Dear Supervisors:

APPROVE CONTRACT WITH THE CALIFORNIA DEPARTMENT OF EDUCATION (ALL DISTRICTS) (3-VOTES)

SUBJECT

Enter into a contract with the California Department of Education/Early Learning Support Division (CDE/ELSD) for the purpose of continuing the Investing in Early Educators Program. This program provides cash stipends to eligible participants who are working directly with young children in CDE/ELSD-funded child development programs or other qualified programs, and complete at least one three-unit course in child development or leading to a degree. The contract amount for 2014-2015 Fiscal Year (FY) is \$ 2,808,967.

JOINT RECOMMENDATION WITH THE CHILD CARE PLANNING COMMITTEE THAT THE BOARD:

1. Approve and instruct the Chair to sign the attached contract (Attachment A) with CDE/ELSD for the Child Care Salary Retention Incentive program for 2014-15. This contract continues funding for the local Investing in Early Educators Program for the 2014-15 FY, in the amount of \$ 2,808,967. The Office of Child Care, within the Service Integration Branch of the Chief Executive Office (CEO), administers this contract on behalf of the Child Care Planning Committee (Planning Committee).
2. Authorize the Chief Executive Officer (CEO), or his designee, to prepare and execute any and all documents and amendments as may be necessary to implement this contract. Approval as to form will be obtained by County Counsel prior to executing any amendments.
3. Adopt the attached Resolution (Attachment B) to authorize the CEO, or his designee, to act as the agent for the County to execute the State and Federal Certifications regarding lobbying, debarment, suspension, and a drug-free workplace, as well as any amendments that may be deemed necessary to implement this contract.

PURPOSE /JUSTIFICATION OF RECOMMENDED ACTION

The Office of Child Care has administered the Child Care Salary Retention Incentive Program under contract with CDE/ELSD since 2001-02. The purpose of this program, known locally as the Investing in Early Educators Program, is to boost the retention and academic achievement of persons working directly with children in qualified child development centers and family child care homes.

Implementation Of Strategic Plan Goals

The Investing in Early Educators Program supports the County's Strategic Plan Goal 3: Integrated Services Delivery: Maximize opportunities to measurably improve client and community outcomes and leverage resources through continuous integration of health, community, and public safety services.

The stipends awarded under this program contribute to the quality of local child care and development services by:

- Supporting the academic achievement of persons working directly with young children in qualified programs; and
- Providing a financial incentive to boost the retention of qualified staff.

FISCAL IMPACT/FINANCING

Approval of the attached contract will provide a total of \$ 2,808,967 for the continued operation of the Investing in Early Educators Program. Funding is included in the Chief Executive Office 2014-15 FY Adopted Budget. All costs associated with this contract are covered by the funding from CDE/ELSD.

As a result of ongoing shortfalls in child development funding, this contract has been reduced by eight percent compared to 2013-14. However, an amendment is forthcoming which will distribute the \$25,000,000 authorized by SB 852 and signed into law on June 20, 2014. We are awaiting direction from CDE/ELSD on when those funds, targeting the educational needs of Transitional Kindergarten and California State Preschool Program teachers, will be made available.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

Assembly Member Dion Aroner introduced AB 212 for the purpose of addressing the low salaries and high turnover rates in CDE/ELSD-funded child development programs. The bill was signed into law in 2000, and funding to implement this legislation was included in the 2000-01 State Budget. The Investing in Early Educators Program was launched in Los Angeles County in 2001-02 FY. The contract before the Board will support the continued operation of the Investing in Early Educators Program through 2014-15.

In 2005, the County of Los Angeles sponsored Assembly Bill 1285. This legislation was successful and granted a waiver to the Los Angeles County Investing in Early Educators Program to expand the pool of possible participants beyond persons working in CDE/ELSD funded child development centers. As a result of AB 1285, participants can include: 1) teachers in non-CDE/ELSD-funded centers which serve a majority of state-subsidized children; and 2) family child care providers who are part of a CDE/ELSD-funded network or who serve a majority of state-subsidized children. The waiver became effective in January 2006 and, as a result of the 2010 Budget Trailer Bill, will continue throughout the life of the program.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

During 2013-14 FY, 1,479 persons working directly with young children in Los Angeles County completed at least one three semester-unit college course and received a cash stipend. The majority of participants (76 percent) were female and the average age was 42 years. Stipend payments totaled \$2,700,000 and were paid directly to persons working in child development programs in Los Angeles County.

The Investing in Early Educators Program also awarded graduation stipends to persons completing a degree program, including:

- 74 participants completed Associate of Arts degrees;
- 100 participants completed Bachelor of Arts degrees; and
- 19 participants completed Master of Arts degrees.

We are particularly pleased to report that 133 family child care providers participated in the program and earned stipends during the last fiscal year.

Over the life of the Investing in Early Educators Program:

- 23,200 stipends have been awarded to persons working in child development programs in Los Angeles County;
- 1,728 stipends have been awarded to family child care providers; and
- 1,640 graduation stipends have been awarded.

