GAIL FARBER, Director

ADDRESS ALL CORRESPONDENCE TO:
P.O. BOX 1460
ALHAMBRA, CALIFORNIA 91802-1460

January 11, 2011

The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, California 90012

Dear Supervisors:

**LOS ANGELES COUNTY WATERWORKS DISTRICTS
AND MARINA DEL REY WATER SYSTEM
WATER RATE ADJUSTMENT
(SUPERVISORIAL DISTRICTS 3, 4, AND 5)
(3 VOTES)**

SUBJECT

This action is to adopt a resolution adjusting the water rates for calendar year 2011 to pass through inflation as measured by the Consumer Price Index and wholesale water cost increases from the wholesale water agencies serving the Los Angeles County Waterworks Districts and Marina del Rey Water System and to authorize the Director of Public Works or her designee to amend the Rules and Regulations of the Los Angeles County Waterworks Districts and Marina del Rey Water System to implement the increase 30 days after the adjustment notices are sent to customers.

IT IS RECOMMENDED THAT YOUR BOARD ACTING AS THE GOVERNING BODY OF THE LOS ANGELES COUNTY WATERWORKS DISTRICTS AND MARINA DEL REY WATER SYSTEM:

1. Find that the purpose of adjustments to the water rates shown in the Rules and Regulations of the Los Angeles County Waterworks Districts and Marina del Rey Water System are to meet the operating expenses necessary to maintain service within existing service areas and, therefore, are statutorily exempt from the California Environmental Quality Act.
2. Adopt the resolution to adjust the water rates for calendar year 2011 to pass through inflation as measured by the Consumer Price Index and wholesale water cost increases from the wholesale water agencies serving the Los Angeles County Waterworks Districts and Marina del Rey Water System.

3. Authorize the Director of Public Works or her designee to amend the Rules and Regulations of the Los Angeles County Waterworks Districts and Marina del Rey Water System to implement the water rate increase effective 30 days after adjustment notices are sent to customers.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The purpose of the recommended action is to adjust water rates to offset inflation and wholesale water cost increases adopted by wholesale water agencies serving the Los Angeles County Waterworks Districts and Marina del Rey Water System (Waterworks Districts).

Currently the Rules and Regulations of the Los Angeles County Waterworks Districts and Marina del Rey Water System (Rules and Regulations) allow the Waterworks Districts to annually review water rates and make a recommendation to your Board of Supervisors (Board) for rate adjustment.

The Consumer Price Index (CPI) for the areas of Los Angeles, Riverside, and Orange Counties for the period of September 2009 to September 2010 was 0.4 percent.

Water wholesale rates adopted by wholesale water agencies have increased, and wholesale water costs account for a significant portion of the retail cost of water. The Waterworks Districts' Financial Officer and the Auditor-Controller reviewed the Waterworks Districts' rates and determined the need for an adjustment to the retail water rates. The proposed water rate adjustment and impact to the average monthly water bill in each District are shown on Enclosure A.

Implementation of Strategic Plan Goals

The Countywide Strategic Plan directs the provision of Operational Effectiveness (Goal 1) and Community and Municipal Services (Goal 3) by providing sufficient funds to offset increases in wholesale water charges to maintain reliable delivery of water service to County residents within the Waterworks Districts.

FISCAL IMPACT/FINANCING

There will be no impact to the County General Fund.

This action will generate additional annual revenue in water sales, to pay for increased costs due to inflation and the increased cost of wholesale water, of approximately \$821,000 in Waterworks District No. 29, Malibu; \$102,000 in Waterworks District No. 36, Val Verde; \$31,000 in Waterworks District No. 37, Acton; \$1.47 million in Waterworks District No. 40, Antelope Valley; and \$108,000 in the Marina del Rey Water System to offset increased purchased water costs in each Waterworks District's respective General Fund. This action will also generate additional annual revenue in water sales of approximately \$75,000 in Waterworks District No. 29, Malibu; \$7,000 in Waterworks District No. 36, Val Verde; \$83,000 in Waterworks District No. 40, Antelope Valley; and \$56,100 in the Marina del Rey Water System in each Waterworks District's respective Accumulative Capital Outlay Fund. Following approval by your Board, the rate adjustments will become effective 30 days after adjustment notices are sent to customers.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

Your Board is authorized to increase the water rates, surcharges, and water supply charges pursuant to Section 55501 of the County Waterworks District Law, Water Code, Section 65000, et. seq. Adoption of this resolution (Enclosure B) will allow revisions to the Waterworks Districts' Rules and Regulations (Enclosure C), adopted pursuant to Section 55333 of the Waterworks Districts' Law.

