Dear Supervisors:

## ADOPTED

BOARD OF SUPERVISORS  
COUNTY OF LOS ANGELES

8 July 15, 2014

*Sachi A. Hamai*  
SACHI A. HAMAI  
EXECUTIVE OFFICER

### **REQUEST FOR DELEGATED AUTHORITY TO THE CHIEF EXECUTIVE OFFICER TO NEGOTIATE AND EXECUTE SITE ACCESS AGREEMENTS WITH LOS ANGELES REGIONAL INTEROPERABLE COMMUNICATIONS SYSTEM AUTHORITY (ALL DISTRICTS) (3 VOTES)**

#### **SUBJECT**

This recommendation is a request for delegated authority to the Chief Executive Officer, or his designee, to execute in substantially similar form, Site Access Agreements with the Los Angeles Regional Interoperable Communications System Authority (LA-RICS Authority) for the construction, installation, operation, and maintenance of the Public Safety Broadband Network (PSBN) (also known as the Long-Term Evolution System [LTE]).

#### **IT IS RECOMMENDED THAT THE BOARD:**

1. Find that the approval and execution of Site Access Agreements with the Los Angeles Regional Interoperable Communications System Authority (LA-RICS Authority) to allow for all work to occur at the Public Safety Broadband Network (PSBN) site(s) that are County-owned or County-leased, as covered by the Site Access Agreements, are exempt collectively and individually from review under the California Environmental Quality Act (CEQA) pursuant to Public Resources Code Section 21080.25, the statutory CEQA exemption adopted specifically for the LA-RICS project for the reasons stated and as noted in the LA-RICS Authority's record of the project, the relevant portion of which is hereby incorporated by reference. To the extent any leased circuit work that may occur outside of the PSBN site(s) is needed to provide connectivity to the site(s), such work is categorically exempt under CEQA pursuant to CEQA Guidelines Sections 15301, 15303, and 15304 for the reasons stated and as noted in the LA-RICS Authority's record of the project, the relevant portion of which is hereby incorporated by reference.

2. Delegate authority to the Chief Executive Officer, or his designee, to execute, in substantially similar form, up to 117 Site Access Agreements for the construction, installation, operation, and maintenance of the PSBN at County-owned and County-leased sites.

## **PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION**

The purpose of the recommended action is to allow the Chief Executive Officer (CEO) to execute gratis, non-exclusive Site Access Agreements (Agreements) for an unlimited period at existing County-owned sites and for a period up to 10 years at County-leased sites. The Master Licenses at the County-leased sites may need to be renewed and extended for a longer period to coincide with the Agreements.

The proposed delegated authority provides for more efficient processing of the large volume of agreements for the PSBN project. Expeditious and efficient processing of each Agreement is needed to allow the LA-RICS Authority to fulfill its grant funding timeline obligations for construction of the PSBN, which requires that the PSBN system be constructed by no later than September 30, 2015. CEO-Real Estate Division will work collaboratively with all of the impacted County departments to ensure final site layouts of the PSBN system are approved by the impacted County departments prior to any construction or installation of equipment. The subject County-owned and County-leased sites are outlined in Attachments A (County-owned sites) and B (County-lease sites), respectively.

## **Implementation of Strategic Plan Goals**

The proposed Agreements support the Countywide Strategic Plan Goal of Operational Effectiveness (Goal 1). Upon entering into the proposed Agreements, the LA-RICS Authority will be in a position to develop a modern public safety communication system that will maximize the effectiveness of processes, structure, and operations to support the timely delivery of customer-oriented and efficient public services, particularly in the areas of public safety.

## **FISCAL IMPACT/FINANCING**

The granting of non-exclusive access to LA-RICS will be on a gratis basis; however, the Agreements for the County-leased sites may entail a nominal annual consideration not to exceed \$10,000 annually per leased site to satisfy the requirements of the Master Licenses.

## **FACTS AND PROVISIONS/LEGAL REQUIREMENTS**

LA-RICS was formed in 2009 as a Joint Powers Authority involving 86 members comprised of independent cities, the County, and other public agencies throughout Los Angeles County. The County is a member agency in the LA-RICS Authority. The mission of the LA RICS Authority is to engage in a region-wide cooperative effort to plan and establish a wide-area interoperable public safety communications network known as LA-RICS. When commissioned, the LA-RICS will provide first and secondary responders with the technology to coordinate, in real time, their response in day-to-day operations, and most importantly, during emergencies. The LA-RICS is made up of two independent systems, the PSBN (also known as LTE) and the Land Mobile Radio (LMR) Systems. The Agreements covered are only for the PSBN.

These Agreements are necessary to license certain real property owned or leased by the County to the LA-RICS Authority for use as a PSBN communications site. LA RICS will construct, own, operate, and maintain the PSBN. The PSBN is made of LTE broadband wireless network technology and will provide day-to-day data communication service for individual public safety agencies, provide emergency responders with high-speed access to life-saving multimedia information, and support the National Public Safety Broadband Initiative. The LTE system will provide a secure 4G data network to provide high-speed video and data access that is exclusive to public safety response. Federal funding has been provided to support LA-RICS' mission, and certain milestones must be fulfilled in connection with this funding.

The proposed Agreement(s) have been prepared and negotiated by the CEO-Real Estate Division (CEO-RED), LA-RICS, and several impacted County departments. Each agreement will be executed in a form substantially similar to Attachments C (County-owned) and D (County-leased). As the applicable site specific configurations and designs are completed by LA-RICS, the Agreements for that specific location will be submitted to the CEO for execution. The Agreements will stipulate that LA-RICS' responsibilities include utility payments, maintenance obligations, as well as, certain insurance and indemnity requirements.

The LA-RICS Outreach Team, consisting of specialists with experience in telecommunications, engineering, site acquisition, and public safety personnel met with LA RICS Authority member agencies to present the overall project in detail. These meetings were coordinated to include City Managers, Public Safety Directors, local police/fire department leaders, and Planning and Community Development Directors.

## **ENVIRONMENTAL DOCUMENTATION**

Approval and execution of the SAAs, and all work at the LTE site(s) covered by the SAAs, are statutorily exempt from review under CEQA. Public Resources Code Section 21080.25, the statutory CEQA exemption adopted specifically for the LA-RICS, exempts these activities as long as they meet certain criteria set forth in the exemption. The PSBN (LTE) site(s) covered by the attached SAAs meet all of these criteria. This determination is based upon substantial evidence in the record that shows each of the following, as required by the exemption:

- (a) The site(s) is publicly owned and already contain antenna support structures and/or a police, sheriff, or fire station, or other public facility that transmits or receives public safety radio signals.
- (b) Construction and implementation at the project site(s) would not have a substantial adverse impact on wetlands, riparian areas, or habitat of significant value, and would not harm any species protected by the federal Endangered Species Act of 1973 (16 U.S.C. Sec. 1531 et seq.), the Native Plant Protection Act (Chapter 10 (commencing with Section 1900) of the Fish and Game Code), or the California Endangered Species Act (Chapter 1.5 (commencing with Section 2050) of Division 3 of the Fish and Game Code), or the habitat of those species.
- (c) Construction and implementation of the project at the site(s) would not have a substantial adverse impact on historical resources pursuant to Section 21084.1.
- (d) Operation of the project at the project site(s) would not exceed the maximum permissible exposure standards established by the Federal Communications Commission, as set forth in Sections 1.1307 and 1.1310 of Title 47 of the Code of Federal Regulations.

(e) Any new LTE antenna support structures would comply with applicable state and federal height restrictions, and any height restrictions mandated by an applicable comprehensive land use plan adopted by an airport land use commission. The new monopoles shall not exceed 70 feet in height without appurtenances and attachments.

(f) Each new central system switch is located within an existing enclosed structure at a publicly owned project site, or is housed at an existing private communications facility.

(g) None of the sites are located on a school or sacred cultural site.

To connect the PSBN (LTE) site(s) to network nodes or aggregation points, it may be necessary to conduct some leased circuit work on and around the site (if detailed project design work determines that microwave or other options for connection are unavailable). Leased circuit work, if needed, may consist of simply activating existing fiber infrastructure or implementing aerial drops with no physical environmental impact or, to the extent physical disturbance is required, minor trenching within existing road right-of-way. To the extent some leased circuit work may need to occur outside of the LTE site(s) to allow connectivity between sites and the core network for the LTE system, such work is categorically exempt under CEQA pursuant to CEQA Guidelines sections 15301, 15303, and 15304 since the work would involve minor alteration of existing facilities, mechanical equipment, and location of new small facilities, as well as, minor alteration in the condition of land within the public right-of-way, and is therefore, within certain classes of projects that have been determined not to have a significant environmental effect. There would be negligible to no expansion of use associated with this activity since the fiber for the leased circuit lines are dedicated to providing this type of connectivity. Further, leased circuit work would not include the removal of healthy, mature scenic trees, nor would it be located in a particularly sensitive environment, and there are no cumulative impacts, unusual circumstances, or other limiting factors that would make the categorical exemption inapplicable based on project records.

