#### **SUBJECT**

The General Plan Annual Progress Report and Housing Element Progress Report for the 2011 calendar year describes the status of the County's General Plan and progress in its implementation, and the County's progress toward meeting its share of the regional housing need and its efforts to remove governmental constraints to the development of housing.

#### **IT IS RECOMMENDED THAT YOUR BOARD:**

1. Consider the General Plan and Housing Element Progress Reports for 2011 at a public meeting.
2. Instruct the Department of Regional Planning to submit the reports to the Governor's Office of Planning and Research (OPR) and the State Department of Housing and Community Development (HCD).

#### **PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION**

The purpose of the General Plan and Housing Element Progress Reports is to meet the requirements of Government Code Section 65400, which mandates local jurisdictions to submit an annual report on the status of the General Plan and progress in its implementation. The report is required to be submitted to the Governor's Office of OPR and the HCD. The requirement to report on the County's progress in meeting its share of regional housing needs, and to remove governmental constraints to the maintenance, improvement, and development of housing, is addressed in a companion document, the Housing Element Annual Progress Report.

The annual progress reports are intended as tools for informing legislative bodies and the State of the jurisdiction's effectiveness in implementing its General Plan and Housing Element.

The recommendation does not have a fiscal or financing impact on the County.

### **FACTS AND PROVISIONS/LEGAL REQUIREMENTS**

#### General Plan Progress Report

The Los Angeles County General Plan, which was adopted in 1980, is designed to guide the long-term physical development and conservation of the County's land and environment in the unincorporated areas, through a framework of goals, policies, and implementation programs. The General Plan also provides a foundation for more detailed plans and implementation programs, such as area or community plans, zoning ordinances, and specific plans.

Government Code Section 65400 mandates local jurisdictions to submit an annual report on the status of the General Plan and progress in its implementation. The General Plan Progress Report provides a list of adopted and pending amendments to the Zoning Code and the General Plan in 2011; and an overview of the General Plan Update.

#### Housing Element Progress Report

The Housing Element is a component of the General Plan. The purpose of the Housing Element is to analyze existing, and to plan for future needs for the unincorporated areas of the County. The Housing Element is intended to address the housing needs of all income levels and accommodate a diversity of housing types and special needs. On August 5, 2008, the Board of Supervisors adopted the Fourth Revision to the Housing Element, which covers the period 2008 – 2014. On November 6, 2008, the Housing Element was certified by HCD.

Government Code Section 65400(a)(2)(B) mandates that all local jurisdictions prepare an annual report on the implementation progress of the Housing Element of their General Plan. The report provides information on the County's progress toward meeting its share of the regional housing need and local efforts to remove governmental constraints to the development of housing, as defined in Government Code Sections 65584 and 65583(c)(3). The information must be reported using the guidelines set forth in the Housing Element Law and as provided by HCD. Prior to submission to the State, the report must be considered at a public meeting before the Board of Supervisors, where members of the public can submit oral and/or written comments on the report.

**IMPACT ON CURRENT SERVICES (OR PROJECTS)**

# GENERAL PLAN ANNUAL PROGRESS REPORT

## 2011

---

The purpose of this report is to meet the requirements of Government Code Section 65400, which mandates local jurisdictions to submit an annual report on the status of the General Plan and progress in its implementation. The report must be submitted to the Governor's Office of Planning and Research (OPR) and the Housing and Community Development (HCD). The requirement to report on the County's progress in meeting its share of regional housing needs, and to remove governmental constraints to the maintenance, improvement, and development of housing, is addressed in a companion document, the Housing Element Annual Progress Report.

The Los Angeles County General Plan, which was adopted in 1980, is designed to guide the long-term physical development and conservation of the County's land and environment in the unincorporated areas, through a framework of goals, policies, and implementation programs. The General Plan also provides a foundation for more detailed plans and implementation programs, such as area or community plans, zoning ordinances, and specific plans. Los Angeles County is currently undergoing a General Plan Update, with anticipated completion in late 2012/early 2013.