Section 53756 of the California Government Code states that "An agency providing water, sewer, or refuse collection service may adopt a schedule of fees or charges authorizing automatic adjustments that pass through increases in wholesale charges for water or adjustments for inflation..." A notice of the adjustments will be given pursuant to Subdivision (a) of Section 53755 of the Government Code within 30 days before the effective date of the adjustment.

Consistent with the requirements of Sections 53756 and 66016 of the Government Code, your Board held a public hearing on the matter of annual rate adjustments on November 24, 2009, and consistent with California Constitution Article 13, Section 6 (Proposition 218), and Sections 66018 and 6062a of the Government Code, a Notice of the Public Hearing was mailed to all affected customers and property owners more than 45 days in advance of the date of the public hearing. Seven written protests were received prior to the public hearing. Also in compliance with these Government Code Sections, a notice of the time and place of the hearing was published two times in a newspaper of general circulation within a ten-day period with at least five intervening days. After the public hearing, your Board approved the required resolution, subject to annual rate increase approval by your Board.

This action complies with the requirements of the California Constitution, Article XIII D (Proposition 218), and does not impose a tax within the meaning of Article XIII C, Section 1(e), of the California Constitution (Proposition 26), approved by the voters on November 2, 2010.

County Counsel has reviewed and approved the proposed resolution as to form.

ENVIRONMENTAL DOCUMENTATION

These actions and the resolution, amending the Waterworks Districts' Rules and Regulations, are to fund operating expenses and, therefore, are exempt from the California Environmental Quality Act (CEQA) pursuant to Section 21080(b)(8) of the Public Resources Code and Section 15273(a) of the CEQA Guidelines.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

There will be no impact on current County services or projects as a result of this action.

The Honorable Board of Supervisors

1/11/2011

ENCLOSURE A

PROPOSED WATER RATE ADJUSTMENT AND IMPACT TO THE AVERAGE MONTHLY WATER BILL IN EACH DISTRICT

Waterworks Districts	Water Rate	Average Water Bill Before	Average Water Bill After
Waterworks District No. 29, Malibu	5.4%	\$152.01	\$160.22
Waterworks District No. 36, Val Verde	12.6%	\$47.31	\$53.27
Waterworks District No. 37, Acton	3.4%	\$51.76	\$53.52
Waterworks District No. 40, Antelope Valley	4.9%	\$44.35	\$46.52
Marina del Rey Water System	7.1%	\$361.87	\$387.56

ENCLOSURE B

A RESOLUTION OF THE BOARD OF SUPERVISORS OF THE COUNTY OF LOS ANGELES, CALIFORNIA, AUTHORIZING THE DIRECTOR OF PUBLIC WORKS OR HER DESIGNEE TO ADJUST THE WATER RATES FOR THE LOS ANGELES COUNTY WATERWORKS DISTRICTS AND MARINA DEL REY WATER SYSTEM

WHEREAS, the Los Angeles County Waterworks Districts and Marina del Rey Water System (hereinafter referred to as DISTRICTS) provide potable water service to customers located within the Cities of Malibu, Lancaster, and Palmdale and within the unincorporated communities of Kagel Canyon, Marina del Rey, Topanga Canyon, Castaic, Acton, Pearblossom, Littlerock, Rock Creek, and Lake Los Angeles; and

WHEREAS, the Los Angeles County Board of Supervisors as the governing body of the DISTRICTS pursuant to Section 55501 of the County Waterworks District Law, Water Code, is authorized to increase the water rates, surcharges, and water supply charges as adopted in the Rules and Regulations of the Los Angeles County Waterworks Districts and Marina del Rey Water System pursuant to Section 55333; and

WHEREAS, the Rules and Regulations of the Los Angeles County Waterworks Districts and Marina del Rey Water System requires the District Engineer to annually review the water rate schedules and make recommendations to the Board of Supervisors for water rate adjustments; and

WHEREAS, the DISTRICTS purchase wholesale water from water wholesalers as needed; and

WHEREAS, Section 53756 of the California Government Code states that "An agency providing water, sewer, or refuse collection service may adopt a schedule of fees or charges authorizing automatic adjustments that pass through increases in wholesale charges for water or adjustments for inflation..."; and

WHEREAS, the DISTRICTS' retail price of water is partially dependent upon the DISTRICTS' cost of the purchase of wholesale water; and

WHEREAS, it is the intent of the DISTRICTS to pass through inflation as measured by the Consumer Price Index and wholesale water charge increases to its retail customers.

The foregoing Resolution was on the ____ day of _____, 2011, adopted by the Board of Supervisors of the County of Los Angeles as the governing body of the Los Angeles County Waterworks Districts and Marina del Rey Water System.