As the CEQA Lead Agency, the LA-RICS Authority has determined that all of the PSBN (LTE) sites, including those covered by the Agreements meet all of the criteria listed above. This determination is supported by substantial evidence in the custody of the Authority, which is incorporated in relevant part into the record of proceedings of the County for the Agreements.

Upon the approval of the recommended actions, a Notice of Exemption for the project site(s) covered by the Agreements will be filed with the Registrar-Recorder/County Clerk, pursuant to Section 15062 of the State CEQA Guidelines.

### **IMPACT ON CURRENT SERVICES (OR PROJECTS)**

There will be no compromise of public safety missions or disruption of vital, existing communication services.

**CONCLUSION**

It is requested that the Executive Officer, Board of Supervisors, return two certified copies of the Minute Order to the CEO, Real Estate Division at 222 South Hill Street, 4th Floor, Los Angeles, CA 90012.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "W. T. Fujioka", with a stylized flourish at the end.

**LA-RICS  
LTE SITE ACCESS AGREEMENT  
(COUNTY-OWNED)**

## **LTE SITE ACCESS AGREEMENT**

**THIS LTE SITE ACCESS AGREEMENT** ("Agreement"), is made and entered into in duplicate original this \_\_\_\_\_ day of \_\_\_\_\_, 2014,

**BY AND BETWEEN**

**COUNTY OF LOS ANGELES**, a body corporate and politic, hereinafter referred to as "Owner"

**AND**

**THE LOS ANGELES REGIONAL INTEROPERABLE COMMUNICATIONS SYSTEM AUTHORITY**, a Joint Powers Authority, hereinafter referred to as "LA-RICS Authority."

### **RECITALS:**

**WHEREAS**, Owner is a member of the LA-RICS Authority, which was established pursuant to a Joint Powers Agreement dated January 2009 ("JPA") for the purpose of coordinating governmental services to establish a wide-area interoperable public safety communications network commonly known as LA-RICS;

**WHEREAS**, Owner owns certain real property described on Exhibit A attached hereto ("Real Property"); and

**WHEREAS**, Owner desires to license the use of a portion of the Real Property to the LA-RICS Authority for use as a Long Term Evolution ("LTE") broadband communication site; and

**WHEREAS**, the parties hereto acknowledge that: (a) LA-RICS AUTHORITY has retained Motorola Solutions, Inc. ("LMR Vendor") to design, construct, and perform services with respect to a regional interoperable LTE telecommunications system as a part of the LA-RICS; (b) the LA-RICS AUTHORITY has retained Motorola Solutions, Inc. ("LTE Vendor") to design and construct a regional interoperable Broadband telecommunications system as a part of the LA-RICS; (c) the federal First Responder Network Authority may, or may not, retain one or more vendors (collectively, the "First Net Parties"), to design and construct a national interoperable LTE telecommunications system of which the LA-RICS may be a part; and (d) any of the LA-RICS Authority member agencies may assume the LA-RICS Authority's rights and obligations under this Agreement and/or may perform services with respect to this LA-RICS; and

**WHEREAS**, LA-RICS AUTHORITY is willing to accept and exercise the rights granted by this Agreement for use of a LTE site located on the Real Property in accordance with the terms and conditions prescribed herein.

**NOW, THEREFORE**, in consideration of the foregoing recitals, which are hereby deemed a contractual part hereof, and the mutual promises, covenants, and conditions set forth herein, the parties hereto agree as follows:

1. **LTE SITE**

1.01 Owner hereby licenses to the LA-RICS AUTHORITY and LA-RICS AUTHORITY hereby accepts from Owner on the terms and conditions set forth herein, the use of land within a portion of the Real Property, together with all necessary space and easements for access and utilities to install and operate an unmanned LTE communication facility, consisting of the parcels of land shown on Exhibit A attached hereto and incorporated herein by this reference (the "LTE Site").

1.02 The LA-RICS AUTHORITY acknowledges its personal inspection of the LTE Site and the surrounding area and evaluation of the extent to which the physical condition thereof will affect its operations. The LA-RICS AUTHORITY accepts the LTE Site in its as-is condition with no duty to investigate, and Owner makes no warranty, express or implied, as to the suitability of the LTE Site or the Real Property for the LA-RICS AUTHORITY's use; its physical condition, including the condition and stability of the soils or groundwater on or under any of the Real Property; and the presence of pollutants or contaminants therein.

1.03 LA-RICS AUTHORITY, the LTE Vendor and/or the First Net Parties may make or construct or cause to be made or constructed additions, alterations, repairs, replacements or other changes to the LTE Site at the LA-RICS AUTHORITY's expense in accordance with all of the terms and conditions of this Agreement.

1.04 LA-RICS AUTHORITY hereby acknowledges the title of the Owner or its successors in the Real Property and covenants and agrees never to assail, contest, or resist said title.

1.05 Ownership of all improvements constructed by the LA-RICS AUTHORITY upon each and every site comprising the LTE Site and all alterations, additions or betterments thereto shall remain with the LA-RICS AUTHORITY or other agencies as may be provided by any applicable LA-RICS grant requirements. The LA-RICS AUTHORITY may remove any of its own improvements to the Real Property at any time during the term of this Agreement, and Owner hereby waives any and all lien rights it may have in relation thereto, statutory or otherwise.

2. **PURPOSE AND USE**

2.01 The sole purpose of this Agreement is to allow the LA-RICS AUTHORITY to use the LTE Site for the installation, operation, maintenance, and repair of a LTE facility. The LA-RICS AUTHORITY (and/or its member agencies, the LTE Vendor, the First Net Parties and/or other agents): (a) shall have the right to construct, install, repair, remove, replace, maintain, and operate the LA-RICS AUTHORITY's LTE communications system, which typically consists of, without limitation, the infrastructure,

shelters, equipment and related improvements listed on Exhibit B (Equipment List) attached hereto and incorporated herein by this reference (such LTE system, and associated infrastructure, shelters, equipment and related improvements, collectively, the "LA-RICS Facility") and other related materials as may be deemed necessary by the LA-RICS AUTHORITY, and (b) shall be allowed access over, through and across each site comprising the Real Property for ingress to and egress from the applicable LTE Site 24 hours per day, 7 days per week without notice. Each LTE Site shall be used only for the purposes authorized by this Section 2.01, and such other purposes as are directly related thereto, and for no other purposes whatsoever (collectively the "Permitted Activities").

2.02 The LA-RICS AUTHORITY shall ensure that all usage of the LTE Site and/or the Real Property hereunder, including without limitation usage by the LTE Vendor, is in compliance with all terms and conditions of this Agreement.

2.03 Nothing contained in this Agreement shall be deemed or construed in any way to limit the Owner's authority to exercise any right or power concerning the utilization of the Real Property including without limitation the LTE Site; provided, however, that such Owner authority shall not include the exercise of any right or power that would interfere with the LA-RICS Facility.

### 3. **APPROVALS/DESIGN REVIEW**

The LA-RICS AUTHORITY shall furnish and submit to Owner copies of project plans and specifications (along with any other information reasonably requested by Owner) for the LTE Site at the 50%, 75%, and 100% stages of design development, for Owner's review and approval. LA-RICS AUTHORITY agrees to discuss with Owner the Owner's concerns, if any, regarding the proposed plans and to work in good faith to address such concerns and obtain Owner approval prior to implementation of said plans.

Conceptual site plans for the LTE Site are identified in Exhibit C. Upon the LA-RICS AUTHORITY's and Owner's (or Owner's authorized agent's) approval of the final site plan for the LTE Site, such final site plan will be deemed incorporated herein by reference as an update to Exhibit C. Owner agrees that it will approve or deny approval of all plans and specifications within 10 business days of receipt of said plans and specifications shall be deemed approved. LA-RICS AUTHORITY shall provide Owner with a notice of work commencement and an estimated time of completion for each LTE Site.

Owner and the LA-RICS AUTHORITY acknowledge that the LA-RICS AUTHORITY is a California joint powers authority whose members have specified, pursuant to Section 4.04 of its Joint Powers Agreement and Section 6509 of the California Government Code, that all common powers exercised by the LA-RICS AUTHORITY's Board of Directors shall be exercised in a manner consistent with, and subject to all the restrictions and limitations upon the exercise of such powers, as are

applicable to the County of Los Angeles ("County") (i.e., the LA-RICS AUTHORITY has adopted the County's operating mode). Accordingly, Owner and the LA-RICS AUTHORITY agree that the LA-RICS AUTHORITY (i) will comply with County Building Code requirements and (ii) will seek only those governmental approvals that would normally apply to the County, other than with respect to ministerial permits as described below. Notwithstanding the foregoing, the parties agree that their cooperation in addressing any concerns raised by the Owner is essential to the success of the LA-RICS project and that accordingly all such concerns will be taken into consideration throughout the LTE Site plan approval process, as described in this Section 3 and in Section 8.

