# OVERVIEW OF REFERRAL GUIDE

This guide presents Los Angeles County's frontline public agencies, shelters, designated access centers, supportive services, food pantries, school district liaisons and head start offices that together make up the "Referral Network" to assist homeless children, youth and families. Dozens of public agency and non-profit staff provided content for this second version of the Guide, either by completing and returning our questionnaires, participating in the LACOE Homeless Referral Network Conference on May 25, 2005, or sharing the electronic source files that were used in compiling this referral guide.

The purpose of this guide is to provide a starting point for identifying sources of help for homeless children, youth and families, and for strengthening collaboration among service providers in LA's Referral Network. Feedback from users that clarifies or corrects information in this guide will be appreciated. Email addresses for providing this feedback are listed following the title page.

## SERVICE PLANNING AREAS

Los Angeles County is divided into eight different Service Planning Areas (SPAs). Most public and private human service organizations in Los Angeles County use these common boundaries to help organize and coordinate their planning. In keeping with this practice, the maps in this referral guide use the eight SPAs as the geographic frame of reference.

# GOVERNMENT SOCIAL SERVICES

Public services provided by Los Angeles County are the primary source of assistance for poor and homeless residents, augmented by services and assistance from non-profit and faith based organizations, and other public agencies. An overview of the mission and services of key public agencies is provided below, along with contact information for central offices in each agency. Detailed contact information about the local offices maintained by each agency is provided in the following sections that list resources in each of the eight service planning areas.

## DEPARTMENT OF CHILDREN AND FAMILY SERVICES (DCFS)

The mission of the Department of Children and Family Services is to provide, with community partners, a comprehensive child protection system of prevention, preservation, and permanency to ensure that children grow up safe, physically and emotionally healthy, educated and in permanent homes.

### Children's Group Home Ombudsman

The Children's Group Home Ombudsman serves as an advocate and problem solver for children placed in group homes. The Ombudsman is independent from the agencies that place children in those facilities. Children are encouraged to call or e-mail the Ombudsman, who will conduct an investigation of the issues they raise if needed, and provide assistance in the resolution of problems. Conversations between the Ombudsman and children are confidential.

### Overview of Services:

The Department of Health Services (DHS) works to protect the public from environmental hazards and the risk of acute communicable diseases. It also administers health promotion and prevention programs and is responsible for coordinating Countywide emergency medical services. DHS includes six hospitals, six comprehensive health centers and numerous health centers. Under the new DHS Public Private Partnership program, some of the health centers are operated by partners; some are under joint public/private partnerships; and additional private sites are providing expanded primary care services to uninsured patients. DHS facilities include three Level 1 trauma centers, three pediatric critical care centers and a burn center. Other specialties include perinatal services, children's services, spinal cord injury services, AIDS prevention and treatment and psychiatry services.

## Alcohol and Drug Program Administration

The mission of the Alcohol and Drug Program Administration (ADPA), a division of Public Health Programs of the County of Los Angeles Department of Health Services, is to reduce community and individual problems related to alcohol and drug abuse countywide.

### Programs and Services

ADPA administers the County's alcohol and drug programs through contracts with over 300 community-based agencies. These agencies provide a wide array of prevention, intervention, treatment and recovery services for Los Angeles County residents.

ADPA uses the principles of effective prevention and treatment programs identified by the National Institute on Drug Abuse (NIDA) as the "best practices" guiding its contracted programs and services. The array of prevention, intervention, treatment and recovery services provides a continuum of care to foster healthier, drug-free communities and individuals.

ADPA supports evidence-based prevention strategies aimed at reducing and preventing alcohol and other drug related problems in local communities. Contracted prevention programs implement comprehensive strategies to effectively engage the entire community in addressing local conditions, identifying community risk factors, developing protective factors, and implementing local ordinances and other public policies to strengthen community conditions against alcohol and other drug problems.

ADPA supports national research findings that no single treatment is appropriate for all individuals. Contracted treatment and recovery programs match treatment settings, interventions, and services to each individual's particular situation and needs. ADPA program contract services include those tailored to address the needs of specific populations.