ENCLOSURE C

PART 2 RATE SCHEDULES AND SERVICE CHARGES FOR USE OF WATER

SECTION A - WATER USE DOMESTIC, COMMERCIAL, INDUSTRIAL AND AGRICULTURAL USES

The rates to be charged and collected for water and water service supplied in any one month for domestic, commercial, industrial and agricultural uses within Waterworks Districts are established in this Section.

2-A-1 CHARGE FOR METERED SERVICE: Where there are more than one house, store, etc., on a parcel of land under one ownership, the District will, at the option of the District, serve the houses, stores, etc., through one or more water meters. The District will render one water bill for each of the water meters serving the premises.

Each separate ownership will be served through separate water meters.

The charge for water service through each meter will be determined by the addition of the established Service Charge, which is an amount for each size of meter, and of the total Quantity Charge, (including applicable assessments) for the consumption of water, either indicated by the District water meter or estimated by the District. In addition, some Districts have other charges for specific purposes as approved by the Board of Directors and defined within this section.

Meter Size	Number of Billing Units	Maximum Rated Flow of Service Connection □ Meter Installation (gpm)
5/8"x3/4"	1	20
3/4"	1	30
3/4"x1"	1	30
1"	2	50
1 1/2"	3	100
2"	5	160
2 1/2"	7	200
3"	11	315
4"	17	500
6"	33	1,000
8"	53	1,600
10"	77	2,300
12"	100	3,000

2-A-1 Rev. 4/22/75-Eff. 5/22/75, Para 3 □ last Para Rev., Para 4 deleted 7/15/93, table Rev. 7/15/93, Fire protection service Added 7/15/93

PART 2 -RATE SCHEDULES AND SERVICE CHARGES FOR USE OF WATER
(Continued)

SECTION A - WATER USE DOMESTIC, COMMERCIAL, INDUSTRIAL AND
AGRICULTURAL USES (Continued)

2-A-1 CHARGE FOR METERED SERVICE: (Continued)

PRIVATE FIRE PROTECTION SERVICE: The fixed monthly rate to be charged and collected for each service to a private fire protection system shall be the applicable District minimum rates per billing unit, and the billing units for this service are related to the detector check valve size as follows:

<u>Size of Detector Check Valve</u>	<u>Billing Units</u>
4-inch and smaller	2.9
6-inch	3.9
8-inch	4.9
10-inch	6.9
12-inch	10.9

The number of billing units for all other type meters and for multiple meter assemblies of any type or various type meters shall be determined by dividing the on-site domestic demand in gpm by 30 gpm.

2-A-1a SERVICE AND QUANTITY CHARGE

SERVICE CHARGE is defined as the minimum charge determined by the number of billing units, which is based upon the size of meter. With the exception of detector check meter, this minimum charge provides for 500 cubic feet of water per billing unit per month. Private Fire Protection Service (detector check) meters are solely for the purpose of fire protection. Therefore, no water usage is allowed for or included in the service charge allowance. All water consumed shall be billed at the Quantity Charge rate of the applicable District. See also RULE 1-H-2.

2-A-1 Rev. 4/22/75-Eff. 5/22/75, Para 3 □ last Para Rev., Para 4 deleted 7/15/93, table Rev. 7/15/93, Fire protection service Added 7/15/93
2-A-1a Rev. 2/62, 8/63, 6/64, 4/66, 10/68, 8/19, 4/22/75-Eff. 5/22/75, Rev. 7/15/93

PART 2 -RATE SCHEDULES AND SERVICE CHARGES FOR USE OF WATER
(Continued)

SECTION A - WATER USE DOMESTIC, COMMERCIAL, INDUSTRIAL AND
AGRICULTURAL USES (Continued)

2-A-1a SERVICE AND QUANTITY CHARGE (Continued)

QUANTITY CHARGE is defined as a consumption charge for all water used in excess of the service charge allowance with the exception of detector check meter. For Private Fire Protection Service (detector check) meters, the Quantity Charge is defined as a consumption charge for all water used. See also RULE 1-H-2.

2-A-1b FIGURING MINIMUM CHARGE STANDARD: The minimum Service Charge per month is determined by multiplying the minimum charge of one billing unit by the total number of billing units for that meter size and entitles the customer to the quantity of water determined by multiplying the number of billing units by 500 cubic feet. All water used in excess thereof per month shall be sold in accordance with the Quantity Charge without regard to the number of billing units. This rule does not apply to detector check meters. See Rule 2-A-1a.

2-A-1c CONTRIBUTING FACTORS NEEDED FOR ADJUSTING WATER RATE: The Engineer may, after an evaluation of fixed costs and expenses which routinely affect the operating costs of a District, administratively adjust the water rate schedule to reflect any changes in these costs and expenses.

Annually on July 1, the Engineer shall review said fixed costs and adjust the District's water rate schedule to compensate for changes in operating costs as affected thereby. The adjusted rate shall be effective approximately thirty (30) days after making the review and notifying the District's customers of the new schedule.