Should ministerial permits be required, Owner shall expeditiously process such permits within its jurisdiction. To the extent there may be costs associated with Owner's review, such costs will be waived for LA-RICS AUTHORITY. The LA-RICS AUTHORITY may perform and obtain, at the LA-RICS AUTHORITY's sole cost and expense, soil borings, percolation tests, engineering reports, environmental investigations or other tests or reports on, over, and under each LTE Site to the extent necessary to proceed with design, construction, or for compliance with the California Environmental Quality Act and/or the National Environmental Policy Act, and/or to determine if the LA-RICS AUTHORITY's use of the LTE Site will be compatible with the LA-RICS AUTHORITY's engineering specifications and design and operational requirements. Owner shall work cooperatively and expeditiously with the LA-RICS AUTHORITY to complete review of any project plans and specifications, so as not to delay the design and construction of the LA-RICS Facility.

4. **TERM**

The initial term ("Initial Term") of the Agreement shall commence upon full execution of this Agreement ("Commencement Date") and shall terminate upon written notice of termination (a) by LA-RICS AUTHORITY or (b) by Owner pursuant to Section 28 (Default) hereof.

5. **CONSIDERATION**

The consideration for the use granted herein shall be LA-RICS AUTHORITY's compliance with all of the terms and conditions of this Agreement.

6. **CONDITIONS PRECEDENT TO INSTALLATION OR ALTERATIONS OF EQUIPMENT**

Owner shall have the opportunity to review and provide input, if any, as to all project plans and specifications for the LA-RICS AUTHORITY's proposed alterations of the equipment comprising the LA-RICS Facility (not including "like-kind" replacements)

after LA-RICS AUTHORITY's initial installation of the LA-RICS Facility on the LTE Site. In addition, Owner shall have the right to inspect said equipment and the LTE Site at any time during and after installation upon not less than twenty-four (24) hours prior written notice to the LA-RICS AUTHORITY (except in cases of emergency pursuant to Section 14 hereof (Emergency Access)) and, at LA-RICS AUTHORITY's option, LA-RICS AUTHORITY may chose to have a representative to accompany Owner during any such inspection of or access to a LTE Site. The LA-RICS AUTHORITY shall not commence installation of equipment or alteration of a LTE Site, or any portion thereof, until the Owner has reviewed and approved the plans and specifications in accordance with all of the terms and conditions of this Agreement, including without limitation Sections 3 and 8 hereof. Owner's review and approval of the plans shall not release the LA-RICS AUTHORITY from the responsibility for, or the correction of, any errors, omissions or other mistakes that may be contained in the plans and specifications. The LA-RICS AUTHORITY shall be responsible for notifying Owner and all other relevant parties immediately upon discovery of such omissions and/or errors. The LA-RICS AUTHORITY shall not cause or permit any change of any equipment installed by the LA-RICS AUTHORITY on a LTE Site including power outputs or changes in the use of frequencies described in Exhibit B hereto (Equipment List), but not including "like-kind" replacements, except after Owner has been provided an opportunity to review and approve, such plans and specifications.

## **7. INSTALLATION**

7.01 LA-RICS AUTHORITY shall install the LA-RICS Facility at its own expense and risk as approved by Owner in accordance with the terms hereof, and such installation shall not cause radio frequency interference with equipment, transmission or reception (operated currently or in the future) by the Owner. LA-RICS AUTHORITY and/or its agent shall install interference protection devices such as isolators, cavities, circulators, or combiners as required or recommended by accepted industry practices. Each component of the LA-RICS Facility shall be clearly identified with LA-RICS AUTHORITY's and, as applicable, member agency, LTE Vendor, and/or First Net Party's name, address, telephone number, Federal Communications Commission ("FCC") license and frequencies in use. Such identification shall be attached to each component of the LA-RICS Facility in plain view.

7.02 LA-RICS AUTHORITY agrees that Owner may grant the use of any unused portion of the Real Property to any third party for the purpose of installing communications transmitting equipment, so long as such uses do not conflict or interfere with LA-RICS AUTHORITY's operations as provided for pursuant to this Agreement. Any third party granted rights by the Owner shall be required to comply with all applicable noninterference rules of the FCC.

7.03 Owner reserves the right, at its expense, to install on the Real Property, including without limitation within the LTE Site, its own communications shelter,

telecommunication equipment, and appropriate tower space for telecommunications and/or microwave (collectively, the "Owner Facilities") so long as the installation of said Owner Facilities does not interfere with LA-RICS AUTHORITY's operations. LA-RICS AUTHORITY and Owner agree to make commercially reasonable efforts to resolve any radio frequency interference issues with equipment, transmission or reception caused by the installation of the Owner Facilities.

7.04 LA-RICS AUTHORITY accepts the LTE Site in an "as is" condition as of the date of full execution of this Agreement. LA-RICS AUTHORITY shall have the right to finance and construct approved equipment and related improvements on the LTE Site at LA-RICS AUTHORITY's sole cost and expense, except as may be provided otherwise by other agreements. Following the construction and installation of LA-RICS AUTHORITY's infrastructure, shelter, equipment, and related improvements, LA-RICS AUTHORITY may thereafter, at its sole cost and expense, perform construction, maintenance, repairs, additions to, and replacements of its equipment as necessary and appropriate for its ongoing business and has the right to do all work necessary to prepare, modify and maintain the LTE Site to accommodate LA-RICS AUTHORITY's infrastructure, shelter, equipment, and related improvements and as required for LA-RICS AUTHORITY's operations of the LA-RICS Facility at the LTE Site, including any structural upgrades required to accommodate LA-RICS AUTHORITY's infrastructure, shelter, equipment, and related improvements on the LTE Site.

7.05 Upon completion of the installation of the equipment comprising the LA-RICS Facility at the LTE Site, LA-RICS AUTHORITY shall provide Owner with a time of completion notice and as-built drawings of the LA-RICS Facility ("As-Builts"). Such As-Builts shall include the location of any of LA-RICS AUTHORITY shelters, cabinets, grounding rings, cables, and utility lines associated with LA-RICS AUTHORITY use of the LTE Site in CAD and PDF formats. Upon receipt of the As-Builts by Owner, the As-Builts shall be deemed incorporated herein by reference as updates to Exhibit C (Site Plan). In the event that LA-RICS AUTHORITY fails to deliver the As-Builts as required by this section within ten (10) business days of receipt of written notice, Owner may cause such As-Builts to be prepared on behalf of LA-RICS AUTHORITY and Owner shall assess a fee for such As-Builts, the cost of which shall become immediately due and payable to Owner upon invoice accompanied by supporting documentation of such fee. Owner shall be responsible for completion of and costs associated with As-Builts resulting from any modifications required by Owner.

## **8. ALTERATIONS**

LA-RICS AUTHORITY shall make no renovations, alterations or improvements to the LTE Site or the Real Property other than to install, maintain, replace and operate the LA-RICS Facility in accordance with the documentation attached hereto as Exhibits A, B, and C and/or as permitted elsewhere herein, without providing prior written notice to Owner, provided that such renovations, alterations, or improvements shall be consistent with the authorized use set forth in Section 2.02 hereof. Notwithstanding the foregoing, however, it is understood and agreed that LA-RICS AUTHORITY shall have the right to:

(a) make repairs and replacements of "like-kind" infrastructure, shelters, equipment, and/or related improvements without providing notice to the Owner, and (b) perform any alterations or modifications that may be required pursuant to the Spectrum Manager Lease Agreement between LA-RICS AUTHORITY and the First Net Parties dated July 1, 2013 (the "Spectrum Lease Agreement") or that may be required as a result of FCC rules or regulations, after providing notice to the Owner. LA-RICS AUTHORITY agrees: (i) to submit to the Owner, for review and approval, all plans and specifications, working drawings, and other information reasonably required by the Owner covering proposed alterations by LA-RICS AUTHORITY, (ii) to discuss with Owner the Owner's concerns, if any, regarding the proposed alterations, and (iii) to work in good faith to address such concerns. All work to be done by LA-RICS AUTHORITY shall be performed in accordance with the plans provided to Owner.

#### 9. **MAINTENANCE**

Owner shall be responsible for maintenance of the Real Property, including the LTE Site, and such maintenance responsibility shall include general upkeep, landscaping, lawn-mowing, and related maintenance activities. The LTE Site shall be kept neat and clean by LA-RICS AUTHORITY and ready for normal use by Owner and other users. Should LA-RICS AUTHORITY fail to accomplish this, following 30 days written notice from Owner, Owner may perform the work and LA-RICS AUTHORITY shall pay the cost thereof upon written demand by Owner.

LA-RICS AUTHORITY shall be responsible for the timely repair of all damage to the LTE Site or the Real Property caused by the negligence or willful misconduct of LA-RICS AUTHORITY, its employees, agents or business vendors, including without limitation the LTE Vendor. Should LA-RICS AUTHORITY fail to promptly make such repairs after thirty (30) days written notice from Owner, Owner may have repairs made and LA-RICS AUTHORITY shall pay the cost thereof upon written demand by Owner.

