

MOTION BY SUPERVISOR GLORIA MOLINA

November 12, 2014

AMENDMENT TO ITEMS #61,62,63

The Los Angeles County Probation Department and the Los Angeles County Department of Children and Family Services (DCFS) have learned many lessons while providing high quality service to our residents. Through efforts to increase favorable outcomes for youth and families and improve high quality services, County Departments, such as Probation and DCFS, have included case management and quality assurance strategies in the important work of supporting change in the lives of children and families. We have learned that it is essential to document services, track assessments, perform interventions and execute case plans to create the best possible outcomes.

I, THEREFORE, MOVE that the Chief Executive Office work with the Chief Probation Officer to ensure that every agency receiving Juvenile Justice Crime Prevention Act (JJCPA) funding be required to identify a quality assurance and tracking mechanism for each individual receiving services. Said services and tracking information will be maintained in a file and be available for review by Probation staff who perform case management services.