The following report provides the status of the General Plan and progress in its implementation for the 2011 calendar year. **Part I: General Plan Implementation** consists of a list of adopted and pending amendments to the zoning code in 2011. **Part II: General Plan Amendments** lists adopted and pending amendments to the General Plan in 2011. **Part III: General Plan Update** provides an overview of the major changes proposed to the General Plan; a report of the activities in 2011; and a schedule to complete the General Plan Update.

### **III. GENERAL PLAN UPDATE PROGRAM**

In 1997, the Los Angeles County Board of Supervisors initiated the General Plan Update. Over the years, the Department of Regional Planning (“DRP”) has conducted nearly 100 community meetings and presentations to garner stakeholder input, which have shaped the goals and policies in the General Plan Update. In addition to community outreach efforts, the DRP has worked closely with public agencies and major stakeholders to review and revise multiple drafts of the General Plan Update.

The General Plan Update represents a comprehensive effort to update the County’s 1980 General Plan, and guide development through the year 2035. The General Plan Update consists of the following elements:

- Land Use Element
- Mobility Element
- Air Quality Element
- Housing Element (adopted and certified 2008)
- Conservation and Open Space Element
- Parks and Recreation Element
- Noise Element
- Safety Element
- Public Services and Facilities Element
- Economic Development Element

The theme of the General Plan Update is sustainability. Sustainability requires that planning practices meet the County’s needs without compromising the ability of future generations to realize their economic, social, and environmental goals. The General Plan Update has been designed to utilize, promote and implement policies that promote healthy, livable, and sustainable communities.

The General Plan also identifies five guiding principles—Smart Growth; Sufficient Community Services and Infrastructure; Strong and Diversified Economy; Environmental Resource Management; and Healthy, Livable and Equitable Communities—to further the overall goal of sustainability. These principles are supported by community-identified goals and stakeholder input.

#### **Recent Activities**

In 2011, the DRP staff held 13 community meetings along with numerous stakeholder meetings to solicit input on the Draft General Plan. Based on comments from these meetings and input from other County departments, DRP staff made refinements to the maps, figures, and content of the Draft General Plan.

The DRP staff also released the Notice of Preparation for the EIR and held two scoping meetings--one in Downtown Los Angeles, and another in the Antelope Valley.

Incorporating new data into the Draft General Plan has also been a major focus in 2011. The release of the 2010 Census and proposed 2012 SCAG RTP growth projections prompted staff to readjust the corresponding tables and models used throughout the Draft General Plan.

Staff also continued to support the development of General Plan-related projects, such as Antelope Valley Area Plan Update, Bicycle Master Plan Update, Hillside Management Ordinance, SEA ordinance, and Zoning Consistency.

### **Schedule**

The DRP anticipates releasing a draft of the revised General Plan in April 2012. The DRP also anticipates releasing the Draft EIR to the public in the Summer of 2012. Furthermore, the DRP anticipates initiating the public hearings on the General Plan Update and the EIR in late 2012.

# HOUSING ELEMENT ANNUAL PROGRESS REPORT

## 2011

---

The purpose of this report is to demonstrate Los Angeles County's compliance with the requirements of Government Code Section 65400(a)(2)(B), which mandates local jurisdictions to prepare an annual report on the implementation progress of the Housing Element of their General Plan. The report must provide information on the County's progress toward meeting its share of the regional housing need and local efforts to remove governmental constraints to the development of housing, as defined in Government Code Sections 65584 and 65583(c)(3). The information must be reported to the CA Department of Housing and Community Development (HCD) and the Governor's Office of Planning and Research (OPR) using the guidelines set forth in the Housing Element Law and as provided by HCD. Prior to submission to the State, the report must be considered at a public meeting before the Board of Supervisors, where members of the public can submit oral and/or written comments on the report.

### I. BACKGROUND

On August 5, 2008, the Board of Supervisors unanimously adopted the Fourth Revision to the Housing Element, which covers the period 2008 – 2014. One change made by the Board is the addition of language in the Housing Element to strengthen the County's commitment to SB 2, a bill that requires adequate planning for emergency shelters and clarifies the definition of supportive and transitional housing. In addition, the Board instructed the staff to initiate and expedite the implementation of two programs, and report back within a year: Program 10 Inclusionary Housing Feasibility Study, and Program 12 Small Lot Subdivisions Feasibility Study and Ordinance. On November 6, 2008, the Housing Element was certified by HCD.