#### 10. **CONSTRUCTION STANDARDS**

Installation and maintenance of LA-RICS AUTHORITY's equipment including without limitation the LA-RICS Facility shall be performed in a neat and workmanlike manner and shall at all times comply in all respects to the statutes, laws, ordinances and regulations of any governmental authority having jurisdiction which are applicable to the installation, construction, operation and maintenance of LA-RICS AUTHORITY's equipment, including but not limited to the County of Los Angeles Building Code.

LA-RICS AUTHORITY shall remove any debris to the extent resulting from maintenance, operation and construction on the LTE Site by LA-RICS AUTHORITY, its agents or contractors (including without limitation the LTE Vendor). In the event that LA-RICS AUTHORITY fails to remove such debris from the LTE Site, Owner shall provide written notice to LA-RICS AUTHORITY and allow LA-RICS AUTHORITY ten

(10) business days after receipt of notice to remove such debris. After the expiration of such ten-business day period, Owner shall cause such debris to be removed and invoice LA-RICS AUTHORITY for the cost of said removal.

## **11. OTHER OPERATIONAL RESPONSIBILITIES**

11.01 As applicable, LA-RICS AUTHORITY, its LTE Vendor and the First Net Parties shall:

(a) Comply with and abide by all applicable rules, regulations and directions of Owner.

(b) At all times hold a valid FCC license for the Permitted Activities and comply with all applicable City and County ordinances and all State and Federal laws, and, in the course thereof, obtain and keep in effect all required permits and licenses required to engage in the Permitted Activities on the LTE Site.

(c) Conduct the Permitted Activities in a courteous and non-profane manner, operate without interfering with the use of the Real Property by Owner or the public, except as herein permitted, and remove any agent, invitee or employee who fails to conduct Permitted Activities in the manner heretofore described.

(d) Assume the risk of loss, damage or destruction to the LA-RICS Facility and any and all fixtures and personal property belonging to LA-RICS AUTHORITY that are installed or placed within the LTE Site, unless such loss, damage or destruction was caused by the negligent or willful act or omission of the Owner, its agents, employees or contractors.

## **12. RELOCATION**

12.01 Owner shall have the right to request relocation of the LA-RICS Facility or any portion thereof on no more than one occasion during the term hereof to another location on the Real Property ("Alternate Site"), provided:

(a) the Alternate Site: (i) is substantially similar to LA-RICS AUTHORITY's current LTE Site in size, (ii) is compatible with LA-RICS AUTHORITY's use pursuant to Section 2 hereof, and (iii) does not materially interfere with any portion of the LA-RICS Facility or the LA-RICS system or equipment;

(b) Owner shall pay all costs incurred by LA-RICS AUTHORITY for relocation of LA-RICS AUTHORITY's equipment from the LTE Site to the Alternate Site and any improvement of the Alternate Site to make it substantially similar to the LTE Site, including all costs incurred to obtain all of the certificates, permits, and other approvals that may be required by any agency having jurisdiction, including costs required to comply with CEQA and the National Environmental Policy Act (NEPA), as applicable, prior to any activity at an Alternate Site that would constitute a "project" as that term is defined in Title 14, Section 15378 of the California Code of Regulations, as

well as any soil boring tests needed to permit LA-RICS AUTHORITY's use of the Alternate Site;

(c) Owner shall give LA-RICS AUTHORITY at least six (6) months written notice before requiring relocation; and

(d) LA-RICS AUTHORITY's use of the LA-RICS Facility in question will not be materially interrupted and LA-RICS AUTHORITY shall be allowed, if necessary, to place temporary equipment on the Real Property during the relocation.

12.02 LA-RICS AUTHORITY shall have the right to request relocation of the LA-RICS Facility or any portion thereof to an Alternate Site on the Real Property pursuant to LA-RICS AUTHORITY's obligations under the Spectrum Lease Agreement, provided that:

(a) the Alternate Site: (i) is substantially similar to LA-RICS AUTHORITY's current LTE Site in size, (ii) is compatible with LA-RICS AUTHORITY's use pursuant to Section 2 hereof, and (iii) does not materially interfere with any portion of the LA-RICS Facility or the LA-RICS system or equipment;

(b) LA-RICS AUTHORITY shall pay all costs relating to relocation of LA-RICS AUTHORITY's equipment from the LTE Site to the Alternate Site and any improvement of the Alternate Site to make it substantially similar to the LTE Site, including all costs incurred to obtain all of the certificates, permits, and other approvals that may be required by any agency having jurisdiction, including costs required to comply with CEQA and the National Environmental Policy Act (NEPA), as applicable, prior to any activity at an Alternate Site that would constitute a "project" as that term is defined in Title 14, Section 15378 of the California Code of Regulations, as well as any soil boring tests needed to permit LA-RICS AUTHORITY's use of the Alternate Site;

(c) LA-RICS AUTHORITY shall give Owner at least sixty (60) days written notice of the requested relocation; requested relocation shall be subject to prior approval by Owner, such approval not to be unreasonably withheld.

### **13. ACCESS TO LTE SITE**

13.01 Owner hereby grants to the LA-RICS AUTHORITY, its member agencies, the LTE Vendor, the First Net Parties, and other agents a nonexclusive right to use, at its sole risk, during the term and option period of this Agreement, the access which serves the LTE Site ("Access"). The LA-RICS AUTHORITY, on behalf of itself and its member agencies, the LTE Vendor and the First Net Parties, acknowledge and accept the present condition of the Access on an "as is" basis. The LA-RICS AUTHORITY shall provide Owner with notice of all of its representatives or agents who are authorized to access the LTE Site pursuant to this Section. LA-RICS AUTHORITY shall document the condition of the Access prior to the execution of this Agreement by means of photographs to be provided at LA-RICS AUTHORITY's cost.

13.02 LA-RICS AUTHORITY acknowledges and agrees that occasions may arise requiring the LA-RICS AUTHORITY to share in the cost of cleaning up of mud-slide debris and repairing the Access to its original accessible condition (as documented pursuant to Section 13.01) after a storm or heavy rainfall. LA-RICS AUTHORITY hereby agrees to pay its reasonable proportionate share of such clean-up repair costs within thirty (30) days of receipt of an invoice from Owner, and acknowledges and agrees that the details of any such clean-up or repair and associated cost may be disclosed to LA-RICS AUTHORITY by Owner upon at least thirty (30) days notice. Notwithstanding the foregoing, the LA-RICS AUTHORITY's financial burden pursuant to this Section shall not exceed five thousand dollars (\$5,000) per incident.

#### 14. **EMERGENCY ACCESS BY OWNER**

The Owner and its authorized agents may access the LTE Site at any time for the purpose of performing maintenance, inspection and/or for making emergency improvements or repairs to the LTE Site or to interrupt or terminate LA-RICS AUTHORITY's transmission(s) from the LTE Site should LA-RICS AUTHORITY be unable or unwilling to respond to Owner's request to take immediate action to correct any deficiency which threatens Owner's operation on the LTE Site, provided that Owner shall endeavor to provide a 24-hour prior notice to LA-RICS AUTHORITY and shall access the LTE Site in the presence, if possible, of an LA-RICS AUTHORITY representative, if provided by LA-RICS AUTHORITY. Notwithstanding the foregoing, Owner shall not be required to provide notice to LA-RICS AUTHORITY prior to entering the LTE Site due to an emergency; provided, however, that under no circumstance shall the Owner access LA-RICS AUTHORITY's equipment cabinets. Owner shall use its best efforts to minimize any inconvenience or disturbance to LA-RICS AUTHORITY when entering the LTE Site. LA-RICS AUTHORITY shall reimburse Owner within thirty (30) days of receipt of Owner's written request for Owner's actual costs to correct any deficiency that is corrected by Owner pursuant to this Section.

#### 15. **RADIO FREQUENCY EMISSIONS/INTERFERENCE**

15.01 **No Interference.** LA-RICS AUTHORITY shall not use the LTE Site in any way which causes radio frequency ("RF") interference in excess of levels permitted by the FCC or otherwise interferes with the use of the Real Property by Owner or Owner's agents, invitees or other licensees or users who may occupy portions of the Real Property at the time this Agreement is entered into. LA-RICS AUTHORITY shall be responsible for electromagnetic compatibility of LA-RICS AUTHORITY's equipment with existing and future equipment at the Real Property. LA-RICS AUTHORITY shall conform to Owner's Internal Services Department Facilities Standard STD-140 Radio Site Management, including without limitation the requirement of submitting radio system installation plans for approval.

15.02 **Interference With Public Safety Systems.** In the event of any interference with Owner's Sheriff or Fire Department, CWIRS, Paramedic or LANet systems, or any future public safety-related systems, which is caused by LA-RICS

AUTHORITY's equipment or operations, LA-RICS AUTHORITY shall be immediately notified by Owner of such interference. Following such notification, the parties will meet promptly to cooperatively discuss and reach agreement on how such interference will be resolved.