### Referral

Persons seeking alcohol and other drug treatment and recovery services should call 1-800-564-6600 to contact one of the Community Assessment Service Centers (CASC) located throughout Los Angeles County. Callers are automatically connected to the assessment center closest to the point of the call made within the County. The CASC assists in scheduling an appointment for a comprehensive assessment interview, after which center staff assists the person with placement in an appropriate treatment and recovery program. The CASC is also equipped to assist the person in accessing other recovery support services, such as medical services, public assistance, and educational/vocational services. The CASC is especially helpful for a person who is unfamiliar with the ADPA system of treatment and recovery services. Treatment providers also accept referrals made by other organizations and requests made by individuals contacting them directly.

See the listing of DHS Alcohol and Drug Programs in the Appendix of this Guide.

## DEPARTMENT OF PUBLIC SOCIAL SERVICES (DPSS)

The mission of the Department of Public Social Services is to enrich lives through effective and caring service.

Headquarters:

12860 Crossroads Parkway South,

City of Industry 91746

(562) 908-8383

Web site: <http://www.ladpss.org/default.cfm>

Director: Bryce Yokomizo

The Department of Public Social Services (DPSS) is the primary public agency in Los County responsible for alleviating hardships resulting from poverty and promoting health and economic independence. DPSS provides financial, employment, health, and nutrition related assistance to residents of Los Angeles County. Families with minor children in poverty are eligible for:

### 1. CalWORKs

The CalWORKs program provides temporary financial assistance and employment focused services to families with minor children who have income and property below State maximum limits for their family size. Most able-bodied aided parents are also required to participate in the CalWORKs L.A. GAIN employment services program. Supportive services are available for persons who need help in overcoming employment barriers such as domestic violence, substance abuse or mental health problems. Most CalWORKs benefits are issued through the Statewide Electronic Benefit Transfer (EBT) system to the participant's cash account or deposited directly into the participant's personal bank account. Participants using EBT are issued a Golden State Advantage card (EBT card) for access to their cash account at participating retailers and automated teller machines.

### 2. Food Stamps

The Food Stamp Program was established to improve the nutrition of people in low-income households. It does that by increasing their food-buying power, so they are able to purchase the amount of food their household needs. Food Stamp benefits are issued via the Statewide Electronic Benefit Transfer system to the participant's Food Stamp account for access at participating food retailers.

### 3. Medi-Cal

Medi-Cal provides comprehensive preventive care, primary and specialty care, medical office visits, vision and dental care, mental health services, prescription medication, and hospitalization to qualified parents or needy caretakers, children up to their 21st birthday, and other qualified adults. Generally, applicants' resources must not exceed a state-set limit; however, there are no income limits for eligibility. The cost of Medi-Cal services may depend on the amount of income left over after certain allowable expenses such as childcare and work-related expenses.

### 4. Housing Programs for CalWORKs Families

DPSS has limited resources for helping families meet urgent housing needs, including assistance to prevent eviction, moving assistance, assistance in obtaining certain appliances when moving into a new residence, and a one-time short-term rental assistance.

## LOS ANGELES HOMELESS SERVICES AUTHORITY (LAHSA)

LAHSA's Mission is to support, create and sustain solutions to homelessness in Los Angeles County by providing leadership, advocacy, planning, and management of program funding.

453 S. Spring St., 12th Flr., Los Angeles 90013  
 Phone (213) 683-3333  
 Fax: (213) 892-0093  
 TTY: (213) 553-8488  
 Internet home page: <http://www.lahsa.org>  
 Acting Executive Director: Robin Conerly

The City and County of Los Angeles created LAHSA in 1993 to address the problems of homelessness on a regional basis. LAHSA plans, funds and administers programs throughout Los Angeles County that assist homeless individuals and families with their transition towards self-sufficiency. These programs include: 1) prevention activities, 2) outreach and assessment, 3) access centers, 4) emergency shelter programs, 5) transitional housing programs, 6) permanent supportive housing and 7) supportive services.