### II. REGIONAL HOUSING NEEDS ALLOCATION (RHNA)

The Southern California Association of Governments (SCAG) is responsible for determining the Regional Housing Needs Allocation (RHNA) for each local jurisdiction within its six-county region.<sup>1</sup> For the Fourth Revision of the Housing Element, the County unincorporated area has been allocated a RHNA of 57,176 units, which is broken down by income level as follows:

- Extremely Low/Very Low Income (up to 50 percent of AMI): 14,425 units (25.2 percent)<sup>2</sup>
- Lower Income (51 to 80 percent of AMI): 9,073 units (15.9 percent)
- Moderate Income (81 to 120 percent of AMI): 9,816 units (17.2 percent)
- Above Moderate Income (more than 120 percent of AMI): 23,862 units (41.7 percent)

---

<sup>1</sup> Southern California Association of Governments (SCAG) covers a six-county region, including Los Angeles County, Orange County, Riverside County, San Bernardino County, Ventura County, and Imperial County.

<sup>2</sup> The County has a RHNA allocation of 14,425 very low income units. Pursuant to AB 2634, the County must project the housing needs of extremely low income households based on Census income distribution, or assume 50 percent of the very low income units as extremely low income units. In the absence of income data for the extremely low income households, 50 percent of the very low income units are assumed to be extremely low income. Therefore, the County's RHNA of 14,425 very low income units may be divided into 7,212 extremely low income units and 7,213 very low income units. However, for the purposes of identifying adequate sites for the RHNA, the State law does not mandate the separate accounting of units for extremely low income households.

The County is required through the Housing Element to ensure the availability of residential sites at adequate densities and appropriate development standards in the unincorporated areas to accommodate the RHNA over the planning period. During the implementation period, the County is required to report on the progress toward reaching the RHNA goals, through residential building permit activities.

**Residential Building Permit Activity in 2011**

**Table A1**, is a summary of building permit activity and construction for affordable housing developments (subsidized and/or deed-restricted, or “market affordable”<sup>3</sup>) between January 1, 2011 and December 31, 2011. **Table A2**, is a summary of building permit activity for above moderate income units issued by the County during the 2011 reporting period.

## Regional Housing Needs Allocation Progress

**Table B** identifies the housing units, by income level, completed from January 1, 2006 through December 31, 2011. Also the table shows the progress towards reaching the unincorporated County's share of regional housing needs. As shown on the Table, the number of additional dwelling units needed during the 2008-2014 planning period is 51,495, or roughly 90 percent of the RHNA.

Note: The RHNA for the Fourth Revision of the Housing Element in the SCAG region used January 1, 2006 as the baseline for projecting housing needs. Housing units that have been constructed, issued building permits, or approved since January 1, 2006 have been credited toward the RHNA for the 2008-2014 planning period.

### III. HOUSING ELEMENT PROGRAM IMPLEMENTATION

The Housing Element contains programs with specific time frames for implementation. **Appendix A: Table C1** shows the implementation progress of programs between January 1, 2011 and December 31, 2011.

## Adequate Sites Inventory

The adequate sites inventory in the Housing Element identifies qualified sites that allow an array of housing types and densities, and in the case of mixed use areas, sites that permit other, non-residential uses. In order to maintain the adequate sites inventory to meet the County’s RHNA over the planning period, as specified in Program 1 ‘Adequate Sites for Regional Housing Needs Allocation,’ the Annual Housing Element Progress Report notes when a site does not meet or exceeds the projected potential. In addition, the Report identifies alternative sites—sites with approved projects, or zone changes and plan amendments, which were not identified in the Housing Element.

As shown in **Table C2**, as of the end of 2011, the County’s adequate sites inventory accommodates 374 income-restricted very low and lower income units and 528 market-rate units that are potentially affordable to very low and lower income households.<sup>4</sup> This is in comparison to the projected 230 very low and lower income units in the adequate sites inventory. As shown in **Table C3**, as of the end of 2011, the County’s adequate sites inventory does not accommodate any income-restricted moderate income units, but does accommodate 588 market-rate units that are potentially affordable to moderate income households. This is in comparison to the projected 564 moderate income units in the adequate sites inventory.