**15.03 Interference With Non-Public Safety Systems.** In the event LA-RICS AUTHORITY's operations or equipment cause interference with non-public safety-related systems of Owner or any other duly authorized occupant of the Real Property, written notice of such interference shall be provided to LA-RICS AUTHORITY and LA-RICS promptly meet with Owner to cooperatively discuss and reach agreement on how such interference will be resolved. Owner agrees that Owner and/or any other occupants of the Real Property who currently have or in the future take possession of the Real Property will be permitted to install only such radio equipment that is of the type and frequency which will not cause measurable interference with the existing equipment of LA-RICS AUTHORITY.

**15.04 Interference During Emergency.** If any measurable interference caused by LA-RICS AUTHORITY's equipment with Owner's electronic equipment during an emergency incident occurs, the LA-RICS AUTHORITY will immediately cease operation, transmission or further use of LA-RICS AUTHORITY's equipment until such time as the emergency incident or interference has ended but LA-RICS AUTHORITY shall be permitted to power up its equipment for intermittent testing with notice.

**15.05 Compliance With Law.** LA-RICS AUTHORITY is aware of its obligation to comply with all applicable rules and regulations of the FCC pertaining to RF emissions standards, as well as applicable rules and/or regulations of any other federal or state agency (including without limitation the Occupational Safety and Health Administration ("OSHA") having jurisdiction over the installation, operation, maintenance and/or working conditions involving RF emissions and/or safety and work standards performed on or near communications towers and antenna-licensed premises. LA-RICS AUTHORITY agrees to be solely responsible for compliance with all applicable FCC and other governmental requirements with respect to installation, operation, and maintenance of its own equipment and for repairs to its own equipment at the LTE Site. LA-RICS AUTHORITY will immediately remedy its operations to comply with such applicable laws, rules and regulations as they apply to its operations, individually and in the aggregate, with all applicable FCC and other applicable governmental RF emissions standards, but shall only be liable for any violations of such applicable standards to the extent arising solely from LA-RICS AUTHORITY's equipment alone and not in combination with others. Where LA-RICS AUTHORITY's equipment, in combination with other, exceed or violates such standards, LA-RICS AUTHORITY shall reasonably cooperate with Owner and with other relevant parties to mitigate such violations in a timely manner.

16. **UTILITIES**

LA-RICS AUTHORITY shall, at its sole cost and expense, cause the installation of any utility service line required by or for the conduct of the Permitted Activities, and shall be responsible for the payment of all utilities necessary for the operation of the LA-RICS Facility on the LTE Site. If such installation is not feasible, as determined by Owner, LA-RICS AUTHORITY acknowledges and agrees that LA-RICS AUTHORITY nonetheless shall be responsible for any all costs of utilities used by LA-RICS AUTHORITY, which costs will be invoiced by Owner and paid by LA-RICS AUTHORITY within thirty (30) days of its receipt of such invoice.

17. **HOLD HARMLESS AND INDEMNIFICATION**

LA-RICS AUTHORITY, at its expense, may use any and all appropriate means of restricting public access to the LTE Site.

40.05 Sanitation. No offensive matter, refuse, or substance constituting an unnecessary, unreasonable or unlawful fire hazard, or material detrimental to the public health in violation of the law, shall be permitted or remain on the LTE Site and within a distance of fifty (50) feet thereof, and LA-RICS AUTHORITY and Owner shall prevent any accumulation thereof from occurring.

40.06 Security Devices. LA-RICS AUTHORITY, at its own expense, may provide any legal devices or equipment and the installation thereof, designated for the purpose of protecting the LTE Site from theft, burglary or vandalism, provided written approval for installation thereof is first obtained from the Owner. Owner shall be responsible for securing the Real Property to the extent deemed necessary by Owner in its sole discretion.

41. **ACKNOWLEDGMENT OF INELIGIBILITY FOR RELOCATION ASSISTANCE**

LA-RICS AUTHORITY hereby disclaims any status as a "displaced person" as such is defined in Government Code Section 7260 and hereby acknowledges its ineligibility for relocation assistance as provided in Government Code Section 7260 through 7276, inclusive, as interpreted in Title 25, Chapter 6, Section 6034(b) (1) of the California Administrative Code upon the future cancellation or termination of this Agreement.

42. **LA-RICS AUTHORITY'S STAFF AND EMPLOYMENT PRACTICES**

42.01 LA-RICS AUTHORITY shall designate one member of its staff as an Operations Manager with whom the Owner may deal with on a daily basis. Any person selected by LA-RICS AUTHORITY as an Operations Manager shall be fully acquainted with LA-RICS AUTHORITY's operation, familiar with the terms and the conditions prescribed therefore by this Agreement, and authorized to act in the day-to-day operation thereof.

42.02 LA-RICS AUTHORITY shall establish an identification system for each of its personnel assigned to service the LTE Site that clearly indicates the name of the person. The identification system shall be furnished at LA-RICS AUTHORITY expense and may include appropriate uniform attire and name badges as routinely maintained by LA-RICS AUTHORITY.

43. **BANKRUPTCY**

The Owner and LA-RICS AUTHORITY hereby expressly agree and acknowledge that it is the intention of both parties that in the event that during the term of this Agreement LA-RICS AUTHORITY shall become a debtor in any voluntary or involuntary bankruptcy proceeding (a Proceeding) under the United States Bankruptcy Code, 11 U.S.C. 101, et seq. (the Code), this Agreement is and shall be treated as an unexpired lease of nonresidential real property for purposes of Section 365 of the Code, 11 U.S.C. 365 (as may be amended), and, accordingly, shall be subject to the provisions of subsections (d)(3) and (d)(4) of said Section 365 (as may be amended).

44. **SUCCESSORS AND ASSIGNS**

Subject to any provision hereof restricting assignment or subletting by LA-RICS AUTHORITY, this Agreement shall bind the parties, their personal representatives, successors and assigns.

45. **SEVERABILITY**

The invalidity of any provision of this Agreement, as determined by a court of competent jurisdiction shall in no way affect the validity of any other provision hereof.

46. **INTERPRETATION**

Unless the context of this Agreement clearly requires otherwise: (i) the plural and singular numbers shall be deemed to include the other; (ii) the masculine, feminine and neuter genders shall be deemed to include the others; (iii) "or" is not exclusive; and (iv) "includes" and "including" are not limiting.

47. **ENTIRE AGREEMENT**

This Agreement (and the attached exhibits) contains the entire agreement between the parties hereto with respect to the matters set forth herein, and no addition or modification of any terms or provisions shall be effective unless set forth in writing, signed by both Owner and LA-RICS AUTHORITY.

**COUNTY-SPECIFIC PROVISIONS:**

48. **LOBBYIST**

LA-RICS AUTHORITY and each County lobbyist or County lobbying firm as defined in Los Angeles County Code Section 2.160.010, retained by LA-RICS AUTHORITY, shall fully comply with the County Lobbyist Ordinance, Los Angeles County Code Chapter 2.160. Failure on the part of LA-RICS AUTHORITY or any County lobbyist or County lobbying firm retained by LA-RICS AUTHORITY to fully comply with the County Lobbyist Ordinance shall constitute a material breach of this Agreement, upon which County may immediately terminate or suspend this Agreement.

49. **ENFORCEMENT**

The Owner's Chief Executive Officer shall be responsible for the enforcement of this Agreement on behalf of Owner and shall be assisted therein by those officers, employees, or committees of Owner having duties in connection with the administration thereof.

50. **SOLICITATION OF CONSIDERATION**

50.01 It is improper for any County officer, employee or agent to solicit consideration, in any form, from a licensee with the implication, suggestion or statement that the licensee's provision of consideration may secure more favorable treatment for the licensee in the award of the license or that the licensee's failure to provide such consideration may negatively affect the County's consideration of the licensee's submission. A licensee shall not offer to or give, either, directly or through an intermediary, consideration, in any form, to a County officer, employee or agent for the purpose of securing favorable treatment with respect to the issuance of a license.

50.02 LA-RICS AUTHORITY shall immediately report any attempt by a County officer, employee or agent to solicit such improper consideration. The report shall be made either to the County manager charged with the supervision of the employee or to the County Auditor-Controller Employee Fraud Hotline at (213) 974-0914 or (800) 544-6861. Failure to report such solicitation may result in the Agreement being terminated.

51. **ACKNOWLEDGEMENT OF COUNTY'S COMMITMENT TO THE SAFELY SURRENDERED BABY LAW**

LA-RICS AUTHORITY acknowledges that the County of Los Angeles places a high priority on the implementation of the Safely Surrendered Baby Law. LA-RICS AUTHORITY understands that it is the County's policy to encourage LA-RICS AUTHORITY to voluntarily post the Owner's "Safely Surrendered Baby Law" poster in a prominent position at the LA-RICS AUTHORITY' place of business. LA-RICS AUTHORITY will also encourage its contractors and subcontractors, if any, to post this poster in a prominent position in the contractor's or subcontractor's place of business. The County's Department of Children and Family Services will supply LA-RICS AUTHORITY with the poster to be used. As of the inception of this Agreement, information on how to receive the poster can be found on the Internet at [www.babysafela.org](http://www.babysafela.org).