### Access Centers

LAHSA's Outreach and Assessment programs (also called "Access Centers") target homeless people in need of immediate assistance and help link them to other services throughout the Continuum of Care. Outreach and Assessment programs currently funded by LAHSA include:

24-Hour Information Hotline	Project ACHIEVE - El Monte Street Outreach
Antelope Valley Access Center	San Fernando Valley Access Center
Boyle Heights Access Center	South Central Drop-In Center
Bridges of Hope Access Center	South Central Access Center
Downtown Access Center	The Emergency Food and Pantry and Advocacy
Downtown Drop-In Center	West Covina Homeless Services Center
Hollywood Access Center	Westside Access Center
Pomona Access Center	

The Access Centers are listed by location (SPA) in this guides main chapters with full contact information.

### Emergency Response Team

In addition, LAHSA has an emergency response team (ERT) that is a mobile intervention program offering direct services and resources for homeless people in the County of Los Angeles. The ERT staff make direct contact with homeless individuals and families, and assists them with obtaining emergency housing and other needed services.

## LOS ANGELES COUNTY OFFICE OF EDUCATION (LACOE)

### Mission

LACOE provides integrated educational programs and services to eliminate the educational barriers associated with poverty and racial divisiveness in education, enabling students to exceed state and national standards. These services include universal, quality, early childhood education, effective data driven programs for all students, and state of the art technical assistance. LACOE coordinates important new initiatives among school districts in such areas as educational technology and basic reading skills.

LACOE's homeless program provides consulting and training on the education of homeless children and youth. The McKinney Vento Homeless Assistance reauthorized in 2001, ensures educational rights and protections for children and youth experiencing homelessness. It is the policy of Congress that students in homeless situations should have access to the education and other services they need to ensure that they have an opportunity to meet the same challenging State student academic achievement standards to which all students are held. LACOE works with homeless liaisons in each district who are responsible for ensuring that each child of a homeless parent and each homeless youth has equal access to the same free, appropriate education, including public preschool educations, as is provided to other children and youths.

This updated *Referral Guide for Homeless Children, Youth and Families*, and an updated roster of homeless and foster liaisons are available on the LACOE website:

### Homeless Liaisons

Homeless liaisons in each school district are responsible for implementing provisions of the No Child Left Behind and McKinney Vento Homeless Assistance Act detailing the educational rights of homeless children. Each school district has a homeless liaison. Districts and liaisons are listed in the following sections of this guide according to the Service Planning Area (SPA) in which they are located. A map of the 80 school districts in Los Angeles County is shown in the Appendix.

### Head Start

Head Start child development programs serve children from birth to age 5, pregnant women, and their families. It is a child-focused program and has the overall goal of increasing the school readiness of young children in low-income families. Income eligibility for participation in Head Start programs is based on the official poverty line.

Head Start agencies are listed at the end of each SPA section of the guide.

## WORKFORCE INVESTMENT BOARDS (WIBs)

Each of the eight Workforce Investment Act (WIA) jurisdictions in Los Angeles County receives federal funding to provide a comprehensive range of workforce development activities for adults, laid-off workers, and youth. The purpose of these activities is to increase employment, job retention, earnings, and occupational skills improvement by participants.

Eligible youth must be 14 to 21 years of age, low income, and meet at least one of six specific barriers to employment. A year-round youth program emphasizes attainment of basic skills competencies, enhances opportunities for academic and occupational training, and provides exposure to the job market and employment. Activities may include instruction leading to completion of secondary school, tutoring, internships, job shadowing, work experience, adult mentoring, and comprehensive guidance and counseling. The program emphasizes services for out-of-school youth.

# LOS ANGELES COUNTY PUBLIC SCHOOL DISTRICTS

## SCHOOL DISTRICT HOMELESS LIAISONS

Homeless liaisons are responsible for ensuring that each child of a homeless individual and each homeless youth has equal access to the same free, appropriate public education, including a public preschool education, as provided to other children and youths. Homeless children and youths are entitled to education and other services that they need to have a fair opportunity to meet State student academic achievement standards.

# COMMUNITY COLLEGES

## COMMUNITY COLLEGES

Community colleges offer academic and vocational education at the lower division level for both recent high school graduates and those returning to school. Important functions of the colleges include: basic skills instruction, providing English as a second language, adult noncredit instruction, and providing support services that help students to succeed.