## VI. OTHER HOUSING INITIATIVES

### Affordable Housing Approved under the Density Bonus Ordinance

On August 8, 2006, the Board of Supervisors adopted Ordinance 2006-0063, amending the Los Angeles County Zoning Code with eligibility, regulations and procedures for the granting of density bonuses and incentives for affordable and senior citizen housing—as required for consistency with Section 65915 of the California Government Code, the State Density Bonus Law. The County’s density bonus provisions go beyond the State-mandated requirements by providing options for additional density bonuses and incentives for affordable housing and senior citizen housing (through a discretionary procedure). In addition, the ordinance uses a menu of incentives to encourage projects that provide 100% affordable, are located near mass transit and/or provide infill development, while granting all incentives consistently with the State-mandated requirements.

As of the end of 2011, the Department has approved 671 affordable units and 875 units (including market-rate senior citizen units) total from the density bonus program since SB 1818, which made significant changes to the State Density Bonus Law, took effect on January 1, 2005.

### Second Units

On March 3, 2004, the Los Angeles County Board of Supervisors adopted Ordinance 2004-0012, amending the Los Angeles County Zoning Code with regulations and procedures for the review of second residential units—as required for consistency with the State law.

In 2011, the Department approved 31 second units, for a total of 455 second units since the ordinance took effect in 2004.

### **Mixed Use Ordinance**

On July 1, 2008, the Board of Supervisors adopted amendments to the Los Angeles County Zoning Code to modify certain commercial zones to allow vertical mixed use developments through an administrative procedure. In 2011 there, were zero new units created under this ordinance.

### **Farm Worker Housing Ordinance**

On September 14, 2010 the Board of Supervisors adopted the Farmworker Housing Ordinance, which is a program that brings the County's provisions for farmworker housing into compliance with the Employee Housing Act. In 2011, there were zero new units created under this ordinance.

### **Reasonable Accommodations Ordinance**

On November 29, 2011, the Board of Supervisors adopted the Reasonable Accommodations Ordinance, which establishes procedures for individuals with disabilities to request reasonable accommodations (with respect to planning and land use regulations) in order to obtain equal opportunity to housing.

### **Small Lot Subdivisions**

On August 5, 2008, the Los Angeles County Board of Supervisors instructed the Department of Regional Planning to initiate a feasibility study for establishing a program for small lot subdivisions and to report back to the Board in a year. In October 2009, the staff submitted a feasibility study to the Board of Supervisors, which includes a recommendation for the County to initiate an ordinance. The staff anticipates commencing work on the ordinance in 2012 and completing the ordinance by 2013.

### **Inclusionary Housing Program**

On August 5, 2008, the Los Angeles County Board of Supervisors instructed the Department of Regional Planning to initiate a feasibility study for establishing an inclusionary housing program, and to report back to the Board in a year. The staff put the feasibility study on hold in order to study recent legislative efforts and the impacts and implications of Palmer/Sixth Street Properties v. City of Los Angeles, which has invalidated certain types of local inclusionary housing policies. The staff anticipates providing the Board with a completed report in 2012.