52. **WARRANTY OF ADHERENCE TO OWNER'S CHILD SUPPORT COMPLIANCE PROGRAM**

52.01 LA-RICS AUTHORITY acknowledges that the County has established a goal of ensuring that all LA-RICS AUTHORITY's employees are in compliance with their court-ordered child, family and spousal support obligations in order to mitigate the economic burden otherwise imposed upon the County and its taxpayers.

52.02 As required by the County's Child Support Compliance Program (Owner Code Chapter 2.200) and without limiting the LA-RICS AUTHORITY's duty under this Agreement to comply with all applicable provisions of law, the LA-RICS AUTHORITY warrants that it is now in compliance and shall during the term of this Agreement maintain in compliance with employment and wage reporting requirements as required by the Federal Social Security Act (42 USC Section 653a) and California Unemployment Insurance Code Section 1088.5, and shall implement all lawfully served Wage and Earnings Withholding Orders or Child Support Services Department Notices of Wage and Earnings Assignment for Child, Family or Spousal Support, pursuant to Code of Civil Procedure Section 706.031 and Family Code Section 5246(b).

53. **RECYCLED BOND PAPER**

Consistent with the County's Board of Supervisors' policy to reduce the amount of solid waste deposited at County landfills, LA-RICS AUTHORITY agrees to use recycled-content paper to the maximum extent possible on this Agreement and all documents related thereto.

**IN WITNESS WHEREOF**, the LA-RICS AUTHORITY has executed this Agreement or caused it to be duly executed and Owner has caused this Agreement to be executed on the day, month and year first above written.

## SITE ACCESS AGREEMENT

**THIS SITE ACCESS AGREEMENT** ("Agreement"), is made and entered into in duplicate original this \_\_\_\_\_ day of \_\_\_\_\_, 2014,

**BY AND BETWEEN**

**COUNTY OF LOS ANGELES**, a body corporate and politic, hereinafter referred to as "Licensor"

**AND**

**THE LOS ANGELES REGIONAL INTEROPERABLE COMMUNICATIONS SYSTEM AUTHORITY**, a Joint Powers Authority, hereinafter referred to as "LA-RICS Authority."

### **RECITALS:**

**WHEREAS**, Licensor is a member of the LA-RICS Authority, which was established pursuant to a Joint Powers Agreement dated January 2009 ("JPA") for the purpose of coordinating governmental services to establish a wide-area interoperable public safety communications network commonly known as LA-RICS;

**WHEREAS**, Licensor licenses/leases certain real property described on Exhibit A attached hereto ("Real Property") pursuant to a XXXX with XXXX dated XXXX (the "Master Agreement"); and

**WHEREAS**, Licensor desires to license the use of a portion of the Real Property to the LA-RICS Authority for use as a Long Term Evolution ("LTE") broadband communication site; and

**WHEREAS**, the parties hereto acknowledge that: (a) LA-RICS AUTHORITY has retained Motorola Solutions, Inc. ("LMR Vendor") to design, construct, and perform services with respect to a regional interoperable LTE telecommunications system as a part of the LA-RICS; (b) the LA-RICS AUTHORITY has retained Motorola Solutions, Inc. ("LTE Vendor") to design and construct a regional interoperable Broadband telecommunications system as a part of the LA-RICS; (c) the federal First Responder Network Authority may, or may not, retain one or more vendors (collectively, the "First Net Parties"), to design and construct a national interoperable LTE telecommunications system of which the LA-RICS may be a part; and (d) any of the LA-RICS Authority member agencies may assume the LA-RICS Authority's rights and obligations under this Agreement and/or may perform services with respect to this LA-RICS; and

**WHEREAS**, LA-RICS AUTHORITY is willing to accept and exercise the rights granted by this Agreement for use of a LTE site located on the Real Property in accordance with the terms and conditions prescribed herein.

**NOW, THEREFORE,** in consideration of the foregoing recitals, which are hereby deemed a contractual part hereof, and the mutual promises, covenants, and conditions set forth herein, the parties hereto agree as follows:

1. **LTE SITE**

1.01 Licensors hereby license to the LA-RICS AUTHORITY and LA-RICS AUTHORITY hereby accepts from Licensors on the terms and conditions set forth herein, the use of land within a portion of the Real Property, together with all necessary space and easements for access and utilities to install and operate an unmanned LTE communication facility, consisting of the parcels of land shown on Exhibit A attached hereto and incorporated herein by this reference (the "LTE Site").

1.02 The LA-RICS AUTHORITY acknowledges its personal inspection of the LTE Site and the surrounding area and evaluation of the extent to which the physical condition thereof will affect its operations. The LA-RICS AUTHORITY accepts the LTE Site in its as-is condition with no duty to investigate, and Licensors makes no warranty, express or implied, as to the suitability of the LTE Site or the Real Property for the LA-RICS AUTHORITY's use; its physical condition, including the condition and stability of the soils or groundwater on or under any of the Real Property; and the presence of pollutants or contaminants therein.

1.03 LA-RICS AUTHORITY, the LTE Vendor and/or the First Net Parties may make or construct or cause to be made or constructed additions, alterations, repairs, replacements or other changes to the LTE Site at the LA-RICS AUTHORITY's expense in accordance with all of the terms and conditions of this Agreement.

1.04 LA-RICS AUTHORITY hereby acknowledges the legal right of possession of the Licensors or its successors in the Real Property and covenants and agrees never to assail, contest, or resist said right of possession.

1.05 Ownership of all improvements constructed by the LA-RICS AUTHORITY upon each and every site comprising the LTE Site and all alterations, additions or betterments thereto shall remain with the LA-RICS AUTHORITY or other agencies as may be provided by any applicable LA-RICS grant requirements. The LA-RICS AUTHORITY may remove any of its own improvements to the Real Property at any time during the term of this Agreement, and Licensors hereby waives any and all lien rights it may have in relation thereto, statutory or otherwise.

1.06 LA-RICS AUTHORITY hereby acknowledges that the Real Property is occupied by the Licensors pursuant to the Master Agreement. Accordingly, it is understood and recognized that this Agreement constitutes a sublease, and that this Agreement shall be subject in all respects to the terms of, and the rights of [MASTER LESSOR/LICENSOR] under the Master Agreement, as set forth in the Master Agreement. Except as otherwise expressly provided in this Agreement, the terms and conditions of the Master Agreement insofar as they relate to the Real Property or the

LTE Site, subject to the terms set forth in this Section 1.06, are made a part of and incorporated into this Agreement as if recited herein in full. Notwithstanding the foregoing, in the event of conflict between the terms of the Master Agreement and the terms of this Agreement, as between the Licensor and LA-RICS AUTHORITY only, the terms of this Agreement shall control; provided, however, in the event the observance or performance by either party hereto of the terms of this Agreement may result in a breach of the terms of the Master Agreement, the subject terms of this Agreement shall be invalid and unenforceable and the corresponding terms of the Master Agreement shall control.

## **2. PURPOSE AND USE**

2.01 The sole purpose of this Agreement is to allow the LA-RICS AUTHORITY to use the LTE Site for the installation, operation, maintenance, and repair of a LTE facility. The LA-RICS AUTHORITY (and/or its member agencies, the LTE Vendor, the First Net Parties and/or other agents): (a) shall have the right to construct, install, repair, remove, replace, maintain, and operate the LA-RICS AUTHORITY's LTE communications system, which typically consists of, without limitation, the infrastructure, shelters, equipment and related improvements listed on Exhibit B (Equipment List) attached hereto and incorporated herein by this reference (such LTE system, and associated infrastructure, shelters, equipment and related improvements, collectively, the "LA-RICS Facility") and other related materials as may be deemed necessary by the LA-RICS AUTHORITY, and (b) shall be allowed access over, through and across each site comprising the Real Property for ingress to and egress from the applicable LTE Site 24 hours per day, 7 days per week without notice. Each LTE Site shall be used only for the purposes authorized by this Section 2.01, and such other purposes as are directly related thereto, and for no other purposes whatsoever (collectively the "Permitted Activities").

2.02 The LA-RICS AUTHORITY shall ensure that all usage of the LTE Site and/or the Real Property hereunder, including without limitation usage by the LTE Vendor, is in compliance with all terms and conditions of this Agreement.

2.03 Nothing contained in this Agreement shall be deemed or construed in any way to limit the Licensor's authority to exercise any right or power concerning the utilization of the Real Property including without limitation the AgreementLTE Site; provided, however, that such Licensor authority shall not include the exercise of any right or power that would interfere with the LA-RICS Facility.

