

AGN. NO. \_\_\_\_\_

MOTION BY SUPERVISOR DON KNABE

August 17, 2010

It is important for the public safety of our neighborhoods that the State's Non-Revocable Parole Program (NRP) be amended to disqualify those individuals that are known street gang members. The current criteria disqualify prison gang members, but not street gang members from the program. Street gang membership can be demonstrated by a defendant's conviction of a crime with any gang enhancement, court order to register as a gang member, or self admission.

**I, THEREFORE, MOVE THAT** the Board of Supervisors send a five-signature Board letter to the State legislature and Governor requesting them to amend the criteria for NRP so that known membership in a street gang will disqualify an individual from the Non-Revocable Parole program.