Los Angeles County 2008-2014 Housing Programs  
Implementation Status

Program #	Program Name	Timeframe & Objectives	Progress/Status (Quantify if possible)
4	Infill Sites Utilization Program*	Promote awareness of the County's Infill Sites program to small property owners/developers, as funds become available, in conjunction with the efforts for the Affordable Housing Density Bonus Program (Program 3).	The Infill Sites Utilization Program was amended in early 2009 to incorporate the use of Federal Neighborhood Stabilization (NSP) Funds for the acquisition and rehabilitation of foreclosed one to four unit properties. The amended and successful program provided for the acquisition and rehabilitation of 20 units to be reserved for households earning less than 50% of the Area Median Income. The Program, as NSP 3, was operational through 2011 and will continue in 2012.
7	Land Banking/Write Downs	<ul style="list-style-type: none"> <li>• Develop an inventory of potential properties in 2009 and update quarterly.</li> <li>• Establish a land banking strategy in 2009 and identify appropriate funding sources (certain funding sources have strict limitations on land banking activities, e.g., CDBG and HOME).</li> <li>• Review the list of surplus properties owned by other County departments on a quarterly basis to identify potential sites for affordable housing.</li> </ul>	CDC policy no longer allows CDC/HACOLA administered funds to be used to acquire or develop sites within 500 feet of a freeway. As a result, those sites previously acquired that meet this criteria will be sold to the market when possible, and, if applicable, subject to RDA dissolution process. Funding constraints will not allow the purchase of additional sites for land banking at this time.
9	Community Land Trust	<ul style="list-style-type: none"> <li>• Evaluate the feasibility of establishing a land trust in 2009.</li> <li>• In the event that the program is not feasible, develop an alternative program to promote long-term affordable homeownership.</li> </ul>	Negotiations with the developer of for-sale units to be a part of a land trust were placed on hold due to market conditions and will remain so through 2012. Conditions will be evaluated on an ongoing basis. Literature reviews and other research on community land trusts will continue.
13	Countywide Affordable Rental Housing Development*	Assist in the development of 450 low income rental housing units in the unincorporated areas through gap financing, a revolving loan fund, and technical assistance during the next planning period. East Rancho Dominguez – 69 units 2. Willowbrook – 60 units 3. West Altadena – 14 units	The award winning Casa Dominguez development was completed in East Ranch Dominguez in 2010, but In light of the proposed (and actual) elimination of Redevelopment Areas and Agencies, all activity in the CDC Redevelopment Areas was placed on hold during 2011. The proposed developments in Willowbrook and Altadena remain in the predevelopment stage and will not proceed as redevelopment area projects.
16	Homebuyer Assistance*	Assist 1,200 low and moderate income first-time homebuyers in the unincorporated areas, along with 43 affordable units through AHOP, during the planning period. 1. In addition 9 AHOP units were sold during the period.
17	Section 8 Rental Housing Assistance*	Provide rental assistance to 4,000 extremely low and very low income households, and homeless individuals and families in the unincorporated areas during the planning period. <ul style="list-style-type: none"> <li>• Housing Choice Voucher – 3,800 households</li> <li>• Homeless Housing Program – 70 homeless individuals or families</li> <li>• Housing Assistance for Homeless with AIDS – 30 homeless persons with HIV/AIDS</li> </ul>	As a part of its ongoing Housing Choice Voucher Program, the Housing Authority monitors an allocation of over 22,000 Vouchers. CHIEF EXECUTIVE OFFICE

Subject: The Southern California Association of Governments' (SCAG) Acceptance of Transfer of RHNA Units between the County of Los Angeles and the City of Calabasas

Dear Ms. Creswell: *Cathy*

As you may be aware, the County of Los Angeles (County) and the City of Calabasas (City) have reached a mutually acceptable agreement for the transfer of nine (9) housing units related to their respective Regional Housing Needs Allocation (RHNA). Further details relating to this transfer are set forth in the attached letter dated March 24, 2011 from the City of Calabasas to which SCAG received notice.

While SCAG has not received a copy of the actual transfer agreement between the County and the City on this matter, it is our understanding that the parties did reach agreement on the transfer of the nine RHNA units. Therefore in the interest of time, SCAG has elected to consider the March 24, 2011 letter as sufficient evidence to document "a mutually acceptable transfer agreement" between the County and the City.

In accordance with Government Code Section 65584.07, subdivision (d), the subject transfer agreement became effective on March 24, 2011, the date in which SCAG received notice thereof. This letter represents SCAG's formal acceptance of the transfer based upon our review of the information set forth in the City's letter.

As a result of this transfer, the respective Final RHNA allocations for the County of Los Angeles and the City of Calabasas are amended, as follows:

**County of Los Angeles (Planning period of January 1, 2006 – June 30, 2014)**

Dear Mr. Fujioka:

I write in response to your offer letter dated March 24, 2011 outlining a proposed agreement for transfer of Regional Housing Needs Assessment Allocation from the County of Los Angeles to the City of Calabasas for the Mont Calabasas Annexation, 2009-09.