The Investing in Early Educators Program has spurred both interest in and support for continuing education among this County's diverse child care and development teaching staff. Research has documented the link between child care and development program quality and teacher education.

Section I – Introduction ZMP		
<p>AB 1285 was passed by the legislature and chaptered on October 7, 2005. This law allows Los Angeles County to expand the population eligible to participate in the CDE-funded Staff Retention Program. The Los Angeles County Plan can include family child care providers <i>participating in Family Child Care Home Education Networks (FCCHENS)</i>, and <i>family child care</i> providers and teaching staff from programs which <i>that</i> serve a majority of children subsidized through CDE-funded Alternative Payment <i>Program</i> agencies and <i>CalWORKs Child Care</i>. The Plan for Los Angeles County includes these components:</p> <p>Stipends for educational attainment will be provided as incentives to early childhood educators at various professional levels including: teachers in CDE-funded programs, Home Education Network providers <i>participating in FCCHENS</i>, teachers working in programs that are serving a majority of children subsidized through the CDE-funded Alternative Payment <i>Program and CalWORKs Child Care</i> agencies, and FCG <i>family child care</i> providers serving a majority of CDE subsidized children. Graduation stipends will be given to eligible applicants who have completed coursework for a BA, AA and MA degree within the application cycle. <i>Consistent with CDE direction for 2014-15</i>, Center staff and FCG <i>family child care</i> providers who have not yet obtained a permit may participate for two cycles without the permit in order to take the classes needed to make them eligible to apply for a permit.</p> <p><i>For 2014-15, the Stipend Program is proposing to leverage Race to the Top-Early Learning Challenge (RTT-ELC) funding to expand eligibility to staff of child development centers and family child care providers participating in the quality rating and improvement system, yet not eligible for the CDE-funded stipend program. This proposal would mitigate the actual reduction in AB 212 funding for 2014-15.</i></p> <p><i>The Stipend Program will continue to award graduation stipends to eligible applicants, recognizing that changes to standards for the early care and education field may be on the horizon. For example, SB 837 (Steinberg), if passed, would require transitional kindergarten teachers to hold a teaching credential. In addition, work is underway by the California Commission on Teacher Credentialing-Appointed Task Group on Appropriate Preparation of ECE Teachers to develop an Early Care and Education (ECE) Credential. Both of these initiatives could have implications on the plan with respect to preparing the workforce for the future.</i></p> <p><i>Dual Language Learner Coursework will be developed for offering on-line, unit-bearing academic class(es). The goal is to offer the class(es) beginning in the 2015-16 academic year. The proposed budget reflects planning for this activity.</i></p> <p>Information and Technical Assistance in the form of Early Care and Education Careers Career Options in Child Development information packets which will be made available to stipend applicants, Professional Growth Advisors, college instructors, and child development program managers. Investing in Early Educators stipend program information will include information on applying for the various child development permits through the Commission on Teacher Credentialing. <i>Additional items that will be developed and inserted into the packet for 2014-15 include: a RTT-ELC fact sheet describing the staff qualifications for each tier; a handout on efforts to develop an ECE credential; and a bulletin containing information on the requirements for obtaining a teaching credential.</i> Academic counseling will be available on a limited basis for applicants through the Office of Child Care. Entry level teachers and providers will be encouraged to obtain their child development permits.</p> <p>Data Collection will involve the information supplied by the applicants in their applications and verification forms. Staff will be available to provide limited analysis of this data for informational purposes. We <i>The Office of Child Care</i> is working to conform to new CDE registration requirements by using our current database since our large population is so large (2000+).</p> <p>Communication and Collaboration with Los Angeles Community Colleges, First 5 LA, STEP, RTT-ELC, and other workforce initiatives will continue. Lessons learned from our experience with the AB 212 program will help inform these efforts. Beginning in 2011, we <i>the Office of Child Care</i> has been participating in a locally funded workforce consortium <i>administered by Los Angeles Universal Preschool (LAUP)</i>, which <i>is comprised of representatives from (LAUP), community and four-year colleges, the Los Angeles County Office of Education (LACOE), and the Child Care Resource and Referral (R&R) Agencies.</i> Each is coordinating a different type of professional development activity that will be promoted through the Investing in Early Educators Stipend Program.</p>		

Section II – Current Needs and Resources

Many efforts undertaken in the last few years have provided a sharper focus on the current needs, limitations and resources that impact the enhancement, retention and growth of the early care and education workforce in Los Angeles County.

Besides the Investing in Early Educators Stipend Program, there are two other workforce initiatives: 1) the Los Angeles Universal Preschool (LAUP) ASPIRE program, which is funded by First 5 California and the Los Angeles County First 5 Commission (Cares+); and 2) a broad workforce collaboration ~~which~~ *that* includes seven distinct projects targeting improvements in the ECE workforce through direct intervention, through local colleges and universities, or by means of stipend supports or other means. ~~First 5 LA has committed to funding this multi-year effort and both STEP and the AB 212 Stipend program are part of the collaborative efforts.~~

A significant number of our applicants ~~have come to~~ depend on the stipends as a means to pursue degrees in ECE. Each cycle presents between 150 and 200 participants who have been able to achieve an AA, BA or MA degree. *Given proposals on the horizon that may raise the requirements of the early care and education workforce as described in the previous section*, the 2013-14 ~~2014-15~~ plan continues to award these degree stipends.