The routine fixed costs and expenses are defined as follows:

1. Cost of water purchased.
2. Cost of electrical energy and other fuels.
3. Salary and wages.
4. Overhead costs including costs applied by the County of Los Angeles.

2-A-1a Rev. 2/62, 8/63, 6/64, 4/66, 10/68, 8/19, 4/22/75-Eff. 5/22/75, Rev. 7/15/93

(Continued)

SECTION A - WATER USE DOMESTIC, COMMERCIAL, INDUSTRIAL AND
AGRICULTURAL USES (Continued)

2-A-1c CONTRIBUTING FACTORS NEEDED FOR ADJUSTING WATER RATE:
(Continued)

For a District where a portion of the financing of the construction of new and replacement water facilities such as water mains, is derived from a property tax levy and the operating and maintenance expense is paid in part from taxes, the Engineer for the District may establish a water rate schedule for water service to publicly owned premises which do not pay District taxes at higher rates than applicable for water service to tax-paying premises. The higher schedule may not exceed by more than 10 percent, the schedule established for tax-paying premises and may only be applicable for fiscal years in which the District levies taxes for the herein described purposes.

RATE SCHEDULE 2107

2-A-9b FACILITIES REPAIR SURCHARGE

When the water facility repair expenditures exceed the current year budgeted estimate for the District and no emergency disaster funding is available from State or Federal agencies, the Board of Supervisors, as the governing Board for the District, may find that there is shortage of District General Fund revenues and establish a Facilities Repair Surcharge in an amount not to exceed \$1.00 per 100 cubic feet of water sold. The District must give the customers mailed notice of the amount and duration of the proposed surcharge at least ten days before the Board will consider its approval. The surcharge will become effective no sooner than the first full billing period after the date of the Board approval.

2-A-9c EMERGENCY FACILITIES REPAIR SURCHARGE

A \$15 per month per customer Emergency Facilities Repair Surcharge is hereby imposed for a period of one year.

2-A-9d TANK RECOATING CHARGE

An \$8.40 per month per customer Tank Recoating Charge is hereby imposed for a period of 10 years.

AGRICULTURAL USES (Continued)

2-A-24 MARINA DEL REY WATER SYSTEM

2-A-24a WATER SOLD TO CUSTOMERS WITHIN THE MARINA DEL REY WATER SYSTEM:

RATE SCHEDULE 8001

QUANTITY CHARGE for each 100 cubic feet of water used in a month is

~~\$1.952.09.~~

SERVICE CHARGE for each water service is ~~\$2.652.84~~ per month per Water Demand Factor (WDF). The calculated WDF for a customer's service charge is based on the annual average of the customer's historical water use in the prior three years relative to the annual average water demand in Marina Del Rey Water System over the same period. The WDF will be calculated annually, and if needed, adjusted accordingly.

2-A-24b WATER SOLD TO CUSTOMERS OUTSIDE THE MARINA DEL REY WATER SYSTEM FOR EMERGENCIES:

RATE SCHEDULE 8002

Water sold to customers outside the Marina del Rey Water System for emergencies will be billed to the customer at 1.5 times the quantity charge indicated in Rule 2-A-24a.

2-A-24c SURCHARGE FOR THE MARINA DEL REY ACCUMULATIVE CAPITAL OUTLAY FUND:

A rate of ~~\$1.381.48~~ per 100 cubic feet for all water sold.

2-A-24 Added 7/29/93

PART 2 -RATE SCHEDULES AND SERVICE CHARGES FOR USE OF WATER
(Continued)

SECTION B - WATER RATES FOR MISCELLANEOUS SERVICES

2-B-4 CONSTRUCTION WATER SERVICE (Metered): The District shall require that all water used for construction purposes be metered. The District will furnish, install, and remove the meter, valve, and fittings to be located at a fire hydrant or other convenient point in the system as determined by the District. The customer shall be responsible for the loss of or damage to the meter and other equipment used therefor. The charge for the metering facility is to guarantee the return of the meter to the District in an operative manner. The installation and removal charge shall be as follows:

2-inch and smaller meter	\$ 146.00
2 1/2-inch flow tube fire hydrant meter	165.00
3-inch meter	249.00
4-inch meter	412.00

For the District to relocate the meter from one location to another location at the request of the Customer, the charge is as follows:

2-inch and smaller meter	\$ 63.00
2 1/2-inch meter	78.00
3-inch meter	145.00
4-inch meter	240.00

The charges for installation, removal, and relocation of the meters larger than 4-inch or for meters 4-inch and smaller requiring an extraordinary installation, will be on an estimated basis of current costs.

The installation, removal, and relocation charges shall become revenue to the District.