## **3. APPROVALS/DESIGN REVIEW**

The LA-RICS AUTHORITY shall furnish and submit to Licensor copies of project plans and specifications (along with any other information reasonably requested by Licensor) for the LTE Site at the 50%, 75%, and 100% stages of design development, for Licensor's review and approval. LA-RICS AUTHORITY agrees to discuss with Licensor the Licensor's concerns, if any, regarding the proposed plans and to work in

good faith to address such concerns and obtain Licensor approval prior to implementation of said plans.

Conceptual site plans for the LTE Site are identified in Exhibit C. Upon the LA-RICS AUTHORITY's and Licensor's (or Licensor's authorized agent's) approval of the final site plan for the LTE Site, such final site plan will be deemed incorporated herein by reference as an update to Exhibit C. Licensor agrees that it will approve or deny approval of all plans and specifications within 10 business days of receipt or said plans and specifications shall be deemed approved. LA-RICS AUTHORITY shall provide Licensor with a notice of work commencement and an estimated time of completion for each LTE Site.

Licensor and the LA-RICS AUTHORITY acknowledge that the LA-RICS AUTHORITY is a California joint powers authority whose members have specified, pursuant to Section 4.04 of its Joint Powers Agreement and Section 6509 of the California Government Code, that all common powers exercised by the LA-RICS AUTHORITY's Board of Directors shall be exercised in a manner consistent with, and subject to all the restrictions and limitations upon the exercise of such powers, as are applicable to the County of Los Angeles ("County") (i.e., the LA-RICS AUTHORITY has adopted the County's operating mode). Accordingly, Licensor and the LA-RICS AUTHORITY agree that the LA-RICS AUTHORITY (i) will comply with County Building Code requirements and (ii) will seek only those governmental approvals that would normally apply to the County, other than with respect to ministerial permits as described below. Notwithstanding the foregoing, the parties agree that their cooperation in addressing any concerns raised by the Licensor is essential to the success of the LA-RICS project and that accordingly all such concerns will be taken into consideration throughout the LTE Site plan approval process, as described in this Section 3 and in Section 8.

Should ministerial permits be required, Licensor shall expeditiously process such permits within its jurisdiction. To the extent there may be costs associated with Licensor's review, such costs will be waived for LA-RICS AUTHORITY. The LA-RICS AUTHORITY may perform and obtain, at the LA-RICS AUTHORITY's sole cost and expense, soil borings, percolation tests, engineering reports, environmental investigations or other tests or reports on, over, and under each LTE Site to the extent necessary to proceed with design, construction, or for compliance with the California Environmental Quality Act and/or the National Environmental Policy Act, and/or to determine if the LA-RICS AUTHORITY's use of the LTE Site will be compatible with the LA-RICS AUTHORITY's engineering specifications and design and operational requirements. Licensor shall work cooperatively and expeditiously with the LA-RICS AUTHORITY to complete review of any project plans and specifications, so as not to delay the design and construction of the LA-RICS Facility.

4. **TERM**

The initial term ("Initial Term") of the Agreement shall commence upon full execution of this Agreement ("Commencement Date") and shall terminate upon the earliest of: (a) written notice of termination by LA-RICS AUTHORITY; (b) written notice by Licensor pursuant to Section 28 (Default) hereof; or (c) termination of the Master Agreement.

5. **CONSIDERATION**

The consideration for the use granted herein shall be LA-RICS AUTHORITY's compliance with all of the terms and conditions of this Agreement.

6. **CONDITIONS PRECEDENT TO INSTALLATION OR ALTERATIONS OF EQUIPMENT**

Licensor shall have the opportunity to review and provide input, if any, as to all project plans and specifications for the LA-RICS AUTHORITY's proposed alterations of the equipment comprising the LA-RICS Facility (not including "like-kind" replacements) after LA-RICS AUTHORITY's initial installation of the LA-RICS Facility on the LTE Site. In addition, Licensor shall have the right to inspect said equipment and the LTE Site at any time during and after installation upon not less than twenty-four (24) hours prior written notice to the LA-RICS AUTHORITY (except in cases of emergency pursuant to Section 14 hereof (Emergency Access)) and, at LA-RICS AUTHORITY's option, LA-RICS AUTHORITY may choose to have a representative to accompany Licensor during any such inspection of or access to a LTE Site. The LA-RICS AUTHORITY shall not commence installation of equipment or alteration of a LTE Site, or any portion thereof, until the Licensor has reviewed and approved the plans and specifications in accordance with all of the terms and conditions of this Agreement, including without limitation Sections 3 and 8 hereof. Licensor's review and approval of the plans shall not release the LA-RICS AUTHORITY from the responsibility for, or the correction of, any errors, omissions or other mistakes that may be contained in the plans and specifications. The LA-RICS AUTHORITY shall be responsible for notifying Licensor and all other relevant parties immediately upon discovery of such omissions and/or errors. The LA-RICS AUTHORITY shall not cause or permit any change of any equipment installed by the LA-RICS AUTHORITY on a LTE Site including power outputs or changes in the use of frequencies described in Exhibit B hereto (Equipment List), but not including "like-kind" replacements, except after Licensor has been provided an opportunity to review and approve, such plans and specifications.

## **7. INSTALLATION**

7.01 LA-RICS AUTHORITY shall install the LA-RICS Facility at its own expense and risk as approved by Licensor in accordance with the terms hereof, and such installation shall not cause radio frequency interference with equipment, transmission or reception (operated currently or in the future) by the Licensor. LA-RICS AUTHORITY and/or its agent shall install interference protection devices such as isolators, cavities, circulators, or combiners as required or recommended by accepted industry practices. Each component of the LA-RICS Facility shall be clearly identified with LA-RICS AUTHORITY's and, as applicable, member agency, LTE Vendor, and/or First Net Party's name, address, telephone number, Federal Communications Commission ("FCC") license and frequencies in use. Such identification shall be attached to each component of the LA-RICS Facility in plain view.

7.02 LA-RICS AUTHORITY agrees that Licensor may grant the use of any unused portion of the Real Property to any third party for the purpose of installing communications transmitting equipment, so long as such uses do not conflict or interfere with LA-RICS AUTHORITY's operations as provided for pursuant to this Agreement. Any third party granted rights by the Licensor shall be required to comply with all applicable noninterference rules of the FCC.

7.03 Licensor reserves the right, at its expense, to install on the Real Property, including without limitation within the LTE Site, its own communications shelter, telecommunication equipment, and appropriate tower space for telecommunications and/or microwave (collectively, the "Licensor Facilities") so long as the installation of said Licensor Facilities does not interfere with LA-RICS AUTHORITY's operations. LA-RICS AUTHORITY and Licensor agree to make commercially reasonable efforts to resolve any radio frequency interference issues with equipment, transmission or reception caused by the installation of the Licensor Facilities.

7.04 LA-RICS AUTHORITY accepts the LTE Site in an "as is" condition as of the date of full execution of this Agreement. LA-RICS AUTHORITY shall have the right to finance and construct approved equipment and related improvements on the LTE Site at LA-RICS AUTHORITY's sole cost and expense, except as may be provided otherwise by other agreements. Following the construction and installation of LA-RICS AUTHORITY's infrastructure, shelter, equipment, and related improvements, LA-RICS AUTHORITY may thereafter, at its sole cost and expense, perform construction, maintenance, repairs, additions to, and replacements of its equipment as necessary and appropriate for its ongoing business and has the right to do all work necessary to prepare, modify and maintain the LTE Site to accommodate LA-RICS AUTHORITY's infrastructure, shelter, equipment, and related improvements and as required for LA-RICS AUTHORITY's operations of the LA-RICS Facility at the LTE Site, including any structural upgrades required to accommodate LA-RICS AUTHORITY's infrastructure, shelter, equipment, and related improvements on the LTE Site.

7.05 Upon completion of the installation of the equipment comprising the LA-RICS Facility at the LTE Site, LA-RICS AUTHORITY shall provide Licensor with a time of completion notice and as-built drawings of the LA-RICS Facility ("As-Builts"). Such As-Builts shall include the location of any of LA-RICS AUTHORITY shelters, cabinets, grounding rings, cables, and utility lines associated with LA-RICS AUTHORITY use of the LTE Site in CAD and PDF formats. Upon receipt of the As-Builts by Licensor, the As-Builts shall be deemed incorporated herein by reference as updates to Exhibit C (Site Plan). In the event that LA-RICS AUTHORITY fails to deliver the As-Builts as required by this section within ten (10) business days of receipt of written notice, Licensor may cause such As-Builts to be prepared on behalf of LA-RICS AUTHORITY and Licensor shall assess a fee for such As-Builts, the cost of which shall become immediately due and payable to Licensor upon invoice accompanied by supporting documentation of such fee. Licensor shall be responsible for completion of and costs associated with As-Builts resulting from any modifications required by Licensor.