The terms of the County's offer are acceptable to the City. The City will accept an additional nine (9) housing units from Los Angeles County, with a maximum of five units being allocated from the "Above Moderate" income category, and the remaining four units being allocated from any combination of the affordable categories (e.g., "Very Low", "Lower", or "Moderate" income). Furthermore, while the City continues to believe its allocation transfer methodologies, as presented to County staff and SCAG officials on March 7, 2011 are appropriate and reasonable, we understand and accept the County's position that no such particular methodology is being adopted in contemplation of future annexations.

Finally, we appreciate that the County will withdraw its opposition to the annexation based upon this agreement. Thank you.

Sincerely,

  
Anthony M. Coroalles  
City Manager

Ma'Ayn,

The allocation of the RHNA units transferred to the City upon annexation was made with careful consideration of the current site inventory in the City's Certified Housing Element. Therefore, the distribution of the 9 units we gained as a result of this annexation shall be as follows:

Very low: 0  
Low: 1  
Moderate: 3  
Above moderate: 5

Feel free to contact me with any further questions.

SUBJECT: **RESPONSE TO BOARD MOTION TO INITIATE PROGRAM 10:  
INCLUSIONARY HOUSING PROGRAM OF THE HOUSING ELEMENT  
(AUGUST 5, 2008, ITEM #68)**

At the public hearing for the Los Angeles County Housing Element on August 5, 2008, the Board instructed the Department of Regional Planning (DRP) to initiate the required feasibility study for establishing an inclusionary housing program, and report back to the Board within a year.

**Program 10: Inclusionary Housing Program**

The intent of Program 10 of the Housing Element is to consider the feasibility of establishing an inclusionary housing program for the unincorporated areas.

Since August 2008, the DRP staff has prepared a preliminary draft of the study, which includes an extensive literature review of research on inclusionary housing, and the results of a stakeholder survey. The preliminary draft also reflects outreach with numerous stakeholders, including but not limited to planners from other local jurisdictions, building industry representatives, housing advocates, researchers and housing developers. The DRP staff also worked closely with CDC staff and the Housing Advisory Committee to identify key issues.

In light of the court decision in *Palmer/Sixth Street Properties vs. City of Los Angeles*, which found that mandatory affordability requirements for rental housing violate the Costa-Hawkins Act, the DRP is reworking the preliminary draft to ensure consistency with this recent decision. In addition, due to staff resource issues, the progress on the completion of the study has been delayed.

The Honorable Board of Supervisors

April 1, 2011

The staff will provide a status report to the Board no later than January 2, 2012. If you have any questions regarding this study, please contact Connie Chung at (213) 974-6417 or [cchung@planning.lacounty.gov](mailto:cchung@planning.lacounty.gov).

**22.56.3000            Purpose and intent.**

The purpose of this Part 19 is to implement part of the County's Housing Element in its General Plan and to provide a procedure for individuals with disabilities to request reasonable accommodations, consistent with the federal Fair Housing Amendments Act of 1988 and the California Fair Employment and Housing Act, as those Acts are amended from time to time. The sole intent of this Part 19 is to ensure that individuals with disabilities have an equal opportunity to use and enjoy housing by allowing an accommodation or accommodations with respect to certain County regulations, policies, procedures, and standards if said accommodation or accommodations are both reasonable and necessary to provide such equal opportunity without compromising the County's commitment to protecting community character and environmental quality.

**22.56.3010            Applicability.**

The provisions of this Part 19 shall apply to all requirements of this Title 22 as well as all other regulations, policies, procedures, and standards, regulated by the Department of Regional Planning.

**22.56.3020 Definitions.**

As used in this Part 19, the following terms shall have the following meanings.

A. "The Acts" means the federal Fair Housing Amendments Act of 1988 and the California Fair Employment and Housing Act, as those Acts are amended from time to time.

