This course is designed to meet Board of Behavioral Science (BBS) and Board of Psychology (BOP) continuing education requirements in the subject of law and ethics. This is an intermediate course addressing the variety of ethical challenges that clinicians are facing in the course of providing mental health services. The implications of complexities introduced by digital technologies and a wide range of boundary issues in psychotherapy and counseling will be explored. Additionally the course focuses on the application to diverse populations and the process of ethical decision-making.

TARGET AUDIENCE: Licensed DMH Staff

OBJECTIVES:	<p>As a result of attending this training, participants should be able to:</p> <ol style="list-style-type: none"> 1) Discuss current standards of practice, codes of ethics and CA laws in regard to boundaries and digital ethics in therapy. 2) Discuss the variety of digital ethics issues introduced by digital technologies 3) Define boundaries in psychotherapy. 4) Differentiate among boundary crossing, boundary violations and dual relationships in psychotherapy. 5) Demonstrate the process of ethical decision-making relevant to ethical issues. 6) Discuss cultural values and behaviors which warrant unique boundary considerations.