## **8. ALTERATIONS**

LA-RICS AUTHORITY shall make no renovations, alterations or improvements to the LTE Site or the Real Property other than to install, maintain, replace and operate the LA-RICS Facility in accordance with the documentation attached hereto as Exhibits A, B, and C and/or as permitted elsewhere herein, without providing prior written notice to Licensor, provided that such renovations, alterations, or improvements shall be consistent with the authorized use set forth in Section 2.02 hereof. Notwithstanding the foregoing, however, it is understood and agreed that LA-RICS AUTHORITY shall have the right to: (a) make repairs and replacements of "like-kind" infrastructure, shelters, equipment, and/or related improvements without providing notice to the Licensor, and (b) perform any alterations or modifications that may be required pursuant to the Spectrum Manager Lease Agreement between LA-RICS AUTHORITY and the First Net Parties dated July 1, 2013 (the "Spectrum Lease Agreement") or that may be required as a result of FCC rules or regulations, after providing notice to the Licensor. LA-RICS AUTHORITY agrees: (i) to submit to the Licensor, for review and approval, all plans and specifications, working drawings, and other information reasonably required by the Licensor covering proposed alterations by LA-RICS AUTHORITY, (ii) to discuss with Licensor the Licensor's concerns, if any, regarding the proposed alterations, and (iii) to work in good faith to address such concerns. All work to be done by LA-RICS AUTHORITY shall be performed in accordance with the plans provided to Licensor.

## **9. MAINTENANCE**

Licensor shall be responsible for maintenance of the Real Property, including the LTE Site, and such maintenance responsibility shall include general upkeep, landscaping, lawn-mowing, and related maintenance activities. The LTE Site shall be kept neat and clean by LA-RICS AUTHORITY and ready for normal use by Licensor and other users. Should LA-RICS AUTHORITY fail to accomplish this, following 30 days written notice from Licensor, Licensor may perform the work and LA-RICS AUTHORITY shall pay the cost thereof upon written demand by Licensor.

LA-RICS AUTHORITY shall be responsible for the timely repair of all damage to the LTE Site or the Real Property caused by the negligence or willful misconduct of LA-RICS AUTHORITY, its employees, agents or business vendors, including without limitation the LTE Vendor. Should LA-RICS AUTHORITY fail to promptly make such repairs after thirty (30) days written notice from Licensor, Licensor may have repairs made and LA-RICS AUTHORITY shall pay the cost thereof upon written demand by Licensor.

#### 10. **CONSTRUCTION STANDARDS**

Installation and maintenance of LA-RICS AUTHORITY's equipment including without limitation the LA-RICS Facility shall be performed in a neat and workmanlike manner and shall at all times comply in all respects to the statutes, laws, ordinances and regulations of any governmental authority having jurisdiction which are applicable to the installation, construction, operation and maintenance of LA-RICS AUTHORITY's equipment, including but not limited to the County of Los Angeles Building Code.

LA-RICS AUTHORITY shall remove any debris to the extent resulting from maintenance, operation and construction on the LTE Site by LA-RICS AUTHORITY, its agents or contractors (including without limitation the LTE Vendor). In the event that LA-RICS AUTHORITY fails to remove such debris from the LTE Site, Licensor shall provide written notice to LA-RICS AUTHORITY and allow LA-RICS AUTHORITY ten (10) business days after receipt of notice to remove such debris. After the expiration of such ten-business day period, Licensor shall cause such debris to be removed and invoice LA-RICS AUTHORITY for the cost of said removal.

#### 11. **OTHER OPERATIONAL RESPONSIBILITIES**

11.01 As applicable, LA-RICS AUTHORITY, its LTE Vendor and the First Net Parties shall:

(a) Comply with and abide by all applicable rules, regulations and directions of Licensor.

(b) At all times hold a valid FCC license for the Permitted Activities and comply with all applicable City and County ordinances and all State and Federal laws, and, in the course thereof, obtain and keep in effect all required permits and licenses required to engage in the Permitted Activities on the LTE Site.

(c) Conduct the Permitted Activities in a courteous and non-profane manner, operate without interfering with the use of the Real Property by Licensor or the public, except as herein permitted, and remove any agent, invitee or employee who fails to conduct Permitted Activities in the manner heretofore described.

(d) Assume the risk of loss, damage or destruction to the LA-RICS Facility and any and all fixtures and personal property belonging to LA-RICS AUTHORITY that are installed or placed within the LTE Site, unless such loss, damage or destruction was caused by the negligent or willful act or omission of the Licensor, its agents, employees or contractors.

## 12. **RELOCATION**

12.01 Licensor shall have the right to request relocation of the LA-RICS Facility or any portion thereof on no more than one occasion during the term hereof to another location on the Real Property ("Alternate Site"), provided:

(a) the Alternate Site: (i) is substantially similar to LA-RICS AUTHORITY's current LTE Site in size, (ii) is compatible with LA-RICS AUTHORITY's use pursuant to Section 2 hereof, and (iii) does not materially interfere with any portion of the LA-RICS Facility or the LA-RICS system or equipment;

(b) Licensor shall pay all costs incurred by LA-RICS AUTHORITY for relocation of LA-RICS AUTHORITY's equipment from the LTE Site to the Alternate Site and any improvement of the Alternate Site to make it substantially similar to the LTE Site, including all costs incurred to obtain all of the certificates, permits, and other approvals that may be required by any agency having jurisdiction, including costs required to comply with CEQA and the National Environmental Policy Act (NEPA), as applicable, prior to any activity at an Alternate Site that would constitute a "project" as that term is defined in Title 14, Section 15378 of the California Code of Regulations, as well as any soil boring tests needed to permit LA-RICS AUTHORITY's use of the Alternate Site;

(c) Licensor shall give LA-RICS AUTHORITY at least six (6) months written notice before requiring relocation; and

(d) LA-RICS AUTHORITY's use of the LA-RICS Facility in question will not be materially interrupted and LA-RICS AUTHORITY shall be allowed, if necessary, to place temporary equipment on the Real Property during the relocation.

12.02 LA-RICS AUTHORITY shall have the right to request relocation of the LA-RICS Facility or any portion thereof to an Alternate Site on the Real Property pursuant to LA-RICS AUTHORITY's obligations under the Spectrum Lease Agreement, provided that:

(a) the Alternate Site: (i) is substantially similar to LA-RICS AUTHORITY's current LTE Site in size, (ii) is compatible with LA-RICS AUTHORITY's use pursuant to Section 2 hereof, and (iii) does not materially interfere with any portion of the LA-RICS Facility or the LA-RICS system or equipment;

(b) LA-RICS AUTHORITY shall pay all costs relating to relocation of LA-RICS AUTHORITY's equipment from the LTE Site to the Alternate Site and any

improvement of the Alternate Site to make it substantially similar to the LTE Site, including all costs incurred to obtain all of the certificates, permits, and other approvals that may be required by any agency having jurisdiction, including costs required to comply with CEQA and the National Environmental Policy Act (NEPA), as applicable, prior to any activity at an Alternate Site that would constitute a "project" as that term is defined in Title 14, Section 15378 of the California Code of Regulations, as well as any soil boring tests needed to permit LA-RICS AUTHORITY's use of the Alternate Site;

(c) LA-RICS AUTHORITY shall give Licensors at least sixty (60) days written notice of the requested relocation; requested relocation shall be subject to prior approval by Licensors, such approval not to be unreasonably withheld.

### **13. ACCESS TO LTE SITE**

13.01 Licensors hereby grants to the LA-RICS AUTHORITY, its member agencies, the LTE Vendor, the First Net Parties, and other agents a nonexclusive right to use, at its sole risk, during the term and option period of this Agreement, the access which serves the LTE Site ("Access"). The LA-RICS AUTHORITY, on behalf of itself and its member agencies, the LTE Vendor and the First Net Parties, acknowledge and accept the present condition of the Access on an "as is" basis. The LA-RICS AUTHORITY shall provide Licensors with notice of all of its representatives or agents who are authorized to access the LTE Site pursuant to this Section. LA-RICS AUTHORITY shall document the condition of the Access prior to the execution of this Agreement by means of photographs to be provided at Licensee's cost.

13.02 LA-RICS AUTHORITY acknowledges and agrees that occasions may arise requiring the LA-RICS AUTHORITY to share in the cost of cleaning up of mud-slide debris and repairing the Access to its original accessible condition (as documented pursuant to Section 13.01) after a storm or heavy rainfall. LA-RICS AUTHORITY hereby agrees to pay its reasonable proportionate share of such clean-up repair costs within thirty (30) days of receipt of an invoice from Licensors, and acknowledges and agrees that the details of any such clean-up or repair and associated cost may be disclosed to LA-RICS AUTHORITY by Licensors upon at least thirty (30) days notice. Notwithstanding the foregoing, the LA-RICS AUTHORITY's financial burden pursuant to this Section shall not exceed five thousand dollars (\$5,000) per incident, provided that LA-RICS AUTHORITY shall pay the full cost of any damage to the Access caused by LA-RICS AUTHORITY, its employees, agents or vendors, including without limitation the LTE Vendor..

### **14. EMERGENCY ACCESS BY LICENSOR**