B. "Individual with a disability" shall mean individuals with a mental or physical disability as those terms are defined in California Government Code section 12926 (i), (k), and (l), as that section may be amended, and the regulations promulgated thereunder, or individuals with a handicap as that term is defined in 42 U.S.C. section 3602 of the federal Fair Housing Amendments Act of 1988, as that section may be amended, and the regulations promulgated thereunder.

C. "Reasonable accommodation" means a waiver or modification to regulations, policies, procedures, and standards that is both reasonable and necessary for a person with a disability to have an equal opportunity to use and enjoy a residential use. Examples of reasonable accommodation include, if reasonable and necessary, allowing a wheelchair ramp in a required setback, allowing an increase in building height to permit an elevator installation, or allowing an applicant additional time to submit material.

D. "Residential use" means any dwelling as defined by 42 U.S.C. 3602, subsection (b), as that section may be amended from time to time.

**22.56.3030 Application – Filing.**

A. Any individual with a disability, someone acting on his or her behalf, or a provider or developer of housing for individuals with disabilities, desiring to obtain a reasonable accommodation in accordance with this Part 19 shall file an application with the Director.

B. An application for a reasonable accommodation shall contain the following information:

1. Name and address of the applicant and of all persons owning any or all of the subject property;
2. Evidence that the applicant is one of the following:
  - a. The owner of the subject property; or
  - b. Has the written permission of the owner or owners to make such application.
3. Location of the subject property, including address (or vicinity) and Assessor's parcel number(s);
4. Legal description of the subject property;
5. Description of the current use of the property;
6. The specific requirements of Title 22 or other regulations, policies, procedures, and/or standards that are requested to be waived or modified;
7. A statement setting forth the basis for, and necessity of, the request, including verifiable documentation of disability status; and

8. A list, certified to be correct by affidavit or by a statement under penalty of perjury pursuant to section 2015.5 of the California Code of Civil Procedure, of the names and addresses of all persons who are shown on the latest available assessment roll of the County of Los Angeles as owners of the subject parcel of land, owners of all property abutting the exterior boundaries of the subject property, and owners of the closest inhabited property to the subject property in each direction if the abutting property in such direction is uninhabited.

C. The Director may request additional information as he deems reasonably necessary where such request is consistent with the Acts and the privacy rights of the individual with a disability.

**22.56.3040 Required findings and role of Director.**

A. Where a request for a reasonable accommodation is sought in connection with a residential use for which no concurrent application for entitlement under Title 21 or Title 22 is required, the Director shall grant the request based upon the following findings, which he shall make in writing:

1. The requested accommodation is intended to be used by an individual with a disability who resides or will reside on the property;
2. The requested accommodation is necessary to afford an individual with a disability equal opportunity to use and enjoy a residential use;
3. The requested accommodation will not impose an undue financial or administrative burden on the County; and

4. The requested accommodation will not require a fundamental alteration in the nature of the land use and zoning programs of the County.

B. The Director shall deny a request for a reasonable accommodation where the findings set forth in subsection A, above cannot be substantiated, and shall make written findings to that effect.

C. Any reasonable accommodation approval shall include the requirement that such accommodation be removed when it is no longer necessary for the original purpose granted unless in the reasonable discretion of the Director it is so physically integrated into the property or the improvements thereon that the cost or effort to remove it would create an unreasonable hardship.

**22.56.3050 Hearing officer or commission review where concurrent.**

When a request for reasonable accommodation is filed in conjunction with an application for a permit, variance, or any other discretionary land use entitlement as provided by Title 21 and/or Title 22, the Hearing Officer or Commission shall grant or deny a request for a reasonable accommodation concurrently with the decision rendered for such permit, variance, or other discretionary land use entitlement, and shall make findings addressing the criteria set forth in Section 22.56.3040.

**22.56.3060 Notice of decision.**

A. The Director, Hearing Officer, or Commission, as applicable, shall notify the applicant by mail of the action taken on an application for reasonable accommodation; said notice shall include the required findings.

