**APPROVE COOPERATIVE AGREEMENT FOR
MAPLEGROVE STREET, ET AL.,
ROAD PAVEMENT IMPROVEMENT PROJECT
CITY OF LA PUENTE – COUNTY OF LOS ANGELES
UNINCORPORATED COMMUNITIES OF
WEST PUENTE VALLEY AND VALINDA
(SUPERVISORIAL DISTRICT 1)
(3 VOTES)**

SUBJECT

This action is to approve the cooperative agreement between the City of La Puente and the County of Los Angeles to provide financing and delegation of responsibilities for the design and construction of Maplegrove Street, et al., road pavement improvement project.

IT IS RECOMMENDED THAT THE BOARD:

1. Find that the Maplegrove Street, et al., project is categorically exempt from the California Environmental Quality Act.

2. Approve and instruct the Chairman of the Board to sign the cooperative agreement with the City of La Puente for the Maplegrove Street, et al., project. The cooperative agreement provides for the County of Los Angeles to perform the preliminary engineering and administer construction of the project, with the City of La Puente and the County of Los Angeles to finance their respective jurisdictional shares of the cost of the project. The agreement further provides that the City of La Puente will assign its Federal Surface Transportation Program-Local funds to the County to finance its portion of the project cost, which is currently estimated to be \$54,000. The total project cost is currently estimated to be \$6,500,000 with the County of Los Angeles share being \$6,446,000.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The purpose of the recommended action is to obtain approval of the project and to instruct the Chairman of the Board to sign the cooperative agreement with the City of La Puente. The City and the County of Los Angeles propose to improve the pavement on various road segments, which are jurisdictionally shared between the City and the County by cold milling the existing pavement, constructing asphalt rubber gap-graded bonded wearing course over the cold milled pavement, and constructing or modifying curb ramps. The Board's approval of the cooperative agreement is necessary for the financing and delegation of responsibilities for the project.

Implementation of Strategic Plan Goals

The Countywide Strategic Plan directs the provision of Integrated Services Delivery (Goal 3). By improving the subject roadways, residents of the City, neighboring cities, and the unincorporated County communities who travel on these streets will benefit and their quality of life will be improved.

FISCAL IMPACT/FINANCING

There will be no impact to the County General Fund.

The total project cost is estimated to be \$6,500,000 with the City's share estimated to be \$54,000 and the County's share estimated to be \$6,446,000. In addition to the construction contract cost, the total project cost includes the cost of plans, specifications, consultant services, survey, material testing, construction engineering, inspection, contract administration, change order contingency, contribution to the Contract Cities Liability Trust Fund, and other County services.

The County's share of the project cost will be financed with Proposition 1B funds under the Local Streets and Road Improvement, Congestion Relief, and Traffic Safety Account of 2006. The necessary funds required for the preliminary engineering cost of this project is included in the First Supervisorial District's Road Construction Program in the Fiscal Year 2012-13 Road Fund Budget. Through the annual budget process, sufficient appropriation is included in the First Supervisorial District's Road Construction Program in the Recommended Fiscal Year 2013-14 Road Fund Budget to finance the construction cost of the project.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The enclosed cooperative agreement has been approved, as to form, by County Counsel and executed by the City.

Sections 1685 and 1803 of the California Streets and Highways Code provide that the Board of Supervisors of any county may enter into contracts or agreements with the legislative body of any city for the purposes of more efficient construction or repair of streets and roads within the city.

The cooperative agreement, which was approved by the City of La Puente City Council on March 27, 2013, provides for the County to perform the preliminary engineering and administer construction of the project. The cooperative agreement further provides for the City to finance its jurisdictional share of the project cost by assigning its Federal Surface Transportation Program-Local funds to the County. The City's actual cost will be based upon a final accounting after completion of the project.

The Los Angeles County Metropolitan Transportation Authority has established procedures that permit the transfer of Federal Surface Transportation Program-Local funds between public agencies. Approval of the cooperative agreement is required under these procedures. This transfer of funds is mutually beneficial to and in the general interest of the City and the County.

ENVIRONMENTAL DOCUMENTATION

This project is categorically exempt from the provisions of the California Environmental Quality Act pursuant to Section 15301(c) of the California Environmental Quality Act guidelines and Class 1(x), Subsections 2, 14, 18, and 22 of the Environmental Reporting Procedures and Guidelines adopted by the Board. These exemptions provide for resurfacing roadway pavement; reconstruction of existing sidewalk, curbs, and gutters; new street drainage facilities that do not discharge onto private property; and maintenance of existing roadway facilities.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

Improvement of the road segments under the Maplegrove Street, et al., project, which are on the County Highway Plan, is needed and is of general County interest.

The Maplegrove Street, et al., project is tentatively scheduled to be awarded in the summer of 2013 with the start of construction a few months after.

CONCLUSION

Please return one adopted copy of this letter and two originals of the cooperative agreement to the Department of Public Works, Programs Development Division.

Respectfully submitted,

- c. CITY shall review the final accounting invoice prepared by COUNTY and report in writing any discrepancies to COUNTY within sixty (60) calendar days after the date of said invoice. Undisputed charges shall be paid by CITY to COUNTY within sixty (60) calendar days after the date of said invoice. - e. During construction of PROJECT, COUNTY shall furnish an inspector or other representative to perform the functions of an inspector. CITY may

also furnish, at no cost to COUNTY, an inspector or other representative to inspect construction of PROJECT. Said inspectors shall cooperate and consult with each other, but the orders of COUNTY inspector to the contractors or any other person in charge of construction shall prevail and be final.
