EXECUTIVE OFFICER

Dear Commissioners:

**APPROVAL OF CONTRACT AMENDMENT BETWEEN THE COMMISSION AND
NON-PROFIT INDUSTRIES, INC. DBA SOCIALSERVE.COM FOR THE INTERNET-
BASED LOS ANGELES COUNTY HOUSING RESOURCE CENTER
(ALL DISTRICTS) (3 VOTE)**

**CIO RECOMMENDATION: (x) APPROVE () APPROVE WITH MODIFICATION

SUBJECT

This letter recommends approval of a Contract Amendment between the Commission and Socialserve.com for the uninterrupted operation and expansion of the Los Angeles County Housing Resource Center (LAC-HRC) database website and associated housing locator services. This letter relates to an item on the agenda of the Board of Supervisors for approval of four years of continued Homeless Prevention Initiative (HPI) funding from the County.

IT IS RECOMMENDED THAT YOUR BOARD:

1. Authorize the Executive Director to accept a total amount of up to \$808,000 in HPI funds for the uninterrupted operation and expansion of the LAC-HRC database website under the Socialserve.com contract.

2. Authorize the Executive Director to execute a Contract Amendment between the Commission and Socialserve.com, extending the contract through December 31, 2014, and increasing the contract amount from \$1,251,284 to \$2,059,284 using ongoing HPI funds, for the purposes described above, to be effective following approval as to form by County Counsel and execution by all parties.
3. Authorize the Executive Director to amend the Contract to extend the term or increase the compensation amount by up to 15% above the amended total, and further expand or amend the scope of services and deliverables in keeping with the purpose of the Contract, to be effective following approval as to form by County Counsel, review and approval by the Chief Information Officer, and execution by all parties.
4. Find that approval of the Amendment is not subject to the provisions of the California Environmental Quality Act (CEQA) because the proposed activity is not defined as a project under CEQA and will not have the potential for causing a significant effect on the environment.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTIONS

The purpose of the recommended actions is to approve an extension of the existing contract with Socialserve.com in order to continue uninterrupted operation of the LAC-HRC website and call center.

FISCAL IMPACT/FINANCING

The HPI was created in April 2006 using ongoing County General funds in the amount of \$202,000 per year for the LAC-HRC. The proposed four years of additional funding will increase the contract amount by \$808,000. The funds for the first year are included in the Commission's FY 2010-2011 approved Annual Budget. Funds for future years will be included through the Commission's annual budget approval process.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

On April 4, 2006, the Board of Supervisors approved an HPI recommendation to establish a housing search and listing database website for Los Angeles County. On December 19, 2006, the Board of Supervisors approved a joint recommendation submitted by the CEO and the Commission, delegating authority to the CEO to execute a sole source agreement with Socialserve.com to create a website called the LAC-HRC. The website was subsequently launched in June 2007.

The primary purpose of the website and call center support is to provide free listing services of residential rental properties in Los Angeles County, to keep the listings updated, and to make the rental listings available at no cost for individuals, families and housing caseworkers in the County via the internet or toll-free phone call. The listing information includes data on landlords who accept tenants with Section 8 Housing Choice Vouchers and Veterans Affairs Supportive Housing (VASH) Vouchers. The website also has additional information on special needs rental units to assist County departments and approved agencies with housing placement. The LAC-HRC has proven to be very successful, and there are currently over 8,900 landlords registered and approximately 4,400 units currently available or with an open waiting list.

In 2009, the contract administration for the LAC-HRC was transferred from the CEO to the Commission; the Commission expanded the current database and website with further development of the system. Commission staff manages the workflow of website changes, coordinates among stakeholder agencies, develops marketing material, manages passwords, and provides training on the website.

Following the County's receipt of federal stimulus and recovery funds for housing in 2009 and 2010, the LAC-HRC was used to provide screening and mapping functions to assist the public and professional users in evaluating program eligibility for the Homelessness Prevention and Rapid Re-housing Program (HPRP), and the Neighborhood Stabilization Program (NSP).

The HPI funds requested herein provide the annual fee-for-service to Socialserve.com for the maintenance and support of the website service. Approval of the recommended actions would extend the operation of the LAC-HRC through December 31, 2014.