1. Notices of decision on applications considered by the Director pursuant to Section 22.56.3040 shall be issued within 30 days of the date of the application, or within an extended period as mutually agreed upon, in writing, by the applicant and the Director. In addition to the applicant, a copy of the notice of decision by the Director shall be provided by mail to the property owner, owners of all property abutting the exterior boundaries of the subject property in each direction, and owners of the closest inhabited property to the subject property if the abutting property in such direction is uninhabited;

2. Notices of decision on applications considered by a Hearing Officer or the Commission in conjunction with another land use entitlement application pursuant to Section 22.56.3050 shall be provided along with the decision for such other entitlement in accordance with the requirements for such other entitlement. In addition to any other persons required to receive notice of an action on the related entitlement application, a copy of the notice of decision shall also be provided by mail to the property owner, owners of all property abutting the subject property, and owners of the closest inhabited property to the subject property in each direction if the abutting property in such direction is uninhabited.

B. The notice of decision shall include notice of the right to appeal, as set forth in Section 22.56.3100.

**22.56.3070            Effective date.**

The Director's determination on a request for reasonable accommodation becomes effective on the 30th calendar day following the Director's mailing of the notice

of decision. The decision by a Hearing Officer or Commission made in conjunction with another land use entitlement(s) application becomes final on the latest date such related entitlement(s) becomes effective.

**22.56.3080                      Expiration of reasonable accommodation.**

A.     A reasonable accommodation which is not used within the time specified in the notice of decision or, if no time is specified, within two years after the date of grant of the reasonable accommodation, shall expire and be of no further effect, except that:

1.     In cases in which the Director granted the original reasonable accommodation, the Director may extend the time to use it for a period not to exceed one year, provided an application requesting such extension is filed prior to its expiration date; and

2.     In the case of a reasonable accommodation granted concurrently and in conjunction with another land use entitlement, the Hearing Officer or Commission may extend the time to use it to correspond with any extensions granted for the use of such related entitlements.

B.     A reasonable accommodation shall be considered used within the intent of this section when construction, development, or use authorized by such reasonable accommodation, that would otherwise have been prohibited in the absence of an accommodation being granted, has commenced.

C.     A reasonable accommodation shall automatically cease to be of any further force and effect if the use for which such accommodation was granted has

ceased or has been suspended for a consecutive period of two or more years and may be required to be physically removed in accordance with Section 22.56.3040.C.

**22.56.3090 Recorded agreement.**

A. The Director, Hearing Officer, or Commission may require the applicant to record, at the office of the County Recorder, an agreement that the reasonable accommodation granted will be maintained in accordance with the terms of the reasonable accommodation and this Part 19 as a covenant running with the land for the benefit of the County in those instances described in subsection B. The recorded agreement shall also provide that any violation thereof shall be subject to the enforcement procedures of Part 6 of Chapter 22.60.

B. The Director, Hearing Officer, or Commission may require the recorded agreement described in subsection A, if:

1. The accommodation is physically integrated on the property and cannot feasibly be removed or altered, and the structure would otherwise be subject to Part 10 of 22.56; or

2. The accommodation is temporary and required to be discontinued if no longer maintained in compliance with this Part.

C. The Director, Hearing Officer, or Commission may authorize termination of the agreement to maintain the reasonable accommodation described in subsection A after making written findings that the lot or parcel of land is in compliance with all applicable land use and zoning regulations.

D. The property owner is required to record the termination or release of any agreement provided by this Section.

**22.56.3100 Appeals.**

A. An appeal regarding a decision to grant or deny a reasonable accommodation shall be made in writing, pursuant to the procedures and the time limits established in Part 5 of Chapter 22.60.

B. All decisions on an appeal shall address and be based upon the same findings required by Section 22.56.3040.

C. Decisions on an appeal of a decision made by the Director shall be effective on the date of decision and no further administrative appeals may be heard.

D. Decisions on an appeal of a decision made by a Hearing Officer or the Commission made in conjunction with other land use entitlements as set forth in Section 22.56.3050 shall be effective on the same date as is provided for an appeal of the related land use entitlement and any further rights of appeal will be the same as is provided for an appeal of the related land use entitlement.

**22.56.3110 Waiver of fees.**

An applicant requesting a reasonable accommodation shall not be required to pay the County Environmental Assessment fee if the project that is the subject of said request qualifies for either a categorical exemption or statutory exemption under the California Environmental Quality Act.
