

Harbor-UCLA
MEDICAL CENTER
DEPARTMENT OF NURSING
Heart Station
Relief Nurse

Position: Harbor-UCLA Medical Center Department of Nursing is currently seeking highly qualified individuals to fill the position of Relief Registered Nurse to provide direct patient care for Adult patients in the Heart Station.

This position is responsible for but not limited to:

- Ability to provide direct patient care, including patient assessment, planning, implementation, and evaluation of nursing care, treatment or intervention in the acute care setting
- Able to recognize the need to prioritize patient care needs based on acuity and urgency, in collaboration with all members of the healthcare team
- Perform work with integrity while demonstrating respect, empathy, and regard for patients, visitors and co-workers to ensure a professional and courteous environment
- Serve as a professional role model and effective resource person for others
- Assume accountability and responsibility of daily nursing activities to ensure compliance with standards of care and policies and procedures
- Possess critical thinking, decision making, and problem solving skills
- Ability to work effectively with a diverse and challenging patient population
- Assist in the transition of care for monitored patients
- Monitor and assist patients undergoing procedures in the Heart Station

Qualifications:

- License to practice as a Registered Nurse issued by the state of California
- Must be reachable on the RN I Certification list or hold the position of a RN I

Desirable Skills:

- Cardiac dysrhythmia knowledge and recognition preferred
- Bachelor's Degree in Nursing from an accredited School of Nursing
- Excellent interpersonal skills, professional and positive demeanor.
- One year experience as a Registered Nurse
- Strong organizational, team building, critical thinking and conflict resolution skills
- BLS/ACLS Certifications

Interested applicants should submit a letter of interest, resume, copy of their last two performance evaluations, and a copy of their time records for the past 24 months to:
