material breach of contract upon which County may immediately terminate or suspend this Agreement. In the alternative, County, at its sole option, may elect to assess liquidated damages against Contractor for said breach as set forth in Paragraph 19 of the Agreement.

BILLING AND PAYMENT – PRIMARY HEALTH CARE SERVICES

1. Electronic Billings to County: Contractor shall submit to County's Claims Adjudicator data elements substantially similar to those found on the Federal Centers for Medicare and Medicaid Services ("CMS") Form 1500, or other forms approved by Director ("Billing Form"). Such data shall be submitted electronically for each primary care visit provided to an Eligible Patient monthly in arrears. None of Contractor's physicians or other providers shall separately bill County or Eligible Patients or their families for services hereunder.

2. Manual Billings to County: If electronic billing between Contractor and County's Claims Adjudicator is not operational, Contractor shall bill County's Claims Adjudicator manually using the Billing Form completed in duplicate. All manual information must be submitted on a Billing Form, as approved by Director. Contractor shall retain one billing copy for its own records and shall forward the original billing copy to the County's Claims Adjudicator. Addresses, both electronic and U.S. mailing, for billing of County shall be provided to Contractor prior to the commencement of services hereunder through a PIN.

4. County's Manual Reprocessing of Contractor's Denied and Canceled Claims: If claims were denied or canceled through no fault of County or County's Claims Adjudicator, Contractor shall pay County the appropriate County contract, per-claim fee billed County by County's Claims Adjudicator. Contractor shall maintain a system of record keeping that will allow Contractor to determine when it has incurred seventy-five percent (75%) of the Contract's Sum. Upon occurrence of this event, Contractor shall send written notification to CCEP Program Manager.

If the final Medi-Cal reconciliation process indicates that Contractor has been reimbursed for Medi-Cal eligible patients, following Director's written notice, Contractor shall within thirty (30) calendar days remit to County the amount indicated on Director's written notice.

If Director determines that Contractor has been underpaid, the amount of the underpayment shall be paid to Contractor within thirty (30) days from the date the underpayment was determined. However, County shall not pay to Contractor an amount in excess of the County maximum obligation under this Agreement, except as may be expressly specified elsewhere in Agreement.
