**PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION**

The Department of Homeland Security has released 2010 Disaster Corps Grant Program (DCGP) funds to selected jurisdictions, including the County of Los Angeles (County) Operational Area (OA), that are intended to support the development, expansion, and enhancement of State and local governments' ability to use disaster volunteer resources. As evidenced in the past five years, the government's use of volunteer resources in disasters is becoming an increasingly integral component of California's emergency management system. The California Volunteers Commission has dedicated grant funding for a program that will support the development of a cadre of 1,000 Disaster Corps Volunteers and to create a statewide volunteer force of government-affiliated citizens that can deploy locally, to neighboring jurisdictions, or statewide in response to a resource request.

DCGP will fund a volunteer coordinator position for up to 18-months and the instruction cost for 200 volunteers. Through this program, the OA will test, implement, and refine the Disaster Corps program model, enhance coordination with non-governmental organizations active in disasters, and work with volunteer centers to improve management of spontaneous unaffiliated volunteers during response. The DCGP grant award of \$231,000 will be administered by the Chief Executive Office (CEO), Office of Emergency Management (OEM). By participating in the 2010 DCGP, the OA will become a founding member of the Disaster Corps and have access to trained volunteers from around the State, who can help us respond to disasters in the County.

The Board is requested to approve the attached Governing Body Resolution, which provides a list of CEO personnel authorized to sign documents for the DCGP grant. The CEO will need to submit other grant documents including, but not limited to, grant assurances and reimbursement requests.

The attached Appropriation Adjustment will provide OEM the authority to incur eligible costs approved for reimbursement under this grant.

### **IMPLEMENTATION OF STRATEGIC PLAN GOALS**

Access to these grant funds addresses the County's Strategic Plan Goal 5: Public Safety, Strategy 2 - Disaster Planning: Evaluate and refine a coordinated countywide catastrophic disaster plan to ensure workforce and resident readiness and preparedness in the event of a large-scale emergency.

### **FISCAL IMPACT/FINANCING**

This grant is fully funded by the Department of Homeland Security as distributed through the California Volunteers Commission, Office of the Governor. There is no matching requirement imposed on the utilization of these funds. Approval of the Appropriation Adjustment will increase the fiscal year 2010-11 Emergency Preparedness Response budget by \$231,000 for use by OEM.

### **FACTS AND PROVISIONS/LEGAL REQUIREMENTS**

The California Volunteers Commission, Office of the Governor has provided the County OA with specific guidelines for the administration, management, and utilization of these funds. These guidelines detail the activities and expenditures that are eligible for reimbursement.

### **CONTRACTING PROCESS**

The grant agreement with the State of California will be entered into and administered by the CEO under delegated authority as approved by your Board. Prior to execution, the agreement will be reviewed and approved by County Counsel.

### **IMPACT ON CURRENT SERVICES (OR PROJECTS)**

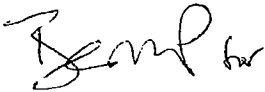

This grant provides funding to the County for developing and supporting a cadre of 200 Disaster Corps Volunteers and an 18-month contract for a volunteer coordinator position. DCGP funds will have a positive impact on current services by improving and enhancing the County's ability to use disaster volunteer resources when they are needed.