While there has been an increase in the number of permits issued, particularly for family child care providers and assistant teachers, **Office of Child Care** staff have recognized a steady decline in the number of applicants for the stipend program. This is due in part to cutbacks in child development funding, but also to the fact that a participant must already hold a permit to apply. Given that a permit is not required in many of the settings with which we work, this requirement tends to discourage participation. In Cycle ~~15~~ **16**, we will once again allow those who do not already hold a permit to apply and participate for up to ~~2 Cycles~~ *one additional cycle* in order to give them the time to complete coursework required for the permits. All participants who have previously earned a permit must retain a valid and current permit during their participation in Cycle ~~15~~ **16**.

The majority of stipend program recipients are matriculating at community colleges in Los Angeles County. As many of our participants are continuing education students, some of whom require remediation, they do not represent the future focus of the community college system. Community colleges ~~are~~ *have* shifted their focus to new high school graduates with firm plans to transfer to a four year school and who are able to maintain full or official part-time status. There has already been a decrease in available courses and a preference for registration going to students who are successfully carrying a full-time course load. ~~We are hoping that the passage of Proposition 30 will mitigate this trend to some degree.~~

Section III – Priorities

First Priority: Teaching staff in CDE-funded centers holding a valid Child Development Permit or working toward meeting permit requirements, working at least 15 hours per week directly with children, and who complete a minimum of three semester units of college coursework will earn stipends.

Second Priority: Family child care providers and their assistants in ~~Family Child Care Home Education Networks~~ *participating in FCCHENs* funded by CDE, holding a permit during the stipend cycle or working toward meeting the permit requirements, **and** who complete a minimum of ~~3~~ three semester units of college coursework will earn stipends. ~~Network~~ **FCCHEN** status will be verified by the FCCHEN Coordinator.

Third Priority: Licensed family child care providers and their assistants and teaching staff in programs serving a majority of children subsidized through a CDE-funded Alternative Payment **Program or CalWORKs Child Care** agency at the time of application, who are working a minimum of 15 hours per week directly with children, **and** who complete a minimum of ~~3~~ **three** semester units of college coursework, and who hold a permit during the stipend cycle or are working toward meeting permit requirements. To verify that the ~~participating Family Child Care Home or center is serving a majority of children subsidized by a CDE funded Alternative Payment Agency~~ eligibility, each applicant must attach a copy of the payment invoice or summary, or contracts provided by the Alternative Payment **Program** agency that reimburses the provider **or** center for the care of subsidized children. These invoices or contracts **must** list the children currently in care and being subsidized through CDE. The director or **family child care** provider also must submit the current enrollment number so that the Los Angeles County AB 212 staff can calculate the percentage of subsidized children served at the time the stipend application is submitted.

Fourth Priority: These **Stipend Program participants** graduating with an AA, BA or MA degree within the stipend cycle will receive a graduation stipend if the degree is in child development or a closely related field.

Stipend amounts will range from \$750 to \$2,000 depending on the number of units completed. Actual stipend awards may be adjusted depending on the availability of funds and the number of applicants. Extra assistance will be provided to teaching staff and family child care providers who have not obtained a permit and who may need extra help in connecting with a community college and selecting the appropriate classes.

~~**Fifth Priority:** Child development staff in-site supervisor, director or other management positions as well as providers and teachers in selected centers will be invited to participate in focused training and coaching on topics relevant to meeting QRIS standards and state competencies.~~

In addition, pending approval and as funding from RTT-ELC allows, staff working in centers and family child care homes not eligible for the AB 212 stipend program yet their program is participating in the quality rating and improvement system (e.g. RTT-ELC administered by the Office of Child Care) will be eligible to participate in Los Angeles County's Investing in Early Educators – Stipend Program as long as they meet the other eligibility and education requirements.

Section IV – Measurable Outcomes

1. At least ~~1,200~~ **1,080** stipends will be paid to child development staff working in CDE-funded programs, **providers participating** in FCCHENS, and to staff and family child care providers serving a majority of children subsidized through a CDE-funded Alternative Payment **Program** agency. The child development personnel will have earned at least three units of college credit to advance their educational goals.

In addition, stipends will be awarded to 35-50 staff members working in centers and family child care homes participating in the Office of Child Care's RTT-ELC program with RTT-ELC funds.

2. Approximately ~~400~~ **90** graduation stipends will be given to those earning AA, BA or MA degrees in child development or a closely related field.
3. ~~Up to 120 child development personnel will participate in teach training and coaching.~~
4. ~~1000+~~ **More than 850 Career Options in Child Development** will be distributed. **The packets also are available for download on the Office of Child Care website at www.childcare.lacounty.gov.**
5. Collaboration with other entities – LAUP, First 5 LA, community colleges **and more** – will result in more comprehensive workforce development planning for Los Angeles County.