The Chief Information Officer recommends approval of the Amendment (CIO Analysis attached).

ENVIRONMENTAL DOCUMENTATION

The approval of the Amendment to the Contract between the Commission and Socialserve.com for the expansion of the LAC-HRC Project is exempt from the provisions of the National Environmental Policy Act pursuant to 24 Code of Federal Regulations, Part 58, Section 58.34 (a)(3) because it involves administrative activities that will not have a physical impact on or result in any physical changes to the environment. The action is not subject to the provisions of CEQA pursuant to State CEQA Guidelines 15060(c)(3) and 15378 because it is not defined as a project under CEQA and does not have the potential for causing a significant effect on the environment.

IMPACT ON CURRENT PROJECTS

Approval of the recommended actions will enhance the ability of the Commission to meet time-sensitive requirements of the Homeless Prevention and Rapid Re-Housing and Neighborhood Stabilization Programs. The additional services approved through this LAC-HRC Project expansion will provide benefits to residents of Los Angeles County, including landlords and tenants, as well as housing locators, lending institutions, real estate professionals, veterans, and other providers of affordable, special needs, supportive, transitional and emergency housing.

Work to be performed via this Amendment is routine maintenance and subscription services for the existing LAC-HRC Website.

Project/Contract Description:

The Community Development Commission (CDC) is requesting Board authorization to amend an existing Agreement with Non-Profit Industries, Inc., doing business as SocialServe.com, to extend the Agreement Term by four years, to December 2014, and increase the contract amount by \$808,000, from \$1,251,284 to \$2,059,284. In addition, CDC is requesting authorization to increase contract amount by up to 15% (\$308,892) for additional services.

These actions will allow CDC to continue operation of the LAC-HRC, including minor enhancements as needed, and ensure ongoing maintenance and support of the LAC-HRC Website.

Background:

The Chief Executive Office (CEO) executed the original sole source Agreement in December 2006, under authority delegated by the Board of Supervisors. The scope of the initial Agreement was limited to creation of a Los Angeles County housing resource Website to provide basic housing resource information. Since that time, LAC-HRC has been enhanced to include GIS mapping tools, a call center support to the public and housing caseworkers in the County, and various enhancements to meet requirements of the Homelessness Prevention and Rapid Re-housing Program (HPRP), and the Neighborhood Stabilization Program (NSP).

Project Justification/Benefits:

Extension of the Agreement term and increase of the contract amount will provide ongoing maintenance and support of LAC-HRC, based on an annual fee of \$202,000 per year. SocialServe.com also provides minor enhancements to the system, as needed, to meet changing requirements. The requested increase of \$808,000 will fund only the annual maintenance.

If CDC requires further expansion of the Website during this four-year period, they will use authority authorized via this Amendment. As with the current Agreement, any changes to the scope of work will require approval by County Counsel and the Chief Information Office (CIO).

Project Metrics:

Based on services provided to date, CDC is highly confident that SocialServe.com will continue to provide excellent services throughout this amended term. Because the services are limited to annual maintenance, no other metrics have been considered.

Impact on Service Delivery or Department Operations, If Proposal Is Not Approved:

If this proposal is not approved, CDC could not ensure uninterrupted operation of the LAC-HRC Website and services. Additionally, CDC would be unable to enhance the Website and services to meet changing business needs.

Alternatives Considered:

None.

Project Risks:

The current scope of services includes only routine maintenance and repair and project risks are, therefore, considered to be low.

Risk Mitigation Measures:

If CDC seeks an expanded scope of work, any related project risks would be considered by the County Counsel and CIO during their review and approval. The County Information Security Officer (CISO) has reviewed the proposed Contract Amendment and did not identify any security risks or issues.

Financial Analysis:

The amended Agreement will increase the budget by \$808,000 for a new Agreement maximum of \$2,059,284 through the term date of December 31, 2014. LAC-HRC is funded through the Housing Prevention Initiative (HPI) monies.

CIO Concerns:

None.

CIO Recommendations:

The CIO recommends approval of the proposed Amendment.
